Subject: Joint Participation Agreement (JPA) between Miami-Dade County and the City of North Miami to Provide People's Transportation Plan (PTP) Funding up to a Maximum Amount of \$215,000 for the Construction of a Pedestrian Path Along the South Side of NE 151 Street from the David Lawrence Jr. K-8 Center School to the Entrance of the Biscayne Landings Development and Authorizing the Use of Charter County Transit System Surtax Funds

Agenda Item No. 8(P)(1)(D)

Resolution No. R-364-10

RECOMMENDATION

It is recommended that the Board of County Commissioners (BCC) approve the attached resolution authorizing the execution of a Joint Participation Agreement (JPA) between Miami-Dade County (County) and the City of North Miami (City), for the construction of a pedestrian path along the south side of NE 151 Street on property owned by both Miami-Dade County and the City of North Miami from David Lawrence Jr. K-8 Center School to the entrance of the Biscayne Landings Development. The JPA provides funding through the Charter County Transit System Sales Surtax (the Surtax); therefore, approval by the BCC and the Citizens' Independent Transportation Trust (CITT) is required.

SCOPE

This project is located within the City of North Miami, in Commission District 4.

FISCAL IMPACT/FUNDING SOURCE

The County agrees to provide funds up to a maximum amount of \$215,000 for eligible costs incurred by the City for the construction of the project. Specific funding will be allocated from Commission District 4's yearly PTP allocation.

DELEGATION OF AUTHORITY

No additional authority is being requested within the body of this contract.

TRACK RECORD/MONITOR

The County will utilize the resources of the City to contract and construct the project on a reimbursable basis. Disbursement of County funds to the City shall be based upon City invoices with certified copies of paid contractor invoices. The project will be assigned to Mr. Bassam Moubayed, CFM, Chief, Construction Division, Miami-Dade County Public Works Department (PWD), who will oversee inspections conducted by PWD staff before release of funds is recommended.

As part of this JPA, the City agrees to comply with applicable County regulations including, but not limited to, the Community Small Business Enterprise (CSBE) Program, Community Business Enterprise (CBE) Program, the Community Workforce Program (CWP), and the Responsible Wages and Benefits Ordinance (Ordinance No. 90-143).

The work covered under this JPA has been reviewed by the County's Review Committee (RC). The RC has recommended a No Measure for CSBE participation in the construction of the project.

BACKGROUND

State School QQ-1; (David Lawrence Jr. K-8 Center), was constructed with sidewalks that stopped at the School's west property line. However, since the School opened, children have been observed walking along the side of and on NE 151 Street to reach Miami-Dade Transit (MDT) bus stops located on Biscayne Boulevard. This new pedestrian path is the missing link to connect the School's existing sidewalks west to the sidewalks and path that starts at the Biscayne Landings Development and continues to US-1.

On June 2, 2009, the BCC approved Resolution No. R-731-09, which supported the negotiation of an agreement with the City for construction of a pedestrian path on the south side of NE 151 Street, from the School to the entrance of the Biscayne Landings Development. The City has worked with District Commissioner Sally Heyman to identify funding for project costs, up to a maximum of amount of \$215,000.

On November 10, 2009, the North Miami City Council adopted Resolution No. R-2009-158 approving this JPA. The project is substantially completed. Funds have not been disbursed to the City for any work performed to date.

WITNESSETH

NOW, THEREFORE, in consideration of the promises and covenants contained herein, the parties agree:

RESPONSIBILITIES OF CITY:

- 1.1. **Permits and Approvals:** The City shall obtain all necessary permits, and utility adjustments; and coordinate the review of construction documents by utilities and permitting agencies. The City shall make all necessary adjustments as required for approval and/or permitting by those agencies. The City shall submit a copy of the PIP to the County Public Works Director for review and concurrence prior to the Notice to Proceed for construction.

- 1.4. **Accounting**: The City shall at all times maintain separate accounting for the costs of the Project so those costs may be independently verified and audited by the County, at the request and cost of the County. The City agrees to permit the County auditors to inspect the books, records and accounts of the Project for three (3) years after completion of the Project. These records shall be made available to the County for inspection within five (5) business days upon written receipt of a written request from the County.
- 1.5. **Construction**: The City shall procure the services of a licensed contractor holding an engineering contractor's license to construct the Project. The City may award the contract through any available lawful means which, in the City's discretion, affords the most competitive price for construction of the Project and which may include, but is not limited to, bid solicitation, request for proposals, the award of a change order on existing City contract(s), or the extension of unit-prices provided in connection with prior competitive bid awards. Notwithstanding any provision to the contrary, the City shall comply with all applicable County contract compliance and oversight measures relating to the expenditure of County funds, in accordance with Section 6 of this Agreement. Prior to the advertisement to solicit a licensed contractor to construct the Project, the City will contact the County's Public Works Contracts and Specifications Section to ensure this compliance.

The construction contract shall also contain a requirement that the contractor(s) provide a payment and performance bond at least in the amount

and form required by state law naming the County and City as joint obligees or joint contracting public entities.

Subsequent to the evaluation of bids or proposals by the City and the City's determination of the most advantageous bid or proposal, the City shall provide said evaluation to the County Public Works Director for review and approval. Final commitment of County funds for the Project shall occur upon approval of the contract award recommendation by the County Public Works Director. The County agrees that the selection, retention and discharge of such contractor shall be the responsibility of the City.

- 1.6. **Claims and Change Orders:** The City shall notify the County Public Works Director in writing when claims or change orders arise. The County shall review and make a determination or approval of all change orders or supplemental agreements, permits, modifications of plans, or other requests for approvals submitted by the City.
- 1.7. **Construction Administration and Inspection:** The City shall exercise all responsibilities of the owner under the construction contract, including construction administration and inspections. The City may delegate this function to an authorized agent or Construction Engineering Inspection consultant. The County's inspector shall have an oversight role in the routine daily inspections. In the case of a disagreement over the interpretation of the plans, the County Public Works Director, or their representative, shall have final authority subsequent to an independent final inspection by the County.

The City's designated representative and the County's designated representative shall jointly perform the inspection of the Project which immediately precedes substantial completion. The City shall certify upon completion that the Project has been constructed pursuant to the design plans, specifications and approved change orders. Final payment to the City and obligation of maintenance responsibility to the parties shall be subject to the final acceptance of the Project by the County Public Works Director or designee.

<u>Funding Amount</u>	<u>Funding Source</u>	<u>County Fiscal Year of Commitment</u>
\$ 215,000 (Maximum)	Transit Surtax Funds (Construction)	2008-2009

This amount represents the County's maximum participation in the Project. The City shall be responsible for completing the Project as set forth in the Agreement. Any costs in excess of this amount and the additional amount shall be borne solely by the City.

3. **ELIGIBLE COSTS**: The parties agree that only the below identified costs that may be incurred by the City that are directly related to the Project are eligible for reimbursement, provided adequate documentation accompanies the reimbursement request in the form of approved invoices, verified payment requests, documented journal entries, and/or check vouchers. For purposes of this Agreement, eligible costs are further defined as those pertaining to the construction of Project elements that are the standard items normally provided for by the County in County pedestrian path construction projects, and not the enhancement of standard items, or the incorporation of items which are in addition to those standard items. The County shall not be assumed to be liable to provide reimbursement for the construction or maintenance of such items that do not conform to this section of the Agreement. If enhancements to standard items are constructed in this Project, the City may request County reimbursement only to a maximum amount corresponding to that which would be expended in providing the normal standard version of that item for a project of the same scope. The parties further agree that eligible costs will not include fees for construction management, construction inspections, and project management.
4. **SCHEDULE AND MANNER OF REIMBURSEMENTS**: Upon execution, the City shall furnish the County with a copy of the estimated budget for the Project, and will

Specifically, the City agrees to abide by the applicable contract measure recommendation(s) established by the Department of Business Development Project Worksheet for the participation of specified business entities and/or trades, and for CWP requirements, as administered by the County's Department of Small Business Development (SBD). SBD shall have the right to

oversee and perform compliance monitoring, including but not limited to, the right to audit and to require reports and documentation related to the Code.

7. **CITIZENS' INDEPENDENT TRANSPORTATION TRUST APPROVAL:** Unless waived by action of the County, this Agreement shall only become effective upon approval by the Board of County Commissioners and the Citizens' Independent Transportation Trust (CITT) or, if not approved by the CITT, by the Board of County Commissioners reaffirmance of the award by 2/3 vote of its membership, all pursuant to the applicable ordinance. In the event the Agreement is not approved, the Agreement shall be null and void and be of no force or effect.
8. **PEOPLE'S TRANSPORTATION PLAN PROJECT SIGNAGE:** The County shall furnish and install a Project sign in each direction of traffic indicating that this Project is being funded by the People's Transportation Plan, in coordination with the City, in proximity to the start/end of the Project limits.
