From: George M. Burgess
County Manager

Subject: Substantial Amendment to the FY 2010 Action Plan Regarding FY 2010 Community
Development Block Grant (CDBG) Funding

Agenda Item No. 8(K)(1)(B)

Resolution No. R-980-10

This item differs from the original in that it: 1) removes the \$372,038 originally recommended for the Sherbondy Park Rehabilitation project and increases the Segal Park Rehabilitation project allocation by that same amount based on input from the City of Opa-locka, and 2) recaptures and reallocates an additional \$350,000 in previously awarded FY 2010 CDBG funds.

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) authorize the County Mayor or the Mayor's designee to amend the FY 2010 Action Plan and allocate \$2,770,870 of Community Development Block Grant (CDBG) funds as shown in Exhibit 1.

According to the U.S. Department of Housing and Urban Development (US HUD), the County's FY 2010 CDBG allocation was higher than originally estimated by \$2,520,870. However, this item only allocates \$2,420,870 in new funds because program income is estimated to be \$100,000 less than originally budgeted. In addition, staff is recommending the reallocation of \$350,000 in CDBG funds that were originally allocated through the FY 2010 Action Plan, bringing the total requested reallocation to \$2,770,870.

SCOPE

Exhibit 1 shows the Commission District in which each project to be allocated CDBG funds is located; however, the benefits from certain projects may affect more than one Commission District and in some cases, the benefit may be countywide.

FISCAL IMPACT/FUNDING SOURCE

Approval of this resolution does not create a fiscal impact to the County. The \$2,420,870 in FY 2010 CDBG entitlement funding considered under this item represents additional funds available to the County above the original estimated FY 2010 CDBG award. The additional recapture and reallocation of \$350,000 will help the County meet US HUD's CDBG spending requirements.

The County has a total of \$19,779,850 under its CDBG program for FY 2010, comprised of CDBG entitlement funds (\$19,579,850) and the revised estimate for program income (\$200,000).

BACKGROUND

On an annual basis, the Board approves the filing with US HUD of the Miami-Dade County Action Plan with projected uses of funds for the CDBG program. On November 3, 2009, the Board approved the FY 2010 Action Plan through Resolution R-1284-09 which allocated a CDBG entitlement grant of \$17,058,980 and \$300,000 in estimated program income. On May 29, 2010, US HUD notified the County that the CDBG award for Miami-Dade County was \$19,579,850 (\$2,520,870 over the original estimated amount). As mentioned previously, this item reallocates a total amount of \$2,420,870 in new CDBG funding, after the \$100,000 reduction in estimated program income, plus \$350,000 in recaptured funds.

Allocation of New Funding (\$2,420,870)

As allowed under US HUD guidelines, 20 percent of the new funds (\$484,174) have been allocated for program administration.

Consistent with the County's approved Consolidated Planning Policies, 40 percent of the new funds (\$968,348) are made available for not-for-profit organizations and participating municipalities in the categories of Economic Development and Public Facility Improvements. These funds are recommended for allocation to activities that were previously deemed eligible for funding, and: 1) demonstrated an existing funding gap; or 2) met the County's mandate for the "finish what we started" policy. This included eligible activities that did not receive funding or were not fully funded under the regular RFA process. The eight activities recommended for funding are explained below:

1. ***Accion USA, Inc., Micro Loan Program (\$31,430)***
The additional funds for the existing Micro Loan Program will result in the creation of one job for a low-to-moderate income person.
2. ***South Florida Urban Ministries, ASSETS Miami (\$20,000)***
The additional funds for the existing Economic Development and Technical Assistance program will result in the creation of one job for a low-to-moderate income person.
3. ***City of Opa-Locka, Segal Park Rehabilitation (\$631,821)***
The additional funds will be used to rehabilitate the Helen Miller Center located in Segal Park. The rehabilitation will include foundation, plumbing, electrical and structural work at the facility. This is a change from the original item increasing the amount from \$259,783.
4. ***City of North Miami Beach, Allen Park Recreation Center/Renovation (\$150,000)***
The funds will be used for the rehabilitation of the Allen Park Recreation Center, to include roof replacement interior renovation and the installation of an elevator for ADA access.
5. ***Jewish Community Services of South Florida, Inc., Miami Beach Senior Center Capital Improvement Project (\$34,678)***
Funding will be used for numerous life safety improvements that must be made to meet current building code requirements and ensure a safe environment for elderly clients of the Adult Day Care Program.
6. ***Business and Technology Development Corporation, Carrie P. Meek Center Building Renovation (\$20,000)***
Funds will be used to continue the rehabilitation of the classrooms in the business center facility.
7. ***City of Miami Springs, Miami Springs Senior Center Rehab (\$25,000)***
The funds will be used to complete the improvements of the facility including ADA upgrades. This activity is recommended for funding under the "finish what we started" policy.
8. ***City of Sweetwater, Mildred Pepper Senior Center (\$55,419)***
The funds will be used to complete improvements at the Mildred Pepper Senior Center and is recommended for funding under the "finish what we started" policy.

The remaining 40 percent (\$968,348) is recommended for allocation to County departments for activities that benefit low- to moderate-income persons in the Neighborhood Strategy Revitalization Areas and other CDBG eligible geographic areas. As allowed by US HUD, 15 percent of the amount available for allocation (\$363,131) will be set aside for public service. The two allocations to County departments are:

1. ***Community Action Agency, Arcola Lakes Head Start Facility (\$605,217)***
Funds will be used to build six classrooms that will be used to serve 120 children at the Arcola Lakes Head Start Facility.
2. ***Miami Dade Juvenile Services Department, Juvenile Services Diversion Program (\$363,131)***
These funds represent the 15 percent set-aside for public service. Through the existing Juvenile Services Diversion Program, the proposed funds will be used to serve an additional 350 juveniles.

Recapture and Reallocation of FY 2010 CDBG Funds (\$350,000)

It is recommended that \$350,000 be recaptured from the Community Action Agency Facility Improvements activity. A total of \$1.776 million was approved for these improvements as part of the FY 2010 Action Plan and \$350,000 is now recommended for reallocation to the Community Action Agency Le Jardin Head Start/Early Head Start Child Care Child Care Center. This funding will be used to construct a new Head Start/Early Head Start Child Care Center for low- to moderate-income families.

TRACK RECORD/MONITORING

The entities recommended for funding have a history of successfully delivering the products and/or services pursuant to their contractual agreements with the County, or are in the process of completing their activities. The County, through its Project Managers, Planners and Professional Services staff will work to ensure successful and timely completion of the activities recommended for funding.
