and Members, Board of County Commissioners

Agenda Item No. 8(M)(1)(B)

From: George M. Burgess
County Manager

Resolution No. R-219-10

Subject: Assignment, Assumption, Acknowledgement and Consent Agreement by and between Miami-Dade County, G.M. Selby & Associates, Inc. and G.M. Selby, Inc.

Recommendation

Miami-Dade County Park and Recreation Department (MDPR) recommends approval of the attached Assignment, Assumption, Acknowledgement and Consent Agreement (Agreement) by and between Miami-Dade County, G.M. Selby & Associates, Inc. and G.M. Selby, Inc., assigning the Professional Services Agreement (PSA) with Miami-Dade County from G.M. Selby & Associates, Inc. ("Assignor") to G.M. Selby, Inc. ("Assignee").

Scope

This item impacts the completion of one project in Crandon Park located in Commission District 7.

Fiscal Impact/Funding Source

There is no fiscal impact associated with the recommended approval of the Agreement.

Track Record/Monitor

The Assignee has three performance evaluations with an average rating of 3.0 out of 4.0 listed in the Office of Capital Improvements (OCI) database.

Background

Miami-Dade County entered into a PSA with G.M. Selby & Associates, Inc. (also referred to as the "Assignor") to perform county-wide miscellaneous structural engineering professional services (E00-PARK-04) on February 28, 2002. G.M. Selby & Associates, Inc., a firm heavily involved in the telecommunications industry, experienced the negative effects of the economic downturn of that industry. Those effects led the principals of G.M. Selby, Inc. to reorganize and focus their resources on the structural engineering portion of their practice. The Assignor has stopped doing business as G.M. Selby & Associates, Inc. and requested that all rights, obligations and responsibilities of the PSA be assigned to the newly formed engineering firm – G.M. Selby, Inc. (also referred to as the "Assignee").

Since one of the projects under the PSA is still active (Crandon Park Tennis Center Telescopic Light Poles – replacement of existing fixed height tennis court light poles with adjustable height light poles) and the principals in the newly formed firm are the same, it is in the best interest of Miami-Dade County to assign the PSA so that the new entity can continue and complete the work. The Assignment Agreement will allow for the Assignee to assume all of the Assignors past, current and future obligations and liabilities associated with the Miami-Dade County PSA.

MDPR has done its due diligence and researched the firm's current history and has found no other outstanding issues at this time. The approval of the Assignment Agreement is recommended because it is in the best interest of Miami-Dade County to facilitate the efficient completion of the project.

- 2.01.C.8) The Consultant shall make all required changes and resolve all questions presented by the Owner and/or permitting authorities on the documents. The Consultant shall maintain a complete log of addenda issued on an Owner furnished form. No addenda shall be issued without the Owner's concurrence.

2.01.D.2C) The Owner has established a policy requiring a "Mandatory Pre-Bid Meeting" on an as needed basis, for most Projects. The Consultant shall assist the Owner in the scheduling and notification of all prospective bidders of such mandatory pre-bid meetings. The Consultant shall attend all Mandatory Pre-Bid Meetings and require attendance of major sub-consultants at such meetings. The Consultant shall prepare, no later than two days after said meeting, minutes of meeting(s), prepare and issue Addenda responding to issues raised at the pre-bid meeting(s). The Consultant shall execute the "Pre-Bid Attendance Affidavit" at the Pre-Bid Meeting(s) for attendees at mandatory pre-bid meetings no later than two days after said meeting. The Consultant shall furnish the above to the Owner no later than two days following said meeting(s).

The Consultant shall prepare the "Bid Tabulation" in the form approved or provided by the Owner, listing all General Contractors who obtained the Bid documents and any bid amounts submitted by the Bidders. The Consultant shall at that time also turn over to the Owner all funds received for the non-refundable deposits on the Bid Documents.

2.01.D.3) The Consultant shall assist the Owner in evaluating of bids, determining the responsiveness of bids and the preparing of documents for Award of Contract. If the lowest responsive

Base Bid received exceeds the Total Allocated Funds for Construction, the Owner may:

- 2.01.D3A) Approve the increase in the Project Budget and award a Contract;
- 2.01.D.3B) Reject all bids and direct the Consultant to re-bid the Project within a reasonable time with no change in the Project; or additional compensation to the Consultant;
- 2.01.D.3C) Direct the Consultant to revise the scope and/or quality of construction, and re-bid the Project. The Consultant shall, without additional compensation, modify the Construction Documents as necessary to bring the Probable Construction Cost based on such revisions within the Total Allocated Construction Funds. The Owner may recognize exceptional construction market cost fluctuations before exercising this option;
- 2.01.D.3D) Suspend or abandon the Project.

2.01.E) Phase V - Administration of the Construction Contract

- 2.01.E.1) The Construction Phase will commence with the award of a Construction Contract and will terminate when the Owner approves the Contractor's final Capital Project Payment Certificate. During this period, the Consultant shall provide Administration of the Construction Contract and this Agreement.
- 2.01.E.2) The Consultant, as the representative of the Owner during the Construction Phase, shall advise and consult with the Owner and shall have the authority to act on behalf of the Owner to the extent provided in the Construction Contract.
- 2.01.E.3) The Consultant and his/her Subconsultants shall visit the site to conduct field inspections once a week (minimum) or at any time at the request of the Owner, and at all key construction events, and to ascertain the progress of the Project and to determine, in general, if the Work is proceeding in accordance with the Contract Documents. The Consultant shall provide all inspections necessary for certification required by the authorities having jurisdiction; pile driving inspection (if applicable) threshold inspection shall be provided by the Consultant and compensated as

an additional/reimbursable service. On the basis of on-site observations, the Consultant and his/her Subconsultants shall endeavor to safeguard the Owner against defects and deficiencies in the Work of the Contractor. The Consultant will be responsible at no additional cost to the Owner for writing minutes of all meetings and field inspection reports he/she is asked to attend, as well as to distribute the minutes within one day. The Consultant and his/her Subconsultants will not be held responsible for construction means, methods, techniques, sequences, or procedures, or for safety precautions and programs in connection with the Work. The Consultant and his/her Subconsultants will not be held responsible for the Contractor's or Subcontractors', or any of their agents' or employees' failure to perform the work in accordance with the Contract unless such failure of performance results from the Consultant's acts or omissions.

2.01.E.4) The Consultant shall furnish the Owner with a written report of all observations of the Work made by him/her and require all Subconsultants to do same during each visit to the site of the work. He/She shall also note the general status and progress of the Work, and submit copies of same to the Contractor and Owner within two days. Copies of the Field Reports shall be attached to the request for monthly professional services payment for Construction Administration Services. The Consultant's failure to provide written reports of all site visits or minutes of meeting in accordance with Articles 2.01.E.3 and 2.01.E.4 of this Agreement shall result in a proportional reduction in Construction Administration fees paid to the Consultant. The Consultant and his/her subconsultants shall ascertain that the Contractor is making timely, accurate, and complete notations on the "record drawings". If requested by the Owner, the Consultant and/or Subconsultants shall provide additional detail on written reports of observations of the work.

2.01.E.5) Based on observations at the site and consultation with the Owner, the Consultant shall determine the amount due the Contractor, and he/she shall recommend approval of such amount. This recommendation shall constitute a representation, by the Consultant, to the Owner, that, to the best of the Consultant's knowledge, information and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents and the Contractor is entitled to amounts stated on the requisition subject to:

- 2.01.E.5D) Specific written representations made by the Contractor on the Capital Project Payment Certificate or attachments thereto; and Prior to recommending payment to the Contractor, the Consultant will prepare a written statement to the Owner on the status of the Work relative to the Construction Schedule, which shall be attached to the Contractor's Requisition. Such statement shall be prepared immediately following the requisition field meeting and shall not be cause for delay in timely payment to the Contractor.
- 2.01.E.6) For the purposes of this Phase, the Consultant shall be the interpreter of the requirements of the Contract Documents. The Consultant shall make recommendations on all claims of the Owner or the Contractor relating to the execution and progress of the Work and all other matters or questions related thereto.
- 2.01.E.7) The Consultant shall have the authority to recommend rejection of Work that does not conform to the Contract Documents. Whenever, in his/her reasonable opinion, the Consultant considers it necessary or advisable to insure compliance with the Contract Documents, he/she will have the authority to recommend special inspection or testing of any Work deemed to be not in accordance with the Contract, whether or not such Work has been fabricated or delivered to the Project, or installed and completed.
- 2.01.E.8) The Consultant shall promptly review and approve shop drawings, samples, and other submissions of the Contractor at no additional charge to the Owner. Changes or substitutions to the Contract Documents shall not be authorized without concurrence of the Owner and shall be authorized by Change Authorization with or without change in costs to the construction. The Consultant shall have a maximum of fourteen (14) calendar days from receipt of shop drawings or other submittals by the Contractor, to return the shop drawings or submittals to the Contractor with comments indicating either approval or disapproval.
- 2.01.E.9) The Consultant shall initiate and prepare required documentation for Changes as required by his/her own observations or as requested by the Owner, and shall review and recommend action

on proposed Changes. Where the Contractor submits a request for Change Order or Change Proposal request, the Consultant shall, within fourteen (14) calendar days, review and submit to the Owner, his/her recommendation, or proposed action along with an analysis and/or study supporting such recommendation.

- 2.01.E.9A) The Consultant shall not receive additional compensation for work associated with changes to the contract due to errors or omissions for which the Consultant is responsible.

Among those categories are construction changes caused by design errors or omissions in the bid documents that were prepared by the Consultant. For the purposes of this contract provision, errors and omissions shall be dealt with as follows:

8.02. A.1) Errors

It is specifically agreed that construction changes caused by an error in the bid documents that were prepared by the Consultant will constitute an additional cost to the Owner only to the extent that the cost would not have been incurred without the error. The damages to the Owner for errors shall be calculated as one hundred percent (100%) of such additional cost and includes direct and indirect costs. Indirect costs may include delay damages caused by the error. Should the total damages to the Owner caused by Consultant errors and/or omissions as calculated above exceed one-half of one percent (0.5%) of the total construction cost of the Project, the Owner shall recover the total cost of the damages calculated above. To obtain such recovery, the Owner shall deduct from funds due the Consultant in this contract up to the amount of the Consultant's insurance deductible. Should the damages incurred by the Owner exceed the amount due under the contract or the Consultant's insurance deductible, whichever is greater, the Owner shall look to the Consultant and the Consultant's insurer for the remaining amount of additional damages incurred by the Owner. In executing this agreement, the Consultant agrees and his insurer specifically agrees to the reasonableness of these damage calculations and to the Owner's right to recover same as stated above. The recovery of additional costs to the Owner under this paragraph shall not limit or preclude recovery for other separate and/or additional damages that the Owner may otherwise incur.
