Memorandum

MIAMI-DADE COUNTY

Date: April 20, 2010

To: Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Agenda Item No. 14(A)(1)

Resolution No. R-450-10

Subject: Approving the SHIP LHAP for FY 2010-11, FY 2011-12, and FY 2012-13

Recommendation

It is recommended that the Board of County Commissioners (BCC) approve the attached resolution that: 1) adopts the State Housing Initiatives Partnership (SHIP) Local Housing Assistance Plan (LHAP) for FY 2010-11, FY 2011-12, and FY 2012-13; 2) authorizes the County Mayor or the County Mayor's designee to execute any documents and certifications required by the Florida Housing Finance Corporation (FHFC) as related to the LHAP; and 3) authorizes the County Mayor or the County Mayor's designee to do all things necessary and proper to carry out the term and conditions of said program as described in the attached LHAP. It is noted that SHIP awards to for-profit and not-for-profit entities shall be conducted through a competitive process and shall be subject to approval by the BCC.

Scope

The impact of the SHIP LHAP is countywide.

Fiscal Impact/Funding Source

Approval of the three-year SHIP LHAP will not require additional resources, as it sets the strategies that the County will follow to allocate SHIP funds in FY 2010-11 through FY 2012-13.

While the State has yet to release the amount of funding for FY 2010-11, it is suggested that entitlement communities estimate 75 percent of the FY 2008-09 grant amount. For Miami-Dade County, this number represents $6,719,886.

The program's administrative costs are covered by SHIP funds as allowed under the administrative cap requirement. These required administrative costs are included as part of the adopted budget for the Department of Housing and Community Development (DHCD) and may not exceed 10 percent of the local housing distribution plus five percent of program income deposited into the trust fund as per Resolution R-517-95 adopted by the Board on April 18, 1995.

Track Record/Monitoring

This program will continue to be operated by the County through its Department of Housing and Community Development.

Background

The SHIP program provides housing opportunities for very low-, low-, and moderate-income persons by encouraging the construction, rehabilitation and purchase of affordable housing units. More specifically, the SHIP program provides funding to defray costs of land acquisition, site development, new construction, rehabilitation and/or other costs associated with the development of single-family homeownership and affordable rental housing units.

The SHIP program provides construction loans to developers, which have been awarded through a competitive Request for Application process and approved by the Board. In addition, SHIP funds provide soft second and third mortgages to homebuyers and rehabilitation loans to homeowners.

The Board of County Commissioners approved the current SHIP LHAP on April 24, 2007 under Resolution R-406-07 (amended October 06, 2009 through R-1192-09). The current SHIP LHAP covers FY 2007-08, FY 2008-09, and FY 2009-10. The SHIP LHAP before the Board for consideration is the subsequent three-year LHAP (FY 2010-11, FY 2011-12, and FY 2012-13) in accordance with Florida Statute 420.9072(2)(b)2, which requires a BCC approved Resolution as part of the LHAP's submission to the State. This plan must be submitted to the State of Florida by May 2, 2010 to meet the beginning of the State's fiscal year which begins on July 1, 2010.

The County has amended its SHIP Plan from time to time over the last three years. The current plan incorporates all of the previous amendments approved by the BCC; however, two significant modifications are recommended in the new three-year LHAP. In June 2009, the Florida legislature passed Senate Bill SB 360 which resulted in specific requirements for Counties utilizing SHIP funding. The two main changes recommended in the attached SHIP LHAP are a direct result of SB 360, and are as follows:

1. Green/Innovative Design: Section 420.9075(3) (d), F.S. requires that one or more strategies address green building principles, innovative design, and techniques. The strategy for development of multi-family affordable rental housing will now include these requirements. Extra points may be earned by developers who include green initiatives in their multi-family affordable housing rental projects during the County's competitive selection process.
2. Special Needs Housing: Section 420.9075 (1)(a) F.S. requires that each county or eligible municipality develop and implement a LHAP to make affordable residential units available to eligible persons who have special housing needs, including, but not limited to the homeless, the elderly, migrant farm workers, and persons with disabilities. The County's strategy for the second mortgage homeownership program and rehabilitation program offers deferred, forgivable loans for borrowers who meet the special housing needs category.

Other significant strategies previously approved by the BCC that are included in the three-year LHAP are:

- Homebuyer Assistance Program: The County will provide funds to very low-, low- and moderate-income persons for the acquisition of newly constructed or existing affordable homeownership units. All potential homebuyers must be pre-qualified for the program. The program also requires potential homebuyers to receive homebuyer counseling and training.
- Homeownership – Owner Occupied Rehabilitation Loans: The County will direct funds toward rehabilitation of owner occupied existing housing units.
- Foreclosure Prevention and Mitigation: Funds will be provided to assist qualified homeowners with retaining their homes and preventing foreclosure action by the first mortgage lender. This amount was increased from the existing $5,000 to $7,500 (per homeowner) in order to be consistent with the federal program currently in place.
- Florida Homebuyer Opportunity Program (If Extended by US Federal Government and the 2010 Florida Legislative Session): This strategy is in response to the legislature's requirement that local governments expend a portion of 2009-2010 SHIP funds for the purpose of ensuring residents derive the maximum possible economic benefit from the federal First Time Homebuyer Tax Credit program created through The American Recovery and Reinvestment Act of 2009. Under this program, Miami-Dade County provides subordinate down payment assistance loans to first time homebuyers with SHIP funds, which would later be reimbursed through the tax credit savings

realized by the homeowner. While the program is scheduled for expiration in 2010, there has been consideration for extending the program both at the federal and the state level. Should the program be extended, inclusion in the new LHAP will allow for immediate access to the strategy.

Creation of the Plan is for the purpose of meeting the housing needs of the very low, low and moderate income households, to expand production of and preserve affordable housing, to further the housing element of the local government comprehensive plan specific to affordable housing.

Miami-Dade County, Florida established the Affordable Housing Program in accordance with the provisions of Chapter 420.9072, Florida Statues and Chapter 67-37 of the Florida Administrative Code (FAC), State Housing Initiative Partnership (SHIP) program. This program was enacted by the passage of Ordinance No. 97-65 on May 20, 1997.

It is the intent of this Program to increase housing opportunities for very-low, low- and moderate-income persons by encouraging the creation and rehabilitation of affordable housing units, both for homeownership and as rental units. Assistance may be provided to eligible homebuyers and homeowners, developers and community development corporations in the form of first, second, and third mortgage, gap financing for multifamily developments, and counseling services for first time homebuyers.

D. Governance:
The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37 Florida Administrative Code.
The Miami Dade County SHIP Program does further the housing element of the local government Comprehensive Plan. **Cities and Counties must be in compliance with these applicable statutes and rules.**

E. Local Housing Partnership
SHIP Program encourages building active partnerships between government, lenders, builders and developers, real estate professionals, advocates for low-income persons and community groups.
Through administration of the SHIP, Federal and local Documentary Surtax programs, Miami-Dade County partners with affordable housing developers to increase affordable housing stock. Special consideration is made for developers who incorporate sustainable, green initiatives within the design.

Miami-Dade County has developed partnerships with area lenders to encourage lending to very-low-, low income and moderate income homebuyers. Additionally, the County has implemented a foreclosure prevention program that provides post-homebuyer counseling for new homeowners as well as grants for mitigate foreclosure actions. These programs work in conjunction with lenders to purchase the loan in the event of default or in the alternative, serve to bring homebuyers current in the outstanding debt. In that way, the County can protect its investment in the property, and perhaps restructure the loan to fit the homeowner's financial situation.

The County has contracted with several homebuyer counseling entities that provide pre-homebuyer counseling, budgeting, and money management services. Completion of a homebuyer counseling program is a homeownership requirement of the Miami-Dade Affordable Housing Program.

F. Leveraging:

The Plans are intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

Miami-Dade County has developed partnerships with local lenders to leverage SHIP funds successfully. The County provides second mortgage financing on behalf of the homebuyer that makes up the difference between what the banks lend and the property's purchase price. Participating lenders have also agreed to limit the cost of the loan to the homebuyer. The County meets regularly with the lenders and their staff to keep them abreast of program guidelines and loan process. In specific cases, the County will provide additional mortgages to supplement the loan as needed on a case by case basis.

Through extensive coordination with other community resources, local SHIP funds are highly leveraged to reduce the cost of housing. For example, first mortgage funding is provided by participating lenders, while SHIP funds are being utilized for second mortgages or additional supplements with lower interest rates. This results in lower monthly payments with a combined lower interest rate. Also, local SHIP funds have been used in addition to local, state and federal housing dollars for multi-family developments and for providing housing to special needs and homeless populations. Miami-Dade County may provide construction loans to CDC's and private developers with the goal developing the affordable housing stock of Miami-Dade County. Moreover, SHIP loans are used to fund private developers with the goal of preserving and maintaining our existing affordable housing stock. Loans are available for both homeownership and rental projects, as well as rehabilitation of the existing housing stock. The rate and term of each loan will vary in accordance with the funding source availability and the respective program restrictions.

G. Public Input:

Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

During the last 12 months, public input was solicited for the development of the Local Housing Assistance Plan primarily through one-on-one meetings with Private Developers, Community Development Corporation (CDC's), For Profit, Non-Profit Developers, realtors and participating lenders in ascertaining housing needs within the community. These agencies provided extensive

comments and made recommendations to Miami-Dade County on both programmatic and implementation issues which resulted in a number of enhancements to the prior years programs.

Additionally, the Miami-Dade County Affordable Housing Advisory Board (AHAB) consists of fifteen (15) members. The composition of the voting members is ethnically, racially, geographically and gender balanced and is composed of the following members.

In addition, the Board of County Commissioners (BCC) has two public meetings that the developers as well as the individuals can attend before the BCC awards funding allocations.

H. Advertising and Outreach

The county or eligible municipality or its administrative representative shall advertise the notice of funding availability in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

Miami-Dade County will advertise fund(s) availability in area newspapers with general circulation, participate in public information programs and housing fairs, make information available on the County's website, and issue public service announcements to the print and broadcast media. To further announce the program's availability, the County distributes informational brochures to the general public and through local community based groups, lenders, and neighborhood organizations.

In addition, the County administers a virtual one-stop housing center which describes available housing assistance programs as well as offers a real-time, searchable listing of affordable homes for rent or purchase. Housing units funded in part by SHIP and other resources must be listed on this web-based housing locator service.

Notice of the competitive process employed to select for-profit and not-for-profit entities for participation in SHIP-funded programs is advertised in three (3) local newspapers and in multiple languages and the County's website thirty (30) days prior to the beginning of the application period.

Miami-Dade County complies with the Fair Housing Act.

J. Support Services and Counseling:
Support services are available from various sources. Available support services may include but are not limited to:
Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling and Transportation

Miami-Dade County has contracted with several homebuyer counseling entities that provide pre-homebuyer counseling, budgeting, and money management services. Completion of an 8 hour homebuyer counseling program is a homeownership requirement of the Miami-Dade Affordable Housing Program. Miami Dade County expanded its counseling services to include foreclosure prevention and mitigation.

K. Purchase Price Limits:
The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the median area purchase price established by the U.S. Treasury Department or as described above.
The methodology used is:
__X___ Independent Study
___X__ U.S. Treasury Department
_____ Local HFA Numbers
The purchase price limit for new and existing homes is shown on the Housing Delivery Goals Charts

The purchase price limit for new and existing homes is shown on the Housing Delivery Goals Charts. The program currently allows for a purchase price of up to 90% of the average area purchase price, however due to the current foreclosure crisis, the Board of County Commissioners has set the maximum purchase price to $205,000.
Homeownership Strategy - New Construction and Rehabilitation for Homeownership

The County has identified a need to generate extremely affordable housing stock through new construction or rehabilitation. Therefore, the purchase price for any homeownership unit for which SHIP funds were awarded to a for-profit or non-profit developer to defray development costs may not exceed $205,000 with extremely favorable interest and/or repayment plans. For those individuals eligible under a special housing assistance category, to include elderly, homeless, migrant farm workers, and persons with disabilities, second mortgage assistance for either or rehabilitation of an existing unit, is considered forgivable after a certain period of time.

Homeownership Strategy – Homeownership Assistance Program

Second mortgage assistance to homebuyers is available to households with incomes up to 120% of area income for those who utilize SHIP funding. The County has other sources that reach 140% AMI. Eligible homebuyers may utilize the Program's second mortgage assistance to purchase affordable homes available on the private market as well as those produced under the County's capital award programs. For those individuals eligible under a special housing assistance category, to include elderly, homeless, migrant farm workers, and persons with disabilities, second mortgage assistance for home purchase is considered forgivable after a certain period of time.

To maximize homeownership opportunities under the Homebuyer Assistance Program, the maximum purchase price limit under the Homeownership Assistance Program may be adjusted annually at the same time each year at the start of the SHIP Program fiscal year (July 1). The maximum purchase price shall be ninety percent (90%) of the Single Family Mortgage Limit under Section 203(b) of the National Housing Act in effect as of July 1. The County will adjust the maximum purchase price annually, consistent with the above formula, for the Homebuyer Assistance Program. In accordance with Section 420.9071(22), F.S., the County will revise its LHAP and transmit it to the Corporation for purposes of notifying the Corporation of the technical revision to the LHAP.

Effective July 1, 2007, the maximum purchase price under the Homebuyer Assistance Program is $326,511.00, However, as stated above, the County has imposed a $205,000 maximum purchase price for the time being.

L. Income Limits, Rent Limits and Affordability:

The Income and Rent Limits used in the SHIP Program are updated annually from the Department of Housing and Urban Development and distributed by Florida Housing Finance Corporation. Affordable means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071 F.S. However it is not the intent to limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

Although the applicant's income level may not exceed 120% of the Miami-Dade County area median income adjusted for family size, preference will be given to families with an annual income of under 80% of median.

Through a competitive Request for Applications (RFA), issued annually, SHIP funds are awarded to non-profit and for-profit builders/developers towards new construction or rehabilitation of homeownership and rental units. By local policy, units constructed or rehabilitated for sale to eligible households may not exceed a sales price of $205,000. Multi-family rental units must be affordable as defined above.

M. Welfare Transition Program:

Should a eligible sponsor be used, the city/county has developed a qualification system and selection criteria for applications for Awards to eligible sponsors, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

Not applicable.

N. Monitoring and First Right of Refusal:
In the case of rental housing, the staff or entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides the same monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of $3,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored for at least annually for 15 years or the term of assistance which ever is longer unless as specified above.

Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

Miami-Dade County monitors Developers/Owners for both programmatic and project-related compliance. A Field Officer conducts an annual on-site visit to ensure that proper procedures, tenant files and forms are in accordance with program requirements. In addition, a Housing Inspector will conduct an annual on-site inspection of the assisted units to ensure that they meet Housing Quality Standards (HQS) requirements.

During the monitoring visit the Field Officer will verify that the maximum monthly rents and the utility allowances charged are consistent with the rental regulatory agreement and revisions thereof. In addition, during the affordability period, the Field Officer will monitor the tenant annual income for compliance with the number of units set aside for the very-low, low and moderate income families as stated in the rental regulatory agreement.

Developers/Owners must conduct an annual on-site inspection for compliance with Federal HQS. Failure to maintain the property as per Federal HQS during the affordability period may result in the County declaring the Developer/Owner in default and calling the Note due and payable.

O. Administrative Budget:
A detailed listing including line-item budget of proposed Administrative Expenditures is attached as Exhibit A. These are presented on an annual basis for each State fiscal year submitted.

Miami-Dade County finds that the moneys deposited in the local housing assistance trust fund shall be used to administer and implement the local housing assistance plan.
Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states:
"A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan."
Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states:
"The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5% of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(17), and eligible municipalities receiving a local housing distribution of up to $350,000 may use up to 10 percent of program income for administrative costs."

The applicable local jurisdiction has adopted the above findings in the attached resolution, Exhibit E.

P. PROGRAM ADMINISTRATION:
Administration of the local housing assistance plan is the responsibility of the applicable city/county. Should a third party entity or consultant contract for all of part of the administrative or other functions of the program provide in detail the duties, qualification and selection criteria.

Miami-Dade County will require approximately five percent (5%) of program income not to exceed ten percent (10%) of the SHIP allocation.

Miami-Dade County defines "essential service personnel" as follows:

"Emergency Service Personnel" means emergency personnel, including firefighters, health care workers, teachers, and law enforcement and criminal justice personnel.

SHIP awards to for-profit and not-for-profit builders/developers will be made through the County's competitive Consolidated Plan Request for Applications (RFA) or other competitive process.

   b. Fiscal Years Covered:

   FY 2010/2011, FY 2011/2012, FY 2012/2013

   c. Income Categories to be served:

   It is the intent of this program to increase housing opportunities for very-low, low, and moderate-income persons by encouraging the creation and rehabilitation of affordable housing units. Although applicant's income level may not exceed 120% of the Miami-Dade County area median income adjusted for family size, preference will be given to families with an annual income of under 80% of median. A competitive process is employed to select not-for-profit and for-profit builders/developers for participation in the program. A limit restricting the amount of assistance (30% of total development cost) per builder/developer will be established in order to expand the level of participation and diversity of the products. The developers are required that the end applicants will be selected on a first-come, first-serve basis and to the extent permitted by law, on a basis that promotes fair housing opportunities based on need after the availability of program funds or activity are advertised.

   d. Maximum award is noted on the Housing Delivery Goals Charts:

   All homes sold under the program must be affordable to very-low, low- and moderate-income persons. The sales price or value of new or existing homes which are sold or rehabilitated under the SHIP Program may not exceed 90 percent of the median purchase price for either new or existing homes, as applicable for the area where the

housing is located. However, the local government at its direction may set the purchase price below the 90 percent benchmark.

For the fiscal periods covered by this Plan, the sales price for any homeownership unit for which SHIP funds were awarded to defray the cost of its construction or rehabilitation by a for-profit or non-profit developer may not exceed $205,000.

e. Terms of Payment, Recapture and Default. Include terms of recapture in the event of default (failure to make required payments on a loan secured by a first mortgage which leads to foreclosure and/or loss of property ownership).

Upon BCC approval of awards, the developer's proposal is reviewed by an independent credit underwriter to perform a subsidy layering review to ensure only the amount necessary to finalize the project is awarded. Upon completion, the developer enters into a contract with the County in which the terms of the contract and scope of services are outlined and finalized. The County maintains the SHIP funds until a SHIP construction loan has closed. The developer must submit formal draw requests as construction work is completed. Internal construction management staff performs site visits to ensure the draw amount is consistent with the work progress.

The rates charged and terms of the capital loans are between 0%-6%. The criteria for Miami Dade County's Loan Terms and Conditions are attached. Final determination of the rate and term will be made by County staff depending on project feasibility. Loans made to not-for-profit developers will be for a period of 24 months. Loans made to for-profit developers will be for a period for 18 months. During the period of construction, all developers will pay interest only. Any unpaid principal and accrued interest will be payable at the end of the loan.

If the developer fails to meet the SHIP rules and requirements, and does not comply with the terms and conditions of the contract, the County will recapture the funds and reallocate them to a different strategy or developer as needed. The loan note defines that the recapture of funds is due immediately at a default interest rate of 18%.

f. Recipient Selection Criteria:

Although homeownership applicant's income level may not exceed 120% of the Miami-Dade County area median income adjusted for family size, preference will be given to families with an annual income of 80% of the median or below.

Housing units developed under this strategy will be marketed to eligible households seeking or participating in the County's home buyer programs and through listing in the County's online housing locator system.

Any individual who qualifies for a homeownership rehabilitation mortgage and is eligible under a special needs funding group, is entitled to convert the second mortgage to a forgivable loan.

g. Sponsor Selection Criteria:

Funds are awarded as part of the County's Consolidated Plan Request for Applications (RFA) or other competitive process. All funded allocations are approved by the Board of County Commissioners. A sponsor must be in good standing with Miami-Dade County to be recommended for an award of SHIP funds.

h. Additional Information:

2. Name of the Strategy: *Homeownership Strategy – Homeowner Assistance Program*

a. Summary of the Strategy:

The Miami-Dade Homeowner Assistance Program will provide funds to very-low, low- and moderate-income persons to acquire newly-constructed or existing affordable homeownership units. All potential homebuyers must be pre-qualified by participating lenders for the affordable housing program. The program also requires potential homebuyers to receive homebuyer counseling and to complete an approved homebuyer education training. The education training will cover such topics as: choosing a realtor, qualifying for a mortgage, inspecting a house, entering a contract for sale, maintaining a home, handling credit affairs and other skills needed for homeownership.

b. Fiscal Years Covered:

FY 2010/2011, FY 2011/2012, FY 2012/2013

d. Maximum award is noted on the Housing Delivery Goals Charts.

Maximum subsidies are set forth in the Program Policies (**Attachment A**), as may be amended. Furthermore, the sales price or value of new or existing homes which are purchased under this strategy may not exceed the maximum purchase price limit established in accordance with Part I, Section K of Miami-Dade's Local Housing Assistance Plan.

e. Terms, Recapture and Default. Include terms of recapture in the event of default (failure to make required payments on a loan secured by a first mortgage which leads to foreclosure and/or loss of property ownership)

All homebuying mortgages provided are in the form of a loan for a term of 30 years in accordance with the Program Policies set forth in **Attachment A**, as may be amended. Interest rates and monthly payments are tiered based on income.

If the family sells, transfers, rents or vacates the property, the balance of the mortgage loan, including accrued interest, will be due upon vacating, selling, renting or transferring of the property. Upon sale, refinance, or transfer of title in any other manner within the thirty-year affordability period, the homeowner must pay to Miami-Dade County the principal amount of the loan, together with a proportionate share of the appreciation in the value of the property.

As set forth in Program Policies found in **Attachment A**, such share shall be determined by applying (1) the percentage which represents the ratio of the original principal amount of the Loan to the original certified appraised value at the time of this security agreement in connection with the purchase of the property (The "Principal to Original Appraised Value Ratio") to (2) the amount if any, by which the appraised value upon refinance or transfer of the Property exceeds such original appraised value. If the Loan is not evidenced by funds but by a benefit conferred by the Lender (Miami-Dade County) or other public agency on the seller of the property, and the homeowner is not in default under this note or the Subordinate Security Instrument, the share of appreciation due to the Lender herein shall be reduced by the sum of (a) the amount of any cash down payment from the borrower's own funds for the purchase of the property, (b) the reasonable and customary costs of sale of the property paid by the homeowner, including any broker's commission, and (c) the value of any documented, permanent improvements to the Property that are in compliance with any applicable requirements established by the Lender.

The SHIP proceeds repaid to the County will be used by the County for other SHIP assistance. In the event that the proceeds from the sale are insufficient to repay the outstanding SHIP subsidy, the County will recapture whatever proceeds are available after the first mortgage from a private lender (if any) has been repaid.

All loans, are assumable. A new buyer, if income eligible, may qualify for and assume the remaining balance of the loan with approval.

f. Recipient Selection Criteria:

Applicants are assisted on a first-come, first serve basis after the availability of program funds or activity are advertised. Applicants seeking assistance are pre-qualified by first mortgage lenders and then referred by the lender to the County.

In the case of a natural or man made calamity, priorities need to be changed to meet emergency conditions. In an effort to maximize the effect of funds utilized for disaster recovery and mitigation, funds not contractually committed for rehabilitation, construction, design, homeownership purchase or other activity will be redirected to the post-disaster recovery and mitigation effort. In an effort to maximize the effect of funds utilized for disaster recovery and mitigation, Miami-Dade County reserves the right to suspend any waiting lists developed before the occurrence of a disaster and redirect funds to areas of worst damage. These funds will be used for the following activities:

- Purchase of emergency supplies to waterproof damaged homes.
- Interim repairs to avoid further damage, such as tree and debris removal required to make individual housing units habitable.
- Payment of insurance deductibles for rehabilitation of homes covered under homeowners' insurance polices.

For applicants whose total debt to income ratio is no greater than 45%, a payment is assessed in the form of an amortized loan based on the HUD median income using an interest rate of 0 – 6% in one percent increments generally on a 20-year term (see chart below). The interest rate applied may not result in a debt to income ratio greater than 45%.

The SHIP proceeds repaid to the County will be used by the County for other SHIP assistance. In the event that the proceeds from the sale are insufficient to repay the outstanding SHIP subsidy, the County will recapture whatever proceeds are available after the first mortgage from a private lender (if any) has been repaid.
