OF COUNTY COMMISSIONERS
MIAMI-DADE COUNTY, FLORIDA

Memorandum

MIAMI-DADE COUNTY

Date: January 20, 2011

Agenda Item No. 8(M)(1)(A)

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Resolution No. R-20-11

Subject: Resolution Authorizing a Declaration of Maintenance Responsibilities on South Florida Water Management District Right-of-Way along the Snake Creek Canal from N.E. Miami Gardens Drive to Florida's Turnpike for the Snake Creek Greenway Trail Improvements

---

Recommendation
It is recommended that the Board approve the attached resolution authorizing the Declaration of Trail Maintenance Responsibilities of the Miami-Dade Park and Recreation Department (MDPR) within South Florida Water Management District (SFWMD) right-of-way (Exhibit 1) along the Snake Creek Canal from N.E. Miami Gardens Drive to the Florida Turnpike for the Snake Creek Greenway Trail. The resolution sets out the MDPR's intent to maintain the proposed Snake Creek Greenway Trail.

Scope
Snake Creek Greenway Trail is a County-wide facility within SFWMD's right-of-way along the south side of the Snake Creek (C-9) Canal from N.E. Miami Gardens Drive to the Florida Turnpike (Exhibit 2).

Fiscal Impact/Funding Source
The total project budget to design, permit and construct the Snake Creek Greenway Trail Improvements is $5,334,000 and consists of $3,350,000 of Surface Transportation Program Grant funds allocated in fiscal year 2011-2012 (index code PRE130935714) and $1,984,000 of Building Better Communities (BBC) General Obligation Bonds (GOB) allocated to BBC GOB Project No. 51 – Snake Creek Trail Phase I in fiscal years 2008-2012 (index code CPD051PR0359.)

Construction is estimated to be complete in August, 2012, the annual fiscal impact to the MDPR is estimated to be $31,004 per year to maintain the proposed 3.37 mile long Snake Creek Greenways Trail improvements. Funding will be made available in fiscal year 2012- 2013 through the General Fund – North Region Roving Crew (2B) (index code PRERE2428223). That amount represents an incremental fiscal impact of $29,004 over the current $2,000 annual expenditure to maintain the existing facilities.

Track Record/Monitor
Jorge Mora, Capital Programs Director, MDPR will coordinate with SFWMD to assure compliance with the terms of the Declaration of Trail Maintenance.

Background
The 3.37 mile long Snake Creek Greenway Trail project is one of 24 proposed new trails or proposed improvements to existing trails in Miami-Dade County's North Dade Greenways Master Plan adopted by Metropolitan Planning Organization Resolution No. 37-98 (Exhibit 3) in

November, 1998. The Snake Creek Trail is also part of the system of greenways in the Open Space Master Plan adopted by the Board of County Commissioners (BCC) Resolution No. R-171-08 in February, 2008 (Exhibit 6). MDPR is proposing improvements along a portion of the south side of the existing 33 year old Snake Creek Trail. The long range vision is to renovate this trail into a non-motorized shared-use facility that complies with current American Association of State Highway and Transportation Officials (AASHTO) design standards and 2005 Planning and Feasibility Study.

Because the existing trail is within SFWMD's right-of-way, a modification to the existing Right-of-Way Occupancy Permit #6542 (Exhibit 4) to allow the improvements and reconstruction of the existing non-motorized shared-use trail is necessary. One of the conditions of obtaining SFWMD's permit approval is Miami-Dade County's assurance that it is committed and financially capable of maintaining the proposed improvements for the life of the permit by way of the authorization of the Declaration of Maintenance. Similar declarations of maintenance responsibilities have been authorized by the BCC in the past (i.e., Resolution R-1469-04 Confirming Intent to Maintain Improvements within the Black Creek Trail – Exhibit 5).

Agenda Item No. 8(M)(1)(A)

1-20-11

RESOLUTION NO. R-20-11

RESOLUTION AUTHORIZING THE COUNTY MAYOR OR MAYOR'S DESIGNEE TO EXECUTE DECLARATION OF TRAIL MAINTENANCE RESPONSIBILITIES OF MIAMI-DADE COUNTY PARK AND RECREATION DEPARTMENT FOR IMPROVEMENTS WITHIN SOUTH FLORIDA WATER MANAGEMENT DISTRICT PROPERTIES, SPECIFICALLY THE SNAKE CREEK GREENWAY TRAIL ALONG SIDE OF SNAKE CREEK (C-9) CANAL RIGHT-OF-WAY, EXTENDING FROM NE MIAMI GARDENS DRIVE TO THE FLORIDA TURNPIKE AT AN ANNUAL COST OF $29,004.00

WHEREAS, the Metropolitan Planning Organization passed Resolution R-37-98 on November 24, 1998, adopting the North Dade Greenways Network Master Plan, of which the Snake Creek Trail along the South Florida Water Management District's Snake Creek (C-9) Canal forms a part; and

WHEREAS, the Board of County Commissioners passed Resolution R-171-08 on February 19, 2008, adopting the Miami-Dade County Park and Recreation Open Space Master Plan, of which the Snake Creek Trail along the South Florida Water Management District's Snake Creek (C-9) Canal forms a part; and

WHEREAS, the District has a policy of allowing the public to utilize publicly owned rights-of-ways for passive recreational purposes and the District supports the development of linear parks and greenways; and

WHEREAS, the County, through its Park and Recreation Department, has existing Permit #6542 with the District to provide public access to a landscaped non-motorized bike path along the Snake Creek (C-9) Canal extending from N.W 1st Place to W. Dixie Highway; and

WHEREAS, the County, through its Park and Recreation Department, intends to construct improvements to a portion of the District's Snake Creek (C-9) Canal from NE Miami Gardens Drive to the Florida Turnpike; and

WHEREAS, the County is in the process of requesting a Right-of-Way Occupancy permit modification from the District to authorize said improvements to enhance the trail; and

WHEREAS, the County intends to maintain the specific improvements that the County desires to construct on District properties; and

WHEREAS, the County understands the adverse implications of inadequate maintenance to the District's ability to perform its mission to control flooding; and

WHEREAS, the District has requested that the County state in a resolution that the County would perform maintenance on facilities that the County constructed or desires to construct on District properties; and

WHEREAS, this Board desires to accomplish the purposes outlined in the accompanying memorandum, a copy of which is incorporated herein by reference,

NOW, THEREFORE BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Board authorizes the County Mayor or Mayor's designee to execute the Declaration of Trail Maintenance responsibilities of Miami-Dade Park and Recreation Department, in substantially the form attached hereto as Exhibit 1 and made as part hereof, for improvements to be constructed along sections of the Snake Creek Trail, located within the south side of the Snake Creek (C-9) Canal right-of-way from NE Miami Gardens Drive to the Florida Turnpike; authorizes the County Mayor or Mayor's designee to take appropriate actions to accomplish same for and on behalf of Miami-Dade County at an annual cost of $29,004.00.

The foregoing resolution was offered by Commissioner **Rebeca Sosa**, who moved its adoption. The motion was seconded by Commissioner **Jean Monestime** and upon being put to a vote, the vote was as follows:

Joe A. Martinez, Chairman	aye		
Audrey M. Edmonson, Vice Chairwoman	absent		
Bruno A. Barreiro	aye	Lynda Bell	aye

Exhibit 1

Declaration of

Trail Maintenance Responsibilities of

Miami-Dade County Park and Recreation Department

Within

South Florida Water Management Right-of-Way

WHEREAS, the District has a policy of allowing the public to utilize publicly owned rights-of-ways for passive recreational purposes and the District supports the development of linear parks and greenways, and

WHEREAS, the County obtains permits from the District to improve specific portions of the right-of-way of District canals, to establish shared-use trails within greenways, and

WHEREAS, the MPO passed Resolution R-37-98 adopting the North Dade Greenways Master Plan, of which various canal trails form a part, and

WHEREAS, the County is willing and financially capable of maintaining the facilities that the County desires to construct on District properties for as long as the County has the permit and facilities within the District right-of-way, and

WHEREAS, the County understands the adverse implications of inadequate maintenance to the District's ability to perform its mission to control flooding and the financial responsibility of the County should a loss occur, and

WHEREAS, the District has requested that the County state in a resolution that the County would perform maintenance on facilities that the County constructed or desires to construct on District properties,

7

NOW, THEREFORE, the County declares as follows:

The County agrees to:

1. Provide maintenance to the facilities that the County has constructed and will construct in the future, on lands located within the jurisdiction of the District.
2. Seek approval from the District before undertaking projects and activities proposed on lands/waters within the District's jurisdiction.
3. Remove and trim any landscaping in a timely manner when requested to do so by the District.
4. Assume the responsibility to comply with any applicable tree ordinances and not attempt to use such ordinances as a means to keep trees which the District determines must be removed.
5. In addition to maintaining the permitted facilities (i.e., path, trees, shelters, trash receptacles, benches, fitness stations, signage, etc.) the County will provide cycle mowing and weed trimming, repair of erosion (attributable to the project) and trash removal for the width of the ROW.
6. Design all facilities and improvements so as
    a. to maintain a clear access pathway for District maintenance equipment and vehicles.
    b. to provide suitable set-up and operation areas for the District equipment to perform emergency debris removal operations.
    c. to allow areas for the District to temporarily stockpile debris.
    d. to prevent taller plants and trees from falling into the canal in case of a hurricane or severe windstorm event.
    e. to not impact any existing District staging areas.
    f. to not interfere with the District's access or passive recreational areas within the canal right of way.
7. Use a planting list that contains no less than 98% of the District's approved plant list and contains no noxious or undesirable species.

This document shall not be construed as a waiver or relinquishment of the District's right and responsibilities for maintaining the canal areas within its jurisdiction. The District will have use and access to the areas for canal maintenance, including the elimination and removal of all safety hazards, natural or man-made, to canal maintenance.

RESOLUTION ADOPTING THE NORTH DADE GREENWAYS STUDY AS PART OF MIAMI-DADE COUNTY'S BICYCLE FACILITIES PLAN

WHEREAS, the Interlocal Agreement creating and establishing the Metropolitan Planning Organization (MPO) for the Miami Urbanized Area requires that the MPO provide a structure to evaluate the adequacy of the transportation planning and programming process, and

WHEREAS, the Transportation Planning Council (TPC) has been established and charged with the responsibility and duty of fulfilling the aforementioned functions, and

WHEREAS, the TPC finds that the study is consistent with the goals and objectives of the Transportation Plan for the Miami Urbanized Area.

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BOARD OF THE METROPOLITAN PLANNING ORGANIZATION FOR THE MIAMI URBANIZED AREA:

SECTION 1. That the North Dade Greenways Study is hereby adopted as part of the Miami-Dade County's Bicycle Facilities Plan.

The foregoing resolution was offered by Board Member Miriam Alonso, who moved its adoption. The motion was seconded by Board Member George J. Berlin, and upon being put to vote, the vote was as follows:

Memorandum

MIAMI-DADE COUNTY

Date:	December 14, 2004
To:	Honorable Chairman Joe A. Martinez and Members, Board of County Commissioners
From:	George M. Burgess County Manager
Subject:	Black Creek Trail Maintenance Declaration, South Florida Water Management District

Agenda Item No. 7(M)(1)(A)

RECOMMENDATION

It is recommended that the Board approve the attached resolution confirming the County's intent to maintain the facilities to be constructed on the Black Creek Trail, along the C-1 Canal from SW 87th Avenue to Black Point Park and Marina.

BACKGROUND

The Park and Recreation Department has Permit #7333 with the South Florida Water Management District to allow landscaping and improvements within the Black Creek Trail, along the C-1 Canal from SW 137th Avenue to Black Point Park and Marina. The Department has funding from the Land and Water Conservation Fund to construct new facilities within its right of way from SW 87 Avenue to Black Point Park and Marina. Improvements planned include a restroom and fishing platform. Because the canal right of way is under the District's jurisdiction, the facilities require the District's approval. Before the District will grant its approval, it has requested that the County provide assurance of its intent to maintain the facilities. It is understood that the County's commitment as expressed in this resolution is contingent upon the District's policy of allowing the public to use its land for passive recreational purposes.

It is recommended that the County confirm its intent to:

1. Provide maintenance to the facilities that it has and will construct along the C-1 Canal until Permit #7333 expires.

2. Seek approval from the District before constructing any of the facilities mentioned above that are within the District's jurisdiction.

3. Remove and trim any landscaping in a timely manner when requested to do so by the District until Permit #7333 expires.

4. Assume the responsibility to comply with any applicable tree ordinances and not attempt to use such ordinances as a means to retain trees, which the District determines, must be removed.

5. Design all facilities and improvements so as:
   A. to maintain a clear access pathway for District maintenance equipment and vehicles.

   B. to provide suitable set-up and operation areas for the District equipment to perform emergency debris removal operations.

   C. to allow areas for the District to temporarily stockpile debris.

   D. to prevent taller plants and trees from falling into the canal in case of a hurricane or severe windstorm event.

   E. not to impact any existing District staging areas.

   F. not to interfere with the District's access or passive recreational areas within the canal right of way.

6. Use a planting list that contains no less than 98% of the District's approved plant list and contains no noxious or undesirable species.

This resolution shall not be construed as a waiver or relinquishment of the District's right and responsibilities for maintaining areas within its jurisdiction. The District will have use and access to the areas for levee maintenance, including the elimination and removal of all safety hazards, natural or man-made, to levee maintenance.

RESOLUTION NO. R-679-95

RESOLUTION ADOPTING SOUTH DADE GREENWAY NETWORK MASTER PLAN AND DIRECTING THE COUNTY MANAGER TO IMPLEMENT THE PLAN AS FUNDING PERMITS

WHEREAS, the proposed comprehensive system of multi-purpose trails in South Dade County known as the South Dade Greenway Network Master Plan would provide scenic, recreational and utilitarian corridors to be enjoyed by both residents and tourists, thereby promoting ecotourism and fostering economic development in that part of Dade County; and

WHEREAS, the Metropolitan Planning Organization by its action on May 12, 1994, has already included the South Dade Greenway Network Master Plan in the 1994-95 Transportation Improvement Program; and

WHEREAS, the South Florida Water Management District by its action in December 1994 has also approved and adopted the South Dade Greenway Network Master Plan; and

WHEREAS, six million dollars has already been committed by the Florida Department of Transportation, the Dade County Public Works Department and ISTEA to implement the South Dade Greenway Network Master Plan;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF DADE COUNTY, FLORIDA, that this Board hereby adopts the South Dade Greenway Network Master Plan, to create an organized system of ten interconnecting trails, totalling 194

miles in length and spanning the area south of Kendall Drive to the Monroe County line, and west from Biscayne Bay to Everglades National Park. The Board further directs the County Manager to implement the Plan and to conduct all County activities in South Dade in a manner consistent with the Plan.

The foregoing resolution was sponsored by Commissioner Katy Sorenson and was offered by Commissioner Penelas, who moved its adoption. The motion was seconded by Commissioner Teele, and upon being put to a vote, the vote was as follows:

MIAMI-DADE COUNTY
BOARD OF COUNTY COMMISSIONERS
OFFICE OF THE COMMISSION AUDITOR

Legislative Notes

Agenda Item: 8(M)1(A)

File Number: 102753

Committee(s) of Reference: Board of County Commissioners

Date of Analysis: January 5, 2011

Type of Item: Resolution to Execute Declaration of Trail Maintenance Responsibilities

Summary

This resolution authorizes the Declaration of Trail Maintenance Responsibilities of the Miami-Dade Park and Recreation Department (MDPR) within South Florida Water Management District (SFWMD) right-of-way along Snake Creek Canal from N.E. Miami Gardens Drive to the Florida Turnpike for the Snake Creek Greenway Trail (Phase 1). Phase 1 of the Snake Creek Trail is a 3.37 mile, County-wide facility within SFWMD right-of-way along south side of the Snake Creek Canal from N.E. Miami Gardens Drive to the Florida Turnpike.

Background and Relevant Legislation

The Snake Creek Trail is one of the 24 proposed new trails or proposed improvements to existing trails in Miami-Dade County's North Dade Greenways Master Plan (NDGMP) adopted by the Metropolitan Planning Organization (Resolution No. 37-98). According to the NDGMP, the North Dade Greenways study area is located on the south by North Kendall Drive (Southwest 88th Street), on the west by Krome Avenue (Southwest 177th Avenue), on the north by County Line Road (Northwest 202nd Street), and on the east by Biscayne Bay and the Atlantic Ocean. According to the Metropolitan Planning Organization, the NDGMP network is 310 trail miles.

According to the NDGMP, the North Dade Greenways serves an estimated 1.5 million residents and includes the following trails: Atlantic, Beacon, Commordore, East-West, Flagler, Gold Coast, Krome, Lake Belt, Lehman, Ludlam, M-Path, Memorial, Merrick, Miami River, Miccosukee Link, Miller, Oleta, Perimeter, Snake Creek, Snapper Creek, Turnpike, Unity, Venetian and West Kendall. The area is criss-crossed with a network of SFWMD canals; Florida Power and Light transmission corridors; local roads; arterials; expressways; and railroad right-of-way.

According to the NDGMP, the Snake Creek Trail description contains the following five regions:

- Region 1: Occupies the right-of-way of the Snake Creek Canal, at the northern boundary of Miami-Dade County.
- Region 2: Offers a bicycle and pedestrian link to the proposed Turnpike Trail, which will provide a southbound connection to Miami Lakes and the opportunity to travel further south to the commercial zones west of Miami International Area.
- Region 3: Links to the existing bicycle and pedestrian loop around the Calder Race Track at Northwest 7th Avenue located in the residential neighborhoods of Carol City and Norland.
- Region 4: Provides opportunity to extend the present segment of the bicycle and pedestrian facility along the Snake Creek Canal at Northeast 2nd Avenue. It will also create a link to the proposed Gold Coast Trails. An existing pedestrian bridge at Miami Drive in North Miami Beach provides access to retail and civic facilities north and south of the Snake Creek Trail. This connection provides Snake Creek Trail users an alternate opportunity to link to the northwest areas of North Miami Beach and Golden Beach, and the southwest areas of Uleta, Biscayne Gardens, and Opa-Locka.
- Region 5: The terminus of the Snake Creek Trail at the junction of the proposed Flagler Trail and the existing facility on Sunny Isles Boulevard (Northeast 163rd Street) creates travel opportunities along the Florida East Coast (FEC) Rail Corridor right-of-way. This will provide northbound access to Aventura Mall, Greynolds Park and the Spanish Monastery. The southbound access will provide linkage opportunity to the North Campus of Florida International University and Oleta River State Recreation Area.

Budgetary Impact

According to the Park and Recreation Department, the total project budget to design, permit and construct the Snake Creek Greenway Trail Improvements Phase 1 is $5,334,000.

The funding source is comprised of the following:

- $3,350,000 of Surface Transportation Program Grant funds; and
- $1,984,000 of Building Better Communities General Obligation Bonds (BBC-GOB) Project No. 51.

Additionally, the annual expenditure to maintain the facility (Phase 1 only) is $31,004 funded through the General Fund.

The cost of future trail maintenance is calculated per mile and on an annual basis (mi/yr) as follows:

Trail Maintenance	Cost
Landscape - (16 cycles/year to include mowing, pruning, tree care, mulching and litter removal)	$7400/mi/yr
Hardscape - Annually includes trail patching & crack filling, graffiti removal and sign repair)	$1800/mi/yr
Total	**$9200/mi/yr**

Phase I of Snake Creek annual expenditure is calculated as follows: $9200 / mile/ yr x 3.37 miles = $31,004

According to the Parks and Recreation Department, an additional 13 miles is envisioned in the NDGMP for the remaining portion of Snake Creek Trail. However, no funding is currently available for the remaining portion. Additionally, the current development of Phase I does not require the future development to be functional. Using the above mentioned formula, the estimated trail maintenance cost for the remaining 13 trail miles of Snake Creek is $119,600 ($9200 x 13). **Total annual maintenance cost for a fully completed Snake Creek Trail is estimated to be $150,604 ($31,004 + 119,600).**

Comments

The Black Creek Greenway Trail Project is another project that is partially funded by BBC-GOB Project No. 51 and is listed on the January 20, 2011, Board of County Commissioners Agenda.
