Agenda Item No. 8(0)(3)

Mayor

Resolution R-1077-11

Subject: Resolution Authorizing the Execution of a Joint Participation Agreement with the Florida Department of Transportation for Public Transit Block Grant Program Funds in the Amount of \$19,820,774

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) authorize the execution of a Joint Participation Agreement (JPA) in substantially the form attached hereto with the Florida Department of Transportation (FDOT) for the receipt of \$19,820,774 from the Public Transit Block Grant Program (Block grant) for public bus transit service operating assistance with a sub-allocation for the South Florida Vanpool Program (SFVP).

It is further recommended that the Board authorize the receipt and expenditure of funds as specified in the agreement. Miami-Dade County proposes to provide an equal match of \$19,820,774 for this JPA from Miami-Dade Transit's (MDT) operating budget for a total JPA amount of \$39,641,548. No federal funds are included as part of this JPA.

SCOPE

The impact of this project benefits the public, and is therefore, Countywide.

FISCAL IMPACT/FUNDING SOURCE

This JPA reflects an original allocation of \$19,820,774 (\$19,448,660 for the Block grant and \$372,114 for the SFVP). The State's \$19,820,774 funding contribution would be matched equally by Miami-Dade County from MDT bus transit service assistance (operating expenditures index code MT710800) as programmed in the adopted Fiscal Year 2011-12 operating budget of MDT. This funding is for operating assistance for 2012 year's budget only and therefore has no fiscal impact on any future budgets.

This agreement also includes a sub-allocation to the SFVP in the amount of \$372,114. The SFVP State allocation (\$372,114) will be passed through to the Miami-Dade Metropolitan Planning Organization (MPO), exclusive of the matching funds provided by the County. As the pass-through entity, MDT will receive a 5% administrative fee (\$18,605), which will be deducted directly from the State's contribution (\$372,114).

TRACK RECORD/MONITOR

MDT has entered into numerous funding agreements with FDOT over the course of more than 25 years. The Project Manager for this JPA is Suzanne Salichs, Ph.D., Grants Manager, MDT Financial Services.

DELEGATED AUTHORITY

In accordance with Section 2-8.3 of the Miami-Dade County Code related to identifying delegation of Board authority, there are no authorities beyond that specified in the resolution which include authority for the Mayor, Mayor's designee or the MDT Director to execute the agreement and receive and expend these and any additional funds should they become available.

BACKGROUND

In 1989, the Florida Legislature established the Public Transit Block Grant Program to provide assistance to public transit providers that are eligible for Federal Transit Administration (FTA) formula funds. The program is funded by gas taxes deposited in the State Transportation Trust Fund.

Eligibility for the Public Transit Block Grant Program funds is determined by a formula using information from the National Transit Database (NTD). The State's participation is limited to 50% of the non-federal share of capital projects and 50% of eligible operation costs. State law strictly prohibits using Public Transit Block Grant funds to supplant local tax dollars provided for transit operations.

This JPA will provide \$19,820,774 in operating assistance for fixed route bus operations in Miami-Dade County. Eligible costs are limited to bus operating, dispatching, and maintenance activities. Also included in this agreement is a sub-allocation to the SFVP in the amount of \$372,114. This funding represents the proportional share of the Public Transit Block Grant Program funding as derived from the NTD reported for the SFVP.

A study by the MPO entitled, "Congestion Mitigation: Public-Private Partnership Study" recommended the implementation of a vanpool program to combat congestion. In January 1998, the Miami-Dade MPO initiated the recommended vanpool program as a three-year demonstration project. Congestion Mitigation and Air Quality (CMAQ) Improvement Program funding through FDOT, District 6, was used to launch the vanpool service.

The SFVP has served commuters since 1998; offering a high quality, shared-travel option for groups of up to 15 commuters interested in an alternative to driving to work alone. The service also improves access for commuters to areas not currently served by public transit. Participants are charged a monthly fare which covers the cost of the van, insurance, all maintenance, 24-hour roadside assistance, loaner/back-up van, program administration and 24-hour customer service. One or two members of the vanpool drive the van on a daily basis and park the van at their home overnight. To reduce operating costs and encourage participation in the program, each van is provided with a monthly subsidy of \$400. This is a regional program that covers the tri-county area. As of April 2011, the program has 219 vanpools and is projected to have approximately 231 vans in place by December 2011.

The SFVP allocation is included in the Block grant because the program is funded by FDOT out of the same funding source. In addition, on November 20, 2008 the Board approved a Memorandum of Understanding (MOU) with the Miami-Dade MPO, which identified MDT as the FTA designated grant recipient for this funding (R-1173-08). Pursuant to the MOU, MDT serves as a pass-through for the MPO on this program. MDT receives a 5% administrative fee for conducting the bid process for the program, grant administration, finance, project management, performance reporting and exchange of FTA funds to State funds.

MDT's Operating Budget for Fiscal Year (FY) 2012 programs this Block grant funding exclusively as operating assistance for MDT bus transit services.

8.20 The Department's Obligations: Subject to other provisions hereof, the Department will honor such requisitions in amounts and at times deemed by the Department to be proper to ensure the carrying out of the project and payment of the eligible costs. However, notwithstanding any other provision of this Agreement, the Department may elect by notice in writing not to make a payment on the project if:

8.21 Misrepresentation: The Agency shall have made misrepresentation of a material nature in its application, or any supplement thereto or amendment thereof, or in or with respect to any document or data furnished therewith or pursuant hereto;

8.22 Litigation: There is then pending litigation with respect to the performance by the Agency of any of its duties or obligations which may jeopardize or adversely affect the project, the Agreement, or payments to the project;

8.23 Approval by Department: The Agency shall have taken any action pertaining to the project which, under this agreement, requires the approval of the Department or has made related expenditures or incurred related obligations without having been advised by the Department that same are approved;

8.24 Conflict of Interests: There has been any violation of the conflict of interest provisions contained herein;
or

8.25 Default: The Agency has been determined by the Department to be in default under any of the provisions of the Agreement.

8.26 Federal Participation (If Applicable): Any federal agency providing federal financial assistance to the project suspends or terminates federal financial assistance to the project. In the event of suspension or termination of federal financial assistance, the Agency will reimburse the Department for all disallowed costs, including any and all federal financial assistance as detailed in Exhibit "B."

8.30 Disallowed Costs: In determining the amount of the payment, prior to receipt of annual notification of funds availability, the Department will exclude all projects costs incurred by the Agency prior to the effective date of this Agreement, costs which are not provided for in the latest approved budget for the project, and costs attributable to goods or services received under a contract or other arrangements which have not been approved in writing by the Department and costs invoiced prior to receipt of annual notification of fund availability.

8.40 Payment Offset: If, after project completion, any claim is made by the Department resulting from an audit or for work or services performed pursuant to this agreement, the Department may offset such amount from payments due for work or services done under any public transportation joint participation agreement which it has with the Agency owing such amount if, upon demand, payment of the amount is not made within sixty (60) days to the Department. Offsetting amounts shall not be considered a breach of contract by the Department.

9.00 Termination or Suspension of Project:

9.10 Termination or Suspension Generally: If the Agency abandons or, before completion, finally discontinues the project; or if, by reason of any of the events or conditions set forth in Sections 8.21 to 8.26 inclusive, or for any other reason, the commencement, prosecution, or timely completion of the project by the Agency is rendered improbable, infeasible, impossible, or illegal, the Department will, by written notice to the Agency, suspend any or all of its obligations under this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected, or the Department may terminate any or all of its obligations under this Agreement.

9.11 Action Subsequent to Notice of Termination or Suspension. Upon receipt of any final termination or suspension notice under this paragraph, the Agency shall proceed promptly to carry out the actions required therein which may include any or all of the following: (1) necessary action to terminate or suspend, as the case may be, project activities and contracts and such other action as may be required or desirable to keep to the minimum the costs upon the basis of which the financing is to be computed; (2) furnish a statement of the project activities and contracts, and other undertakings the cost of which are otherwise includable as project costs; and (3) remit to the Department such portion of the financing and any advance payment previously received as is determined by the Department to be due under the provisions of the Agreement. The termination or suspension shall be carried out in conformity with the latest schedule, plan, and budget as approved by the Department or upon the basis of terms and conditions imposed by the Department upon the failure of the Agency to furnish the schedule, plan, and budget within a reasonable time. The approval of a remittance by the Agency or the closing out of federal financial participation in the project shall not constitute a waiver of any claim which the Department may otherwise have arising out of this Agreement.

9.12 The Department reserves the right to unilaterally cancel this Agreement for refusal by the contractor or Agency to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, F.S. and made or received in conjunction with this Agreement.

10.00 Remission of Project Account Upon Completion of Project: Upon completion of the project, and after payment, provision for payment, or reimbursement of all project costs payable from the project account is made, the Agency shall remit to the Department its share of any unexpended balance in the project account.

11.00 Audit and Inspection: The Agency shall permit, and shall require its contractors to permit, the Department's authorized representatives to inspect all work, materials, payrolls, records, and to audit the books, records and accounts pertaining to the financing and development of the project.

12.00 Contracts of the Agency:

12.10 Third Party Agreements: Except as otherwise authorized in writing by the Department, the Agency shall not execute any contract or obligate itself in any manner requiring the disbursement of Department joint participation funds, including consultant, construction or purchase of commodities contracts or amendments thereto, with any third party with respect to the project without the written approval of the Department. Failure to obtain such approval shall be sufficient cause for nonpayment by the Department as provided in Section 8.23. The Department specifically reserves unto itself the right to review the qualifications of any consultant or contractor and to approve or disapprove the employment of the same.

12.20 Compliance with Consultants' Competitive Negotiation Act: It is understood and agreed by the parties hereto that participation by the Department in a project with an Agency, where said project involves a consultant contract for engineering, architecture or surveying services, is contingent on the Agency complying in full with provisions of Chapter 287, F.S., Consultants' Competitive Negotiation Act. At the discretion of the Department, the Agency will involve the Department in the Consultant Selection Process for all contracts. In all cases, the Agency's Attorney shall certify to the Department that selection has been accomplished in compliance with the Consultants' Competitive Negotiation Act.

12.30 Disadvantaged Business Enterprise (DBE) Policy

12.31 DBE Policy: The Agency and its contractors agree to ensure that Disadvantaged Business Enterprises as defined in 49 CFR Part 26, as amended, have the maximum opportunity to participate in the performance of contracts and this Agreement. In this regard, all recipients, and contractors shall take all necessary and reasonable steps in accordance with 49 CFR Part 26, as amended, to ensure that the Disadvantaged Business Enterprises have the maximum opportunity to compete for and perform contracts. Grantees, recipients and their contractors shall not discriminate on the basis of race, color, national origin or sex in the award and performance of Department assisted contracts.

The recipient shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of any DOT-assisted contract or in the administration of its DBE program or the requirements of 49 CFR part 26. The recipient shall take all necessary and reasonable steps under 49 CFR part 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts. The recipient's DBE program, as required by 49 CFR part 26 and as approved by DOT, is incorporated by reference in this agreement. Implementation of this program is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the recipient of its failure to carry out its approved program, the Department may impose sanctions as provided for under part 26 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. 3801 *et seq.*)

12.40 The Agency agrees to report any reasonable cause notice of noncompliance based on 49 CFR Part 26 filed under this section to the Department within 30 days of receipt by the Agency.

13.00 Restrictions, Prohibitions, Controls, and Labor Provisions:

13.10 Equal Employment Opportunity: In connection with the carrying out of any project, the Agency shall not discriminate against any employee or applicant for employment because of race, age, creed, color, sex or national origin. The Agency will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, age, creed, color, sex, or national origin. Such action shall include, but not be limited to, the following: Employment upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Agency shall insert the foregoing provision modified only to show the particular contractual relationship in all its contracts in connection with the development or operation of the project, except contracts for standard commercial supplies or raw materials, and shall require all such contractors to insert a similar provision in all subcontracts, except subcontracts for standard commercial supplies or raw materials. When the project involves installation, construction, demolition, removal, site improvement, or similar work, the Agency shall post, in conspicuous places available to employees and applicants for employment for project work, notices to be provided by the Department setting forth the provisions of the nondiscrimination clause.

13.20 Title VI - Civil Rights Act of 1964: Execution of this Joint Participation Agreement constitutes a certification that the Agency will comply with all the requirements imposed by Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d, *et seq.*), the Regulations of the Federal Department of Transportation issued thereunder, and the assurance by the Agency pursuant thereto.

13.30 Title VIII - Civil Rights Act of 1968: Execution of this Joint Participation Agreement constitutes a certification that the Agency will comply with all the requirements imposed by Title VIII of the Civil Rights Act of 1968, 42 USC 3601, *et seq.*, which among other things, prohibits discrimination in housing on the basis of race, color, national origin, creed, sex, and age.

13.40 Americans with Disabilities Act of 1990 (ADA): Execution of this Joint Participation Agreement constitutes a certification that the Agency will comply with all the requirements imposed by the ADA (42 U.S.C. 12102, et. seq.), the regulations of the federal government issued thereunder, and the assurance by the Agency pursuant thereto.

13.50 Prohibited Interests: The Agency shall not enter into a contract or arrangement in connection with the project or any property included or planned to be included in the project, with any officer, director or employee of the Agency, or any business entity of which the officer, director or employee or the officer's, director's or employee's spouse or child is an officer, partner, director, or proprietor or in which such officer, director or employee or the officer's, director's or employee's spouse or child, or any combination of them, has a material interest.

"Material Interest" means direct or indirect ownership of more than 5 percent of the total assets or capital stock of any business entity.

The Agency shall not enter into any contract or arrangement in connection with the project or any property included or planned to be included in the project, with any person or entity who was represented before the Agency by any person who at any time during the immediately preceding two years was an officer, director or employee of the Agency.

The provisions of this subsection shall not be applicable to any agreement between the Agency and its fiscal depositories, any agreement for utility services the rates for which are fixed or controlled by the government, or any agreement between the Agency and an agency of state government.

13.60 Interest of Members of, or Delegates to, Congress: No member or delegate to the Congress of the United States shall be admitted to any share or part of the Agreement or any benefit arising therefrom.

14.00 Miscellaneous Provisions:

14.10 Environmental Pollution: Execution of this Joint Participation Agreement constitutes a certification by the Agency that the project will be carried out in conformance with all applicable environmental regulations including the securing of any applicable permits. The Agency will be solely responsible for any liability in the event of non-compliance with applicable environmental regulations, including the securing of any applicable permits, and will reimburse the Department for any loss incurred in connection therewith.

14.20 Department Not Obligated to Third Parties: The Department shall not be obligated or liable hereunder to any party other than the Agency.

14.30 When Rights and Remedies Not Waived: In no event shall the making by the Department of any payment to the Agency constitute or be construed as a waiver by the Department of any breach of covenant or any default which may then exist, on the part of the Agency, and the making of such payment by the Department while any such breach or default shall exist shall in no way impair or prejudice any right or remedy available to the Department with respect to such breach or default.

14.40 How Agreement Is Affected by Provisions Being Held Invalid: If any provision of this Agreement is held invalid, the remainder of this Agreement shall not be affected. In such an instance the remainder would then continue to conform to the terms and requirements of applicable law.

14.50 Bonus or Commission: By execution of the Agreement the Agency represents that it has not paid and, also, agrees not to pay, any bonus or commission for the purpose of obtaining an approval of its application for the financing hereunder.

14.60 State or Territorial Law: Nothing in the Agreement shall require the Agency to observe or enforce compliance with any provision thereof, perform any other act or do any other thing in contravention of any applicable State law: Provided, that if any of the provisions of the Agreement violate any applicable State law, the Agency will at once notify the Department in writing in order that appropriate changes and modifications may be made by the Department and the Agency to the end that the Agency may proceed as soon as possible with the project.

14.70 Use and Maintenance of Project Facilities and Equipment: The Agency agrees that the project facilities and equipment will be used by the Agency to provide or support public transportation for the period of the useful life of such facilities and equipment as determined in accordance with general accounting principles and approved by the Department. The Agency further agrees to maintain the project facilities and equipment in good working order for the useful life of said facilities or equipment.

14.71 Property Records: The Agency agrees to maintain property records, conduct physical inventories and develop control systems as required by 49 CFR Part 18, when applicable.

14.80 Disposal of Project Facilities or Equipment: If the Agency disposes of any project facility or equipment during its useful life for any purpose except its replacement with like facility or equipment for public transportation use, the Agency will comply with the terms of 49 CFR Part 18 relating to property management standards. The Agency agrees to remit to the Department a proportional amount of the proceeds from the disposal of the facility or equipment. Said proportional amount shall be determined on the basis of the ratio of the Department financing of the facility or equipment as provided in this Agreement.

14.90 Contractual Indemnity: To the extent provided by law, the Agency shall indemnify, defend, and hold harmless the Department and all of its officers, agents, and employees from any claim, loss, damage, cost, charge, or expense arising out of any act, error, omission, or negligent act by the Agency, its agents, or employees, during the performance of the Agreement, except that neither the Agency, its agents, or its employees will be liable under this paragraph for any claim, loss, damage, cost, charge, or expense arising out of any act, error, omission, or negligent act by the Department or any of its officers, agents, or employees during the performance of the Agreement.

When the Department receives a notice of claim for damages that may have been caused by the Agency in the performance of services required under this Agreement, the Department will immediately forward the claim to the Agency. The Agency and the Department will evaluate the claim and report their findings to each other within fourteen (14) working days and will jointly discuss options in defending the claim. After reviewing the claim, the Department will determine whether to require the participation of the Agency in the defense of the claim or to require that the Agency defend the Department in such claim as described in this section. The Department's failure to promptly notify the Agency of a claim shall not act as a waiver of any right herein to require the participation in or defense of the claim by Agency. The Department and the Agency will each pay its own expenses for the evaluation, settlement negotiations, and trial, if any. However, if only one party participates in the defense of the claim at trial, that party is responsible for all expenses at trial.

15.00 Plans and Specifications: In the event that this Agreement involves the purchasing of capital equipment or the constructing and equipping of facilities, the Agency shall submit to the Department for approval all appropriate plans and specifications covering the project. The Department will review all plans and specifications and will issue to the Agency written approval with any approved portions of the project and comments or recommendations concerning any remainder of the project deemed appropriate. After resolution of these comments and recommendations to the Department's satisfaction, the Department will issue to the Agency written approval with said remainder of the project. Failure to obtain this written approval shall be sufficient cause for nonpayment by the Department as provided in 8.23.

16.00 Project Completion, Agency Certification: The Agency will certify in writing on or attached to the final invoice, that the project was completed in accordance with applicable plans and specifications, is in place on the Agency facility, that adequate title is in the Agency and that the project is accepted by the Agency as suitable for the intended purpose.

17.00 Appropriation of Funds:

17.10 The State of Florida's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature.

17.20 Multi-Year Commitment: In the event this Agreement is in excess of \$25,000 and has a term for a period of more than one year, the provisions of Chapter 339.135(6)(a), F.S., are hereby incorporated: "(a) The Department, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The Department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years; and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of 25,000 dollars and which have a term for a period of more than 1 year."

18.00 Expiration of Agreement: The Agency agrees to complete the project on or before December 31, 2013. If the Agency does not complete the project within this time period, this Agreement will expire unless an extension of the time period is requested by the Agency and granted in writing by the District Secretary or Designee. Expiration of this Agreement will be considered termination of the project and the procedure established in Section 9.00 of this Agreement shall be initiated.

18.10 Final Invoice: The Agency must submit the final invoice on this project to the Department within 120 days after the expiration of this Agreement.

19.00 Agreement Format: All words used herein in the singular form shall extend to and include the plural. All words used in the plural form shall extend to and include the singular. All words used in any gender shall extend to and include all genders.

20.00 Execution of Agreement: This Agreement may be simultaneously executed in a minimum of two counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute one in the same instrument.

21.00 Restrictions on Lobbying:

21.10 Federal: The Agency agrees that no federal appropriated funds have been paid or will be paid by or on behalf of the Agency, to any person for influencing or attempting to influence any officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any federal contract, grant, loan or cooperative agreement.

If any funds other than federal appropriated funds have been paid by the Agency to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Joint Participation Agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

The Agency shall require that the language of this section be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

21.20 State: No funds received pursuant to this contract may be expended for lobbying the Legislature or a state agency.

22.00 Vendors Rights: Vendors (in this document identified as Agency) providing goods and services to the Department should be aware of the following time frames. Upon receipt, the Department has five (5) working days to inspect and approve the goods and services unless the bid specifications, purchase order or contract specifies otherwise. The Department has 20 days to deliver a request for payment (voucher) to the Department of Financial Services. The 20 days are measured from the latter of the date the invoice is received or the goods or services are received, inspected and approved.

If a payment is not available within 40 days after receipt of the invoice and receipt, inspection and approval of goods and services, a separate interest penalty in accordance with Section 215.422(3)(b), F.S. will be due and payable, in addition to the invoice amount to the Agency. The interest penalty provision applies after a 35 day time period to health care providers, as defined by rule. Interest penalties of less than one (1) dollar will not be enforced unless the Agency requests payment. Invoices which have to be returned to an Agency because of vendor preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the Department.

A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for Agencies who may be experiencing problems in obtaining timely payment(s) from the Department. The Vendor Ombudsman may be contacted at (850) 413-5516.

2. shall expressly require any subcontractors performing work or providing services pursuant to the state contract to likewise utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the contract term.

The Agency shall publish in the local newspaper of its area, in the format prescribed by the Department, the productivity and performance measures established for the transit providers most recently completed fiscal year and the prior fiscal year. This report shall be approved by the Department of Transportation prior to its publication. The Agency must submit the final invoice to the Department no later than one hundred and twenty (120) days after the expiration of this agreement. Failure to submit the final invoice within 120 days will result in non-payment by the Department.

Funds encumbered for this contract will be forfeited if not expended by March 31 of the fifth fiscal year following the fiscal year of encumbrance. Forfeiture of said funds may further result in termination or voidance of the contract.

Third Party Purchasing Obligations

The Agency's Legal Counsel shall certify that its purchasing procedures are ethical, fair, open and competitive.

The Agency shall obtain prior written concurrence from the Department for any third party purchases exceeding \$10,000. Failure to obtain concurrence will result in non-payment by the Department.

Compliance Requirements:

In developing audit procedures to test compliance with the requirements for a state project, the auditor should first look to Part Two, Matrix of Compliance Requirements, to identify which of the 10 types of compliance requirements described in Part Three of the Compliance Supplement are applicable and then look to Parts Three and Four for the details of the requirements.

Allowed Activities:

Block grant funds may be used for eligible capital and operating costs of public transit providers. Funds may also be used for transit service development and transit corridor projects. Projects shall be consistent with applicable approved local government comprehensive plans. Local tax revenue made available for operating costs shall not be

supplanted by block grant funds. (FDOT Procedure Topic Number 725-030-030-f, Section 1.2 and 1.3)

All projects must be consistent, to the maximum extent feasible, with the approved local government comprehensive plans of the units of local government in which the project is located. (Section 341.052(2),(c), Florida Statutes)

If an audit reveals that an eligible provider expended block grant funds on unauthorized uses, the provider must repay to FDOT an amount equal to funds expended for unauthorized uses. (Section 341.052(7),(c), Florida Statutes)

Allowable Costs:

Cost for which public transit block grant program funds may be expended include:

- 1) Cost of public bus transit and local public fixed guideway capital projects.
- 2) Costs of public bus transit service development and transit corridor projects. Whenever block grant funds are used for a service development project or a transit corridor project, the use of such funds is governed by Section 341.051, Florida Statutes. Local transit service development projects and transit corridor projects currently operating under contract with FDOT shall continue to receive state funds according to the contract until such time as the contract expires. Transit corridor projects, wholly within one county, meeting or exceeding performance criteria as described in the contract shall be continued by the transit provider at the same or higher level of service until such time as FDOT, the Metropolitan Planning Organization and the service provider agree to discontinue the service. The provider may not increase fare for service in transit corridor projects wholly within one county without the consent of FDOT.
- 3) Cost of public bus transit operations.
(Section 341.052(2), Florida Statutes)

Cash Management:

State agencies which are expressly authorized by law to make advances for project startup or contracted services in total or periodically, shall limit such advances to other governmental entities and nonprofit entities. The amount to be advanced may not exceed the expected cash needs of the recipient within the initial 3 months. Thereafter disbursements are to be made only on a reimbursement basis. The Chief Financial Officer, after consultation with the appropriations committee, may advance funds beyond a 3-month requirement if it is determined to be consistent with the intent of the approved operating budget. Any agreement that provides for advances may contain a clause that permits the recipient to temporarily invest the proceeds, provided that any interest income either be returned to the agency or applied against the agency's obligation to pay the contract amount. (Section 216.181, Florida Statutes) Specific cash management requirements unique to a state project may be found in the laws, rules, and the provisions of contracts or grant agreements pertaining to the project. For projects listed in the Compliance Supplement, these specific requirements are in Part Four.

Eligibility:

Funding is limited to public transit providers eligible to receive funding from the Federal Transit Administration's Section 5307 and 5311 programs, and to Community

Transportation Coordinators. Projects must be consistent with applicable approved local government comprehensive plans. (725-030-004 entitled "Section 5311 Program")

Matching:

State participation in eligible capital projects shall be limited to 50 percent of the nonfederal share of such project costs. (Section 341.052(3)(a), Florida Statutes)

State participation in eligible public transit operating costs may not exceed 50 percent of such costs or an amount equal to the total revenue, excluding farebox, charter, and advertising revenue and federal funds, received by the provider for operating costs, whichever amount is less. (Section 341.052(3)(b), Florida Statutes)

All projects must be consistent, to the maximum extent feasible with the approved local government comprehensive plans of the units of local government in which the project is located. (Section 341.052(2)(c), Florida Statutes)

NOTE: Section 400(d) of OMB Circular A-133, as revised, and Section 215.97(5)(a), Florida Statutes, require that the information about Federal Programs and State Projects included in this exhibit be provided to the recipient.
