To: Honorable Chairman Joe A. Martinez  
and Members, Board of County Commissioners

From: Carlos A. Gimenez  
Mayor

Subject: Florida Good Faith Investors, LLC d/b/a Good Faith Medical Transportation and Shuttle  
Service application for one nonemergency vehicle

Agenda Item No. 8(N)(5)

Resolution No. R-993-11

**RECOMMENDATION**

It is recommended that the Board approve the application of Florida Good Faith Investors, LLC d/b/a Good Faith Medical Transportation and Shuttle Service for one (1) Certificate of Public Convenience and Necessity to operate one (1) nonemergency vehicle.

**SCOPE**

This Certificate of Public Convenience and Necessity is countywide, allowing the certificate holder to operate in unincorporated and incorporated areas of Miami-Dade County.

**FISCAL IMPACT/FUNDING SOURCE**

Licensing, operating permit and inspection fees are collected by the Consumer Services Department (CSD) to support regulatory activities. There is an annual regulatory fee of \$625 per certificate that will yield \$625 in revenue annually for the new certificate. Vehicle inspections are \$38 per vehicle.

**TRACK RECORD/MONITOR**

Applicant is a new permit holder. However, the principal of the corporation, Mr. Dava Germain, has been a registered chauffeur since 2000. There has been some enforcement history. During the last five years, Mr. Germain has received five (5) citations. Two (2) of the citations were issued for failure to display a valid chauffeur registration, and the other three (3) citations for operating a for-hire vehicle with a suspended driver's license, failure to provide toll receipt and failure to comply with the requirements of designated public stands. All citations have been satisfied. The applicant is currently in compliance. The Code does not disqualify the applicant from eligibility due to prior issues. The Consumer Services Department (CSD) will be responsible for monitoring this company.

**BACKGROUND**

On December 18, 1980, the Board of County Commissioners adopted Ordinance 80-145, later codified in Chapter 4, Article III of the Code of Miami-Dade County, providing for the regulation of nonemergency medical transportation. Section 4-44 of the County Code provides the procedures to be followed by the County in processing certificate applications. Based upon those requirements, the Board may issue or refuse to issue the certificate as applied for, or may issue the certificate with modifications or upon such terms and conditions as in its judgment the public interest may require. In reaching a determination, the Board shall consider the application, the Mayor's recommendation, all matters presented during the public hearing, and among others, the following criteria:

- (1) The ability of the applicant to provide the proposed service;
- (2) The adequacy of the management plan of the applicant; and
- (3) The benefits that will accrue to the public interest from the proposed service.

Florida Good Faith Investors, LLC d/b/a Good Faith Medical Transportation and Shuttle Service, located at 545 NE 160 Terrace, North Miami, Florida 33162, seeks to obtain one (1) Certificate of Public Convenience and Necessity to provide wheelchair nonemergency medical transportation service to individuals requiring this type of transportation.

The applicant seeks to transport patients to and from various medical facilities throughout Miami-Dade County seven (7) days a week, 24 hours a day. Nonemergency Transportation rates are not regulated by Miami-Dade County; however, under the Code the Certificate Holder must file their rates with CSD and post them within the passenger compartment section of each vehicle. The proposed rates are listed on the attached rate schedule. The vehicle operated under this certificate will be required to meet the requirements of Section 4-49 of the Code establishing vehicle inspection frequencies.

The management plan submitted by Mr. Dava Germain, Manager of Florida Good Faith Investors, LLC d/b/a Good Faith Medical Transportation and Shuttle Service, includes maintenance, communication, and record keeping systems and meets the requirements of the Code. All required financial statements and credit references have been submitted. The proposed service standards meet all requirements of the Code and adequately meet transportation and comfort needs. A background investigation reveals no criminal record within the last five years for the officer(s) of the corporation.

The proposed services to be provided under this certificate will increase the availability of licensed nonemergency medical transportation in Miami-Dade County thus providing increased competition and high service standards to the public.

**ARTICLE III. NONEMERGENCY MEDICAL TRANSPORTATION\***

**Sec. 4-41. Short title.**

This article shall be known as the "Nonemergency Medical Transportation Ordinance."

(Ord. No. 80-145, § 1, 12-18-80)

**Sec. 4-42. Legislative findings and intent.**

(a) During the 1979 State legislative session, authority for regulation of nonemergency medical transportation was transferred from the Public Service Commission to the Department of Health and Rehabilitative Services (Chapter 401, Florida Statutes). It mandated the elimination of economic regulations at the State level and required each County to establish local control of the industry. A prior condition for obtaining a State license and permit is a County certificate of public convenience and necessity.

(b) The purpose of this article is to ensure the health and safety of those citizens who must use nonemergency transportation. Regulation of the nonemergency medical transportation industry is susceptible to and can most effectively be carried out under a uniform plan of regulation to [of] the County as a whole.

(c) Artificial restrictions upon the nonemergency medical transportation industry based solely upon economic regulations, that limit competition and impose unreasonable standards on the industry, are not in the best interest of the health, welfare, safety and convenience of the handicapped and disabled residents of the County who rely on this form of transportation. The riding public should not be required to bear the effects of governmentally imposed restrictions upon the industry which are artificial or unnecessary.
