

Memorandum

Date: December 6, 2011

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor 

Subject: Resolution Authorizing the Execution of a Supplemental Joint Participation Agreement with the Florida Department of Transportation to Provide Additional State Funding in the Amount of \$185,004 for the Operation and Realignment of the Miami-Dade Transit Route 133 Bus Feeder Service

Agenda Item No. 8(O)(1)

Resolution R-1075-11

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) authorize the execution of a Supplemental Joint Participation Agreement (SJPA) in substantially the form attached, with the Florida Department of Transportation (FDOT) to provide additional State funding in the amount of \$185,004 for the operation and temporary re-alignment of Route 133, extending bus feeder service to the Hialeah Market Station and Tri-Rail/Metrorail Transfer Station while train service is relocated during the Miami Intermodal Center (MIC) construction.

It is further recommended that the Board authorize the receipt and expenditure of funds as specified in this agreement. No local match is required to receive the State funding provided by this SJPA.

SCOPE

While this route runs through Commission Districts 6 and 13, the impact of this project benefits the riding public and is therefore, countywide.

FISCAL IMPACT/FUNDING SOURCE

FDOT is providing \$185,004 in State funds for Fiscal Year (FY) 2011-2012 for the operation and temporary re-alignment of the Route 133 bus feeder service to the Hialeah Market Station and Tri-Rail/Metrorail Transfer Station while train service is relocated during construction of the MIC. The funding of \$185,004 provided by this SJPA increases the overall State contribution to \$292,923. No local match is required for this SJPA.

The State has programmed an additional \$123,000 in the Adopted Five Year Work Program for FY 2012-2013 to fund the future operating costs of this route extension. Miami-Dade Transit (MDT) anticipates operating this re-alignment until September 2013. The estimated on-going annual operating cost for re-alignment of Route 133 is \$191,847.

TRACK RECORD/MONITOR

MDT has entered into numerous funding agreements with FDOT over the course of more than 25 years. The Project Manager for this SJPA is Suzanne Salichs, Ph.D., Grants Manager, MDT, Financial Services.

DELEGATED AUTHORITY

In accordance with Section 2-8.3 of the Miami-Dade County Code related to identifying delegation of Board authority, there are no authorities beyond that specified in the resolution which includes authority for the Mayor, Mayor's designee or the MDT Director to execute the agreement and receive and expend these and any additional funds should they become available.

BACKGROUND

Florida Statutes Section 343.54 (3)(g) enacted in 2003, grants authority to the South Florida Regional Transportation Authority (SFRTA) to develop and provide feeder transit services to/from stations within/across counties. Feeder service is defined as any agreed upon means of bus and/or rail equipment used to transport SFRTA passengers to/from a SFRTA train station.

Since 2002, Miami-Dade County and the SFRTA have had an Interlocal Agreement which provides reimbursement of approximately \$660,000 to the County for operation of the SFRTA Bus Feeder Services. This agreement provides fare free bus feeder service to patrons transferring to and from Tri-Rail. Two feeders are covered in the Interlocal Agreement—Routes 132 and 133. Route 132 goes from the Hialeah Market Station to Doral via 36th Street. Route 133 connected passengers between the Miami Airport Station and the Airport Terminal.

Because the Miami Airport station is adjacent to the on-going construction of the AirportLink's Metrorail station, this required SFRTA to change their southern terminus to the Hialeah Market Station instead of the Miami Airport Station. As a result, this also required MDT to re-align the Route 133, by extending service to the Hialeah Market Station.

On April 4, 2011, the original JPA authorized by the Board (R-239-11), approved \$107,919 in State funding for the operation and re-alignment of the Route 133 while the train service relocated during the MIC construction. Due to railroad operating capacity limitations, Tri-Rail must truncate two afternoon trips to the Hialeah Market Station at the Tri-Rail/Metrorail Transfer Station. Therefore, the Route 133 re-alignment will now be extended to the Tri-Rail/Metrorail Transfer Station in addition to the Hialeah Market Station.

SFRTA originally anticipated the closing of the Miami Airport Station in March 2011, which would have yielded MDT an estimated cost savings of approximately \$90,000 for flagging services required at the MIC station. However, due to the issues surrounding railroad operational capacity limitations, the closing of the station did not occur until September 12, 2011. Therefore, the original projected savings did not materialize.

MDT anticipates operating this Route 133 re-alignment until September 2013. The funding of \$185,004 provided by this SJPA increases the overall State contribution to \$292,923. The State will continue to provide additional funding as needed for future operation of this bus feeder service.

Comments:

Due to railroad operating capacity limitations during MIC construction, at least two Tri-Rail trains must truncate their normal trip to the Hialeah Marketplace Station at the Tri-Rail/Metrorail Station. This agreement is modified to make the MDT bus service meeting those trains eligible for reimbursement under this agreement.

NOTICE OF PUBLIC HEARING

Notice is hereby given that a public hearing will be held by the Regional Transportation Committee (RTC) of the Miami-Dade County Board of County Commissioners in the Commission Chambers, second floor, 111 NW First Street, Miami, Florida, during a meeting to begin at approximately 9:30 A.M. on November 7, 2011 to consider a project for which financial assistance is being sought from the Florida Department of Transportation (FDOT). The project is as follows:

MIAMI-DADE TRANSIT (MDT) SERVICE ADJUSTMENTS TO THE ROUTE 133 BUS FEEDER SERVICE

Miami-Dade Transit re-aligned the Route 133 on September 12, 2011, extending bus feeder service to the Hialeah Market and Tri-Rail Metrorail Transfer Stations while train service is relocated during the Miami Intermodal Center (MIC) construction. The Florida Department of Transportation (FDOT) will provide the funding required for the costs of this re-alignment.

At the hearing, the Regional Transportation Committee will afford an opportunity for interested persons or agencies to be heard with respect to the social, economic, and environmental aspects of the project. Interested persons may submit orally or in writing evidence and recommendations with respect to said project.

A person who decides to appeal any decision made by any board, agency, or commission with respect to any such matter considered at its meeting or hearing will need a record of all proceedings. Such person may need to insure that a verbatim record of the proceedings is made, including testimony and evidence upon which the appeal is based.
