# Memorandum

**Date:** July 19, 2011

**To:** Honorable Joe A. Martinez, Chairman  
and Members, Board of County Commissioners

**From:** Alina T. Hudak  
County Manager 

**Subject:** Ordinance creating a Trust Fund for the NW 79<sup>th</sup> Street Corridor Community  
Redevelopment Agency

This ordinance is part of a series of legislative items that, if approved, would result in the creation of the NW 79<sup>th</sup> Street Community Redevelopment Agency (CRA). The purpose of creating the CRA is to encourage redevelopment in the NW 79<sup>th</sup> Street Community Redevelopment Area (Area) in accordance with the NW 79<sup>th</sup> Street Redevelopment Plan (Plan). This item would have a countywide impact. Upon establishing a CRA and a trust fund (Fund), ad valorem revenues from the countywide and Unincorporated Municipal Service Area (UMSA) general fund would be used to encourage redevelopment in the Area in accordance with the Plan. The ad valorem revenues transferred into the Fund must be used to implement the Plan within the redevelopment Area; these funds could otherwise be used for countywide and UMSA services. The area lies within Commission District 2.

The CRA's primary revenue source would be generated through the incremental growth of ad valorem revenues beyond an established base year, Tax Increment Financing (TIF), as defined in Section 163.387 of the Florida Statutes. Based on conservative estimates and a contribution of 95 percent of the increment, it is projected that the first 10 years of TIF revenues would total \$4.6 million (\$3.2 million countywide and \$1.4 million UMSA), and over 30 years \$90.8 million (\$62.8 million countywide and \$28 million UMSA) based on an average annual growth rate in taxable values of 5 percent. It is important to note that the projections in tax roll growth do not include any new projects in the Area. The duration of the County's obligation to contribute TIF revenues is set at an initial 10 years and can be extended by the BCC.

### Trust Fund Projected Revenue

	Revenue Contribution at 95%		
	County	UMSA	Total
10 Years	3,214,692	1,434,046	4,648,738
30 Years	62,761,454	28,022,319	90,783,774

### Background

The proposed Area lies within the Unincorporated Municipal Service Area (UMSA). The County would contribute both countywide and UMSA TIF revenues through the life of the CRA (30 years). State statute requires that the taxing authorities, in this case countywide and UMSA general funds, contribute from 50 to 95 percent into the CRA Trust Fund once created. The amount of TIF to be deposited in the trust fund can be determined at the point when the trust fund is created. In the case of the proposed NW 79<sup>th</sup> Street CRA, 95 percent of the increment would be deposited into the trust fund. All of the CRAs in UMSA (7<sup>th</sup> Avenue, Naranja and West Perrine) were created with 95 percent of the increment being allocated to the trust fund. The advantage of having less than 95 percent of the funding going into the Fund would be that both UMSA and countywide would also benefit from any growth in the Area. The disadvantage of not funding the CRA at 95 percent is that the CRA may not have the

revenue or bonding capacity to complete the projects necessary to fully redevelop the area. Additionally, 7<sup>th</sup> Avenue and Naranja were created for 30 years, and West Perrine was created for 10 years, which could be extended by the Board of County Commissioners (BCC). The BCC can consider creating the CRA for an initial term and extend it as necessary or approve a financing instrument that would automatically extend the life. The BCC can consider different options of funding and time frames when creating a CRA.

Other CRAs governed by municipalities have been created for different time periods and funded at different rates. The North Miami CRA was created for an initial term of 10 years, and the County funding is paid at a rate of 95 percent, but the CRA refunds back to the County all TIF revenue collected west of Biscayne Boulevard, which accounts for approximately 60 percent of the County's payment. The South Miami CRA was created for an initial term of five years and was extended by the BCC for an additional 15 years, all with the trust fund funded at 50 percent. The OMNI CRA was created for 30 years and recently extended by the BCC until 2030; that CRA refunds back to the County 35 percent of the revenue in the trust fund (which equates to almost the entire County payment into the fund) to pay for debt service on the Adrienne Arsht Center for the Performing Arts. All other municipal CRAs were created with a 30-year term and at 95 percent funding.

To date, the County has incurred reimbursable expenses in the amount of \$88,950 for the cost of the Plan and FON.
