- **Subcontractors** - Merkury has a group of pre-qualified and preferred subcontractors, many of whom hold disadvantaged business certifications. This Contractor has developed a strict program for subcontractor pre-qualification that thoroughly examines the subcontractor financial condition, quality of workmanship and availability of personnel & equipment.

Merkury maintains a detailed subcontractor database that records past performance, paying particular attention to subcontractor's ability to deliver an on time product.

Subcontractors are required to attend all pre-construction conferences as well as weekly progress meetings with the Project Manager, Superintendent and Architect/Engineer. Weekly meeting agendas shall include overall job performance, construction progress, scheduling, shop drawings status, job safety & accident prevention as well as other issues that may arise. Meeting minutes of said meetings are available to the Owner's representative on request.

Merkury requires all subcontractors to submit ongoing analysis of manpower requirements as it affects the critical construction phases as well as schedule updates.

**Date of Analysis:** October 14, 2009  
**Type of Item:** Award Recommendation- \$459,846.75

**Summary**

This resolution awards a contract between Miami-Dade Aviation Department (MDAD) and Merkury Development Corporation (Merkury) for Modifications to Gate J17 for the A380 Airbus by August 2010, Project K-151A at Miami International Airport (MIA) in the amount of \$459,846.75.

The contract term for this work is 180 days from the effective date established in the Notice to Proceed date of December 7, 2009. The contract provides for liquidated damages in the amount of \$1,900 per day deducted from the contract amount for each calendar day of delay in the contract time due to Non-Excusable Delays. Additionally, the contract provides for liquidated indirect costs recoverable by the contractor in the amount of \$1,250 per day for each day the project is delayed up to 120 days due to a Compensable Excusable Delay.

The A/E Consultant, T.Y. Lin International/H.J. Ross, pre-bid base estimate was \$1,033,200, excluding allowance and inspector general amounts. Eight bids were received ranging from \$417,000 to \$820,205. The lowest bid was presented by Merkury.

According to the contract summary for Merkury Development, the contract amount is detailed in the following manner:

- \$369,000 Lump Sum Price
- \$48,000 Dedicated Allowance Account
- \$41,700 General Allowance Account
- \$1,146.75 Inspector General Audit Account
- \$459,846.75 Total Maximum Contract Amount

The memorandum states that the base estimate for the project was submitted on January 30, 2009, and the downturn in the economy and construction industry yielded more competitive bidders, resulting in the \$417,000 bid from Merkury. However, it is \$616,200 lower than the estimate.

- ***Can the project be completed with the low bid amount?*** According to MDAD, Merkury is currently working on another project at MIA, Buildings 3094 and 3095, therefore their mobilization costs for working on a new project at MIA could be considerably less than for a company not working at the airport hence the lower cost.

Although, the Firm History Report provided in the item on hand written p. 9, states that zero change orders have been approved for Merkury, on hand written p. 8 of the item, under current contractor notes, a change order is listed in the amount of \$188,547.84 from 2/1/2006.

The Department of Small Business Development Violations Report dated October 9, 2009 lists a closed violation for Merkury, for "Deviation from the Schedule of Intent" closed on October 24, 2006.

On hand written p. 4 of the item, it states the review committee assigned a 19% Community Small Business Enterprise (CSBE) goal and Community Workforce Program (CWP) goal of 11.5%. The following firms will be used:

- Solares Electrical, Inc.- 3%- \$13,795.40
- DKG Metals- 6.5%- \$29,890.00
- Merkury Development- 9.5%- \$50,000.00

However, on hand written p. 15 and p. 55, DKG is listed for \$22,000 and Solares Electrical is listed for \$12,000.

- ***Which amounts reflect the correct dollar amount to be applied to this contract?*** According to MDAD, the information provided on hand written p. 4 is correct. The subcontractor amounts were adjusted so as not to push Merkury over the 50% mark allowed for general contractors that are CSBE's, because of this, the sub-contractors fared better.

In the event that the contractor does not achieve the established local workforce goal (CWP), liquidated damages of a minimum of \$1,500 per position will be imposed or the wages that would have been payable for such position had the person been hired as listed on the Workforce Plan, will be assessed in accordance with Special provision 3, Community Workforce Program Participation Provisions.

#### **Budgetary Impact**

There is a Florida Department of Transportation (FDOT) grant in the amount of \$208,500 and MDAD will provide \$251,346.75.
