

Date: November 3, 2011

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

Agenda Item No. 8(F)(1)

From: Carlos A. Gimenez
Mayor

Subject: Resolution Requesting Authority to Exercise Option-to-Renew Periods Under Existing
Non-Competitive Contracts

Resolution No. R-927-11

Recommendation

It is recommended that the Board of County Commissioners delegate to the County Mayor or County Mayor's designee the authority to exercise, in their discretion, the Options-to-Renew (OTRs) set forth in this item. Ordinance #07-139 provides for committee review exemption. **Contract amounts and/or department allocations represent the maximum spending authority based on estimated past usage. This action does not guarantee that the total contract amount/value will be expended by County departments and/or agencies.**

Scope

The impact of the items in the accompanying OTR package is countywide in nature.

Fiscal Impact/Funding Source

Funding will be expended only if departmental budgets can support the expenditures as approved in their Resource Allocation Plan adopted annually by the Board.

Track Record/Monitor

There are no known performance issues with the vendors recommended for award in the accompanying OTR package. Each departments' contract manager is reflected in the accompanying agenda item.

Delegated Authority

If this item is approved, the County Mayor or County Mayor's designee will have the authority to exercise OTRs in accordance with the terms and conditions of the contracts listed in the accompanying package.

Background

The non-competitive contracts listed in this item require approval to exercise OTRs contained in each contract. Each of the contracts were awarded under the County Mayor or County Mayor's designee's delegated authority (\$100,000 for non-competitive procurements) pursuant to Section 2-8.1(b) of the County Code and the Master Procurement Administrative Order, A.O. 3-38.

Prior to exercising any Options-to-Renew (OTR) periods, market research is conducted to ensure continuing to purchase from the awarded vendors is in the best interest of the County. Market research includes competitive factors such as pricing, quality, product features, technology, and lead time. It may also include commercial factors such as environmental issues, other governmental entity practices, industry trends, support and capabilities. The OTRs for each contract in this package will be executed if determined to be in the best interest of the County.

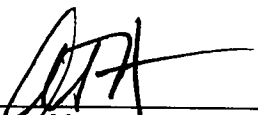

Item No. 1: Water Quality Monitoring Equipment Maintenance and Parts seeks authority to exercise the remaining OTR period to procure maintenance services and parts for the existing water quality monitoring equipment used by Permitting, Environmental and Regulatory Affairs. The amount being requested for the remaining option term is **\$50,000**.

Item No. 2: Breeze Hoist Overhaul, Parts, and Repair seeks authority to exercise the two remaining OTR periods to purchase parts, overhaul, and repair services from Breeze-Eastern Corporation for the hoists installed in Air Rescue Helicopters owned by the Miami-Dade Fire Rescue Department. The amount being requested for the remaining option terms is **\$420,000**.

Item No. 3: Levi Ray & Shoup Software Maintenance & Support Services seeks authority to exercise the remaining OTR period to allow the Information Technology to purchase software maintenance and support services for the Levi, Ray and Shoup software. The amount being requested for the remaining option term is **\$48,000**.

Item No. 4: Traffic Control Computer Hardware Maintenance Services seeks authority to exercise the remaining OTR period to allow the Public Works and Waste Management's Traffic Signals and Signs Division to purchase equipment maintenance services for the existing Traffic Control Computer System. The amount being requested for the remaining option term is **\$25,000**.

Item No. 5: High Scope Educational Research seeks authority to exercise the remaining OTR period for the Head Start/Early Start Program curriculum training for the Community Action and Human Services. The amount being requested for the remaining option term is **\$43,000**.

Deputy Mayor

Item 1**Contract No.:** SS8693-2/12-1**Contract Title:** **Water Quality Monitoring Equipment Maintenance and Parts**

Description: It is recommended that the Board authorize the County Mayor or County Mayor's designee to exercise the remaining Option-to-Renew (OTR) period to continue to purchase maintenance services and parts for the existing water quality monitoring equipment for Permitting, Environmental and Regulatory Affairs. Exercising the final OTR period will bring the cumulative value of the contract to \$178,000.

Initial Contract Term and Usage: November 17, 2008 to November 16, 2010 \$ 78,000

First OTR and Usage: November 17, 2010 to November 16, 2011 \$ 50,000

Second OTR and Usage: November 17, 2011 to November 16, 2012 \$ 50,000

Cumulative Value: **\$178,000**

JUSTIFICATION

This contract provides Permitting, Environmental and Regulatory Affairs maintenance services and parts for the existing water quality monitoring equipment provided by YSI, Inc. The equipment used by biologists and hydrologists tests water and monitors projects as required by federal regulations. Water testing is conducted on a weekly basis at Biscayne Bay and in the Everglades to detect contamination and environmental hazardous materials.

Following a full and open competitive process, the original purchase for water quality monitoring equipment was awarded in February 2006 for an initial two-year term awarded to YSI, Inc. (formerly known as AMJ Environmental). The existing sole source contract was issued in November 2008, for a two-year term, with two option-to-renew periods through a non-competitive process for continued maintenance services and parts.

Continuation of this contract is required to provide the department with maintenance services and parts for the water quality monitoring equipment. YSI, Inc. is the manufacturer and sole provider of parts and maintenance services for this equipment. No other vendor is able to provide the required service. It is recommended that the final OTR be approved, as it is in the best interest of Miami-Dade County for the continuity of services.

Item 2**Contract No.:** SS9005-3/13-1**Contract Title:** Breeze Hoist Overhaul, Parts, and Repair

Description: It is recommended that the Board authorize the County Mayor or County Mayor's designee to exercise the two remaining Option-to-Renew (OTR) periods to purchase parts, overhaul, and repair services from Breeze-Eastern Corporation for the hoists installed in Air Rescue helicopters owned by Miami-Dade Fire Rescue (MDFR). Exercising the two remaining OTR periods will bring the cumulative value of the contract to \$840,000.

Initial Contract Term and Usage:	May 19, 2009 to May 18, 2010	\$210,000*
First OTR and Usage:	May 19, 2010 to November 18, 2011	\$210,000
Second OTR and Estimated Usage:	November 19, 2011 to November 18, 2012	\$210,000
Third OTR and Estimated Usage:	November 19, 2012 to November 18, 2013	<u>\$210,000</u>
Cumulative Value:		\$840,000

*Includes a modification in the amount of \$110,000 approved by the Board via Resolution R-222-10

JUSTIFICATION

Miami-Dade Fire Rescue (MDFR) operates four Air Rescue helicopters equipped with Breeze-Eastern Corporation hoists. These hoists are used to rescue persons who are injured or stranded in locations that would otherwise be inaccessible by other rescue vehicles and/or personnel. The hoists are a critical component of each of the Air Rescue helicopters. This contract allows purchase of parts needed to maintain the hoists, obtain repair services by certified technicians, and overhaul the hoists to extend their useful life.

Breeze-Eastern Corporation is the sole provider of the required parts, repair services, and overhaul for the hoists in the Continental United States. Approval of the remaining option-to-renew periods will ensure continuity of preventative maintenance and repair services.

Item 3**Contract No.:** BW7220-4/12-3**Contract Title:** Levi Ray & Shoup Software Maintenance & Support Services

Description: It is recommended that the Board authorize the County Mayor or the County Mayor's designee to exercise the remaining Option-To-Renew (OTR) period to provide the Information Technology Department with the ability to purchase software maintenance and support services for the Levi, Ray and Shoup (LRS) software. Exercising the remaining OTR period will bring the cumulative value of the contract to \$298,000.

Initial Contract Term and

Usage:	November 26, 2007 through November 25, 2008	\$ 80,000
First OTR and Usage:	November 26, 2008 through November 25, 2009	\$ 80,000
Second OTR and Usage:	November 26, 2009 through November 25, 2010	\$ 45,000
Third OTR and Usage:	November 26, 2010 through November 25, 2011	\$ 45,000
Fourth OTR and Usage:	November 26, 2011 through November 25, 2012	<u>\$ 48,000</u>
Cumulative Value:		\$298,000

JUSTIFICATION

This contract is used by the Information Technology Department for software maintenance and technical support services for the Levi, Ray and Shoup (LRS) VPS®, VPS/TCPIP and DRS software. The LRS software is used to streamline printing in the mainframe computer environment by efficiently routing data to the most appropriate printer or output device. The LRS software enhances the mainframe printing system by providing a management tool, allowing enhanced monitoring of print jobs, and facilitating correction of printing problems. All County mainframe applications rely on this software to print jobs at remote locations. The software maintenance and support services for this tool are proprietary to LRS. It is therefore in the best interest of the County to exercise the remaining option-to-renew period.

Item 4**Contract No.:** BW6089-3/12-2**Contract Title:** Traffic Control Computer Hardware Maintenance Services

Description: It is recommended that the Board authorize the County Mayor or the County Mayor's designee to exercise the remaining option-to-renew (OTR) period to provide the Public Works and Waste Management the ability to purchase equipment maintenance services for the Traffic Control Computer System. Exercising the remaining OTR will bring the cumulative value of the contract to \$167,000.

Third OTR and Usage:	December 1, 2011 through November 30, 2012	<u>\$ 25,000</u>
Cumulative Value:		\$167,000

JUSTIFICATION

This contract provides the Traffic Signals & Signs Division of Public Works and Waste Management with hardware maintenance, parts, and support services for the existing Traffic Control Computer System (System) maintained by ModComp, Inc. ModComp, Inc. is the original equipment manufacturer. The primary function of the System is to control and monitor traffic signals to ensure safe and efficient movement of vehicular and pedestrian traffic. The System was designed and installed in the early 1970s and has been enhanced over the years to meet the operational needs of the County. ModComp, Inc. is the sole manufacturer and proprietor of the System.

A new modernized traffic control system is scheduled to be operational within the next 6-8 months. Exercising the final option-to-renew period for this contract will allow continuity of service until the new system is fully implemented and operational. As the new system becomes operational, maintenance services to the present system will be reduced gradually. This reduction is reflected in the value for this last renewal period.

Item 5**Contract No.:** SS8669-3/12-2**Contract Title:** High Scope Educational Research

Description: It is recommended that the Board authorize the County Mayor or County Mayor's designee to exercise the remaining Option-to-Renew (OTR) period for Head Start/Early Start Program curriculum training for Community Action and Human Services. Exercising the remaining OTR period will bring the cumulative value of the contract to \$172,000.

Initial Contract Term and

Usage:	January 1, 2009 to July 31, 2009	\$ 43,000
First OTR and Usage:	August 1, 2009 to July 31, 2010	\$ 43,000

Third OTR and Usage:	February 1, 2012 to January 31, 2013	<u>\$ 43,000</u>
Cumulative Value:		\$172,000

JUSTIFICATION

This contract provides curriculum training and assistance to teachers working with the Head Start/Early Start Program. The Head Start/Early Start Program offers comprehensive child development services to economically disadvantaged children and families with a special focus on helping preschoolers develop early reading and math skills. The vendor, High Scope Educational Research Foundation, designed the curriculum which focuses on developmentally appropriate practices for preschool children.

The program and curriculum have been in use for over 20 years. This has provided continuity and a high-level educational approach necessary for early childhood programs to have a positive effect. The curriculum uses best practices recommended by the National Association for Education of Young Children, and provides ongoing classroom observation, feedback and mentoring to teachers. The extent to which individual teachers implement the curriculum after training is measured through systematic observation of classrooms over time, and involves interviews with teachers and ongoing assessment of children's development.

High Scope Educational Research Foundation is the developer and copyright owner of the curriculum. They are the sole source for obtaining training materials and support for the instructional, professional development and assessment instruments contained within the curriculum. It is therefore in the best interest of the County to exercise the remaining option-to-renew.
