

Memorandum

Date: November 15, 2011

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor 

Subject: Resolution Waiving Formal Bid Procedures for a Non-Competitive Contract
Modification

Agenda Item No. 8(F)(7)

Resolution No. R-961-11

Recommendation

It is recommended that the Board of County Commissioners waive competitive bidding procedures for the attached contract modification to purchase goods and services pursuant to Section 2-8.1 of the County Code and Section 5.03(D) of the Home Rule Charter, in the best interest of Miami-Dade County. ***Contract amount and department allocations represent the maximum spending authority based on utilization. This action does not guarantee that the total contract amount/value will be expended by County departments and/or agencies.***

Scope

The impact of the items in the accompanying Bid Waiver Package is countywide in nature.

Fiscal Impact/Funding Source

Funding will be expended only if departmental budget can support the expenditures approved in their Resource Allocation Plan adopted annually by the Board. Allocations have been rounded consistent with standard auditing practices.

Track Record/Monitor

There are no known performance issues with the vendor recommended for award in the accompany Bid Waiver Package. Each department's contract manager is reflected in the accompanying Bid Waiver agenda item.

Delegated Authority

If this item is approved, the County Mayor or County Mayor's designee will have the authority to exercise in their discretion subsequent options-to-renew (OTR) and extend contracts for purchase of goods and services in accordance with the terms and conditions of the contracts listed in the accompanying Bid Waiver Package.

Background

NON-COMPETITIVE CONTRACT MODIFICATION

A non-competitive contract modification is a supplemental allocation for goods or services that exceed the scope of the original contract allocation, or a modification of an established non-competitive contract, representing a waiver of the competitive bidding process under Administrative Order 3-38.

Item 1: Relia-Vote Equipment, Software, and Associated Services is to modify this contract for additional spending authority to allow the Miami-Dade Elections Department to purchase

Item 1

Contract No.: SS8541-0/13

Contract Title: Relia-Vote Equipment, Software, and Associated Services

Description: To modify this contract for additional spending authority to allow the Miami-Dade Elections Department to purchase software license upgrades as well as maintenance and support services for the existing Relia-Vote Mail Balloting System (System). Authorization is also requested to exercise the three options-to-renew. This System is used for printing, sorting, assembling, mailing, and tracking ballots for "vote by mail" processes for all countywide and municipal elections.

Type of Change: Additional spending authority, and to authorize negotiated options-to-renew

Existing Allocation: \$ 693,000

Increase By: \$ 400,000

Modification Allocation: \$1,093,000

Current Expiration: December 31, 2013

Modified Expiration: Unchanged

REASON FOR CHANGE

This is a request for authorization to consolidate two previously awarded contracts to support the Miami-Dade Elections Department. Both contracts were awarded to Pitney Bowes, Inc for the Reliavote System used for processing absentee ballots. In 2006, the Board approved a lease-to-own contract for sorting and ballot assembly components. In 2007, the Board approved a lease-to-own contract for data management, tracking and printing components. This modification will consolidate these two contracts and add three, one-year options-to-renew (OTRs). Maintenance and support services will be combined into a single annual payment for all system components to provide ease of contract administration, and to avoid interruption in services. Staff negotiated with Pitney Bowes to reduce the proposed cost of the option terms by \$49,583. The modification will also allow for purchase of software license upgrades to maintain compatibility with new United States Postal Service barcode technology, as well as to gain access to enhanced tracking and reporting capabilities.

The System includes specialized equipment and integrated software necessary for an accurate and efficient "vote by mail" process. The System processes absentee ballots, prints required information onto envelopes, and automatically assembles outgoing ballots. It sorts, tracks and audits outgoing and incoming ballot packages, as well as automates and calculates payments to the United States Postal Service (USPS) for all mailed ballots.

The continuous functionality of this System is an operational necessity for the Elections Department to provide absentee ballot voting to registered voters, and will be essential during the 2012 presidential election cycle. Pitney Bowes, Inc is the sole proprietor and developer of the system. Maintenance and support services, including onsite technical support, are required to protect against interruptions in operations. This modification will ensure that appropriate funding is available under this contract to provide continuity of services for all components of this essential system for Elections.
