SBD HISTORY OF VIOLATIONS:	None
EXPLANATION:	WASD received six bids for this project, one of which was incomplete and therefore considered "non-responsive". Four of the five responsive bids were under the Engineer's estimate. WASD's recommendation is to award this contract to the lowest responsive and responsible bidder, Poole & Kent Company of Florida, whose base bid is 36.78% under the Engineer's base estimate. There was a 4.48% difference between the two lowest bidders and a 8.66% difference between the second and third lowest bidders, showing good competition. In 2008, Poole & Kent Company of Florida was awarded three (3) high level disinfection (HLD) multi-year projects at the County's South District Wastewater Treatment Plant. Final evaluations are not available for two (2) of the projects because they are still ongoing. There are a total of three (3) evaluations for Poole & Kent Company of Florida in the OCI database showing a 3.6 out of a possible 4.0 rating. This indicates overall satisfactory performance. On the one (1) completed HLD project, the CIIS data base reveals that Poole & Kent Company of Florida earned a superior performance rating of 4.0.
