Subject: Citizens' Independent Transportation Trust Member's Request to Travel

Recommendation

It is recommended that the Board of County Commissioners (BCC) approve travel expenses estimated not to exceed \$3,000 to enable the Citizens' Independent Transportation Trust (CITT) member Dr. Anna Ward to attend the upcoming Rail-Volution 2011 conference in Washington, DC, from October 16, 2011, through October 19, 2011.

Background

The Rail-Volution 2011 conference, in its 17th year, is nationally recognized by transportation experts as an event to brainstorm new strategies and learn how transit is changing the face of our communities. This year's conference will include elected officials, transit advocates, developers, urban planners, transportation experts, financiers, citizen groups, architects and others.

To enhance their overall effectiveness as overseers of the People's Transportation Plan (PTP), it is fundamental for CITT members to be well informed on transportation-related issues and industry trends. Trust member Dr. Anna E. Ward, Commission District 3 appointee, has requested to attend this conference. Pursuant to Administrative Order 6-1, permission is required by the BCC. The CITT approved this request at its April 25, 2011, meeting.

FISCAL IMPACT

Funding will be provided by the Charter County Transportation System Sales Surtax through the Office of the Citizens' Independent Transportation Trust's budget. The total travel expenses and impact to Miami-Dade County, which includes transportation, taxi/auto rental, food, lodging, registration and other pertinent fees is estimated not to exceed \$3,000. Sufficient funds are available in the adopted OCITT budget.

What IS Rail-Volution?

Rail-Volution is, first and foremost, a conference for passionate practitioners - people from all perspectives who believe strongly in the role of land use and transit as equal partners in the quest for greater livability and greater communities. You should attend the conference if you:

- Want to see your community adopt an innovative approach to transit and other alternative forms of transportation.
- Work in the private sector and want to have meaningful interactions with potential new clients.
- Work in the public sector and want to learn best practices along with colleagues from around the U.S. and beyond.
- Want to have a stronger voice in how your community plans for future growth.

Attending Rail-Volution is like being in the midst of a living, breathing laboratory where the best new ideas from around the country are introduced, tossed around with great fervor, researched and tested thoroughly, and then shared among like-minded colleagues. Expect to attend hands-on workshops that feature case studies and how-to discussions, symposia that provide in-depth explorations of issues facing every community, and inspiring plenary sessions that showcase some of the best livability minds in the country and the world. Attend Rail-Volution and you are guaranteed to return home with a palette of new ideas and a toolbox of new strategies for making your community more livable.

What is Rail-Volution's History?

Rail-Volution started in 1989 as a series of outreach and advocacy events geared towards developing real advocates for the Portland metropolitan region's MAX Light Rail System. At the conference in 1994, Congressman Earl Blumenauer (District 3, Oregon) announced that in 1995, Rail-Volution would become a national conference. From this point, Rail-Volution acted as a loose federation of sponsoring Partners and Affiliates, united by common interests and dedication. In the year 2000, the National Steering Committee realized the need for a more formal organization, and a strategic planner was brought in to assist this process. The National Steering Committee decided Rail-Volution should develop into a 501(c)(3) non-profit charitable organization.
