**Subject:** Modification of Contract for Datastream Implementation Services: Expansion of  
INFOR Enterprise Asset Management (EAM) Software System

Agenda Item No. 8(F)(3)

Resolution No. R-957-11

## RECOMMENDATION

It is recommended that the Board of County Commissioners approve issuance of a work order to purchase required implementation services to expand the existing INFOR Enterprise Asset Management (EAM) software system in order to develop integration with the existing Enterprise Resource Planning (ERP) software system for the Miami-Dade Aviation Department (MDAD).

**CONTRACT NUMBER:** 7890-5/11-5

**CONTRACT TITLE:** Datastream Implementation Services Prequalification of Vendors

**TERM:** Eighteen Months (December 1, 2010 through May 31, 2012)

**CURRENT CONTRACT AMOUNT:** \$ 3,700,000

**MODIFICATION REQUESTED:** No additional funding or time is requested. Authorization to award a work order in the amount of \$1,536,000 resulting from a competitive Request for Quote (RFQ) process. This amount is included in the current contract amount of \$3,700,000.

**PROPOSED NEW CONTRACT AMOUNT:** Same

**CURRENT EXPIRATION DATE:** May 31, 2012

**MODIFIED EXPIRATION DATE:** Same

## BACKGROUND

In October 2005, the Board approved Resolution No. R-1145-05 establishing a pre-qualified pool of vendors under Contract No. 7890-5/11-5 with an allocation of \$3,200,000 to provide INFOR (formerly Datastream) Implementation Services for the County's Enterprise Asset Management Software System (EAM). Under the administration's delegated authority, this contract was modified on June 20, 2001, increasing the contract value to \$3,700,000 and extending the term through May 31, 2012.

Any awards stemming from work orders valued over \$1 million under this contract require approval by the Board prior to commencing. EAM is the countywide standard for asset management. ETSD administers projects under this contract for various user departments. The following work orders have

been completed under this contract: implementation of 10 EAM modules including Work Management, Service Request, Preventive Maintenance, Inventory, Materials Management, Advanced Mobile for Work Management, Advanced Mobile for Inventory, Custom Reports, and Call Center for General Services Administration (GSA) and implementation of 6 EAM modules including Materials Management, Equipment Management, Purchasing, Work Orders, and Fleet Vehicle Tickets for Miami-Dade Fire Rescue (MDFR).

This work order is valued over \$1 million and is being presented to the Board for authorization in accordance with the directive established in Resolution No. R-1145-05 (see attached). The authorization requested will allow for award of a work order for Miami-Dade Aviation Department in the amount of \$1,536,000 to Data Industries Ltd, the responsive and responsible prequalified vendor offering the lowest price to integrate MDAD's existing Enterprise Resource Planning (ERP) system with EAM. The ERP serves as the financial and human resources system for MDAD. MDAD identified the need for implementation services to expand the existing functionality available on EAM, and integrate with ERP to allow operations to be streamlined and eliminate potential errors resulting from manual data transfers. A Request for Qualifications was issued to all prequalified vendors describing the specific needs of MDAD. Approval of this work order will allow ETSD to transfer the needed allocation to MDAD in order to initiate and complete the project. No additional funds are requested.

# Memorandum

**Date:** October 18, 2005  
**To:** Honorable Chairman Joe A. Martinez  
and Members, Board of County Commissioners  
**From:** George M. Burge  
County Manager  
**Subject:** Bid Award Recommendations

Agenda Item No. 8(O)(1)(C)

## RECOMMENDATION

It is recommended that the Board of County Commissioners (BCC) approve the attached award of competitive contracts, contract modifications, and award of competitively bid contracts of other governmental entities. The allocations shown represent the maximum authorized spending authority based on an estimated value of purchases, and in no way guarantee the value of orders placed with the awarded vendors.

## BACKGROUND

### **Section 1 AWARD OF COMPETITIVE BIDS**

All contracts in this section are recommended for award to the lowest responsive, responsible bidder(s) who meet the bid specifications in accordance with established policies and procedures. Bid announcements were advertised on the DPM website and in four local newspapers: Diario Las Americas, Haiti En Marche, Miami Times and Daily Business Review. The following awards are recommended:

Award of Item 1.1 (Uniforms) is to establish a replacement contract for shirts, blouses, trousers, jackets, belts, caps, and shorts for multiple departments.

Award of Item 1.2 (Datastream Implementation, Pre-qualification of Vendors) is to establish a replacement contract to pre-qualify vendors for future bidding to provide Datastream consulting services and skills transfer services for ETSD.

### **Section 2 REJECTED BIDS**

There are no items for this section.

### **Section 3 COMPETITIVE CONTRACT MODIFICATIONS**

A competitive contract modification is when the requested supplemental allocation for goods or services is within the scope of the original contract award and allocation.

Item 3.1 (Coarse Aggregates) is for additional spending authority only to allow Miami-Dade Transit to access this contract for the purchase of ballast rock.

7

Item 3.2 (Trash and Garbage Collection) is for additional spending authority and time to ensure continuity of trash and garbage collection services for multiple departments until a replacement contract is awarded.

**Section 4 PURCHASES MADE UNDER COMPETITIVELY AWARDED CONTRACTS OF OTHER GOVERNMENTAL ENTITIES**

The County occasionally accesses items from contracts competed and awarded by federal, state and local governments, and by not-for-profit organizations, when it is legally permissible, it is determined to be in the best interest of the County, and the item is not available through an existing County contract.

Item 4.1 (Reflective Sheeting) is to allow Public Works to access a competitively awarded Osceola County Florida contract for the purchase of reflective sheeting and sign materials.

**Section 5 REQUESTS FOR APPROVAL TO ADVERTISE AND AWARD THE FORMATION OF CONTRACT POOLS OF PRE-QUALIFIED VENDORS**

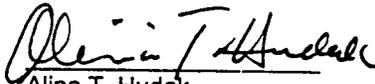

The solicitations listed in this Section require approval to advertise and to award the formation of contract pools of pre-qualified vendors under full and open competition. The award of actual work or purchase orders takes place after the formation of the contract pool using a competitive process among the pre-qualified pool members for each specific requirement.

There are no items for this section.

**Section 6 REQUESTS FOR AUTHORITY TO EXERCISE "OPTIONS-TO-RENEW" (OTR's) UNDER EXISTING CONTRACTS THAT WOULD BRING THE CUMULATIVE CONTRACT VALUE TO MORE THAN \$1 MILLION**

The contracts listed in this section require approval to exercise any future "option-to-renew" (OTR) contained in the contracts that would, if exercised, bring the cumulative value of the contract over \$1 million. Each of the contracts were awarded using full and open competition under the County Manager's delegated authority pursuant to Section 2-8.1(b) of the County Code and the Master Procurement Administrative Order, A.O. 3-38, and each contains an OTR provision that would, in the future, if exercised, bring the cumulative value of the contract above \$1 million.

There are no items for this section.

Comments:

Authorization is requested to add allocations for the Miami-Dade Transit (MDT) and Public Works (PW) Departments to this contract. The original contract was awarded under the County Manager's delegated authority; however, the allocation for these two departments require Board of County Commissioners (BCC) and Citizen's Independent Transportation Trust (CITT) approval.

The reduction in the estimated contract allocations requested when comparing the new and previous contract is based on estimated usage. The allocations for the new contract were based on actual expenditures.

This short-term replacement contract was issued as recommended by the Goods and Services Committee, to replace a contract with Black/Hispanic/Women (B/H/W) Business Enterprise measures. This contract was issued to cover the gap between the expiration of the previous contract with B/H/W measures, and does not contain Small Business Enterprise (SBE) measures. The award of the long-term replacement contract will include the appropriate SBE measures. This interim contract will end as soon as the long-term replacement contract takes effect.

Proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami Dade County may be used to pay for part of the costs of this contract for Miami-Dade Transit (MDT) and Public Works (PW).

The bid was advertised on the DPM website and in four local newspapers: Diario Las Americas; Miami Times; Daily Business Review; and Haiti En Marche.

Contract Manager(s):

Malcolm Clark, Senior Procurement Agent, Department of Procurement Management.

This contract includes allocations for twelve departments; each department will designate a department-specific Contract Manager.

Contract Effective Date:

The MDI and PW allocations for this contract will become effective only after approval by the Citizen's Independent Transportation Trust or re-affirmed by the County Commission.

Woolpert, Inc.

Estimated Contract Usage: \$3,200,000

Previous Contract Usage: \$925,000 (contract BW7588-0/05, for a initial set-up of the Datastream application.)

Review Committee Recommendation: Small Business Enterprise (SBE) Bid Preference

Review Committee Date: May 18, 2005

Local Preference: The Local Preference was not applied in the establishment of the pool. The Local Preference will be applied on all subsequent work orders in accordance with the applicable Ordinance.

UAP: This contract includes the 2% User Access Fee. The County will collect the UAP fee.

Living Wage: The services to be provided are not covered under the Ordinance.

Comments: Miami-Dade County has acquired software licenses from Datastream, which will provide the platform for an Enterprise Asset Management System (EAMS) in the County and will become the Countywide standard for enterprise asset management. In order to implement the platform across the various County departments, this pool will be used to competitively award work orders, to assist departments in migrating their current data sources, create interfaces with existing County applications, (FAMIS, ADPICS, etc), provide training, and other needed services.

This contract replaces the Datastream Implementation Pool contract. The previous solicitation process resulted in the rejection of all bids as a result of the federal court ruling issued by Judge Adalberto Jordan, on August 20, 2004 and as recommended by the Goods and Services Committee. The contract was in its final stages of award when the ruling was issued.

In the interim, the County utilized the State of Florida IT Consulting Pool contract to purchase services that were deemed to be critical due to public health/safety, financial/regulatory, continuity of essential operations and/or to satisfy Commission priorities.

All bidders meeting or exceeding the criteria established in the Invitation to Bid (ITB) are placed on a pre-qualification list that may be accessed by the County's lead agency, Enterprise Technology Services Department (ETSD), or other departments, in order to obtain price quotations for Datastream consulting and skills transfer services. These services will include, but not be limited to: data conversion and extraction, change data capture strategies, data standardization and cleansing, DataStream 7i Project Management, DataStream 7i Installation, Implementation and Special Application Configuration, DataStream 7i Web Services, Databridge and Mobile.

This contract requires a competitive Request for Quotes (RFQ) for each procurement. Specific scopes of work will be developed for each project. All vendors who have been pre-qualified in the pool will be invited to offer a response to the RFQs. This solicitation process is consistent with County procurement policies and procedures. Individual work orders issued with a value exceeding \$1 million will be presented to the BCC for approval to award.

Enterprise Technology Partners, Inc., Keane, Inc., and Maxcenter, Inc. each responded to this Invitation to Bid and are in the process of complying with the minimum requirements necessary for award recommendation.

During the term of this contract, as these vendors and/or additional vendors meet the County's administrative and legislative requirements, authorization is requested to add them to the contract pool pursuant to Section 2, Special Conditions, of the ITB.

The bid was advertised on the DPM website and in four local newspapers: Diario Las Americas; Miami Times; Daily Business Review; and Haiti En Marche.

Contract Manager(s):

Rogelio Anasagasti, Senior Procurement Contracting Officer, Department of Procurement Management.

Orlando Suarez, Division Director, ETSD.

Contract Effective Date:

The effective date of this contract will be 10 days after expiration of the Mayoral veto period and completion of the period stipulated for reconsideration of the approval by the BCC.

Type of Change: Additional spending authority and time

Existing Allocation: \$ 6,493,258

Increase By: \$ 2,205,905

Modified Allocation: \$ 8,699,163

Current Expiration: October 31, 2005

Modified Expiration: April 30, 2006

Reason for Change: Authorization is requested for additional spending authority and time to ensure continuity of trash and garbage collection services for multiple departments until a replacement contract is awarded.

Bids for the replacement contract are expected to be received in October 2005, and an award recommendation will be presented to the Board 60 days prior to the expiration of this extension.

Proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to pay for part of the costs of this contract for Public Works (PW).

Contract Manager(s): Abelin Rodriguez, Senior Procurement Agent, Department of Procurement Management.

This contract includes allocations for fifteen departments; each department will designate a department-specific Contract Manager.

Contract Effective Date: The effective date of this additional authorization will be 10 days after expiration of the Mayoral veto period and completion of the period stipulated for reconsideration of the approval by the BCC. The PW allocation on the contract will become effective only after approval by the Citizen's Independent Transportation Trust or re-affirmed by the County Commission.

**Comments:**

Authorization is requested to add an allocation for the Public Works Department (PW). The contract has been awarded under the County Manager's delegated authority; however, the allocation for this department requires Board of County Commissioners (BCC) and Citizen's Independent Transportation Trust (CITT) approval.

Proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to pay for part of the costs of this contract for Public Works (PW).

The Osceola County contract was awarded on an open, competitive basis. The pricing under that contract is lower than the pricing on a State of Florida contract formerly accessed by Miami-Dade County.

The Osceola County contract may be extended for an additional year. Authorization is requested to continue to access the contract throughout its extension period. The allocated funds will be pro-rated based on the current contract allocation in accordance with the renewal period for the Osceola County contract.

**Contract Manager(s):**

Mark Ripley, Supervisor, Bids and Contracts Division, Department of Procurement Management.

James Jackson, Storekeeper, Public Works.

This contract includes allocations for three departments; each department will designate a department-specific Contract Manager.

**Contract Effective Date:**

The effective date of this contract will be 10 days after expiration of the Mayoral veto period and completion of the period stipulated for reconsideration of the approval by the BCC. The PW allocation in this contract will become effective only after approval by the Citizen's Independent Transportation Trust or re-affirmed by the County Commission.
