OFFICIAL FILE COPY
CLERK OF THE BOARD
OF COUNTY COMMISSIONERS
MIAMI-DADE COUNTY, FLORIDA

Memorandum

MIAMI-DADE COUNTY

Date: June 15, 2010

Agenda Item No. 14(A)(27)

To: Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Resolution No R-695-10

Subject: Change Order No. #1, increasing the total contract amount by $783,583.07 for the Opa-locka Executive Airport Air Traffic Control Tower, Project (L-085A)

RECOMMENDATION

It is recommended that the Board approve the attached Change Order No. 1 to the contract with TGSV Enterprises Inc., which increases the total contract amount by $783,583.07, bringing it to a total $11,381,915.57, and extends the contract term by 128 days.

CHANGE ORDER NO.: 1

PROJECT NAME: Opa-locka Executive Airport Air Traffic Control Tower

PROJECT NO. L-085A

PROJECT DESCRIPTION: The project involves the construction of a new air traffic control tower, including a ground support building and parking, all enclosed by a chain-link fence.

PROJECT LOCATION: Opa-locka Executive Airport

PRIMARY DISTRICT: Commissioner Barbara J. Jordan's District 1

APPROVAL PATH: Board of County Commissioners

USING DEPARTMENT: Miami-Dade Aviation Department (MDAD)

MANAGING DEPARTMENT: Miami-Dade Aviation Department

FISCAL IMPACT/FUNDING SOURCE

There is no fiscal impact on current or future County budgets from this item as the Aviation Department constitutes an enterprise fund of the County, where revenues and expenses are fully covered by the users to the Aviation Department's facilities.

CHANGE ORDER FUNDING SOURCE:

SOURCE	AMOUNT
FAA Grant	$ 6,550,000.00
FDOT Grant 50% of unfunded balance	$ 3,871,000.00
MDAD Airport Improvement Fund	$ 3,871,000.00
MDAD CIP/Improvement Fund CO #1	$ 783,583.07
Total	$14,292,000.00

PTP FUNDING: N/A

GOB FUNDING: N/A

ARRA FUNDING: N/A

TRACK RECORD/MONITOR: CIIS had five evaluations with an average rating of 3.6 out of 5, which is satisfactory. MDAD Project Manager William C Murphy is responsible for monitoring this project.

BACKGROUND: Nine bid packages were issued on June 11, 2008. On August 13, 2008, a public meeting was held on the 18th floor of the County Administrative Office Building with the project manager, Clerk of the Board and the bidders to open envelope A. MDAD Minority Affairs found four of the seven bidders were in compliance and three were not. On August 15, 2008, envelope B was opened and the bids were read for each of the seven bidders.

On August 19, 2008, the consultant Kimley-Horn Associates and the MDAD project manager met to review the technical qualifications of the low bidder and found them to be satisfactory. The low bidder, TGSV, was awarded the contract by the Board on January 22, 2009.

JUSTIFICATION: During the excavation for the air traffic control tower foundations, petroleum product was discovered and work was stopped until DERM could test and publish the results of the testing. TGSV was told to develop a decontamination procedure which was reviewed and accepted by DERM. The decontamination procedure was implemented by TGSV and completed to DERM's satisfaction. Some of the soils excavated also had contamination problems which had to be dealt with by TGSV. Due to the unforeseen contamination issue, MDAD now needs to reimburse the allowance account to cover any other unforeseen or anticipated items such as the shop design of the cab glass and exterior panels, plus its related delay claim, and the unknown FAA requirements such as radio equipment, and security equipment that MDAD may have to purchase.

RESOLUTION NO. R-695-10

RESOLUTION APPROVING CHANGE ORDER NO. 1 TO THE CONTRACT FOR THE CONSTRUCTION OF THE OPA-LOCKA AIR TRAFFIC CONTROL TOWER, PROJECT NO. L-085A, BETWEEN THE COUNTY AND TGSV ENTERPRISES INC., INCREASING THE CONTRACT BY AN AMOUNT NOT TO EXCEED $783,583.07; AUTHORIZING THE MAYOR OR MAYOR'S DESIGNEE TO EXECUTE THE CHANGE ORDER AND TO PERFORM ALL NECESSARY ACTIONS TO ENFORCE ITS TERMS

WHEREAS, this Board desires to accomplish the purposes outlined in the accompanying memorandum, a copy of which is incorporated herein,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Board hereby approves Change Order No. 1 to the contract for the construction of the Opa-Locka Air Traffic Control Tower, Project No. L-085A, between the County and TGSV Enterprises Inc., increasing the contract by an amount not to exceed $783,583.07; authorizing the Mayor or Mayor's designee to execute the change order and to perform all necessary actions to enforce its terms.

The foregoing resolution was offered by Commissioner Dorrin D. Rolle, who moved its adoption. The motion was seconded by Commissioner Rebeca Sosa and upon being put to a vote, the vote was as follows:

Dennis C. Moss, Chairman aye
Jose "Pepe" Diaz, Vice-Chairman aye

Bruno A. Barreiro	aye	Audrey M. Edmonson	aye
Carlos A. Gimenez	aye	Sally A. Heyman	absent
Barbara J. Jordan	aye	Joe A. Martinez	aye
Dorrin D. Rolle	aye	Natacha Seijas	aye
Katy Sorenson	aye	Rebeca Sosa	aye
Sen. Javier D. Souto	aye		

The Chairperson thereupon declared the resolution duly passed and adopted this 15th day of June, 2010. This resolution shall become effective ten (10) days after the date of its adoption unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board.

WORK ORDER NUMBER: 1-0006

DERM de-watering contamination

PROJECT : L085A **CONTRACT. :** PMISL085A

PROJECT NAME : OPF Construct New Air Traffic Control Tower

PROJECT MGR : Murphy, William C. (Aviation)

CONTRACTOR : T.G.S.V Enterprises Inc.

The contractor is herby authorized to make the following changes to the current contract, and perform the work subject to all contract stipulations and covenants.

DESCRIPTION OF WORK:

The work shall consist of the following:

1) Contaminated water was discovered during the de-watering process and work was stopped by DERM until options could be explored. The Contractor will proceed with the design of a system to remove contaminates as per TGSV W.O. request # 11.6A (attached).

2) The Contractor shall drive sheet pile surrounding the excavated pile cap. The Contractor will then over dig the pile cap excavation and pour a tremie slab. The work will require the use of divers.

3) The water within the contained area will have to be treated to remove contaminates. If the tests of the water are satisfactory to DERM we can proceed with the contract work.

4) In the event the tests are not satisfactory to DERM an additional Work Order will be generated with new scope

5) Remove the sheet piling and contaminates removing equipment from the site. See attachments

Settlement Comments
It is important to get this project re-started as soon as possible to reduce the delay claim so we have PACO Group working on the effects of the time delay with the Contractor. We will generate another work order just dealing with the authorized days of delay. Contractors signature on the W.O. shall not be a waiver of rights for time extension and compensation for delay.

REASON : Unforeseen Conditions

JUSTIFICATION: During the excavation of the pile cap petroleum contaminates were found DERM ordered MDAD to remove the contaminates from the site. See attachments.

Removal of contaminated soils

PROJECT : L085A **CONTRACT. :** PMISL085A

PROJECT NAME : OPF Construct New Air Traffic Control Tower

PROJECT MGR : Murphy, William C. (Aviation)

CONTRACTOR : T.G.S.V Enterprises Inc.

The contractor is herby authorized to make the following changes to the current contract, and perform the work subject to all contract stipulations and covenants.

DESCRIPTION OF WORK:

The contaminated soil will be disposed of in accordance with DERM requirements. Some material will be disposed of off site and some will be used as fill at OPF.

Settelment Comments:
It is important to get this project re-started as soon as possible to reduce the delay claim so we have PACO Group working with the effects of the time delay with the Contractor. We will generate another work order just dealing with the authorized days of delay. Contractor's signature on the W.O. shall not be a waiver of rights for the time extension and compensation for delay.

REASON : Unforeseen Conditions

JUSTIFICATION: During excavation the soil was found to be contaminated by DERM and directions for disposal were issued by DERM. This work order deals with thoes soils.

Contaminated pile #6

MIAMI INTERNATIONAL AIRPORT — MIAMI-DADE COUNTY

PROJECT : L085A **CONTRACT. :** PMISL085A

PROJECT NAME : OPF Construct New Air Traffic Control Tower

PROJECT MGR : Murphy, William C. (Aviation)

CONTRACTOR : T.G.S.V Enterprises Inc.

The contractor is herby authorized to make the following changes to the current contract, and perform the work subject to all contract stipulations and covenants.

DESCRIPTION OF WORK:

TGSV #25.0
Excavation of the foundation created a soil pile #6 and this pile was determined by DERM to be contaminated with an unacceptable amount of mercury. We were required by DERM to dispose of this contaminated soil in accordance with DERM protocol. The final amount of this work order will be based upon certified shipping tickets from the waste management facility.

REASON : Unforeseen Conditions

JUSTIFICATION:

The work on soil pile #6 was required by DERM. Please see attached files.

RWO #	DATE	DESCRIPTION	AMOUNT	ASSOCIATED TIME IN CALENDAR DAYS	COMMENTS / NOTES
24.2 A & 24.2 B modified to indicate revised approval / direction dates as stated in comment column)		Additional work associated with cab glass modifications (TGSV RFI#17 and #17A) and revised sheets A-1.06, A-5.02, S-305, S-502 dated 2/11/10. Qualifications: 1) Glass pricing is based on attached Pena-Alum quote dated 2/26/10, engineering qualifications and approval of building official. 2) No testing of any product is included	$469,100.00	60	This pricing is based on the information and directives as described in TGSV's RWO 24.2A. Should design change from that described in TGSV RWO 24.2A, TGSV shall be allowed to revise claimed amount accordingly. Also note that current redesign of cab glass may require modifications due to energy efficiency calculations, but TGSV has yet to receive any directive on what changes may be required; therefore any changes required due to energy efficiency calculations are excluded from RWO. Should changes be required TGSV hereby reserves its rights to cost for required changes and associated time extensions and compensation as may be required. Also note in order to limit the 60 calendar time extension, TGSV must be provided approved shop drawings for cab glass system no later than 4/6/10, cab glass permit must be approved no later than 4/12/10 and a fully executed work order for cab glass and all associated changes must be provided no later than 4/15/10. Failure to meet these dates will result in additionally required time extensions and compensation for additional delays. TGSV hereby reserves their rights to time extension and compensation should these dates not be met
28.1	01/14/10	Additional work per A/E's response to RFI#102. Revised to include settlement offer made by TGSV and agreed too at 1/12/10 Owner meeting.	$4,424.00	0

RWO's to date

RWO #	DATE	DESCRIPTION	AMOUNT	ASSOCIATED TIME IN CALENDAR DAYS	COMMENTS / NOTES
37.0	01/07/10	Additional work per A/E's response to RFI#179, #179A, and associated Sheet #E-104 (Revision 1 dated 9/24/09), E-105 (Revision 2 dated 9/27/09), E-201 (Revision 1 dated 9/24/09), E-202 (Revision 1 dated 9/24/09), and E-205 (Revision 1 dated 9/24/09). Qualifications: 1) We have inputted the revised durations for required activities per attached time impact analysis into the updated schedule with a data date of 12/30/09 which was previously provided to all via TGSV's rough draft December request for payment. Since revised durations do not extend projects critical path no additional time will be required for this added work but modifications to the durations on the baseline schedule will be made upon approval of this RWO to account for added work.	$7,769.00	0	Owner to provide direction and fully executed work order no later than 5/28/10 in order to have a 0 calendar day impact. Failure to meet this date may result in required time extension and compensation for additional delays. TGSV hereby reserves their rights to time extension and compensation should this date not be met
38.1	03/01/10	Additional work to provide and install door closers for two (2) fire rated doors (T11 and T1248). It is TGSV's recommendation to proceed with Option "A" (LCN closers) due to the strength in air pressure throughout the tower. Revised due to revised Sheet A-105 (Rev. 2 dated 1/27/10. Qualifications: 1) Although Option "B" is cheaper, TGSV recommends Option "A" since the use of a closer is what was specified in other similar applications on this project.	OPTION "A" $700.00 OPTION "B" $243.00	0	Owner to provide direction and fully executed work order no later than 11/20/10 in order to have a 0 calendar day impact. Failure to meet this date may result in required time extension and compensation for additional delays. TGSV hereby reserves their rights to time extension and compensation should this date not be met
39.0	01/21/10	Additional work to install "primary" conduit for electrical feed as requested at Owner meeting and per FPL sketches and KHA 1/6/10 email. Qualifications: 1) FPL to provide conduit at no cost to TGSV/Solares., 2) FPL to provide, install, and terminate all cable and equipment, 3) This RWO does not include any assumptions/costs associated with contaminated soil. If contaminated soil is encountered, a separate RWO shall follow.	$37,395.00	0	Owner to provide direction and fully executed work order no later than 5/28/10 in order to have a 0 calendar day impact. Failure to meet this date may result in required time extension and compensation for additional delays. TGSV hereby reserves their rights to time extension and compensation should this date not be met
