Memorandum

MIAMI-DADE COUNTY

Date: July 20, 2010

Amended
Agenda Item No. 8(K)(1)(A)

To: Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Resolution No. R-806-10

Subject: Resolution Authorizing Submission of the Substantial Amendment to Miami-Dade County's FY 2008 Action Plan for CDBG-R Funds

---

This item was amended at the July 20, 2010 meeting of the Board of County Commissioners to incorporate the recommended changes in Supplement #1, which is attached to this cover memorandum.

RECOMMENDATION

It is recommended that the Board of County Commissioners (BCC) authorize the Mayor or Mayor's designee to amend the FY 2008 Action Plan to recapture and reallocate $2,476,674 in unexpended Community Development Block Grant Recovery (CDBG-R) funds as indicated in Exhibit A.

These CDBG-R funds being recaptured are recommended for reallocation to eligible activities in accordance with the regulatory requirements of the U.S. Department of Housing and Urban Development (US HUD).

SCOPE

Exhibit A includes information on the Commission District location for each project to be allocated CDBG-R funds; however, the benefits from certain projects may affect more than one Commission District.

FISCAL IMPACT

Approval of this resolution will not create a fiscal impact to the County. The proposed amendment is a reallocation of existing funding.

Miami-Dade County has until September 30, 2012 to expend the full CDBG-R award. Funds not expended by the deadline will be recaptured by US HUD and returned to the US Treasury Department.

TRACK RECORD/MONITORING

The entity recommended for the reallocation of CDBG-R funding, the Miami-Dade Public Works Department (PWD), has been successful in implementing the projects funded through its original CDBG-R allocation. Staff feels that the Park and Recreation Department can also spend the funds in a timely manner. In compliance with federal regulations, the Department of Housing and Community Development (DHCD) also provides quarterly reports to US HUD regarding the progress of CDBG-R funded activities.

BACKGROUND

The CDBG-R program is part of the federal recovery initiative funded through the American Recovery and Reinvestment Act (ARRA) of 2009. Through ARRA, $1 billion in CDBG funds was appropriated to states and local governments to carry out eligible activities under the CDBG Program on an expedited basis. To facilitate the accelerated use of these modified CDBG funds, US HUD issued a Notice of Program Requirements on May 4, 2009 outlining the rules and regulatory waivers affecting program design and implementation. The Notice required grantees to allocate funds through a substantial amendment to the FY 2008 Action Plan and reduced the public comment period to seven days, in lieu of the standard 30 days.

Funding available under the Recovery Act has clear purposes. CDBG-R recipients are encouraged to:

1. Give preference to projects that can award contracts based on bids within 120 calendar days from the date funds are made available to the recipients;
2. Establish a goal of using at least 50 percent of the funds for those activities that can be initiated within the 120 calendar days; and
3. Use CDBG-R funds to stimulate the economy through measures that modernize the nation's infrastructure.

Moreover, Section 1602 of the Recovery Act requires that grantees use grant funds in a manner that maximizes job creation and economic benefit and that no more than 15 percent of CDBG-R funds be used for public service activities. Finally, up to ten percent may be used for general administration and planning activities.

CDBG-R Program in Miami-Dade County

Miami-Dade County was awarded $4.884 million in CDBG-R funds, and the BCC, through Resolution R-631-09, allocated the full award on June 2, 2009 as part of an amendment to the FY 2008 Action Plan. The CDBG-R funds were allocated as follows: 1) $732,647 (15 percent) for public service through the Foreclosure Prevention program; 2) $1.954 million (40 percent) for the Small Business Assistance Loan Program; 3) $1.709 million (35 percent) for Infrastructure Improvements; and $488,432 (10 percent) for administration and planning.

Reasons for Recapture

The focus of the CDBG-R program is to fund projects that can be initiated quickly in order to help stimulate the economy, and as such, DHCD recommends that $2,476,674 in unexpended funds be recaptured and reallocated to meet the expedited program requirements and job creation goals of the CDBG-R program. Below is a summary of the funds recommended for recapture.

More specifically, DHCD recommends that $953,723 from the Small Business Development Loan Program be reprogrammed. Although $1 million of the total $1.954 million allocated to the program was awarded to eligible agencies through the FY 2010 Action Plan, DHCD was unable to award the remaining $953,723 because, of the organizations that applied for funding through the competitive request for application process, too few demonstrated the necessary track record to operate a small business loan program with the enhanced federal reporting requirements.

In addition, PWD has $790,304 from its original CDBG-R award of $1.7 million available for reprogramming due to infrastructure projects having been completed under budget. This has occurred as a result of lower construction costs and more competitive bidding practices. It is recommended that the $790,304 remain with PWD, but that it be reallocated to different projects as further explained in this item.

It is further recommended that the $732,647 allocated to the Foreclosure Prevention Program be fully recaptured. Due to the complicated nature of the foreclosure process, this activity did not meet the expedited expenditure requirements of the CDBG-R program. However, it is important to note that Miami-Dade County continues to support the Foreclosure Prevention Program through the State Housing Initiatives Partnership (SHIP) funding program.

Reallocation Recommendation

At this time, recaptured CDBG-R funds are recommended towards 18 infrastructure improvements and the Miami-Dade Park and Recreation Health, Wellness and Obesity Prevention Program for Youth. The reprogramming of funds is to focus on activities that are ready to commence, can meet the expenditure timeline, and can create or retain jobs.

Of all the activities funded through CDBG-R, the infrastructure improvement projects carried out by PWD proved to be most suited to meet the CDBG-R program requirements. For this reason, it is recommended that the original allocation of $1,709,509 to PWD be increased by $953,723, for a total of $2,663,232. However, this item reallocates $790,304 from PWD's original allocation to new PWD infrastructure projects, therefore authorizing a total reallocation of $1,744,027 towards PWD infrastructure projects. The funds will be utilized to complete 18 street resurfacing, drainage and sidewalk improvements activities in low- to moderate-income areas that meet CDBG-R eligibility criteria, as listed below:

- SW 12 Street Sidewalk and Drainage Improvements from SW 68 Avenue to SW 72 Avenue, District 6
- SW 14 Street Drainage Improvements from SW 70 Avenue to SW 72 Avenue, District 6
- SW 21 Street Drainage Improvements from SW 67 Avenue to SW 72 Avenue, District 6
- SW 37 Street, Street Resurfacing from SW 96 Avenue to SW 97 Avenue, District 10
- SW 95 Avenue, Street Resurfacing from SW 36 Street to SW 37 Street, District 10
- SW 37 Terrace Drainage Improvements from SW 80 Avenue to SW 82 Avenue, District 10
- SW 35 Street Drainage Improvements from SW 92 Avenue to SW 94 Avenue, District 10
- SW 36 Street and SW 87 Court Drainage Improvements, District 10
- NW 183 Street to NW 191 Street Resurfacing, ADA Ramps and Connectors from NW 1 Avenue to NW 2 Avenue, District 1
- NW 71 Street Resurfacing, ADA Ramps, and Connectors from NW 7 Avenue to NW 12 Avenue in the Model City NSRA, District 2
- Glenwood Heights Sidewalk Improvements (NW 48 Street from NW 27 Avenue to NW 29 Avenue) in the Model City NSRA, District 3
- NE 111 Street to NE 115 Street Sidewalk Improvements from Biscayne Boulevard to the Railroad Tracks, not including Biscayne Boulevard, District 4
- SW 62 Street to SW 64 Street and SW 57 Avenue to SW 59 Avenue Sidewalk Improvements, District 7
- SW 157 Avenue, Street Resurfacing from SW 288 Street to SW 296 Street in the Leisure City/Naranja NSRA, District 8
- SW 264 Street to SW 268 Street, ADA and Street Improvements from SW 137 Avenue to SW 147 Avenue in the Leisure City/Naranja NSRA, District 9
- SW 218 Street Sidewalk Improvements, from SW 122 Avenue to SW 123 Avenue, District 9
- SW 80 Street Sidewalk Improvements from SW 152 Avenue to SW 154 Avenue, District 11
- NW 114 Avenue Sidewalk Improvements from Flagler Street to NW 7 Street, District 12

It is recommended that the $732,647 allocated to the Foreclosure Prevention Program be reallocated to the Park and Recreation Department's, Health, Wellness and Obesity Prevention Program for Youth. This activity represents the 15 percent set aside for public service. This program is expected to create four full time and 60 part-time positions. A minimum of 400 low-to-moderate income youth will benefit from an evidence-based program focused on health education, wellness activities, arts and cultural experiences and homework assistance. The goals of this program, to be piloted this fall, are to improve the overall wellness and fitness levels of participants, while teaching obesity preventing habits. This program will serve youth at 16 parks throughout Miami-Dade County, including parks in the Model City, Perrine, Goulds and Leisure City/Naranja NRSAs, as well as various eligible block groups. This public service activity will help to meet the CDBG-R objectives of maximizing job creation and assisting those residents most impacted by the recession. The parks to be served are listed below:

Park Name	District
Modello Park	9
Goulds Park	9
Southridge Park	9
Eureka Park	9
West Perrine Park	9
Colonial Drive Park	9
Sgt. Joseph Delancy Park	9

Park Name	District

The projects above adhere to the 120-day implementation period, will help to create or retain jobs, and will promote the CDBG-R objective of investing in infrastructure projects that provide basic services. The following table illustrates the impact of the proposed recapture and reallocation of funds.

Project Title	Agency	Original Award (R-631-09)	Recommended Recapture	Recommended Reallocation	Recommended Adjusted Award	Commission District

* This table only reflects three activities from the original CDBG-R allocation that are recommended for amendment. Administration and Planning is not reflected.

1 - The proposed $1,744,027 reallocation includes $953,723 from the Small Business Assistance Loan Program and $790,304 of PWD funds available for reprogramming due to projects having been completed under budget.

In addition, the attached Exhibit B includes a description of all the activities funded to date with CDBG-R, including the recommendations above.

Subject: Supplemental Information to the Substantial Amendment to Miami-Dade County's FY 2008 Action Plan Regarding Community Development Block Grant Recovery (CDBG-R) Funds

---

On May 12, 2010, the Housing and Community Development (HCD) Committee recommended that the proposed Substantial Amendment to the FY 2008 Action Plan for Community Development Block Grant-Recovery (CDBG-R) funds be forwarded to the Board of County Commissioners (BCC) for approval on June 3, 2010. The proposed amendment sought to recapture and reallocate $953,723 in unexpended CDBG-R funds as indicated in the accompanying item.

The item was deferred from the June 3, 2010 meeting of the BCC because it was staff's intent to come back with an amendment to include a reallocation of $790,304 associated with previously CDBG-R funded infrastructure projects that came in under budget. In addition, staff would like to include a recapture and reallocation of $732,647 under the public service category.

If the BCC incorporates the recommended changes in this report, the total reallocation of CDBG-R funds will be $2,476,674. The figure includes the $953,723 from the original reallocation plus the additional amounts recommended in this report as referenced above. The requisite 7-day public comment advertisement has been issued to reflect the recommended changes (see attached). In addition, a revised Exhibit A, which lists all the proposed amendments, and Exhibit B, which lists all the CDBG-R funded projects to date, are attached.

Current Recommendation Approved by Committee

The amendment presented before the HCD Committee on May 12, 2010 called for $953,723 in unexpended funds from the Small Business Assistance Loan Program to be recaptured and reallocated to the Public Works Department (PWD) to carry out the eight infrastructure improvement activities listed in the table below.

Project Description	District
Sidewalk and Drainage Improvements on SW 12 Street from SW 68 Avenue to SW 72 Avenue	6
Drainage Improvements on SW 14 Street from SW 70 Avenue to SW 72 Avenue	6
Drainage Improvements on SW 21 Street from SW 67 Avenue to SW 72 Avenue	6
Street Improvements on SW 37 Street from SW 96 Avenue to SW 97 Avenue	10
Street Improvements on SW 95 Avenue from SW 36 Street to SW 37 Street	10
Drainage Improvements on SW 37 Terrace from SW 80 Avenue to SW 82 Avenue	10
Drainage Improvements on SW 35 Street from SW 92 Avenue to SW 94 Avenue	10
Drainage Improvements on SW 36 Street and SW 87 Court	10

Proposed Changes for Board Consideration

In addition to the $953,723 in the original item, it is recommended that an additional $1,522,951 in unexpended CDBG-R funds be recaptured and reallocated as part of the proposed amendment to the FY 2008 Action Plan, for a total of $2,476,674.

Below is a brief description of the additional recapture and reallocation recommendations:

Infrastructure Improvements ($790,304)
PWD has $790,304 from its original CDBG-R award of $1.7 million available for reprogramming due to infrastructure projects having been completed under budget. This has occurred as a result of lower construction costs and more competitive bidding practices. It is recommended that the $790,304 be reallocated to the following ten infrastructure improvement activities:

Project Description	District
Street Resurfacing, ADA Ramps, and Connectors on NW 183 Street to NW 191 Street from NW 1 to NW 2 Avenue	1
Street Resurfacing, ADA Ramps, and Connectors on NW 71 Street from NW 7 to NW 12 Avenue in the Model City NRSA	2
Glenwood Heights Sidewalk Improvements: NW 48 Street from NW 27 Avenue to NW 29 Avenue in the Model City NRSA	3
Sidewalk Improvements between NE 111 Street and NE 115 Street, from Biscayne Blvd. to Railroad Tracks (not including Biscayne Blvd.)	4
Sidewalk Improvements on SW 62 Street to SW 64 Street from SW 57 Avenue to SW 59 Avenue	7
Street Resurfacing on SW 157 Avenue from SW 288 Street to SW 296 Street in the Leisure City/Naranja NRSA	8
Street Improvements and ADA improvements between SW 264 Street to 268 Street and SW 137 Avenue to SW 147 Avenue in the Leisure City/Naranja NRSA	9
Sidewalk Improvements on SW 218 Street from SW 122 Avenue to SW 123 Avenue	9
Sidewalk Improvements on SW 80 Street from SW 152 to SW 154 Avenue	11
Sidewalk Improvements on NW 114 Avenue from Flagler Street to NW 7 Street	12

Health, Wellness and Obesity Prevention Program for Youth ($732,647)
It is further recommended that the $732,647 allocated to the Foreclosure Prevention Program be fully recaptured. Due to the complicated nature of the foreclosure process, this activity did not meet the expedited expenditure requirements of the CDBG-R program. However, it is important to note that Miami-Dade County continues to support the Foreclosure Prevention Program through the State Housing Initiatives Partnership (SHIP) funding program. Since this activity represented the 15 percent set aside for public service, staff recommends that the $732,647 be reallocated to the Park and Recreation Department's, Health, Wellness and Obesity Prevention Program for Youth. This program is expected to create four full time and sixty part-time positions. A minimum of four-hundred low-to-moderate income youth will benefit from an evidence-based program focused on health education, wellness activities, arts and cultural experiences and homework assistance. The goals of this program, to be piloted this fall, are to improve the overall wellness and fitness levels of participants, while teaching obesity preventing habits. This program will serve youth at 16 parks throughout Miami-Dade County, including parks in the Model City, Perrine, Goulds and Leisure City/Naranja NRSAs, as well as various eligible block groups. This public service activity will help to meet the CDBG-R objectives of maximizing job creation and assisting those residents most impacted by the recession. The parks to be served are listed below:

Park Name	District
Modello Park	9
Goulds Park	9
Southridge Park	9
Eureka Park	9
West Perrine Park	9
Colonial Drive Park	9
Sgt. Joseph Delancy Park	9
Ruben Dario Park	10

Olinda Park	3
Jefferson Reaves Park	3
Marva Y. Bannerman Park	3
North Glades Park	1

Park Name	District
Arcola Lakes Park	2
Little River Park	2
Gwen Cherry Par	2

Pursuant to the CDBG-R Program, the above activities will adhere to the 120-day implementation period, help to create or retain jobs, and promote the CDBG-R objective of investing in infrastructure projects that provide basic services.

PUBLIC NOTICE

REVISION TO THE PROPOSED SUBSTANTIAL AMENDMENT TO THE FY 2008 ACTION PLAN WITH FUNDING FROM THE COMMUNITY DEVELOPMENT BLOCK GRANT RECOVERY (CDBG-R) PROGRAM OF THE AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009

In the Miami Herald of May 5, 2010, the Amendment to the FY 2008 CDBG-R Action Plan was advertised for public comment. The amendment called for $953,723 to be recaptured and reallocated to the Miami-Dade Department of Public Works to carry out street and drainage improvements in Commission Districts 6 and 10. **The public hearing for this amendment was held on May 12, 2010 before the Housing and Community Development Committee.** Due to $790,304 in previously funded infrastructure projects that came under budget and an additional $732,647 in unexpended CDBG-R funds that needs to be reprogrammed, the amendment was revised to incorporate these changes, for a total recapture and reallocation of $2,476,674. As a result of the changes to the amendment, the public is being given the opportunity to comment on the revised amendment from June 30, 2010 to July 7, 2010. All comments should be submitted in writing to the attention of Dr. Shalley Jones Hom, Director, Miami-Dade County Department of Housing and Community Development (DHCD), at 701 NW 1st Court, 14th Floor, Miami, Florida 33136 by July 7, 2010. The amendment will continue to be available for review at our office, on our web site at miamidade.gov/ced, and at the following locations: South Dade Regional Library, 10750 SW 211 St.; North Dade Regional Library, 2455 NW 183 St.; and the Miami-Dade Homeless Trust, 111 NW 1st St, 27th Floor. **The proposed amendment is scheduled to go before the Board of County Commissioners for final approval on July 8, 2010 at 9:30 a.m. at the Board of County Commissioners Chambers, Stephen P. Clark Center, 111 NW 1st Street, Second Level, Miami, Florida.** Please contact Rosa Davis, Planning Section Supervisor, at (786) 469-2100 in advance of the meeting if you have any questions concerning this action, or to request free accommodations for disabled or non-English speaking persons.

WALMART RECALLS GE DIGITAL COFFEE MAKERS

Walmart Stores is recalling about 900,000 General Electric-branded 12-cup digital coffee makers, because the coffee maker can overheat, posing fire and burn hazards to consumers.

Walmart has received 83 reports of overheating, smoking, melting, burning and fire, including three reports of minor burn injuries to consumer's hands, feet and torso.

The coffee makers were sold at Walmart stores nationwide from March 2008 through January 2010 for about $30.

Consumers should return the product to any Walmart for a full refund.

Call 800-925-6278 or visit www.walmart.com.

HOOVER RECALLS BAGLESS VACUUM CLEANERS

Hoover is recalling 108,000 WindTunnel T-series bagless upright vacuum cleaners with a cord rewind feature, because the power cord is not properly routed or securely seated in the cord rewind assembly, allowing the power cord to be pulled loose. This poses fire and shock hazards.

Hoover has received three reports of minor burns to carpet and furniture and one report of a minor burn to a consumer's hand.

The vacuums were sold at mass merchandisers, department stores and independent vacuum retailers nationwide and online from August 2009 through May 2010 for $100 to $160.

Consumers should contact Hoover for a free repair. Call 888-891-2054 or visit www.hoover.com/tseriesrewindrecall.

STAY COOL: Never leave infants or children in a parked vehicle, even if the windows are partially open or with the engine running and the air-conditioning on.

DON'T LEAVE KIDS IN HOT CARS

During summertime, the National Highway Traffic Safety Administration is reminding parents and caregivers that summer heat makes it especially dangerous for children left in cars.

Here are some safety tips from NHTSA to prevent hyperthermia (heat stroke):

- Never leave a child unattended in a vehicle.
- Do not let your children play in an unattended vehicle.
- Never leave infants or children in a parked vehicle, even if the windows are partially open or with the engine running and the air conditioning on.
- Make a habit of looking in the vehicle – front and back – before locking the door and walking away.
- If you are bringing your child to daycare, and normally it's your spouse or partner who brings them, have your spouse or partner call you to make sure everything went according to plan.
- Ask your childcare provider to call you if your child does not show up for childcare.
- Do things to remind yourself that a child is in the vehicle, such as: writing yourself a note and putting the note where you will see it when you leave the vehicle; placing your purse, briefcase or something you need in the back seat so that you will have to check the back seat when you leave the vehicle.
- Always lock vehicle doors and trunks and keep keys out of children's reach. If a child is missing, check the vehicle first, including the trunk.
- If you see a child alone in a hot vehicle, call the police. If they are in distress due to heat, get them out as quickly as possible. Call 911 or your local emergency number immediately.

Q&A

POTHOLE CAUSED VEHICLE DAMAGE

Q: I have a problem, which I think the county should be responsible for. On February 21, coming home from a grandchild's ballgame at about 8 p.m., I turned right off Kendall Drive, driving northbound on Southwest 102nd Avenue.

I suddenly felt like my car was bottoming out. I did a U-turn and saw the road had been dug up on the northbound side, about two inches deep and about four feet across.

It was dark and the roadwork was not visible. There were no signs or cones present. This was in front of 8301 SW 102 Ave. The patch can be seen. I did not immediately realize I lost my hubcap until the next morning.

I searched the area, but did not find the cap. The following Sunday, when I thought people might be home, I went over there, knocking on doors to ask if anyone found the hubcap. Only one young man on the corner answered the door. He said he had not seen the hubcap. I stated I noticed there was now a cone there. He told me he put it there when a young man "blew out his tire" going over the dug-out road.

Because of other expenses, I was not able to purchase a hubcap until April 27. It cost me $89.95. I truly feel the Department of Roads and Transportation should reimburse me. This was truly a county-made "pothole."

– Margaret Gannon, Miami

A: We contacted Miami-Dade County, and you said that after three people reviewed the information, the county sent you a "Release for Property Damages" for $89.85 for reimbursement of the damages to your vehicle.

You were asked to sign it, have it notarized and return it, and a check would be mailed to you.

24.5 PERCENT OF AMERICANS DROP LAND LINES

Q: I would like to know if you have any statistics on how many families do NOT have land lines in their home.

– Linda Hawkes, Davie

A: Lesley O'Neill, manager of research at CTIA-The Wireless Association, said the Centers for Disease Control publishes a semi-annual report that tracks that information.

This is from the most recent report, released May 12: "One of every four American homes (24.5 percent) had only wireless telephones during the last half of 2009.

The full report is available at www.cdc.gov/nchs/data/nhis/earlyrelease/wireless201005.pdf.

Viagra 'fed to plants'

Sun Sentinel

When Nelson Grizales arrived home Monday and asked for his Viagra, his wife said she had crushed the pills and tossed them into the front yard, a Davie police complaint states.

Grizales, 68, got angry, slapped his wife's face and pushed her to the floor, police said. Amparo Grizales told police she had never seen her husband of 31 years so angry.

Nelson Grizales was arrested, charged with battery and granted $10,000 bond after his wife said she was not scared of him. "I think he learned his lesson," she told Broward County Judge John "Jay" Hurley in court Tuesday.

Through a Spanish-language interpreter, she told Hurley: "I fed [the Viagra] to the plants."

Hurley ordered that when Grizales is released, he can contact his wife only through a relative, and must "stay away from her for the time being."

MIAMI-DADE COUNTY

PUBLIC NOTICE

REVISION TO THE PROPOSED SUBSTANTIAL AMENDMENT TO THE FY 2008 ACTION PLAN WITH FUNDING FROM THE COMMUNITY DEVELOPMENT BLOCK GRANT RECOVERY (CDBG-R) PROGRAM OF THE AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009

In the Miami Herald of May 5, 2010, the Amendment to the FY 2008 CDBG-R Action Plan was advertised for public comment. The amendment called for $953,723 to be recaptured and reallocated to the Miami-Dade Department of Public Works to carry out street and drainage improvements in Commission Districts 6 and 10. **The public hearing for this amendment was held on May 12, 2010 before the Housing and Community Development Committee.** Due to $790,304 in previously funded infrastructure projects that came under budget and an additional $732,847 in unexpended CDBG-R funds that needs to be reprogrammed, the amendment was revised to incorporate these changes, for a total recapture and reallocation of $2,476,674. As a result of the changes to the amendment, the public is being given the opportunity to comment on the revised amendment from June 30, 2010 to July 7, 2010. All comments should be submitted in writing to the attention of Dr. Shalley Jones Horn, Director, Miami-Dade County Department of Housing and Community Development (DHCD), at 701 NW 1st Court, 14th Floor, Miami, Florida 33136 by July 7, 2010. The amendment will continue to be available for review at our office, on our web site at miamidade.gov/cd, and at the following locations: South Dade Regional Library, 10750 SW 211 St.; North Dade Regional Library, 2455 NW 183 St.; and the Miami-Dade Homeless Trust, 111 NW 1st St, 27th Floor. **The proposed amendment is scheduled to go before the Board of County Commissioners for final approval on July 8, 2010 at 9:30 a.m. at the Board of County Commissioners Chambers, Stephen P. Clark Center, 111 NW 1st Street, Second Level, Miami, Florida.** Please contact Rosa Davis, Planning Section Supervisor, at (786) 469-2100 in advance of the meeting if you have any questions concerning this action, or to request free accommodations for disabled or non-English speaking persons.
