

Memorandum

Date: January 21, 2010

To: Honorable Chairman Dennis Moss and Members,
Board of County Commissioners

From: George M. Burgess
County Manager

A handwritten signature in black ink, appearing to read "Burgess", written over the printed name of the County Manager.

Agenda Item No. 5(G)

Resolution No. R-10-10

Subject: Resolution Relating to an Application by Inn on North Bay, Ltd for a Class I Permit to Reconstruct a Non-Water Dependant Concrete Deck for a Dining Area over Tidal Waters that is Associated with an Upland Restaurant, and Replace an Existing Docking Facility on Biscayne Bay at 1855 79th Street Causeway in North Bay Village

Attached, please find for your consideration an application by Inn on North Bay, Ltd for a Class I permit. Also attached is the recommendation of the Director of the Department of Environmental Resources Management and a resolution seeking the Board's approval of the aforesaid Class I permit.

A handwritten signature in black ink, appearing to read "Aly", written above a horizontal line.
Assistant County Manager

Memorandum

Date: January 7, 2010

To: George M. Burgess
County Manager

From: Carlos Espinosa, P.E., Director
Environmental Resources Management

Subject: Resolution Relating to an Application by Inn on North Bay, Ltd for a Class I Permit to Reconstruct a Non-Water Dependant Concrete Deck for a Dining Area over Tidal Waters that is Associated with an Upland Restaurant, and Replace an Existing Docking Facility on Biscayne Bay at 1855 79th Street Causeway in North Bay Village

Recommendation

I have reviewed the attached Class I permit application by Inn on North Bay, Ltd. Based upon the applicable evaluation factors set forth in Chapter 24-48.3 of the Code of Miami-Dade County, Florida, I recommend that the Board of County Commissioners (Board) approve the issuance of a Class I permit for the reasons set forth below.

Scope

The project site is located at 1855 79th Street Causeway, North Bay Village, Miami-Dade County, in Commission District 4.

Fiscal Impact/Funding Source

Not applicable.

Track Record/Monitor

Not applicable.

Background

The subject Class I permit application involves the reconstruction of an existing non-water dependant concrete deck used as a dining area associated with the upland restaurant and the replacement of a docking facility located at 1855 79th Street Causeway in North Bay Village, Miami-Dade County, Florida. The facilities need rebuilding due to their deteriorating condition. The proposed project is required to be reviewed and approved by the Board at a public hearing because the scope of work is not specifically referenced in Section 24-48.2 of the Code of Miami-Dade County (Code) as work that can be processed administratively with a short form application, and therefore requires a standard form application.

The project site consists of a waterfront commercial property with a docking facility and an upland five-story hotel owned by the Inn on North Bay, Ltd, in North Bay Village. The docking facility, for use by restaurant and hotel patrons, is comprised of an L-shaped dock with a finger pier. The applicant also operates a restaurant at the property that uses the over water marginal concrete deck as a dining area with associated tables, chairs, and umbrellas. Because the deck is utilized as a dining area, it is considered a non-water dependant structure. Although Section 24-48.24 of the Code contains a general prohibition against the installation of non-water dependant structures, it also states that this prohibition shall not apply to fixed structures that were fully permitted before October 1985 or to their repair, provided permits are obtained. A review of historical documents revealed that the subject concrete deck structure was permitted by North Bay Village on September 29, 1967 and has operated as a dining facility since the early 1970s.

The proposed work will occur on sovereign submerged lands within an area that has been leased to the applicant by the Board of Trustees of the Internal Improvement Trust Fund of the State of Florida (Attachment E). The area of the proposed work contains some sparse seagrasses and macro algae. However, the reconstruction project has been designed to remain in the existing footprint to avoid new impacts to resources and to stay within the sovereign submerged lands lease boundaries.

DERM recommends that approval for the proposed work be granted, as the structures are not expected to adversely affect surface water quality with the exception of temporary impacts during their demolition and reconstruction. The replacement of the docking facility will result in minor water quality impacts typically associated with this type of work. The applicant has agreed to provide a contribution to the Biscayne Bay Environmental Enhancement Trust Fund in the amount of \$6,840 to compensate for the impacts associated with the reconstruction and operation of the docking facility.

The proposed project has been designed in accordance with all relevant Miami-Dade County coastal construction criteria and is consistent with all other Miami-Dade County coastal protection provisions. Please find attached a DERM Project Report which sets forth the reasons the proposed project is recommended for approval by DERM pursuant to the applicable evaluation factors set forth in Section 24-48.3 of the Code. The conditions, limitations, and restrictions set forth in the Project Report attached hereto are incorporated herein by references hereto.

NOTICE OF PUBLIC HEARING ON AN APPLICATION BY
INN ON NORTH BAY, LTD FOR A CLASS 1 PERMIT TO
RECONSTRUCT A NON-WATER DEPENDANT CONCRETE
DECK FOR A DINING AREA OVER TIDAL WATERS THAT
IS ASSOCIATED WITH AN UPLAND RESTAURANT, AND
REPLACE AN EXISTING DOCKING FACILITY ON
BISCAYNE BAY AT 1855 79TH STREET CAUSEWAY IN
NORTH BAY VILLAGE, MIAMI-DADE COUNTY, FLORIDA

BOARD OF COUNTY COMMISSIONERS
MIAMI-DADE COUNTY, FLORIDA

NOTICE IS HEREBY GIVEN pursuant to Article IV, Division 1 of Chapter 24 of the Code of Miami-Dade County that the Board of County Commissioners of Miami-Dade County will hold and conduct a public hearing on a request by Inn on North Bay, Ltd for a Class I permit to reconstruct a non-water dependant concrete deck for a dining area over tidal waters that is associated with an upland restaurant, and replace an existing docking facility at 1855 79th Street Causeway, North Bay Village, Miami-Dade County. Such public hearing will be held on the 21st day of January, 2010, at 9:30 AM, in the County Commission Chambers on the 2nd Floor of the Stephen P. Clark Center in Miami, Florida.

Plans and details concerning the work requested in the application may be reviewed by interested persons at the office of the Miami-Dade County Department of Environmental Resources Management, 4th Floor, 701 NW 1st Court, Miami, FL 33136.

Oral statements will be heard and appropriate records made. For accuracy of records, all important facts and arguments should be prepared in writing in triplicate, with two copies being submitted to the Deputy Clerk of the County Commission at the hearing or mailed to her beforehand (Diane Collins, Deputy Clerk), 111 NW 1st Street, Stephen P. Clark Center, Suite 17-202, Miami, Florida 33128; and with one copy being submitted beforehand to the Miami-Dade County Department of Environmental Resources Management, 4th Floor, 701 NW 1st Court, Miami, FL 33136.

A person who decides to appeal any decision made by any Board, Agency, or Commission with respect to any matter considered at its meeting or hearing, will need a record of proceedings. Such person may need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which the appeal is to be based.

Agenda Item No. 5(G)
1-21-10

RESOLUTION NO. R-10-10

RESOLUTION RELATING TO AN APPLICATION BY INN ON NORTH BAY, LTD FOR A CLASS I PERMIT TO RECONSTRUCT A NON-WATER DEPENDANT CONCRETE DECK FOR A DINING AREA OVER TIDAL WATERS THAT IS ASSOCIATED WITH AN UPLAND RESTAURANT, AND REPLACE AN EXISTING DOCKING FACILITY ON BISCAYNE BAY AT 1855 79TH STREET CAUSEWAY IN NORTH BAY VILLAGE, MIAMI-DADE COUNTY, FLORIDA

WHEREAS, this Board desires to accomplish the purposes outlined in the accompanying memorandum, a copy of which is incorporated herein by reference ,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Board having considered all the applicable factors contained within Section 24-48.3 of the Code of Miami-Dade County, hereby approves the application by Inn on North Bay, Ltd for a Class I permit to reconstruct a non-water dependant concrete deck for a dining area over tidal waters that is associated with an upland restaurant, and replace an existing docking facility on Biscayne Bay at 1855 79th Street Causeway, North Bay Village, Miami-Dade County, Florida, subject to the conditions set forth in the memorandum from the Director of the Miami-Dade County Department of Environmental Resources Management, a copy of which is attached hereto and made a part hereof. The issuance of this approval does not relieve the applicant from obtaining all applicable Federal, State, and local permits.

The foregoing resolution was offered by Commissioner Barbara J. Jordan , who moved its adoption. The motion was seconded by Commissioner Audrey M. Edmonson and upon being put to a vote, the vote was as follows:

	Dennis C. Moss, Chairman	aye		
	Jose "Pepe" Diaz, Vice-Chairman	aye		
Bruno A. Barreiro	aye		Audrey M. Edmonson	aye
Carlos A. Gimenez	aye		Sally A. Heyman	aye
Barbara J. Jordan	aye		Joe A. Martinez	aye
Dorin D. Rolle	aye		Natacha Seijas	absent
Katy Sorenson	aye		Rebeca Sosa	aye
Sen. Javier D. Souto	absent			

The Chairperson thereupon declared the resolution duly passed and adopted this 21st day of January, 2010. This resolution shall become effective ten (10) days after the date of its adoption unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board.

MIAMI-DADE COUNTY, FLORIDA

Re: Class I Standard Form Permit Application Number (2008-CLI-PER-00322) by Inn on North Bay, Ltd to Reconstruct a Non-Water Dependant Concrete Deck for a Dining Area over Tidal Water that is Associated with an Upland Restaurant, and Replace an Existing Docking Facility on Biscayne Bay

By the attached Class I Standard Form permit application with supporting documents, I, Kirk Lofgren, am the permit applicant/applicant's authorized agent and hereby request permission to perform the following: Class I Standard Form Permit Application Number by Inn on North Bay, Ltd to Reconstruct a Non-Water Dependant Concrete Deck for a Dining Area over Tidal Water that is Associated with an Upland Restaurant, and Replace an Existing Docking Facility on Biscayne Bay. I understand that a Miami-Dade County Class I Standard Form Permit is required to perform this work.

If approval is granted for the proposed work by the Board of County Commissioners, complete and detailed plans and calculations of the proposed work shall be prepared by an engineer registered/licensed in the State of Florida in accordance with the minimum requirements of Chapter 24 of the Code of Miami-Dade County, Florida. Said plans and calculations shall be subject to the review and approval of the Department of Environmental Resources Management. The permit applicant will secure the services of an engineer registered/licensed in the State of Florida to conduct inspections throughout the construction period, and said engineer shall prepare all required drawings of record. In the event that the proposed work which is the subject of this Class I Permit application involves the cutting or trimming of a mangrove tree(s), a detailed plan of the proposed cutting or trimming shall be prepared by a licensed landscape architect and submitted to the Department for review and approval, and the permit applicant will secure the services of a licensed landscape architect to supervise the trimming or cutting.

Respectfully submitted,

Kirk J. Lofgren, Managing Member, Ocean Consulting, LLC

ENGINEER LETTER OF CERTIFICATION

December 7, 2009

Miami-Dade County DERM
Class I Permitting Program
701 NW 1st Court
Miami FL, 33136

Re: Class I Standard Form Permit Application Number (2008-CLI-PER-00322) by Inn on North Bay, Ltd to Reconstruct a Non-Water Dependant Concrete Deck for a Dining Area over Tidal Water that is Associated with an Upland Restaurant, and Replace an Existing Docking Facility on Biscayne Bay

Ladies and Gentlemen:

This letter will certify that I am an engineer registered/licensed in the State of Florida, qualified by education and experience in the area of construction, and that to the best of my knowledge and belief, the proposed work does not violate any laws of the State of Florida or any provision of the Code of Miami Dade County which may be applicable, that diligence and recognized standard practices of the engineering profession have been exercised in the engineer's design process for the proposed work, and in my opinion based upon my knowledge and belief, the following will not occur:

- a. Harmful obstruction or undesirable alteration of the natural flow of the water within the area of the proposed work.
- b. Harmful or increased erosion, shoaling of channels or stagnant areas of water. (not applicable to class IV permits)
- c. Material injury to adjacent property.
- d. Adverse environmental impacts from changes in water quality or quantity. (applicable to Class IV permits only)

Further, I have been retained by the applicant to provide inspections throughout the construction period and to prepare a set of reproducible record prints of drawings showing changes made during the construction process based upon the marked-up prints, drawings, and other data furnished by the contractor to me.

Sincerely,

[Print Name. PE]

Fort Lauderdale, FL 33304

PROJECT DESCRIPTION:
DYNAMIC ENGINEERING
SOLUTIONS, INC.
1000 North Bay Blvd
Suite 1000
Fort Lauderdale, FL 33304

PILE CONNECTION DETAIL

GENERAL NOTES:

1. Construction to follow Florida Building Code 2004 edition and amendments as applicable and all Local, State, and Federal Laws.
2. Licensed Contractor shall verify the existing conditions prior to commencement of the work. Any conflicts or omissions between existing conditions or the various elements of the working drawings shall be brought to the attention of the Engineer prior to the commencement of the work. The Licensed Contractor and all subcontractors are responsible for all lines, elevations, and measurements in connection with their work.
3. Do not scale drawings for dimensions.
4. Any deviation and/or substitution from the information provided herein shall be submitted to the Engineer for their approval prior to commencement of work.
5. All unanticipated or unforeseen demolition and/or new construction conditions which require deviation from the plans and notes herein shall be reported to the Engineer prior to commencement of work.
6. All new work and/or materials shall conform to all requirements of each administrative body having jurisdiction in each pertaining circumstance.
7. All new materials and/or patchwork shall be provided to match existing materials and/or adjoining work where practical except as specifically noted herein.
8. Licensed Contractor to shall use all possible care to protect all existing materials, surfaces, and furnishings from damage during all phases of construction.
9. Licensed Contractor to verify location of existing utilities prior to commencing work.
10. The Licensed contractor to install and remove all shoring and bracing as required for the proper execution of the work.
11. Licensed Contractor to obtain all permits as necessary from all Local, State, and Federal agencies.

ADDITIONAL CONSTRUCTION NOTES:

REMOVAL

1. Demolish and dispose of existing 115" x 25" concrete deck and concrete beams around perimeter of deck.
2. Extract and dispose of approximately 24 concrete support piles under deck.

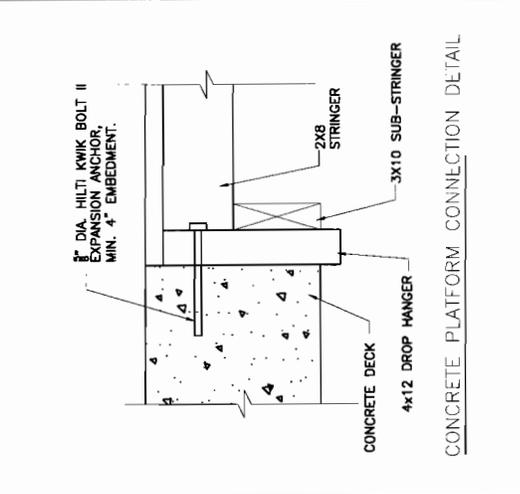

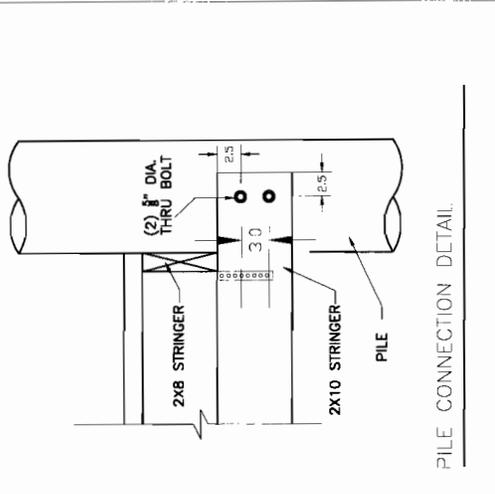

CONCRETE PILE CAPS & DECK

1. Provide and drive 27, new, 12" x 12", prestressed, concrete, dock piles to support 12, new, concrete pile caps for concrete deck (115" x 25').
2. Construct and form 9, 25' long x 2' 6" wide x 1' 10" thick, reinforced, concrete pile caps, per engineer specifications.
3. Tie in reinforcing steel, connecting to new concrete dock piles, per engineer specifications, to be placed into formwork for pile caps.
4. Place 5,000 psi concrete into formwork by means of tremie hose from concrete pump truck. Provide chamfered edges, light broom finish and fibermesh additive to retard cracking and corrosion. Note: After concrete has cured, formwork will be removed for preparation of slab work to be done on top of new pile caps.
5. Construct formwork for new, 115' x 25' x 9", reinforced, concrete slab, connecting to new, concrete pile caps, per engineer specifications.
6. Place 5,000 psi concrete into formwork by means of tremie hose from concrete pump truck. Provide chamfered edges, light broom finish and fibermesh additive to retard cracking and corrosion.

WOOD PIERS

- Rebuild 2 piers (25' x 4' & 115' x 4'), next to concrete deck, connecting to existing piles, as follows:

1. Framing to be #4, ACO, marine treated, #2, pressure treated lumber secured with hot dipped galvanized hardware, using double thru bolts and double stringer framing system.
2. Decking to be Ultra Tropical, 2" x 6", decking boards secured with stainless steel decking screws.

Attachment C
Zoning Memorandum

Memorandum

Date:

To: Lisa Spadafina, Manager
Coastal Resources
Environmental Resources Management

From: Allison Hill, Biologist I
Coastal Resources
Environmental Resources Management

Subject: Class I Permit Application by Inn on North Bay, Ltd to Reconstruct a Non-Water
Dependant Deck for a Dining Area Over Tidal Waters that is Associated with an
Upland Restaurant, and Replacement of an Existing Docking Facility on Biscayne Bay

Pursuant to Section 24-48.2(II)(A)(7), Code of Miami-Dade County, Florida, a substantiating letter shall be submitted by the applicant stating that the proposed project does not violate any zoning laws. Said letter will be submitted after approval by the Miami-Dade County Board of County Commissioners and prior to issuance of the Class I Permit.

BOARD OF TRUSTEES OF THE INTERNAL IMPROVEMENT TRUST FUND
OF THE STATE OF FLORIDA

SOVEREIGNTY SUBMERGED LANDS LEASE RENEWAL
MODIFICATION TO INCREASE NUMBER OF SLIPS AND REFLECT CURRENT STRUCTURES

No. 130010996
PA No. 13-0142665-003

THIS LEASE is hereby issued by the Board of Trustees of the Internal Improvement Trust Fund of the State of Florida, hereinafter referred to as the Lessor.

WITNESSETH: That for and in consideration of payment of the annual lease fees hereinafter provided and the faithful and timely performance of and compliance with all terms and conditions stated herein, the Lessor does hereby lease to Inn on North Bay, Ltd., a Florida limited partnership, hereinafter referred to as the Lessee, the sovereignty lands described as follows:

A parcel of sovereignty submerged land in Section 09, Township 53 South, Range 42 East, in Biscayne Bay, Miami-Dade County, containing 28,020 square feet, more or less, as is more particularly described and shown on Attachment A, dated April 30, 2009.

TO HAVE THE USE OF the hereinabove described premises from August 13, 2009, the effective date of this modified lease renewal, through April 25, 2012, the expiration date of this modified lease renewal. The terms and conditions on and for which this modified lease renewal is granted are as follows:

1. USE OF PROPERTY: The Lessee is hereby authorized to operate a 20-slip docking facility with a non-water dependent dining area exclusively to be used for mooring of recreational vessels in conjunction with an upland motel and restaurant, without fueling facilities, with a sewage pumpout facility if it meets the regulatory requirements of the State of Florida Department of Environmental Protection or local authority, whichever entity applies the more stringent criteria, and without liveaboards as defined in paragraph 29, as shown and conditioned in Attachment A, and the State of Florida Department of Environmental Protection, Environmental Resource Permit Exemption No. 13-0142665-003, dated February 19, 2007, incorporated herein and made a part of this lease by reference. All of the foregoing subject to the remaining conditions of this Lease.

2. LEASE FEES: The Lessee hereby agrees to pay to the Lessor an annual lease fee of \$4,187.73, plus sales tax pursuant to Section 212.031, Florida Statutes, if applicable, within 30 days of the date of receipt of the invoice. The annual fee for the remaining years of this lease shall be adjusted pursuant to provisions of Rule 18-21.011, Florida Administrative Code. The State of Florida Department of Environmental Protection, Division of State Lands (the "Division") will notify the Lessee in writing of the amount and the due date of each subsequent annual lease payment during the remaining term of this lease. All lease fees due hereunder shall be remitted to the Division, as agent for the Lessor.

[06]

50

17

3. WET SLIP RENTAL CERTIFICATION/SUPPLEMENTAL PAYMENT: (A) The Lessee shall provide upon request by the Lessor any and all information in a certified form needed to calculate the lease fee specified in paragraph two (2) above, including the income, as defined in subsection 18-21.003(28), Florida Administrative Code, derived directly or indirectly from the use of sovereignty submerged lands on an annual basis. When six percent (6%) of said annual income exceeds the base fee or minimum annual fee established pursuant to Rule 18-21.011, Florida Administrative Code, for any lease year during the term of this lease, the Lessor shall send the Lessee a supplemental invoice for the difference in the amounts for that lease year. (B) The instrument or agreement used by the Lessee to transfer or assign the right to use a wet slip at the leased docking facility to a third party shall include a provision that clearly notifies the wet slip renter/user/holder that if the wet slip renter/user/holder subsequently transfers his right to use said wet slip to another party, the instrument or agreement used to transfer said wet slip shall contain a provision that requires six percent (6%) of the annual gross income derived from said instrument or agreement for the use of said wet slip be paid to the Lessee who, upon receipt, shall report and transmit said amount to the Lessor. The instrument or agreement used by the Lessee to transfer a wet slip shall also include a provision that clearly notifies the wet slip renter/user/holder that no interest in said wet slip may be further transferred unless a substantially similar provision to the one contained in the preceding sentence is placed in each succeeding instrument or agreement used to transfer said wet slip to each new wet slip renter/user/holder.

4. LATE FEE ASSESSMENTS: The Lessee shall pay a late payment assessment for lease fees or other charges due under this lease which are not paid within 30 days after the due date. This assessment shall be computed at the rate of twelve percent (12%) per annum, calculated on a daily basis for every day the payment is late.

5. EXAMINATION OF LESSEE'S RECORDS: For purposes of this lease, the Lessor is hereby specifically authorized and empowered to examine, for the term of this lease including any extensions thereto plus three (3) additional years, at all reasonable hours, the books, records, contracts, and other documents confirming and pertaining to the computation of annual lease payments as specified in paragraph two (2) above.

6. MAINTENANCE OF LESSEE'S RECORDS: The Lessee shall maintain separate accounting records for: (i) the gross revenue derived directly from the use of the leased premises, (ii) the gross revenue derived indirectly from the use of the leased premises, and (iii) all other gross revenue derived from the Lessee's operations on the riparian upland property. The Lessee shall secure, maintain and keep all records for the entire term of this lease plus three (3) additional years. This period shall be extended for an additional two (2) years upon request for examination of all records and accounts for lease verification purposes by the Lessor.

7. AGREEMENT TO EXTENT OF USE: This lease is given to the Lessee to use or occupy the leased premises only for those activities specified herein and as conditioned by the State of Florida Department of Environmental Protection, Environmental Resource Permit Exemption. The Lessee shall not change or add to the approved use of the leased premises as defined herein (e.g., from commercial to multi-family residential, from temporary mooring to rental of wet slips, from rental of wet slips to contractual agreement with third party for docking of cruise ships, from rental of recreational pleasure craft to rental or temporary mooring of charter/tour boats, from loading/offloading commercial to rental of wet slips, etc.), shall not change activities in any manner that may have an environmental impact that was not considered in the original authorization or regulatory permit, or shall not change the type of use of the riparian uplands without first obtaining a regulatory permit/modified permit, if applicable, and the Lessor's written authorization in the form of a modified lease, the payment of additional fees, if applicable, and, if applicable, the removal of any structures which may no longer qualify for authorization under the modified lease.

8. PROPERTY RIGHTS: The Lessee shall make no claim of title or interest to said lands hereinbefore described by reason of the occupancy or use thereof, and all title and interest to said land hereinbefore described is vested in the Lessor. The Lessee is prohibited from including, or making any claim that purports to include, said lands described or the Lessee's leasehold interest in said lands into any form of private ownership, including but not limited to any form of condominium or cooperative ownership. The Lessee is further prohibited from making any claim, including any advertisement, that said land, or the use thereof, may be purchased, sold, or re-sold.

9. INTEREST IN RIPARIAN UPLAND PROPERTY: During the term of this lease, the Lessee shall maintain a leasehold or fee simple title interest in the riparian upland property and if such interest is terminated, the lease may be terminated at the option of the Lessor. Prior to sale and/or termination of the Lessee's leasehold or fee simple title interest in the upland property, Lessee shall inform any potential buyer or transferee of the Lessee's upland property interest of the existence of this lease and all its terms and conditions and shall complete and execute any documents required by the Lessor to effect an assignment of this lease, if consented to by the Lessor. Failure to do so will not relieve the Lessee from responsibility for full compliance with the terms and conditions of this lease which include, but are not limited to, payment of all fees and/or penalty assessments incurred prior to such act.

10. ASSIGNMENT OF LEASE: This lease shall not be assigned or otherwise transferred without prior written consent of the Lessor or its duly authorized agent. Such assignment or other transfer shall be subject to the terms, conditions and provisions of this lease, current management standards and applicable laws, rules and regulations in effect at that time. Any assignment or other transfer without prior written consent of the Lessor shall be null and void and without legal effect.

11. INDEMNIFICATION/INVESTIGATION OF ALL CLAIMS: The Lessee shall investigate all claims of every nature arising out of this lease at its expense, and shall indemnify, defend and save and hold harmless the Lessor and the State of Florida from all claims, actions, lawsuits and demands arising out of this lease.

12. VENUE: Lessee waives venue as to any litigation arising from matters relating to this lease and any such litigation between Lessor and Lessee shall be initiated and maintained only in Leon County, Florida.

13. NOTICES/COMPLIANCE/TERMINATION: The Lessee binds itself, its successors and assigns, to abide by the provisions and conditions herein set forth, and said provisions and conditions shall be deemed covenants of the Lessee, its successors and assigns. In the event the Lessee fails or refuses to comply with the provisions and conditions herein set forth, or in the event the Lessee violates any of the provisions and conditions herein set forth, and the Lessee fails or refuses to comply with any of said provisions or conditions within twenty (20) days of receipt of the Lessor's notice to correct, this lease may be terminated by the Lessor upon thirty (30) days written notice to the Lessee. If canceled, all of the above-described parcel of land shall revert to the Lessor. All costs and attorneys' fees incurred by the Lessor to enforce the provisions of this lease shall be paid by the Lessee. All notices required to be given to the Lessee by this lease or applicable law or administrative rules shall be sufficient if sent by U.S. Mail to the following address:

INN ON NORTH BAY, LTD.
1819 79th Street Causeway
North Bay Village, FL 33141

The Lessee shall notify the Lessor by certified mail of any change to this address at least ten (10) days before the change is effective.

14. TAXES AND ASSESSMENTS: The Lessee shall assume all responsibility for liabilities that accrue to the subject property or to the improvements thereon, including any and all drainage or special assessments or taxes of every kind and description which are now or may be hereafter lawfully assessed and levied against the subject property during the effective period of this lease.

15. NUISANCES OR ILLEGAL OPERATIONS: The Lessee shall not permit the leased premises or any part thereof to be used or occupied for any purpose or business other than herein specified unless such proposed use and occupancy are consented to by the Lessor and the lease is modified accordingly, nor shall Lessee knowingly permit or suffer any nuisances or illegal operations of any kind on the leased premises.

16. MAINTENANCE OF FACILITY /RIGHT TO INSPECT: The Lessee shall maintain the leased premises in good condition, keeping the structures and equipment located thereon in a good state of repair in the interests of public health, safety and welfare. No dock or pier shall be constructed in any manner that would cause harm to wildlife. The leased premises shall be subject to inspection by the Lessor or its designated agent at any reasonable time.

17. NON-DISCRIMINATION: The Lessee shall not discriminate against any individual because of that individual's race, color, religion, sex, national origin, age, handicap, or marital status with respect to any activity occurring within the area subject to this lease or upon lands adjacent to and used as an adjunct of the leased area. During the lease term, the Lessee shall post and maintain the placard furnished to the Lessee by the Lessor in a prominent and visible location on the leased premises or adjacent business office of the Lessee. It shall be the responsibility of the Lessee to post the placard in a manner which will provide protection from the elements, and, in the event that said placard becomes illegible at any time during the term of this lease (including any extensions thereof), to notify the Lessor in writing, so that a replacement may be provided.

18. ENFORCEMENT OF PROVISIONS: No failure, or successive failures, on the part of the Lessor to enforce any provision, nor any waiver or successive waivers on its part of any provision herein, shall operate as a discharge thereof or render the same inoperative or impair the right of the Lessor to enforce the same upon any renewal thereof or in the event of subsequent breach or breaches.

52

19. PERMISSION GRANTED: Upon expiration or cancellation of this lease all permission granted hereunder shall cease and terminate.

20. RENEWAL PROVISIONS: Renewal of this lease shall be at the sole option of the Lessor. Such renewal shall be subject to the terms, conditions and provisions of management standards and applicable laws, rules and regulations in effect at that time. In the event that Lessee is in full compliance with the terms of this lease, the Lessee may apply in writing for a renewal. Such application for renewal must be received by Lessor no sooner than 120 days and no later than 30 days prior to the expiration date of the original or current term hereof. The term of any renewal granted by the Lessor shall commence on the last day of the previous lease term. If the Lessee fails to timely apply for a renewal, or in the event the Lessor does not grant a renewal, the Lessee shall vacate the leased premises and remove all structures and equipment occupying and erected thereon at its expense. The obligation to remove all structures authorized herein upon termination of this lease shall constitute an affirmative covenant upon the riparian upland property more specifically described in Attachment B, which shall run with the title to said riparian upland property, and shall be binding upon Lessee and Lessee's successors in title or successors in interest.

21. REMOVAL OF STRUCTURES/ADMINISTRATIVE FINES: If the Lessee does not remove said structures and equipment occupying and erected upon the leased premises after expiration or cancellation of this lease, such structures and equipment will be deemed forfeited to the Lessor, and the Lessor may authorize removal and may sell such forfeited structures and equipment after ten (10) days written notice by certified mail addressed to the Lessee at the address specified in Paragraph 13 or at such address on record as provided to the Lessor by the Lessee. However, such remedy shall be in addition to all other remedies available to the Lessor under applicable laws, rules and regulations including the right to compel removal of all structures and the right to impose administrative fines.

22. REMOVAL COSTS/LIEN ON RIPARIAN UPLAND PROPERTY: Any costs incurred by the Lessor in removal of any structures and equipment constructed or maintained on state lands shall be paid by Lessee and any unpaid costs and expenses shall constitute a lien upon the interest of the Lessee in the riparian upland property enforceable in summary proceedings as provided by law.

23. RECORDATION OF LEASE: The Lessee, at its own expense, shall record this fully executed lease in its entirety in the public records of the county within which the lease site is located within fourteen (14) days after receipt, and shall provide to the Lessor within ten (10) days following the recordation a copy of the recorded lease in its entirety which contains the O.R. Book and pages at which the lease is recorded.

24. RIPARIAN RIGHTS/FINAL ADJUDICATION: In the event that any part of any structure authorized hereunder is determined by a final adjudication issued by a court of competent jurisdiction to encroach on or interfere with adjacent riparian rights, Lessee agrees to either obtain written consent for the offending structure from the affected riparian owner or to remove the interference or encroachment within 60 days from the date of the adjudication. Failure to comply with this paragraph shall constitute a material breach of this lease agreement and shall be grounds for immediate termination of this lease agreement at the option of the Lessor.

25. AMENDMENTS/MODIFICATIONS: This lease is the entire and only agreement between the parties. Its provisions are not severable. Any amendment or modification to this lease must be in writing, must be accepted, acknowledged and executed by the Lessee and Lessor, and must comply with the rules and statutes in existence at the time of the execution of the modification or amendment. Notwithstanding the provisions of this paragraph, if mooring is authorized by this lease, the Lessee may install boatlifts within the leased premises without formal modification of the lease provided that (a) the Lessee obtains any state or local regulatory permit that may be required; and (b) the location or size of the lift does not increase the mooring capacity of the docking facility.

SB

26. ADVERTISEMENT/SIGNS/NON-WATER DEPENDENT ACTIVITIES/ADDITIONAL ACTIVITIES/MINOR STRUCTURAL REPAIRS: No permanent or temporary signs directed to the boating public advertising the sale of alcoholic beverages shall be erected or placed within the leased premises. No restaurant or dining activities except as authorized in this lease and conditioned by Special Lease Condition No. 31, are to occur within the leased premises. The Lessee shall ensure that no permanent, temporary or floating structures, fences, docks, pilings or any structures whose use is not water-dependent shall be erected or conducted over sovereignty submerged lands without prior written consent from the Lessor. No additional structures and/or activities including dredging, relocation/realignment or major repairs or renovations to authorized structures, shall be erected or conducted on or over sovereignty, submerged lands without prior written consent from the Lessor. Unless specifically authorized in writing by the Lessor, such activities or structures shall be considered unauthorized and a violation of Chapter 253, Florida Statutes, and shall subject the Lessee to administrative fines under Chapter 18-14, Florida Administrative Code. This condition does not apply to minor structural repairs required to maintain the authorized structures in a good state of repair in the interests of public health, safety or welfare; provided, however, that such activities shall not exceed the activities authorized by this lease.

27. ACOE AUTHORIZATION: Prior to commencement of construction and/or activities authorized herein, the Lessee shall obtain the U.S. Army Corps of Engineers (ACOE) permit if it is required by the ACOE. Any modifications to the construction and/or activities authorized herein that may be required by the ACOE shall require consideration by and the prior written approval of the Lessor prior to the commencement of construction and/or any activities on sovereign, submerged lands.

28. COMPLIANCE WITH FLORIDA LAWS: On or in conjunction with the use of the leased premises, the Lessee shall at all times comply with all Florida Statutes and all administrative rules promulgated thereunder. Any unlawful activity which occurs on the leased premises or in conjunction with the use of the leased premises shall be grounds for the termination of this lease by the Lessor.

29. LIVEBOARDS: The term "liveaboard" is defined as a vessel docked at the facility and inhabited by a person or persons for any five (5) consecutive days or a total of ten (10) days within a thirty (30) day period. If liveaboards are authorized by paragraph one (1) of this lease, in no event shall such "liveaboard" status exceed six (6) months within any twelve(12) month period, nor shall any such vessel constitute a legal or primary residence.

30. GAMBLING VESSELS: During the term of this lease and any renewals, extensions, modifications or assignments thereof, Lessee shall prohibit the operation of or entry onto the leased premises of gambling cruise ships, or vessels that are used principally for the purpose of gambling, when these vessels are engaged in "cruises to nowhere," where the ships leave and return to the state of Florida without an intervening stop within another state or foreign country or waters within the jurisdiction of another state or foreign country, and any watercraft used to carry passengers to and from such gambling cruise ships.

31. SPECIAL LEASE CONDITION: Unless authorized by the Lessor, the Lessee shall not rebuild or restore the non-water dependent structures included in this lease if 50 percent or more of the area encompassed by structure is destroyed or if use of structure has been discontinued and 50 percent or more of the structure must be replaced in order to restore structure to a safely useable condition. In addition, the use of the non-water dependent structures included in this lease shall not be converted to a new use except as authorized by the Lessor.

SPECIAL WARRANTY DEED

Warranty Deed

This Indenture, Made the 17 day of December, A. D. 1986
BETWEEN The Inn On The Bay, a Florida General Partnership
of the County of Dade, and State of Florida, party of the first part, and
The Inn On The Bay, Ltd., a Florida Limited Partnership

whose permanent address is 4155 Northwest 24th Street, Miami, of the County of
Dade, and State of Florida, of the second part,

Witnesseth, That, the said party of the first part, for and in consideration of the sum of
Ten (\$10.00)----- Dollars,
lawful money of the United States of America, to it in hand paid by the said party
of the second part, at or before the ensembling and delivery of these presents, the receipt whereof is hereby
acknowledged, has granted, bargained, sold, aliened, remised, released, conveyed and confirmed,
and by these presents does grant, bargain, sell alien, remise, release, convey and confirm unto the said
party of the second part, and its successors ~~and~~ and assigns forever, all the following piece
parcel or tract of land, situate, lying and being in the County of Dade, State of
Florida, and more particularly described as follows:

SEE EXHIBIT "A" ATTACHED HERETO AND MADE A PART HEREOF FOR LEGAL
DESCRIPTION.
SEE AFFIDAVIT OF CHARLES G. GRENTNER ATTACHED HERETO AND MADE A PART HEREOF.

SUBJECT TO: Restrictions, conditions, reservations, limitations, easements of
record, if any, applicable zoning ordinances and taxes for the year
1986 and subsequent years.

SUBJECT TO: Existing First Mortgage in favor of Chase Federal Savings and Loan
Association which mortgage was recorded on February 26, 1979 in
Official Records Book 10311, Page 1425 of the Public Records of
Dade County, Florida, which the party of the second part assumes and
agrees to pay; also

SUBJECT TO: Existing Second and Third Mortgages.

This conveyance is to convert a General Partnership into a Limited Partnership and
there is no shifting of economic burden; therefore, this conveyance is exempt from
documentary stamps tax per the advise of Bill Hagen of the Department of Revenue, /*
Together with all and singular the tenements, hereditaments and appurtenances thereunto belonging
or in anywise appertaining, and the reversion and reversions, remainder and remainders, rents, issues and
profits thereof, and also all the estate, right, title, interest, dower and right of dower, separate estate, prop-
erty, possession, claim and demand whatsoever, as well as in equity, of the said party of the first
part, of, in and to the same, and every part and parcel thereof, with the appurtenances.

To Have and To Hold the above granted, bargained and described premises, with the appur-
tenances, unto the said party of the second part, its successors and assigns, to
own proper use, benefit and behoof forever.

And the said party of the first part, for itself and for its successors and assigns
~~and assigns~~, does covenant, promise and agree to and with the said party of the second part,
its successors and assigns, that the said party of the first part, at the time of the ensembling
and delivery of these presents, is lawfully seized of and in all and singular the above
granted, bargained and described premises, with the appurtenances, and has good right,
full power and lawful authority to grant, bargain, sell and convey the same in manner and form aforesaid.
And the said party of the second part, its successors ~~and~~ and assigns, shall and may at all
times hereafter peaceably and quietly have, hold, use, occupy, possess and enjoy the above granted premises
and every part and parcel thereof, with the appurtenances, without any let, suit, trouble, molestation, evec-
tion or disturbance of the said party of the first part, its successors or assigns, or of any other
person or persons lawfully claiming or to claim the same, by, through and under the grantor herein.

/*Tallahassee, Florida.

PROJECT REPORT
CLASS I PERMIT APPLICATION NO. 2008-CLI - PER-00322

**Class I Permit Application by Inn on North Bay, Ltd to Reconstruct a Non-Water
Dependant Concrete Deck for a Dining Area Over Tidal Waters that is Associated with an
Upland Restaurant, and Replace an Existing Docking Facility on Biscayne Bay**

Date: December 4, 2009

Staff's recommendation of approval for the above-referenced permit application is based on the applicable evaluation factors under Section 24-48.3 of the Code of Miami-Dade County, Florida. The following is a summary of the proposed project with respect to each applicable evaluation factor:

1. **Potential Adverse Environmental Impact** – The potential for any adverse environmental impacts from the replacement of the non-water-dependent concrete deck structure and the docking facility has been minimized. The concrete deck is not reasonably expected to adversely affect surface water quality or create environmental impacts with the exception of temporary impacts during demolition and reconstruction of the structure. The replacement of the existing docking facility will result in minor water quality impacts and shading of sparse seagrass resources within the original footprint of the facility; however, the project has been designed to remain within the same footprint to avoid new impacts to resources. In order to mitigate for environmental impacts to natural resources associated with this project, the applicant has agreed to provide a contribution to the Biscayne Bay Environmental Enhancement Trust Fund (BBEETF) in the amount of \$6,840.00.

The proposed project is not located within an area designated as essential manatee habitat for the West Indian Manatee (*Trichechus manatus*) by the Miami-Dade County Manatee Protection Plan (MDCMPP). However, the Class I permit will require that all standard manatee construction permit conditions shall be followed during all in-water construction operations. Additionally, the Class I permit will have conditions to minimize turbidity and protect rare, threatened, and endangered species.

2. **Potential Cumulative Adverse Environmental Impact** – The proposed project is not reasonably expected to have cumulative adverse environmental impacts.
3. **Hydrology** - The proposed project, as designed, is not reasonably expected to adversely affect surface water drainage or retention of stormwater.
4. **Water Quality** – The proposed project is expected to temporarily affect surface water quality during the reconstruction of the facility. However, these impacts will be minimized by the implementation of proper turbidity control devices.
5. **Wellfields** – Not applicable.
6. **Water Supply** – Not applicable.
7. **Aquifer Recharge** – Not applicable.
8. **Aesthetics** – The proposed project is designed to be aesthetically compatible with the surrounding area and is not reasonably expected to have any negative aesthetic impacts. However, during construction operations there may be temporary aesthetic impacts related to the presence of machinery and equipment associated with these construction activities.
9. **Navigation** – The proposed project is not reasonably expected to adversely affect navigation.
10. **Public Health** - The proposed project is not reasonably expected to adversely affect public health.

11. **Historic Values** - The proposed project is not reasonably expected to adversely affect historic values.
12. **Archaeological Values** - The proposed project is not reasonably expected to adversely affect archaeological values.
13. **Air Quality** – The proposed project is not reasonably expected to adversely affect air quality.
14. **Marine and Wildlife Habitats** – The proposed project will result in minimal temporary disturbances to marine and wildlife habitats during construction operations. The replacement of the existing docking facility will result in shading impacts to sparse seagrass habitat. However, the project has been designed to remain within the same footprint to avoid new impacts to resources. In order to mitigate for environmental impacts to natural resources associated with this project, the applicant has agreed to provide a contribution to the BBEETF in an amount of \$6,840.00.

The proposed project is not located within an area designated as essential manatee habitat for the West Indian Manatee (*Trichechus manatus*) by the Miami-Dade County Manatee Protection Plan (MDCMPP). However, the Class I permit will require that all standard manatee construction permit conditions shall be followed during all in-water construction operations. Additionally, the Class I permit will have conditions to minimize turbidity and protect rare, threatened, and endangered species.

15. **Wetland Soils Suitable for Habitat** – The proposed project does not involve any work in wetland soils.
16. **Floral Values** – The proposed project will result in minimal impacts to marine floral values. An in-water benthic survey revealed sparse seagrass habitat within the project area. The docking facility will result in shading impacts to seagrass resources within the areas associated with the docking facility. However, the project has been designed to remain within the same footprint to avoid new impacts to resources. In order to mitigate for environmental impacts to natural resources associated with this project, the applicant has agreed to provide a contribution to the BBEETF in an amount of \$6,840.00.
17. **Fauna Values** – The proposed project is not reasonably expected to adversely affect marine fauna. The proposed project will cause temporary disturbances of the substrate during removal and re-installation of the marine facility. However, these impacts will be minimized through the implementation of proper turbidity control devices.

The proposed project is not located within an area designated as essential manatee habitat for the West Indian Manatee (*Trichechus manatus*) by the Miami-Dade County Manatee Protection Plan (MDCMPP). However, the Class I permit will require that all standard manatee construction permit conditions shall be followed during all in-water construction operations. Additionally, the Class I permit will have conditions to minimize turbidity and protect rare, threatened, and endangered species.

18. **Rare, Threatened and Endangered Species** – The proposed work is not reasonably expected to adversely affect marine and wildlife habitats. The proposed project is not located within an area designated by the MDCMPP as essential manatee habitat for the West Indian Manatee. However, the Class I permit will require that all standard manatee construction permit conditions shall be followed during all in-water construction

operations. Additionally, the Class I permit will have conditions to minimize turbidity and protect rare, threatened, and endangered species.

19. **Natural Flood Damage Protection** - The proposed project is not reasonably expected to adversely affect surface water drainage or retention of stormwater.
20. **Wetland Values** – The proposed project does not involve dredging or filling of wetlands.
21. **Land Use Classification** – Pursuant to Section 24-48.2(II)(A)(7), of the Code of Miami-Dade County, Florida, a substantiating letter shall be submitted stating that the proposed project does not violate any zoning laws. Said letter will be submitted after the approval by the Board of County Commissioners and prior to the issuance of a Class I permit.
22. **Recreation** - The proposed project does not conflict with the recreation element of the Miami-Dade County Comprehensive Development Master Plan and recreation element of the Biscayne Bay Management Plan.
23. **Other Environmental Values Affecting the Public Interest** – The proposed project is not reasonably expected to adversely affect environmental values affecting the public interest. The proposed work will occur on sovereign submerged lands within an area that has been leased to the applicant by the Board of Trustees of the Internal Improvement Trust Fund of the State of Florida.
24. **Conformance with Standard Construction Procedures and Practices and Design and Performance Standards** – The proposed project complies with the standard construction procedures and practices and design and performance standards of the applicable portions of the following:
 - a) Miami-Dade County Public Works Manual
 - b) Biscayne Bay Management Plan (Sections 33D-1 through 33D-4 of the Code of Miami-Dade County)
 - c) Chapter 33B of the Code of Miami-Dade County
25. **Comprehensive Environmental Impact Statement (CEIS)** - In the opinion of the Director, the proposed project is not reasonably expected to result in significant adverse environmental impacts or cumulative adverse environmental impacts. Therefore, a CEIS was not required by DERM to evaluate the project.
26. **Conformance with All Applicable Federal, State and Local Laws and Regulations**
The proposed project is in conformance with the following applicable State, Federal and local laws and regulations:
 - a) Chapter 24 of the Code of Miami-Dade County
 - b) Florida Department of Environmental Protection (submerged lands approval is required)
 - c) United States Clean Water Act (Army Corps of Engineers permit is required)
27. **Conformance with the Miami-Dade County Comprehensive Development Master Plan (CDMP)** - In the opinion of DERM, the proposed project is in conformance with the CDMP. The following is a summary of the proposed project as it relates to the CDMP:

LAND USE ELEMENT I:

Objective 2/Policy 2A - Level of Service. The proposed project does not involve new or significant expansion of existing urban land uses.

Objective 3/Policies 3A, 3B, 3C - Protection of natural resources and systems. – The proposed project is consistent with the Conservation and Coastal Management Elements of the CDMP. The project is compatible with surrounding land uses in Biscayne Bay and does not involve development in the Big Cypress area of Critical State concern or the East Everglades.

TRANSPORTATION ELEMENT II

Aviation Subelement/Objective 9 - Aviation System Expansion - There is no aviation element to the proposed project.

Port of Miami River Subelement/Objective 3 - Minimization of impacts to estuarine water quality and marine resources. The proposed project is not located within the Miami River.

CONSERVATION, AQUIFER RECHARGES AND DRAINAGE ELEMENT IV:

Objective 3/Policies 3A, 3B, 3D - Wellfield protection area protection. - The proposed project is not located within a wellfield protection area.

Objective 3/Policy 3E - Limestone mining within the area bounded by the Florida Turnpike, the Miami-Dade/Broward Levee, N.W. 12 Street and Okeechobee Road. - The proposed project is not located within this area.

Objective 4/Policies 4A, 4B, 4C - Water storage, aquifer recharge potential and maintenance of natural surface water drainage. - The proposed project will not adversely affect water storage, aquifer recharge potential or natural surface water drainage. The proposed project does not involve positive drainage of wetland area and will not affect water storage or aquifer recharge potential.

Objective 5/Policies 5A, 5B, 5F - Flood protection and cut and fill criteria. – The proposed project does not compromise flood protection, involve filling for development purposes, and is not related to cut and fill activities.

Objective 6/Policy 6A - Areas of highest suitability for mineral extraction. - The proposed project is not located in an area proposed or suitable for mineral extraction.

Objective 6/Policy 6B - Guidelines for rock quarries for the re-establishment of native flora and fauna. - The proposed project does not involve the dredging of a rock quarry.

Objective 6/Policy 6D - Suitable fill material for the support of development. – The proposed project does not involve filling for the purposes of development.

Objective 7/Policy 7A - No net loss of high quality, relatively unstressed wetlands. – The proposed project will not result in a net loss of any such wetlands.

72

Objective 9/Policies 9A, 9B, 9C - Protection of habitat critical to Federal or State-designated threatened or endangered species. – The proposed project is not located within an area designated by the MDCMPP as essential manatee habitat for the West Indian Manatee. However, the Class I permit will require that all standard manatee construction permit conditions shall be followed during all in-water construction operations. Additionally, the Class I permit will have conditions to minimize turbidity and protect rare, threatened, and endangered species.

COASTAL MANAGEMENT ELEMENT VII:

Objective 1/Policy 1A - Tidally connected mangroves in mangrove protection areas – There are no mangroves in the project area and the project is not located within a designated “Mangrove Protection Area.”

Objective 1/ Policy 1B - Natural surface flow into and through coastal wetlands. – The project will not affect natural surface flow into and through coastal wetlands.

Objective 1/ Policy 1C - Elevated boardwalk access through mangroves. – The project does not involve access through mangroves.

Objective 1/Policy 1D - Protection and maintenance of mangrove forests and related natural vegetational communities. - The proposed project does not involve work in mangrove forests, coastal hammock, or other natural vegetational communities.

Objective 1/Policy 1E - Mitigation for the degradation and destruction of coastal wetlands. Monitoring and maintenance of mitigation areas. – The proposed project does not involve the degradation and destruction of coastal wetlands and therefore does not involve monitoring of mitigation for impacts to coastal wetlands.

Objective 1/Policy 1G - Prohibition on dredging or filling of grass/algal flats, hard bottom or other viable benthic communities, except as provided for in Chapter 24 of the Code of Miami-Dade County, Florida. – The project does not involve the dredging or filling of grass/algal flats, hard bottom or other viable benthic communities.

Objective 2/Policies 2A, 2B - Beach restoration and renourishment objectives. - The proposed project does not involve beach restoration or renourishment.

Objective 3/Policies 3E, 3F - Location of new cut and spoil areas for proper stabilization and minimization of damages. - The proposed project does not involve the development or identification of new cut or spoil areas.

Objective 5/Policy 5B - Existing and new areas for water-dependant uses. - The proposed project includes reconstruction of a docking facility.

Objective 5/Policy 5D - Consistency with Chapter 33D, Miami-Dade County Code (shoreline access, environmental compatibility of shoreline development) – The Shoreline Development Review Committee has evaluated the proposed project and determined that the thresholds for review under the Shoreline Ordinance do not apply and the proposed project is not subject to shoreline development review.

Objective 5/Policy 5F - The siting of water dependant facilities. - The proposed project does not involve the creation of any new water dependant facilities.

28. **Conformance with Chapter 33B, Code of Miami-Dade County** (East Everglades Zoning Overlay Ordinance) – The proposed project is not located within the East Everglades Area.
29. **Conformance with Miami-Dade County Ordinance 81-19** (Biscayne Bay Management Plan Sections 33D-1 through 33D-4 of the Code of Miami-Dade County) - The proposed project is consistent with the Biscayne Bay Management Plan.
30. **Conformance with the Miami-Dade County Manatee Protection Plan** - The proposed work is not reasonably expected to adversely affect marine and wildlife habitats. The proposed project is not located within an area designated as essential manatee habitat for the West Indian Manatee (*Trichechus manatus*) by the Miami-Dade County Manatee Protection Plan (MDCMPP). However, the Class I permit will require that all standard manatee construction permit conditions shall be followed during all in-water construction operations. Additionally, the Class I permit will have conditions to minimize turbidity and protect rare, threatened, and endangered species.
31. **Consistency with Miami-Dade County Criteria for Lake Excavation** – The proposed project does not involve lake excavation.
32. **Municipality Recommendation** – Pursuant to Section 24-48.2(II)(A)(7), Code of Miami-Dade County, Florida, a substantiating letter shall be submitted stating that the proposed project does not violate any zoning laws. Said letter will be submitted after the approval by the Board of County Commissioners and prior to the issuance of the Class I permit.
33. **Coastal Resources Management Line** - A coastal resources management line was not required for the proposed project, pursuant to Section 24-48.2(II)(A)(10)(b) of the Code of Miami-Dade County, Florida.
34. **Maximum Protection of a Wetland's Hydrological and Biological Functions** – The proposed project is not expected to impact wetland hydrological and biological functions.
35. **Class I Permit Applications Proposing to Exceed the Boundaries Described in Section D-5.03(2)(a) of the Miami-Dade County Public Works Manual**
 - i. **Whether the proposed exceedance is the minimum necessary to avoid seagrasses or other valuable environmental resources** – The proposed project was designed to remain within the same footprint to avoid new impacts to resources.
 - ii. **Whether the proposed exceedance is the minimum necessary to achieve adequate water depth for mooring of a vessel** – The proposed project could be reconfigured in such a way that it would not exceed the boundary; however, that could result in additional impacts to resources.
 - iii. **Whether the applicant has provided notarized letters of consent to DERM from adjoining riparian property owners** – No letters of consent from adjoining riparian property owners have been submitted to DERM.
 - iv. **Whether any letters of objection from adjoining riparian property owners were received by DERM** – No letters of objection from adjoining riparian property owners were received by DERM.

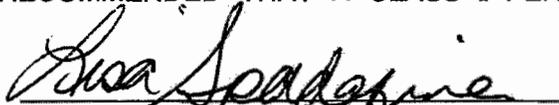

The proposed project was also evaluated for compliance with the standards contained in Section 24-48.3(2),(3), and (4) of the Code of Miami-Dade County, Florida. The following is a summary of how the standards relate to the proposed project:

24-48.3 (2) Dredging and Filling for Class I Permit - The proposed project does not involve dredging and filling activities.

24-48.3 (3) Minimum Water Depth Required for Boat Slips Created by the Construction or Placement of Fixed or Floating Docks and Piers, Piles and Other Structures Requiring a Permit Under Article IV, Division 1 of Chapter 24 of the Code of Miami-Dade County - The proposed project is consistent with the water depth requirements set forth in Section 24-48.3(3) of the Code of Miami-Dade County

24-48.3 (4) Clean Fill in Wetlands - The proposed project does not involve placing clean fill in wetlands.

BASED ON THE FOREGOING, IT IS RECOMMENDED THAT A CLASS I PERMIT BE APPROVED.

Lisa M. Spadafina, Manager
Coastal Resources Section

Allison Hill, Biologist I
Coastal Resources Section
