However, if any material portion is invalidated, Miami-Dade County shall be entitled to reacquire the Property predicated upon the invalidated portion of this Declaration as a result of its reversionary interest in the Property.

**File Number:** 101070  
**Committee(s)  
of Reference:** Board of County Commissioners  
**Date of Analysis:** April 20, 2010  
**Type of Item:** Resolution  
**Sponsor:** Commissioner Barbara J. Jordan

**Summary**

This resolution provides for the following: (1) declares surplus county-owned land located at 3090 N.W. 135 Street; (2) conveys the property at no cost to the North Miami Beach Medical Center (NMBMC) by a County Deed which will require the construction of a community clinic within 5 years; and (3) provides restrictions for the use and re-conveyance of the property to ensure compliance with the intent of the Board of County Commissioners.

According to the Declaration of Restrictions, such clinic will substantially consist of a minimum of 1,000 square feet of space primarily to providing primary care medical services and holistic health education.

During the April 13, 2010 Government Operations meeting, the General Services Administration staff mentioned: (1) the 2009 assessed value of the land is \$191,266; (2) identified the land as commercially zoned; and (3) the lot size is 15,246 square feet.<sup>1</sup>

- The item was amended to include the value of the land and remove the clause that required the County to reimburse any funds used for structural improvements should the property revert back to the County.

They also provide on-location Medical Relief to victims of natural and man-made disasters.

<sup>1</sup> GO Item 2K shows the lot size to be 15,045 square feet.

### **Legislative History**

On November 2, 2004, Miami-Dade County voters approved \$2.9 billion in Building Better Communities General Obligation Bond Program proceeds intended to finance countywide government improvement projects. Ballot Question No. 5, authorized up to \$171,281,000 in funding for projects "to construct and improve emergency healthcare facilities at Jackson Memorial Hospital (JMH) to promote accessibility to quality healthcare services, pursuant to Resolution 916-04, **adopted on July 20, 2004.**

During the course of the July 20, 2004 session, a number of commissioners expressed their desire that additional GOB funds be expended on community healthcare projects that would not be administered by JMH. Instead, it was intended that the monies would be directed to Federally Qualified Health Care Centers, and, in two instances, specific projects were identified as worthwhile candidates for the funding.<sup>3</sup>

At the end of the session, in conjunction with several other oral amendments made with regard to other ballot questions, a vote was taken to increase funding for healthcare related projects-i.e. Ballot Question No. 5 by \$25 million. This additional funding, plus amounts for the anticipated costs to issue bonds, increased the total allotment of GOB funds for Ballot Question No. 5 from \$137 million to approximately \$171.2 million.

A new Project No. 305, named Primary Health Care Facilities was added to the GOB's recommended list of priorities. It reads: "increase the number of health care facilities in our community."

**Although substantive language was changed in Ballot Questions 1 and 2, the only changes to the final Ballot Question No. 5 were the inclusion of the resolution number, its adoption date, and the increase funding from \$137 million to \$171.281 million.<sup>4</sup>**

### **Questions**

1. How will the NMBMC finance the construction phase?
2. How will the NMBMC sustain the future facility?
3. Has the NMBMC provided the County a business development plan?
