EXPLANATION: A Notice to Professional Consultants (NTPC) was advertised on January 4, 2011. Three proposals were submitted on February 11, 2011, in response to the NTPC. All three respondents were found in compliance with the required Experience and Qualification stipulation denoted in the NTPC. The Competitive Selection Committee (CSC) appointed by the County Manager conducted a First Tier Screening on March 1, 2011 to evaluate the proposals received. Based on the CSC's professional expertise and by a majority vote, the CSC shortlisted the three respondents and conducted a Second Tier Screening with oral presentations on March 22, 2011. All three firms were evaluated in accordance with Administrative Order 3-39. The final ordinal ranking of the firms were as follows: Firm No. 1, Shaw Environmental, Inc. received 8 points; Firm No. 2, HDR Engineering, Inc. received 11 points; and Firm No. 3, PB Americas, Inc. received 11 points. Based on the above results, the CSC recommended that negotiations be conducted with Shaw Environmental, Inc. The County Manager concurred with the CSC and on April 29, 2011, the first negotiation meeting was held.

After three negotiations, the Negotiation Committee arrived at a lump sum price that was fair and reasonable for oversight and technical assistance to purchase, design, fabricate, erect, install, commission, ship, deliver, re-commission, test and certify new gantry cranes 13, 14 and possibly 15 and 16. The approved project schedule negotiated is also attached with the proposal. There is additional capacity in the Professional Services Agreement to accommodate additional crane program assistance; project assistance and management; repair and maintenance procedures; inspections; assessments; disaster and damage recovery reports; claims assistance; calculations; testing; reports and other specialty crane engineering assistance. There are two evaluations on record in the Capital Improvement Information System for Shaw Environmental, Inc. with an average rating of 3.4 points out of a total 4.0 possible points. Based on the above, it is recommended that this agreement be awarded in the amount of \$2,475,000.00 to Shaw Environmental, Inc.

Subject: NEGOTIATION AUTHORIZATION
Miami-Dade Seaport Department (SEAPORT)
Crane Program Engineering Services
OCI Project No. E10-SEA-01

The Competitive Selection Committee (CSC) has completed the evaluation of the proposals submitted in response to the above referenced OCI Project No. following the guidelines published in the Notice to Professional Consultants (NTPC).

OCI Project No.: OCI Project No. E10-SEA-01

Project Title: Crane Program Engineering Services

Scope of Services Summary: The scope of services includes, but is not limited to, work related to general crane engineering, general crane infrastructure engineering of the crane systems, rail and structural support systems, operational and maintenance analysis and studies, and project assistance and management. The successful respondent will also provide crane procurement oversight and technical assistance to purchase cranes, design, fabricate, erect, install, commission, ship, deliver, re-commission, test and certify gantry cranes and cargo handling equipment, in addition to any supportive tasks ancillary to the scope of services. The Seaport is currently soliciting proposals, through the Department of Procurement Management, for two 65 Long Ton Capacity, Super Post Panamax cranes. The County, at its sole discretion, shall have the option to purchase up to two additional similar cranes.

Experience and Qualification(s):

The experience and qualification(s) denoted below must be met by qualified individual(s) of the prime consultant's team:

- 1) Interested professional engineering firms must have three years experience for similar work as described in the scope of services denoted above.

Term of Contract: One Professional Services Agreement (PSA) will be awarded under this solicitation. The cost estimate of this agreement is \$2,475,000.00. The PSA will have an effective term of four years with two one-year options to extend for professional services requested during the initial term. The two one-year options to extend are based solely on the approval of the County Mayor or

County Mayor's designee. The aforementioned effective term excludes the warranty administration period. The Contractor warrants the cranes for a period of five years from the substantial completion date of the structures, mechanisms and components.

Review Committee: The Review Committee recommended, at their September 29, 2010 and December 8, 2010 meetings, that a 12% Community Business Enterprise (CBE) goal be applied to this solicitation.

Request to Advertise (RTA) Stamped by the Clerk of the Board (COB): November 29, 2010.

Revision No. 1 to the RTA, Stamped by the COB: December 15, 2010.

Number of Proposals Received: Three

Name of Proposer(s): Please refer to the attached List of Respondents (LOR).

Non-Compliance: All three respondents were found in compliance with the required Experience and Qualification stipulation denoted in the NTPC.

First Tier Results: See attached First Tier Tabulation Sheet.

Second Tier Results: Based on the CSC's professional expertise and by a majority vote, the CSC short-listed the three respondents and required Second-Tier oral presentations from each. See attached Second Tier Tabulation Sheet.

Request for Appointment of Negotiation Committee: Pursuant to Section 2-10.4 (6) of the Code of Miami-Dade County, OCI hereby requests the County Manager approve the following Negotiation Committee, for the purpose of negotiating a non-exclusive PSA for this project with the top ranked firm:

Juan Kuryla, Seaport
Dorian Valdes, Seaport
Jaime Gascon, Building and Neighborhood Compliance

Request for Authorization to Enter Negotiations: Pursuant to Section 2-10.4 (6) of the Code of Miami-Dade County, it is hereby requested that the County Manager approve the selection of the following firms for negotiations, in the CSC's recommended order of preference.

**TOTAL ORDINAL SCORE
RANKING OF RESPONDENTS
SELECTION FOR PSA NEGOTIATION
ONE AGREEMENT WITH A
12% CBE GOAL**

Shaw Environmental, Inc.
Total Ordinal Score: 8
Ordinal Rank: 1st Place

The following teams will serve as the alternates:

HDR Engineering, Inc.
Total Ordinal Score: 11
Ordinal Rank: 2nd Place

PB Americas, Inc
Total Ordinal Score: 11
Ordinal Rank: 3rd Place

There was an Ordinal Score tie under CSC member Dorian Valdes' scores between Shaw Environmental, Inc. (SHAW) and HDR Engineering, Inc. (HDR). The NTPC specifies that in the event a tie exists for any of the firms by a CSC member, the tie is to be broken by using the CSC member's scores for Criteria 1B, 2B and 3B, in that order. However, in this case Dorian's scores for these three criterion were the same for SHAW and HDR. As a result, and in an effort to break the tie, we used the total of the qualitative points from First and Second Tiers. The CSC was informed and did not object to this approach to break the tie. The application of this tie breaker resulted in a First and Second Tier Total Qualitative Point value of 893 points for SHAW and 847 points for HDR. Resulting in SHAW first ranked and HDR second ranked for Dorian.

In addition to Dorian's tie, there was a Total Ordinal Score (Total Ordinal Scores for all CSC members) tie for second and third place between HDR and PB Americas, Inc. (PBA). Currently, both A.O. 3-39 and the NTPC are silent on the breaking of such ties. In an effort to resolve this matter, the CSC motioned to recommend the ranking denoted above based on the application of the Total Qualitative Points for all CSC members for Criteria 1B for the tied firms. Application of this tie breaker yielded 236 Total Qualitative Points for Criteria 1B for HDR and 231 Total Qualitative Points for Criteria 1B for PBA. Therefore, HDR is ranked second and PBA is ranked third. See attached Second Tier Tabulation Sheet.

The County Attorney's Office has been advised of the procedures used to break the aforementioned ties and has deemed such actions appropriate. Should you determine that different tie-breakers be applied, then your tie-breaker determination will be utilized to modify the ranking denoted above.

Pursuant to the Cone of Silence Legislation included in the Conflict of Interest and Code of Ethics Ordinance and Section 2-11.1 of the County Code, the County Mayor, or designee will report to the Board of County Commissioners any of the following instances:

- When negotiations do not commence, or other affirmative action is not taken, within 30 days of the Selection Committee's recommendation.
- When the County Mayor or designee's recommendation to award or reject is not made within 90 days from the date of the Selection Committee's recommendation.

If approved, the Negotiation Committee is to proceed with the contract negotiations pursuant to Section 6 of the above-mentioned Code, and submit the signed contract ready to be presented to the BCC for final approval no later than 60 days from the date of this memorandum.

If a satisfactory agreement cannot be reached within the 60 day period, a report is required to be prepared fully explaining all problems resulting from the negotiations. If negotiations are proceeding within a reasonable timeframe, then negotiations are to continue and the report is to be submitted upon completion. The final contract and report should be sent to this office.

E. Ordinance 07-65 (Sustainability Building Program) - The primary mechanism for determining compliance with the Sustainable Building Program shall be the U. S. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System. All construction projects are required to meet the standards delineated in Ordinance 07-65. Compliance shall be determined by completing a formal certification process with the U.S. Green Building Council, or as otherwise directed by the County's Sustainability Manager.

A. New Construction (NC): All new construction projects shall be required to attain "Silver" or higher level rating under the LEED-NC Rating System.

B. Major Renovations and Remodels: All major renovations and remodels shall attain "Certified" or higher level rating under the LEED-NC Rating System.

C. Non-Major Renovations and Remodels: All non-major renovations and remodels shall attain "Certified" or higher level rating under the appropriate LEED Rating System such as LEED-NC, LEED-Existing Building (EB) or LEED-Commercial Interior (CI).

D. Renovations, remodels, and other building upgrades not meeting the above

criteria are encouraged to incorporate the maximum number of LEED approved green building practices as are feasible from a practical and fiscal perspective; however, LEED certification will not be required.

- F. In the event that the CONSULTANT is unable to provide such certification, the CONSULTANT shall execute the Agreement through a duly authorized representative and shall also initial this space: _____. In such event, the CONSULTANT shall furnish together with this Agreement a duly executed written explanation of the facts supporting any exception to the requirement for certification that it claims under Section 287.135 of the Florida Statutes. The CONSULTANT agrees to cooperate fully with the County in any investigation undertaken by the County to determine whether the claimed exception would be applicable. The County shall have the right to terminate this Agreement for default if the CONSULTANT is found to have submitted a false certification or to have been, or is subsequently during the term of the Agreement, placed on the Scrutinized Companies for Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List.

SECTION XXIII – OFFICE OF MIAMI-DADE COUNTY INSPECTOR GENERAL

According to Section 2-1076 of the Code of Miami-Dade County, Miami-Dade County has established the Office of the Inspector General (IG) which may, on a random basis, perform audits, inspections, and reviews of all County/Trust contracts. This random audit is separate and distinct from

any other audit by the County. To pay for the functions of the Office of the Inspector General, any and all payments to be made to the Contractor/Consultant under this contract will be assessed one quarter (1/4) of one (1) percent of the total amount of the payment, to be deducted from each progress payment as the same becomes due unless, as stated in the Special Conditions, this Contract is federally or state funded where federal or state law or regulations preclude such a charge. The Contractor/Consultant shall in stating its agreed process be mindful of this assessment, which will not be separately identified, calculated or adjusted in the proposal or bid form. The audit cost shall also be included in all change orders/amendments and all contract renewals and extensions.

The Miami-Dade Office of Inspector General is authorized to investigate County affairs and empowered to review past, present and proposed County and Public Health Trust programs, accounts, records, contracts and transactions. In addition, the Inspector General has the power to subpoena witnesses, administer oaths, require the production of witnesses and monitor existing projects and programs. Monitoring of an existing project or program may include a report concerning whether the project is on time, within budget and in conformance with plans, specifications and applicable law. The Inspector General shall have the power to audit, investigate, monitor, oversee, inspect and review operations, activities, performance and procurement process including but not limited to project design, bid specifications, (bid/proposal) submittals, activities of the (Contractor/ Vendor/ Consultant), its officers, agents and employees, lobbyists, County and Public Health Trust staff and elected officials in order to ensure compliance with contract specifications and to detect fraud and corruption.

Upon ten (10) days written notice to the (Contractor/Vendor/Consultant) shall make all requested records and documents available to the Inspector General for inspection and copying. The Inspector General shall have the right to inspect and copy all documents and records in the (Contractor/Vendor/Consultant's) possession, custody or control which in the Inspector General's sole judgment, pertain to performance of the contract, including, but not limited to original estimate files, change order estimate files, worksheets, proposals and agreements from and with successful

subcontractors and suppliers, all project-related correspondence, memoranda, instructions, financial documents, construction documents, (bid/proposal) and contract documents, back-change documents, all documents and records which involve cash, trade or volume discounts, insurance proceeds, rebates, or dividends received, payroll and personnel records and supporting documentation for the aforesaid documents and records.

The (Contractor/ Vendor/ Consultant) shall make available at its office at all reasonable times the records, materials, and other evidence regarding the acquisition (bid preparation) and performance of this contract, for examination, audit, or reproduction, until three (3) years after final payment under this contract or for any longer period required by statute or by other clauses of this contract. In addition:

1. If this contract is completely or partially terminated, the (Contractor/ Vendor /Consultant) shall make available records relating to the work terminated until three (3) years after any resulting final termination settlement; and
2. The (Contractor/ Vendor/ Consultant) shall make available records relating to appeals or to litigation or the settlement of claims arising under or relating to this contract until such appeals, litigation, or claims are finally resolved.

The provisions in this section shall apply to the (Contractor/Vendor/Consultant), its officers, agents, employees, subcontractors/subconsultants and suppliers. The (Contractor/Vendor/Consultant) shall incorporate the provisions in this section in all subcontracts and all other agreements executed by the (Contractor/Vendor/Consultant) in connection with the performance of this contract.

Nothing in this section shall impair any independent right to the County to conduct audits or investigative activities. The provisions of this section are neither intended nor shall they be construed to impose any liability on the County by the (Contractor/Vendor/Consultant) or third parties.

Exception: The above application of one quarter (1/4) of one percent fee assessment shall not apply to the following contracts: (a) IPSIG contracts; (b) contracts for legal services; (c) contracts for

financial advisory services; (d) auditing contracts; (e) facility rentals and lease agreements; (f) concessions and other rental agreements; (g) insurance contracts; (h) revenue-generating contracts; (i) contracts where an IPSIG is assigned at the time the contract is approved by the Trust; (j) professional service agreements under \$1,000; (k) management agreements; (l) small purchase orders as defined in Miami-Dade County Administrative Order 3-2; (m) federal, state and local government-funded grants; and (n) interlocal agreements. Notwithstanding the foregoing, the Trust may authorize the inclusion of the fee assessment of one-quarter (1/4) of one percent in any exempted contract at the time of award.

Nothing contained above shall in any way limit the powers of the Inspector General to perform audits on all Trust contracts including, but not limited to, those contracts specifically exempted above.

INDEPENDENT PRIVATE SECTOR INSPECTOR GENERAL: The attention of the Contractor/Consultant is hereby directed to the requirements of AO 3-20 and R-516-96; the County shall have the right but not the obligation to retain the services of an independent private-sector inspector general (IPSIG) who may be engaged to audit, investigate, monitor, oversee, inspect and review the operations, activities and performance of the Contractor/Consultant and County in connection with this contract/agreement. The scope of services performed by an IPSIG may include, but are not limited to, monitoring and investigating compliance with Contract Specifications; project costs; and investigating and preventing corruption and fraud.

The IPSIG may perform its services at all levels of the contracting and procurement process including but not limited to project design, establishment of bid specifications, bid submittals, activities of Contractor/Consultant, its officers, agents and employees, lobbyists, county staff and elected officials.

Upon (10) ten days written notice to Contractor/Consultant from an IPSIG, the Contractor/Consultant shall make all requested records and documents available to the IPSIG for inspection and copying. The IPSIG shall have the right to examine all documents and records in the Contractor's/ Consultant's possession, custody or control which in the IPSIG's sole judgment pertain to

performance of the Contract, including but not limited to original estimate files; change order estimate files; worksheets; proposals and agreements from and with successful and unsuccessful subcontractors/subconsultants and suppliers; all project-related correspondence, memoranda, instructions, financial documents, construction documents, bid and contract documents, back-charge document; all documents and records which involve cash, trade or volume discounts, insurance proceeds, rebates, or dividends received; payroll and personnel records; and supporting documentation for the aforesaid documents and records.

The provisions in this Section shall apply to the Contractor/Consultant, its officers, agents and employees. The Contractor/Consultant shall incorporate the provisions in this section in all subcontracts and all other agreements executed by the Contractor/Consultant in connection with the performance of this agreement. Nothing in this contract shall impair any independent right of the County to conduct audit or investigative activities. The provisions of this Section are neither intended nor shall they be construed to impose any liability on the County by the Contractor/Consultant or third parties.

SECTION XXIV – AFFIRMATIVE ACTION

The CONSULTANT'S Affirmative Action Plan submitted pursuant to Miami-Dade County Code Section 2-8.1.5, as approved by the Department of Small Business Development, and any approved update thereof, are hereby incorporated as contractual obligations of the CONSULTANT to Miami-Dade County hereunder. The CONSULTANT shall undertake and perform the affirmative actions specified herein. The Director may declare the CONSULTANT in default of this Agreement for failure of the CONSULTANT to comply with the requirements of this paragraph.

SECTION XXV – PROMPT PAYMENT TO SMALL BUSINESS SUBCONSULTANTS

The CONSULTANT's attention is directed to Miami-Dade County Section 2-8.1.4, providing for expedited payments to small businesses by county agencies and the Public Health Trust; creating

dispute resolution procedures for payment of county and Public Health Trust obligations; and requiring the prime contractor to issue prompt payments, and have the same dispute resolution procedures as the COUNTY, for all small business subcontractors. Failure to the prime contractor to issue prompt payment to small businesses, or to adhere to its dispute resolution procedures, may be cause for suspension, termination, and debarment, in accordance with the terms of the county contract or Public Health Trust contract and debarment procedures of the COUNTY.

SECTION XXVI - SANCTIONS FOR CONTRACTUAL VIOLATIONS

Proposal and contract documents shall provide that, notwithstanding any other penalties for firms that have discriminated in violation of Article VII of Chapter 11A of the Code, the COUNTY may terminate the contract or require the termination or cancellation of the sub-consultant contract. In addition, a violation by a respondent or sub-consultant to the respondent, or failure to comply with the Administrative Order (A.O.) 3-39 may result in the imposition of one or more of the sanctions listed in the A.O.

SECTION XXVII – BUSINESS APPLICATION AND FORMS

The CONSULTANT shall be a registered vendor with the COUNTY – Department of Procurement Management, for the duration of this Agreement. It is the responsibility of the CONSULTANT to update and file the Vendor Registration Package, including a Uniform Affidavit Packet (Affidavit form) with the Department of Procurement Management (DPM), Vendor Assistance Unit for any changes for the duration of this Agreement, including any option years.

The Proposer is responsible for obtaining the Vendor Registration Package, including all affidavits by downloading from the DPM website at www.miamidade.gov or from the Vendor Assistance Unit at 111 N.W. 1st Street, 13th Floor, Miami, FL 33128.

Section 2-11.1(d) of Miami-Dade County Code, requires any county employee or any member of the employee's immediate family who has a controlling financial interest, direct or indirect, with

Miami-Dade County or any person or agency acting for Miami-Dade County from competing or applying for any such contract as it pertains to this solicitation, must first request a conflict of interest opinion from the COUNTY's Ethic Commission prior to their or their immediate family member's entering into any contract or transacting any business through a firm, corporation, partnership or business entity in which the employee or any member of the employee's immediate family has a controlling financial interest, direct or indirect, with Miami-Dade County or any person or agency acting for Miami-Dade County and that any such contract, agreement or business engagement entered in violation of this subsection, as amended, shall render this Agreement voidable. For additional information, please contact the Ethics Commission hotline at (305) 579-2593.

SECTION XXVIII – ERRORS AND OMISSIONS

The COUNTY shall maintain a record of all construction changes that shall be categorized according to the various types, causes, etc. that the COUNTY may determine are useful or necessary for its purposes. Among those categories are construction changes caused by design errors or omissions in the bid documents that were prepared by the CONSULTANT. For the purposes of this contract provision, errors and omissions shall be dealt with differently, as follows:

A. Errors

It is specifically agreed that any construction changes categorized by the COUNTY as an error in the bid documents that were prepared by the CONSULTANT will constitute an additional cost to the COUNTY that would not have been incurred without the error. The damages to the COUNTY for errors shall be calculated as one hundred percent (100%) of the total cost of the change.

B. Omissions

It is further specifically agreed for purposes of this agreement that any construction changes categorized by the COUNTY as an omission in the bid documents

that were prepared by the CONSULTANT will constitute an additional cost to the COUNTY that would not have been incurred without the omission. The damages to the COUNTY for omissions shall be calculated as one hundred percent (100%) of the total direct cost of the change, not including betterment.

The CONSULTANT shall participate in all negotiations with the contractor related to this section. Such CONSULTANT participation shall be at no additional cost to the COUNTY. Failure by the CONSULTANT to participate in the negotiations with the contractor shall constitute a waiver of CONSULTANT's rights to contest the appropriateness or amount of any settlements or change orders.

To obtain recovery for errors and/or omissions covered in paragraphs A and B above, the COUNTY shall deduct from funds due the CONSULTANT in this or any other contract the CONSULTANT may or will have with the COUNTY up to the amount of the CONSULTANT'S insurance deductible. Should the damages incurred by the COUNTY exceed the CONSULTANT'S insurance deductible, the COUNTY shall look to the CONSULTANT and the CONSULTANT'S insurer for the remaining amount of additional damages incurred by the COUNTY. In executing this agreement, the CONSULTANT and his insurer specifically agree to the reasonableness of these damage calculations and to the COUNTY'S right to recover same as stated above. The recovery of additional costs to the COUNTY under this Section shall not preclude or limit in any way the CONSULTANT'S indemnification obligations to the COUNTY pursuant to Section XX of this Agreement, or preclude or limit in any way recovery for other separate and/or additional damages that the COUNTY may otherwise incur."

PROPOSAL DATED

JUNE 22, 2011

June 22, 2011

MIAMI DADE SEAPORT DEPARTMENT

CRANE ENGINEERING SERVICES FEE PROPOSAL, REV 3-FINAL

In follow-up to our June 2, 2011 negotiating meeting, we are pleased to provide this final fee proposal based on the results of that meeting. The overall effort for the procurement of cranes 13, 14, 15 and 16 will be led by our Sr. Project Engineer, Bill Hess and Project Manager, Chuck Melaney along with support from our other qualified staff, as necessary. The design review will be performed by senior level engineers with oversight by Bill Hess, who is the most familiar with this project and instrumental in development of the Specifications. The two Design Review Meetings to be held with ZPMC will be attended by Bill Hess and Chuck Melaney, both of whom are responsible for developing the Crane Specifications and most familiar with this project.

PART I and II (Procurement of Cranes 13 and 14/15 and 16)

Project Management

Our scope of services for the overall management of the project will include, acting as the primary point of contact between the manufacturer and POM, responding to all technical issues and correspondence (after coordination with POM personnel when applicable), monitoring overall project progress and schedule, coordinating between the manufacturer and POM, responding to inquiries by the manufacturer's engineer and/or the third party on site inspectors, and monitoring compliance to the specifications and project schedule.

At the completion of the project, we will hand over all documentation pertaining to the management and execution of the services provided, including progress reports with photographs, inspection reports, punch-lists at all phases, and design and shipping review details.

If the purchase of cranes 15 and 16 is exercised within 120 days of the purchase of cranes 13 and 14, there will be no change to the above scope. If the purchase of cranes 15 and 16 is exercised any time thereafter, however within one year of the purchase of cranes 13 and 14, the above scope will be performed separately from cranes 13 and 14 and there will be a cost impact for this added scope as reflected in Cost Summary C below.

Design Review

Shaw GBB will provide design review, including review of structural, mechanical, and electrical calculations and drawings per the submittal list attached hereto as Exhibit I. As part of the review, we will review calculations in order to substantiate that the manufacturer's calculations have been performed in accordance with generally accepted engineering design practice and the results meet the

requirements of the contract specifications. After completion of our internal review and coordination with POM personnel, we will provide comments to the structural, mechanical, and electrical drawings for the project to verify compliance with the Contract Specifications.

At the on set of the project, our Project Manager and our Sr. Project Engineer, experienced in crane design will, along with POM, attend an initial, five (5) days duration kick-off meeting (excluding travel time) with the manufacturer's engineering and project management groups at the manufacturer's corporate office. The primary purpose of this meeting is to verify proper specification interpretation and intent.

Within the first two to three months after the kick off meeting, we will, along with POM, attend one (1) additional design review meeting, of five days duration (excluding travel time), to be held at the manufacturer's facility with the manufacturer's engineering group. Our Project Manager and our Sr. Project Engineer will attend this design review meeting. This meeting will verify the manufacturer's compliance with the Contract Specifications and resolve any open issues which may have come to light prior to this meeting.

Through this process of meetings and submittals, we will review design drawings, purchased component technical data sheets and /or certified drawings, and the manufacturer's design calculations. Again, the intent of our review is to verify that proposed designs comply with the specifications and properly address operational, reliability, and maintenance issues.

While a limited number of drawings may be reviewed during these meetings, it is anticipated that upon completion of the kick-off meeting and subsequent design review meeting, the manufacturer will proceed with timely submittals of technical information in compliance with the Contract submittal procedures.

We will prepare written comments for all submittals, inclusive of the POM's comments, and issue an official response to the manufacturer on behalf of POM. After the manufacturer incorporates our review comments, we will provide additional "re-submittal" reviews of the manufacturer's revised drawings and calculations as required. A detailed submittal index will be maintained and shared with POM to accurately record the status of all submittal documents, response dates, corrective action requirements, and re-submittal status.

Also included in the design review process, we will perform an engineering review of the commissioning and acceptance test and check out manual which will define acceptance testing to be performed at the manufacturer's erection site and final acceptance testing to be performed at POM's site prior to hand over of the cranes to POM.

If the purchase of cranes 15 and 16 is exercised within 120 days of the purchase of cranes 13 and 14, there will be no change to the above scope. If the purchase of cranes 15 and 16 is exercised any time thereafter; however, within one year of the purchase of cranes 13 and 14, there will be some design review required to verify that cranes 15 and 16 are manufactured in accordance with the cranes 13 and 14 as built drawings and there will be a cost impact for this added scope as reflected in Cost Summary C below.

Manufacturing/Third Party Inspection Oversight (Cranes 13 and 14)

During the initial six (6) months of fabrication of the crane(s), we will provide two (2), one (1) week trips (excluding travel time) to the manufacturer's fabrication site by our Sr. Project Engineer or another experienced Crane Engineer, as approved by POM. The purpose of this trip is to verify that the crane(s) are being manufactured in compliance with the contract specification and generally accepted manufacturing processes, as well as to monitor the third party inspection services provided by others. Our engineer will coordinate between the third party inspectors, the manufacturer and POM to verify the quality of the cranes and initiate a quick response to any deficiencies found, thus minimizing possible setbacks to the manufacturing schedule. At the conclusion of the trip, our engineer will prepare a status report for issue to POM which will describe job progress against the overall project schedule (including progress photos), as well as to report any deficiencies and/or problems found that need to be brought to the attention of POM and will require resolution by the manufacturer.

Should it be determined from these trips that there are issues with the third party inspection services requiring greater oversight by Shaw, we propose to provide this additional oversight at the monthly rate of \$37,500 plus air fare for a Shaw GBB Crane Engineer (Note, Company policy requires one return home trip every two months), or a monthly rate of \$8,250 for a Shaw GBB Third Party Chinese Local Inspector.

If the purchase of cranes 15 and 16 is exercised within 120 days of the purchase of cranes 13 and 14, there will be no change to the above scope. If the purchase of cranes 15 and 16 is exercised any time thereafter, however within one year of cranes 13 and 14, the above scope will be performed separately from cranes 13 and 14 and there will be a cost impact for this added scope as reflected in Cost Summary C below.

Final Assembly and Pre-shipment Review (Cranes 13 and 14)

During the final twelve (12) weeks of assembly, start-up, and pre-shipment testing of the crane(s), we will provide an on-site engineer, full time, to monitor final assembly, erection, initial commissioning and acceptance testing of the crane(s) as required by the accepted test and checkout manual, and to verify conformance of the cranes with contract specification requirements, including proper operation of systems and correct function of software, logic devices, and safety interlocks.

During this phase, our onsite engineer will also develop and maintain the punch list, adding items as discovered and removing items as they are properly resolved.

In addition, our engineer will monitor the load out of the cranes including sea-fastening and sea-bracing installation at the time of shipment to verify that they comply with the approved shipping and sea-fastening plans.

If the purchase of cranes 15 and 16 is exercised within 120 days of the purchase of cranes 13 and 14, there will be four additional weeks required to perform the above scope, with the additional cost impact as reflected in Cost Summary B below. If the purchase of cranes 15 and 16 is exercised any time thereafter, however within one year of cranes 13 and 14, the above scope will be performed separately from cranes 13 and 14 and there will be a cost impact for this added scope as reflected in Cost Summary C below.

Start-up, Testing and Acceptance

During start-up, testing and acceptance of the crane(s) at the POM delivery site, we will have one of our engineering staff on site full time to monitor and provide consultation during off loading, final assembly, commissioning, acceptance testing, certification, and final acceptance by the POM when the crane has proven to be ready for cargo handling operations, as well as, coordinate the project and monitor schedule for compliance with the contract schedule. He will also prepare punch lists and verify completion of the punch list items.

If the purchase of cranes 15 and 16 is exercised within 120 days of the purchase of cranes 13 and 14, there will be four additional weeks required to perform the above scope, with the additional cost impact as reflected in Cost Summary B below. If the purchase of cranes 15 and 16 is exercised any time thereafter, however within one year of the purchase of cranes 13 and 14, the above scope will be performed separately from cranes 13 and 14 and there will be a cost impact for this added scope as reflected in Cost Summary C below.

For successful proposers, certification must be maintained from the time of proposal submittal throughout the duration of the agreement. 1. Set-Aside Agreements
 - a. Respondent's Responsibilities for Agreement Set-Asides:
 - i. In order to submit a proposal on a set-aside agreement, the proposer (and all sub-consultants) must be certified as first-tier CBE-A/Es prior to proposal submission date. A CBE-A/E awarded a set-aside agreement shall not transfer to a non-CBE-A/E or a second-tier CBE-A/E, through subconsulting or otherwise, any part of the actual work of the agreement unless the proposal documents expressly and specifically permit such transfer as consistent with normal industry practice or the CBE-A/E requests and receives prior to agreement award, an approval letter from SBD.
 - ii. A first tier CBE-A/E that performs the work of a set-aside agreement with its own forces may count such work towards reducing the CBE-A/E set-aside applied to the agreement by a maximum of one hundred (100) percent.

-
- iii. Respondents on agreement set-asides must submit completed "Letter(s) of Agreement" (Form CBE 105) at the time of proposal submission. Respondents who fail to submit the required Letter(s) of Agreement shall be considered non-responsive.
 - iv. Defective Letter(s) of Agreement that are incomplete or inaccurate upon notification by the Department of Small Business Development may be corrected within 48 hours from notification by the department. Examples of defects include, but are not limited to, improperly executed letters, the listing of unidentifiable CBE-A/Es and percentage miscalculations that are not mere clerical errors apparent on the face of the Letter of Agreement.
- b. The following shall constitute a violation of these Provisions as they relate to an agreement that is set-aside:
- i. Submission of Letter(s) of Agreement of first-tier CBE-A/E subconsultants that the respondent knew or should have known is incomplete or inaccurate;
 - ii. After proposal submission due date, deviations from the Letter of Agreement without the written approval of the Compliance Monitor;
 - iii. The utilization of a non-certified or a second-tier CBE-A/E.
 - iv. A first-tier CBE-A/E serving as a conduit for set-aside CBE-A/E work awarded to a firm as a first-tier CBE-A/E but which is being performed by a non-CBE-A/E or a second-tier CBE-A/E firm;
 - v. Not obtaining or retaining first-tier CBE-A/E certification while performing work on a set-aside designated for first-tier CBE-A/E firms;
 - vi. Failure to submit "Architecture & Engineering Utilization Reports";
 - vii. Failure to comply with first-tier CBE-A/E certification requirements including not maintaining a place of business in Miami-Dade County, not reporting organizational and operational changes, providing inaccurate or false information, and other certification related violations;
 - viii. Modifications to the terms and/or prices of payment to a first-tier CBE-A/E without prior approval from SBD; or
 - ix. Unjustified failure to enter into a written subconsultant agreement with a first-tier CBE-A/E after listing the firm on a "Letter of Agreement."

2. Subconsultant Goals

The purpose of a subconsultant goal is to have portions of the work under the prime consultant performed by available subconsultants that are certified CBE-A/Es for agreement values totaling not less than the percentage of the prime agreement value set out in the proposal form.

a. Respondent's Responsibilities for Subconsultant Goals:

- i. Respondents must submit a completed Letter of Agreement (Form CBE 105) at the time of proposal submission identifying all CBE-A/Es to be utilized to meet the subconsultant goal, the professional service designation of work each will perform, and the percentage of such work. The Letter of Agreement constitutes a written representation by the respondent that, to the best of the respondent's knowledge, the CBE-A/E/s listed is/are qualified and available to perform as specified. The Letter of Agreement is a commitment by the respondent that, if awarded the agreement, it will enter into written subconsultant agreements with the identified CBE-A/Es for the scope of work at the percentage set forth in the Letter of Agreement.
- ii. Respondents who fail to submit the required Letter of Agreement at the time of proposal submission shall be considered non-responsive.
- iii. Defective Letters of Agreement that are incomplete or inaccurate upon notification by the Department of Small Business Development may be corrected within 48 hours from notification by the department. Examples of defects include, but are not limited to, improperly executed letters, the listing of unidentifiable CBE-A/Es and percentage miscalculations that are not mere clerical errors apparent on the face of the Letter of Agreement.
- iv. Only a successful respondent that is a second tier CBE-A/E or a second tier CBE-A/E joint venture may perform up to one hundred percent (100%) of a CBE-A/E subconsultant goal with its own forces.
- v. Expenditures to subconsulting CBE-A/Es shall be counted toward meeting specified subconsultant goals as follows:
 - (1) One hundred percent (100%) of the expenditures to a CBE-A/E that performs a commercially useful function in the supply of services required for the fulfillment of the agreement;
 - (2) One hundred percent (100%) of the expenditures to CBE-A/Es that subconsult work further to non-CBE-A/Es, only if the proposal documents expressly and specifically permit such subconsulting as consistent with normal industry practice, or if the respondent or CBE-A/E requests and receives prior to agreement award an

approval letter from SBD;

- (3) One hundred percent (100%) of the expenditures to CBE-A/Es that perform actual work with their own forces;
 - (4) None of the expenditures to a CBE-A/E that acts essentially as a conduit to transfer funds to a non-CBE-A/E unless the proposal documents expressly and specifically permit such transfers as consistent with normal industry practice or the respondent or CBE-A/E requests and receives prior to agreement award an approval letter from SBD; and
 - (5) Only expenditures to CBE-A/Es made under a written subconsultant agreement executed by both the prime consultant and the CBE-A/E shall be counted towards meeting the subconsultant goal.
- vi. Respondents whose proposals do not meet the specified goal, in order to remain eligible, must submit to the Contracting Officer no later than 4:00 p.m. on the second business day following proposal submission, evidence proving the lack of available CBE-A/Es to afford effective competition to provide the services to meet the goal. To prove lack of availability, respondents must submit the following:
- (1) Unavailability Certificates (Form CBE 103) either completed and signed by all of the CBE-A/Es certified to perform the scopes of work or completed and signed by the respondent explaining the contacts with all of the CBE-A/Es certified to perform the scopes of work, statements or actions of the CBE-A/Es showing unavailability, and the reason(s) why the CBE-A/Es' signature could not be obtained;
 - (2) A listing of any proposals received from a CBE-A/E, the scope of work, percentage of work and the respondent's reasons for rejecting each proposal;
 - (3) A statement of the respondent's contacts with SBD for assistance in determining available CBE-A/Es;
 - (4) A description of the respondent's process for soliciting and evaluating proposals from CBE-A/Es, including copies of telephone logs detailing time, date and name of contacts with potential subconsultants;
 - (5) Respondents may establish a CBE-A/E as unavailable if its proposal is not reasonably competitive with comparable proposals of non-CBE-A/E s for the same scope of work. To establish a CBE-A/E as

unavailable if its proposal is not considered reasonably competitive, the prime consultant must furnish SBD with copies of all proposals received from all firms, both CBE-A/Es and non-CBE-A/Es, for each specific scope of work for which they are claiming that the proposal is not reasonably competitive. A CBE-A/E's proposal will be considered reasonably competitive if its proposal, for the same scope of work, is within 25% of the proposal of comparably sized non-CBE-A/E firms;

- b. Respondents whose proposals do not meet the specified goal, and who do not prove lack of availability as indicated in 2. (a.) (vi.) above are not in compliance with these Provisions. The following shall constitute non-compliance with these Provisions as it relates to an agreement which has a CBE-A/E subconsultant goal:
 - i. The utilization of a non-certified CBE-A/E;
 - ii. A CBE-A/E serving as a conduit for CBE-A/E work awarded to a firm as a CBE-A/E but which is being performed by a non-CBE-A/E firm;
 - iii. A prime consultant not meeting CBE-A/E subconsultant goal requirements;
 - iv. Not obtaining or retaining CBE-A/E certification while performing work designated for CBE-A/E firms;
 - v. Failure to submit Architecture & Engineering Utilization Reports;
 - vi. Deviations from the Letter of Agreement without prior approval from SBD;
 - vii. Termination of the CBE-A/E's agreement without prior approval from SBD;
 - viii. Reduction of the scope of work of a CBE-A/E subconsultant without prior approval from SBD;
 - ix. Modifications to the terms and/or prices of payment to a CBE-A/E without prior approval from SBD; or
 - x. Unjustified failure to enter into a written subconsultant agreement with a CBE-A/E after listing the firm on a Letter of Agreement.
- c. County Responsibilities for Agreements Set-Asides and Subconsultant Goals:
 - i. SBD shall review the Letter/s of Agreement, and Unavailability

Certificates to determine compliance with the agreement set-aside, or subconsultant goal stated in the proposal documents. The Compliance Monitor may meet with a respondent before recommending that the Contracting Officer determine non-compliance. This written recommendation shall be forwarded to the respondent and the Contracting Officer.

- ii. In the event that the Contracting Officer receives a recommendation of non-compliance from the Compliance Monitor, he or she may conduct a meeting or hearing at which the respondent shall be afforded an opportunity to present data supporting its compliance with the goal. The Contracting Officer shall consider the evidence and make a determination as to compliance.

F. DESIGN-BUILD CONTRACTS

The design portion of the design-build contract is subject to the procedures outlined in these Provisions.

G. PROMPT PAYMENT

It is the County's intent that all firms, including CBE-A/Es providing professional services to the County, shall receive payments promptly in order to maintain sufficient cash flow.

1. Prime Consultant Responsibilities

- a. A prime consultant shall include in its billing to Miami-Dade County, Fire or the Public Health Trust copies of those portions of the billings from CBE-A/E subconsultants utilized to meet the subconsultant goal applicable to the agreement which the prime consultant approves and whose cost is included in the payment amount requested from Miami-Dade County, Fire or the Public Health Trust.
- b. Prime consultant agreements to which a CBE-A/E subconsultant goal has been applied shall require that billings from CBE-A/Es be promptly reviewed and payment made to such CBE-A/Es on those amounts not in dispute within two (2) business days of receipt of payment therefore. The foregoing notwithstanding, the prime consultant shall pay billings from CBE-A/E subconsultants with whom they are in direct privity that are not in dispute within the timeframe recommended by the CBE-A/E Advisory Board and implemented by Administrative Order 3-32 as approved by the Board of County Commissioners.
- c. The prime consultant on an agreement to which a CBE-A/E subconsultant goal has been applied shall inform SBD, the Contracting Officer, and the CBE-A/E subconsultant, in writing, of those amounts billed by the CBE-A/E which are in

dispute, and the specific reasons why they are in dispute, within seven (7) calendar days of submittal of such billing by the CBE-A/E subconsultant to the prime consultant.

- d. Failure of the prime consultant to comply with the applicable requirements of Section (G)(1)(c) above shall result in the prime consultant's forfeiture of the right to use the dispute as justification for not paying the CBE-A/E subconsultant and payment shall be forthcoming from the prime consultant.

2. County Responsibilities

- a. Proposal documents for agreements with CBE-A/E agreement set-asides, or subconsultant goals shall require that billings from subconsultants under prime consultant agreements with Miami-Dade County, Fire or the Public Health Trust that are a CBE-A/E agreement set-aside or which contain a subconsultant goal shall be promptly reviewed and payment made by the County, Fire or Trust on those amounts not in dispute within fourteen (14) calendar days of receipt of such billing by the County, Fire or the Trust.

- b. SBD may investigate reported instances of late payment to CBE-A/Es.

3. Finance Department Responsibilities

H. AGREEMENT COMPLIANCE AND MONITORING

1. Compliance Review

- a. The Compliance Monitor shall review respondent's submission for compliance with these Provisions on every agreement to which a CBE-A/E agreement set-aside, or subconsultant goal has been applied. The purpose of this review shall be for the Compliance Monitor to consider whether to recommend the respondent's proposal is determined to be in compliance or non-compliance with the requirements of these Provisions. The Compliance Monitor may consider relevant information from any person in making this decision. The Compliance Monitor may require the respondent to produce information deemed pertinent and appropriate and may obtain further information from whatever sources the Compliance Monitor deems appropriate.
- b. The Compliance Monitor shall notify the respondent in writing stating the facts and the reasons on which the non-compliance is based. The respondent

may request a meeting within five (5) business days from the date of the notification of non-compliance. The respondent shall supply further relevant information as required by the Compliance Monitor. No new or altered Letter of Agreement will be accepted.

- c. The Compliance Monitor shall make a written recommendation to the Contracting Officer, which shall include a statement of the facts and reasons for which the non-compliance is based.
- d. Following receipt of a recommendation of non-compliance from the Compliance Monitor, the Contracting Officer shall review the Compliance Monitor's recommendation of respondent's non-compliance with these Provisions. The Contracting Officer shall notify the respondent of such non-compliance. The respondent may request a meeting within five (5) business days from the date of notification of non-compliance with the Contracting Officer if the Contracting Officer was not present at the first meeting referenced in Subsection (1)(b) above. The respondent shall supply further relevant information as required by the Compliance Monitor. No new or altered Letter of Agreement will be accepted.
- e. The Contracting Officer, in conjunction with the Compliance Monitor, may conduct an informal meeting with the respondent. Other parties may be invited to offer information relevant to the issue of the respondent's non-compliance.
- f. The Contracting Officer shall provide a written determination of the respondent's compliance with these Provisions, along with a recommendation whether to award the agreement to the respondent, to the County Manager. A copy of such recommendation shall be sent to the respondent. Such recommendation shall not affect the power of the Board of County Commissioners to reject the respondent's bid for any other reason or to take such action on the recommendation of the Contracting Officer as the Board deems appropriate.
- g. Consideration of other proposals. If the Contracting Officer or Compliance Monitor deems it advisable in the interest of expediting the award of the agreement, the procedures set forth in this subsection may be carried out with respect to the proposals of one or more additional respondents at the same or different time with each such proceeding to be separately conducted.
- h. Failure of respondent to participate. The respondent will be bound by the proceedings under this subsection to which they have been given required notice without regard to their participation or lack of participation. A lack of participation upon receiving notices and requests pursuant to these Provisions shall not be grounds for reconsideration of any action taken in the proceedings.

-
- i. Miami-Dade County shall not award an agreement to any respondent which, in its determination, fails to comply with the applicable requirements of these Provisions. Nothing herein shall relieve any respondent from any of the terms, conditions or requirements of the contract or modify Miami-Dade County's rights as reserved in the agreement document.

2. Post-Award Compliance and Monitoring

- a. Approval of Subconsultant Agreements

The Successful Respondent shall submit to the Contracting Officer, for approval, written subconsultant agreements corresponding in all respects to the Successful Respondent's Letter of Agreement. The Successful Respondent shall enter into a written subconsultant agreement with each listed CBE-A/E subconsultant and shall thereafter neither terminate any such subconsultant agreement, nor reduce the scope of work to be performed by, or decrease the price to be paid to the first tier CBE-A/Es thereunder, without in each instance obtaining prior written approval of the Contracting Officer. The Contracting Officer shall not give a final written determination without a recommendation from the Compliance Monitor.

- b. Access to Records

Successful respondents and CBE-A/Es shall permit the County to have access during normal business hours to books and records relating to the respondent's compliance with the agreement set-aside, or subconsultant goal applied to the agreement or relating to CBE-A/E compliance with certification requirements. Such books and records include but are not limited to corporate documents, charters, organizational filings, tax filings, registrations, licenses, stock registrations, partnership agreements, contracts, subcontracts, joint venture agreements, telephone logs, checking accounts, journals, ledgers, correspondence, pension and benefits documents, and documents and records between the respondent or the CBE-A/E and other entities. This right of access shall be granted for one year after completion of the work or full payment of the agreement obligation, whichever comes last, or for one year after the expiration of CBE-A/E certification.

- c. Access to Job Site

Successful respondents and CBE-A/Es shall permit the County to have access to project locations during normal business hours in order to conduct visual inspections and employee interviews.

- d. Monthly/Quarterly Reporting

The successful respondent on a project that is a CBE-A/E agreement set-aside

or on a project with CBE-A/E subconsultant goals shall submit monthly a Architecture & Engineering Utilization Report to the Compliance Monitor through the Contracting Officer on or before the tenth working day following the end of the month the report covers. The Compliance Monitor shall give standard reporting forms to the successful respondent. The Architecture & Engineering Utilization Report is to be completed by the successful respondent. Where a subconsultant goal has been imposed, the Architecture & Engineering Utilization Report shall include information on CBE-A/Es utilized to meet such subconsultant goal. Failure to comply with the reporting requirements may result in the imposition of contractual sanctions or administrative penalties by the County.

e. Deviations from the Letter of Agreement

- i. In the event that, during the performance of an agreement, the CBE-A/E is not able to provide the services specified on the Letter of Agreement, the successful respondent must locate a CBE-A/E to substitute for the unavailable CBE-A/E, unless the respondent can prove the lack of an available CBE-A/E to provide the services to be provided by the prior CBE-A/E. The successful respondent must receive approval for substitution from SBD by submitting a request in writing addressed to the Director of SBD through the Contracting Officer. The request must include a revised Letter of Agreement to include the substitute CBE-A/E. The Compliance Monitor will review the request and make a recommendation regarding the substitution to the Contracting Officer. A successful respondent that cannot secure a substitute CBE-A/E must provide a written statement to the Compliance Monitor and Contracting Officer that includes a list of the names, addresses, and telephone numbers of all CBE-A/Es contacted, and the date of contact for each CBE-A/E. All certified CBE-A/Es certified in the appropriate professional service area under the technical certification categories must be contacted in order to prove lack of an available CBE-A/E.
- ii. The Compliance Monitor shall be responsible for monitoring the performance of the successful respondent regarding compliance with agreement set-asides, or subconsultant goals applied to the agreements. The Compliance Monitor may, at his or her discretion, investigate deviations in the utilization of CBE-A/Es from that described on the Schedule of Participation, and make recommendations regarding compliance to the Contracting Officer. The Contracting Officer shall not make a final determination without a recommendation regarding compliance from the Compliance Monitor. Deviations from the goal stated in the agreement that shall be monitored include, but are not limited to:

- (1) Termination of a CBE-A/E's subconsultant agreement;

-
- (2) Reduction in the scope of work to be performed by a CBE-A/E;
 - (3) Modifications to the terms of payment or price to be paid to a CBE-A/E; or
 - (4) Failure to enter into a subconsultant agreement with a CBE-A/E being utilized to meet a subconsultant goal.

iii. Excuse from entering into subconsultant agreements:

If, prior to execution of a subconsultant agreement required by these Provisions, the successful respondent submits a written request to the Contracting Officer demonstrating to the satisfaction of the Contracting Officer that, as a result of a change in circumstances beyond his/her control of which he/she was not aware and could not reasonably have been aware until subsequent to the date of the award of the agreement, a CBE-A/E who is to enter into such subconsultant agreement has unreasonably refused to execute the subconsultant agreement, or is not available, the successful respondent shall be excused from executing such subconsultant agreement. The procedures of paragraphs (v.) and (vi.) below shall apply to this paragraph.

iv. Termination of Subconsultant Agreements:

If, after execution of a subcontract required by these Provisions the successful respondent submits a written request to the Contracting Officer and demonstrates to the satisfaction of the Contracting Officer that, as a result of a change in circumstances beyond his/her control of which he/she was not aware and could not be reasonably have been aware until subsequent to the date of execution of such subconsultant agreement, a CBE-A/E, who entered into such subconsultant agreement has committed a material breach of the subconsultant agreement, the successful respondent shall be entitled to exercise such rights as may be available to him/her to terminate the subconsultant agreement. The procedures of paragraphs (v.) and (vi.) below apply to this paragraph.

v. County's Determination of Respondent's Excuse or Termination:

If the successful respondent at any time submits a written request to the Contracting Officer under the prior two paragraphs, the Contracting Officer as soon as practicable, shall determine whether the Successful Respondent has made the requisite demonstration, and shall not determine that such a demonstration has not been made without first providing the successful respondent, upon notice, an opportunity to present pertinent information and arguments. The procedures of paragraph (vi.) below apply to this paragraph.

vi. **Alternative Subconsultant Agreements:**

- (1) If the successful respondent is excused from entering into a subconsultant agreement or rightfully terminates a subconsultant agreement under this Administrative Order and without such subconsultant agreement, the Successful Respondent will not achieve the level of CBE-A/E participation upon which the agreement was awarded, the Successful Respondent shall make every reasonable effort to propose and enter into an alternative subconsultant agreement or subconsultant agreements for the same work to be performed by another available CBE-A/E as appropriate, for a subconsultant agreement price or prices totaling not less than the subconsultant agreement price under the excused or terminated subconsultant agreement, less all amounts previously paid thereunder.
- (2) The Successful Respondent must submit to the Compliance Officer a revised Letter of Agreement to include the substitute CBE-A/E.
- (3) A successful respondent that cannot secure a substitute CBE-A/E must provide a written statement to the Compliance Monitor and Contracting Officer that includes a list of the names, addresses, telephone numbers, and the date of contact for each CBE-A/E. All CBE-A/Es certified within the appropriate professional service area under the technical certification categories must be contacted.
- (4) The Compliance Monitor may require the successful respondent to produce such information as the Compliance Monitor deems appropriate and may obtain further information from other sources. The Compliance Monitor shall make his/her recommendation under this paragraph to the Contracting Officer and forward a copy to the respondent.
- (5) The Contracting Officer will consider objections to the Compliance Monitor's recommendation only if such written objections are received by the Contracting Officer within five (5) calendar days from the successful respondent's receipt of the Compliance Monitor's recommendation. The Contracting Officer with or without a hearing, and as he/she in his/her discretion may determine, will reply to the successful respondent's written objection within ten (10) days of receipt of these objections.

I. SANCTIONS FOR AGREEMENT VIOLATIONS

Proposal and agreement documents shall provide that, notwithstanding any other penalties or sanctions provided by law, a respondent's violation of or failure to comply with the CBE-A/E Ordinance, Administrative Order and these Provisions may result in the imposition of one or more of the following sanctions:

1. The suspension of any payment or-part thereof until such time as the issues concerning compliance are resolved;
2. Work stoppage;
3. Issuance of fines of up to two (2%) percent of the contract amount, said fines to be deducted from invoices;
4. Termination, suspension, or cancellation of the agreement in whole or part;
5. In addition, and as a further sanction, the County Manager or his or her designee may impose any of the above-stated sanctions on any other agreements or subconsultant agreements the respondent or CBE-A/E has on County projects. In each instance, the respondent or CBE-A/E shall be responsible for all direct and indirect costs associated with such termination or cancellation including attorney's fees and costs. The respondent or CBE-A/E may also be subject to debarment.
6. In the event that a respondent fails to achieve the CBE-A/E measures after the agreement completion, the respondent will be required to make up the CBE-A/E deficit for an amount equal to double the amount of the CBE-A/E measure deficiency. The procedures for making up the CBE-A/E deficit are as follows:
 - a. Upon completion of a County agreement with CBE-A/E measures, the compliance monitor for SBD, in accordance with County Code governing the CBE-A/E program, will obtain the final Architecture & Engineering Utilization Report and determine if the respondent has met the CBE-A/E measures.
 - b. If the respondent has not met the CBE-A/E measures, the compliance officer will notify the respondent in writing of the CBE-A/E deficit.
 - c. If the respondent is found in non-compliance with the CBE-A/E measures, the compliance officer may issue a letter of non-compliance requesting that the respondent make up the CBE-A/E deficit on an existing or future County agreement for double the amount of the deficit on the agreement in question.

The respondent will also be required to submit a plan indicating any current or future County agreements in which the CBE-A/E deficit will be remedied.

- d. The respondent must respond to SBD in writing within ten (10) business days from the date of the non-compliance letter. The respondent must acknowledge receipt of the non-compliance letter and provide a plan to make up the CBE-A/E measure.

- f. When an agreement is identified in which the CBE-A/E measure deficit will be remedied, the respondent will provide Letter(s) of Agreement for the CBE-A/E firm(s) that will be utilized in making up the deficit.
- g. The respondent will remain in a non-compliance status until the CBE-A/E make-up goal has been achieved.
- h. Failure of the respondent to make up the CBE-A/E measure when opportunities are available on existing or future County agreements will result in the sanctions or the imposition of other penalties, or as referenced in Sections I. and J.

Some of the agreement violations that may result in the imposition of the sanctions listed in Section I. above include, but are not limited to, the following:

SEAPORT SECURITY

WHY IS IT IMPORTANT?

WHAT YOU NEED TO KNOW?

WHY ARE YOU IMPORTANT?

We will attempt in this booklet to explain why the success of the Port of Miami Identification Card (POM ID) Program and compliance with the Port of Miami (POM) Facility Security Plan (FSP) is directly dependent upon you, the ID card holder.

In order for the Port of Miami to operate as a seaport, it must meet certain criteria established by Federal, State and Local Authorities. Therefore, knowing and understanding these regulations and ensuring compliance with these regulations is critical to the success of the Port's FSP.

Access to the Restricted Access Areas (RAA) of the Port is a privilege which can be revoked, suspended, or denied anytime an individual or company is found to be in noncompliance with Federal, State, or Local rules and regulations.

Therefore, it is importance that you read this booklet very carefully. In it you will find:

- What constitutes a Restricted Access Area and what you need be aware of while in these areas.
- Employees' Responsibilities.
- Enforcement of Violations.
- Procedures for reinstating a confiscated POM ID.

RESTRICTED ACCESS AREA (RAA):

It is any area identified by the Port, which an individual is required to continuously display a valid POM ID card. POM RAAs and restricted area warning signage is clearly posted to indicate that access to these areas is restricted and unauthorized presence within the area constitutes a breach of security. The RAAs are cargo storage or staging areas, docks and

berths, fuel storage or transfer yards, cruise terminals when in use for cruise operation, the areas underneath the Main Port Bridge and/or any other area designated by the Port, as needed.

To identify and maintain accountability of those employees allowed to be in the RAA, controlled areas of the Port, and/or on the Port on a regular basis for work purposes and to maintain Port security as required by the U.S. Department of Homeland Security (DHS), U.S. Coast Guard, the Florida Department of Law Enforcement (FDLE), and Miami-Dade County, the Port of Miami has developed an Identification Card Program.

The Port issues an ID card to individuals permanently employed contingent upon the successful completion of a fingerprint based criminal history background check. In addition, the ID card is color-coded based on the type of access required for the performance of their duties.

POM GREEN ID CARD (UNESCORTED ACCESS)

Individual must possess a TWIC card in order to obtain a green POM ID with unescorted access to restricted areas. This POM ID will have the same expiration as the TWIC card (up to 5 years). Applicants must fill out an application and sign an affidavit.

POM YELLOW ID CARD (ESCORTED ACCESS)

Individual does not have a TWIC card and is permitted to access restricted areas only under escort from a POM ID / TWIC card holder. This POM ID is issued annually and no affidavit is required.

Note: Any person conducting an escort of a non-TWIC card holder in a Restricted Access Area must have a valid POM ID and TWIC. Escorts must stay with a non-TWIC card holder at all times.

**POM RED ID CARD
(NO ACCESS)**

Individual does not have a TWIC card and does not require regular access to the restricted areas (i.e. tenants of POM Administration Building, etc). This POM ID will be issued annually.

EMPLOYEE'S RESPONSIBILITY:

As a POM ID card holder, it is the employee's responsibility to ensure that he/she complies with the following requirements:

- Employees must maintain a valid (issued or approved by the Port of Miami) and current (not expired) identification card at all times. Identification cards shall be worn conspicuously on the outer garment of the bearer, in plain view above the waist. If an employee allows their POM ID card to expire they will have to reapply for authorization, similar to a new applicant, in order to renew the POM ID card.
- Employees must comply with all Port access control and POM ID card media systems.
- Employees must maintain their POM ID card in good condition at all times. This means that the card may not be damaged or mutilated.
- Employees must be aware that a POM ID card may not be transferable at any time for any purpose.
- Employees must be aware that POM ID cards are the property of the Miami-Dade County Seaport Department and shall be surrendered upon termination of employment or expiration.
- Employees must immediately notify their company and the Miami-Dade County Seaport Credentials Section in the event of a loss or theft of the POM ID card. A replacement fee of \$55.00, subject to Code, will be assessed and collected by the Miami-Dade County Seaport Credentials Section before a replacement POM ID card is issued. A police report documenting the loss or theft of the POM ID card must also be submitted to the Credentials Section.
- Employees must, when working in a cargo operations area or other restricted area, notify a law enforcement officer, seaport security officer, or other designated security entity whenever he/she observes any individual not wearing a POM ID card, or any violation of Chapter 28A, or Section 311.12, Florida Statutes.
- Employees must immediately report in writing to the Miami-Dade County Seaport Credentials Section any felony arrest, conviction, or finding of guilt, any misdemeanor arrest, conviction, or finding of guilt involving a firearm and within ten (10) days, any changes in the data submitted on the initial application for the POM ID card, or any change in employment.
- Employees, who operate a for-hire vehicle, other than a taxi cab, shall maintain a manifest or trip sheet on a form approved by the Consumer Services Department. The trip sheet or manifest shall include, but not be limited to the following information on each trip: name of chauffeur, vehicle number, date, time, origin, destination, names and number of passengers, and rate of fare.
- No employee, who operates a for-hire vehicle, other than a taxi cab, shall solicit passengers or drive his or her vehicle back and forth in front of any terminal at the Port of Miami.
- No employee, who operates a for-hire vehicle, shall use abusive language or be discourteous to other employees, passengers, and/or enforcement personnel.
- No employee shall commit the offense of trespassing. An employee commits

trespassing when, without being fully authorized, licensed or invited, willfully enters or remains at a port facility or property, or a portion thereof, is warned or ordered by authorized Seaport Department personnel or a Law Enforcement Officer to depart, and the employee refuses to do so.

- No employee shall enter an area of cargo operations or other restricted area unless clearly displaying an identification card allowing for such access.
- No employee entering or attempting to enter, being within, or departing from or attempting to depart the area of cargo operations or restricted area of the Port shall refuse to produce for inspection at the request of the Port Director or Seaport Department employee or any Law Enforcement Officer a POM Identification card.
- No employee shall operate any vehicle or motor vehicle within the area of cargo operations or other restricted area without a vehicle or motor vehicle identification decal.
- No employee shall leave their vehicle unattended.
- No employee shall disclose any information regarding the Port of Miami Facility Security Plan (FSP) or any Port tenant's Facility Security Plan.
- No employee shall forge, counterfeit, alter, erase, obliterate or transfer any POM ID card, permit, pass, lease, record, form, badge or other instrument or document, issued or maintained by the County Manager or Port Director, pursuant to Chapter 28A.
- No employee shall have in his/her possession any forged, counterfeit, altered, erased, obliterated or transferred POM ID card, permit, pass, lease, record, form, badge or other instrument or document issued or

maintained by the County Manager or Port Director.

- No employee shall have in his/her possession the POM ID card of another individual.
- No employee shall allow or provide access to the restricted areas to a non-credentialed individual.
- No employee shall access the Port and/or the cargo areas when "off-duty". Employees without a company operational need to be on the Port and/or in the restricted and/or cargo areas will be challenged.

Note: POM ID card rules and regulations apply to everyone without exception, regardless of duties, affiliation, position, or past practices. The Port Director or his designee reserves the right to revoke authorization to possess an identification card when such action is warranted.

PROVIDING FALSE INFORMATION TO OBTAIN A SEAPORT SECURITY IDENTIFICATION CARD IS A FELONY UNDER SECTION FLORIDA STATUTE 817.021:

Any person who willfully and knowingly provides false information in obtaining or attempting to obtain a seaport security identification card commits a felony of the third degree, punishable by 5 years in jail and a \$5000 fine in s. 775.082 or s. 775.083.

You are hereby notified that any false information found upon review of your background check and POM ID card application will be reported to the appropriate authority for investigation and subsequent prosecution.

SECURITY VIOLATIONS AND ENFORCEMENT PROCEDURES:

Employees are required to abide by all Federal, State and Local security regulations, policies, and procedures.

SEAPORT SECURITY

Failure to comply with these regulations may result in the confiscation of the POM ID card.

In addition, it is important to remember that if any of these security violations occur in the presence of or is found by a Miami-Dade Police Officer you may be issued a Promise to Appear (PTA), which is a misdemeanor arrest, a fine not to exceed five hundred dollars (\$500.00), or imprisonment for a period of not more than sixty (60) days, or both; provided, however, that parking and pedestrian violations shall be punished by fine not to exceed the maximum allowable fine prescribed by the Laws of the State of Florida and/or the Code of Miami-Dade County, Florida.

All the rules and regulations listed in this pamphlet are pursuant to either Florida Statute 311.12, Miami-Dade County Ordinance Chapter 28A, any other Florida statutes or Miami-Dade County ordinances referred to therein, and our Port Facility Security Plan. For further reference or to gain more information regarding these laws you may feel free to access either the Florida Statutes or the Miami-Dade County ordinances which are all public records.

PROCEDURES FOR RETRIEVING A CONFISCATED POM ID CARD:

To retrieve a confiscated POM ID card, the employee shall contact the Credentials Section at (305) 347-4955/56 to schedule an appointment to discuss confiscation of the POM ID card and appropriate rules and regulations. The employee's supervisor will also be required to attend the meeting in order to discuss the violation and to review security procedures.

Following the meeting the employer will be required to submit within fourteen (14) days a written document explaining the actions taken to raise the level of security awareness among its employees.

It should be noted that the Port reserves the right to revoke the individual's POM ID card privileges if the individual is found to pose a threat to the security of the Port or is a habitual violator.
