Memorandum

MIAMI-DADE COUNTY

Date: March 2, 2010

To: Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Agenda Item No. 8(P)(1)(C)

Resolution No. R-232-10

Subject: Contract Award Recommendation in the Amount of $356,572.78 Between JVA Engineering Contractor Inc. and Miami-Dade County for the People's Transportation Plan (PTP) Project Entitled Pavement Markings Installation Contract **(Project – CICC 7040-0/07 Request for Price Quotation (RPQ) No. 20090323)**

Recommendation

The attached Contract Award Recommendation for the PTP Pavement Markings Installation Contract (Project – CICC 7040-0/07 RPQ No. 20090323), in the amount of $356,572.78, between JVA Engineering Contractor Inc. and Miami-Dade County has been prepared by the Public Works Department (PWD) and is recommended for approval. Proceeds from the Charter County Transit System Sales Surtax (the Surtax) will be used to fund this project, therefore, approval by the Board of County Commissioners (BCC) and Citizens' Independent Transportation Trust (CITT) is required.

Scope

The work to be performed under the life of this contract includes pavement markings and signage improvements at various locations within Miami-Dade County.

Fiscal Impact/Funding Source

The fiscal impact will be approximately $356,572.78 and will be funded from the Surtax. The proposed improvements qualify under the allowable work categories included in the PTP Neighborhood Improvements Section. Specific funding for this project will be allocated from the respective Commission District PTP yearly allocations. The base contract amount is $306,314.98, but the total allocated amount is $356,572.78, which is inclusive of the contingency and dedicated allowances.

Delegation of Authority

No additional authority is being requested within the body of this contract.

Track Record/Monitor

The Contractor, is currently performing work for PWD at a satisfactory level as reported by the Project Manager. PWD has reviewed the Office of Capital Improvements (OCI) database and found 15 awarded construction contracts and are listed as follows: seven (7) from Seaport (SP), five (5) from the Water and Sewer Department (WASD), one (1) from the Parks and Recreation Department (PRD) and two (2) from PWD. The referenced database also lists a total of 12 contractor performance evaluations with an overall performance rating of satisfactory performance (3.5), out of a possible superior performance (4.0) rating. The Department of Small Business Development's (SBD) History of Violation's report lists no violations for this contractor.

Following PWD's standard operating procedures, after award of this contract, a pre-construction meeting will be scheduled. Throughout all PTP projects, the responsible staff person in PWD will be the PTP Coordinator, Mr. Frank Aira, P.E. Following completion of the award process, the project will be assigned to Mr. Joaquin Rabassa, P.E., Project Coordinator, for day to day responsibilities.

According to the Florida Department of State, Division of Corporations, JVA Engineering Contractor Inc., Company Principal is: Jose M. Alvarez and the Company's address is listed as: 6600 NW 32 Avenue, Miami, Florida 33147.

Background

In an effort to carry on the success of the PTP Neighborhood Improvements initiative, PWD continues to take advantage of various contracting mechanisms such as the subject Miscellaneous Construction Contracting (MCC) process available under OCI contract CICC 7040/0/07. Through this process, PWD forwards the RPQ, by way of facsimile transmission, to a pool of pre-qualified Community Small Business Enterprise (CSBE) contractors for the subject trade. Additionally, PWD advertises the project in the Daily Business Review and all solicitations are available on-line through the Miami-Dade County portal under the "Procurement Solicitations" link. Interested contractors prepare their bids according to the Job Order Contracting (JOC) process, whereby the County establishes unit prices for the pay items in accordance with industry averages. The contractors submit their bid as an overall percentage factor of the pricing established by the County. The project award evaluation is based upon the lowest percentage submitted by the responsive, responsible bidder for the project.

PWD staff determined that the scope of work for this project qualified for a CSBE set-aside (Levels I, II, and III) designation. Therefore, on November 19, 2009, PWD forwarded an RPQ for the PTP Pavement Markings Installation Contract, utilizing the OCI contract CICC 7040-0/07, to a list of 49 pre-qualified firms. A total of five (5) firms purchased contract documents and three (3) firms proffered a bid. As part of their bid submittal; the lowest bidder, Rock Power Paving, Inc., proposed to subcontract the majority of work to another CSBE firm. As such they were found "Not-Responsible" pursuant to Article 2-33 "**SUBCONTRACTING OF WORK**," Sub-article E., of the MCC 7040-0/07, Contract Provisions, which provide: "The subject contract is a single trade project, and none of the primary trade related work shall be subcontracted." Therefore, JVA Engineering Contractor Inc. proffered the lowest responsive, responsible base bid of 0.89 percentage factor, 11% below the County's cost estimate; and the second lowest bidder, Berlo Industry, Inc., proffered a base bid of 1.00, 11% over the lowest bidder. As a result, on December 23, 2009, PWD issued a recommendation of award for RPQ No. 20090323 to JVA Engineering Contractor Inc., with the stipulation that approval of this project must be obtained from the BCC and the CITT due to guidelines associated with the funding source.

The work to be accomplished for this project consists of, but is not limited to, furnishing all supervision, labor (including cleaning and preparation), required materials, equipment and tools to perform all operations necessary for pavement markings and signage improvements. This work includes marking and remarking of existing streets at designated sites within Miami-Dade County maintenance road system.

Re: Request for Price Quotation (RPQ) No. 20090323 - CICC 7040-0/07
People's Transportation Plan (PTP) Pavement Markings Installation

Dear Mr. Alvarez:

This letter will serve as your notification that you have been recommended for award for the above referenced RPQ based on your Price Quotation submitted on Monday, December 21, 2009. The total RPQ amount is for three hundred fifty-six thousand five hundred seventy-two dollars and seventy-eight cents ($356,572.78). This includes a base contract amount of three hundred six thousand three hundred fourteen dollars and ninety-eight cents ($306,314.98), a contingency amount of thirty thousand six hundred thirty-one dollars and fifty cents ($30,631.50), and dedicated allowances totaling nineteen thousand six hundred twenty-six dollars and thirty cents ($19,626.30). The contract duration is established as **480-calendar days**. However, the recommendation of award is contingent upon the submission of the required items listed below:

1. Performance and Payment Bond as required in Contract No. CICC 7040-0/07, Section 2.0 Special Conditions, Page 16, Article 2.11, **PERFORMANCE AND PAYMENT BOND**. (The **original attached documents** must be used and three (3) copies must be provided).
2. Letter from Bonding Agent granting Miami-Dade County authorization to date the Performance Bond.
3. Copies of current insurance certificates.
4. Copies of required license(s).

The preceding documents are required as outlined within Contract CICC-7040-0/07 and to be submitted within 10 business days. Failure to submit the document(s) within the specified time, or any extension granted, will result in the award being rescinded. Subsequent to the review and approval of the aforementioned documents, you are required to obtain the required permits in the time stipulated in the RPQ. Upon obtaining the permit(s), a copy(s) must be submitted to the Project Manager prior to commencement of work.

No work is to be performed without a permit unless the Project Manager issues a written directive to proceed without permit(s). After receipt of the permits the Project Manager will schedule a Pre-Construction Conference and issue a Notice to Proceed authorizing the performance of the work.

This letter will also serve as a reminder that all work must be performed according to the scope of work and contract's terms and conditions, all permits and inspections and in accordance with all applicable Federal, State and local laws, codes and regulations.

Further, it shall be understood that since proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to pay for all or some part of the cost of this contract, no award of this contract shall be effective and thereby give rise to a contractual relationship with the County unless and until the following have occurred: 1) the County Commission awards the contract, and such award becomes final (either by expiration of 10 days after such award without veto by the Mayor, or by Commission override of a veto); and 2) either i) the Citizens' Independent Transportation Trust (CITT) has approved same, or ii) in response to the CITT's disapproval, the County Commission re-affirms its award by two-thirds (2/3) vote of the Commission's membership and such reaffirmation becomes final.
