Mayor 

Subject: Transportation America, Inc. application for a Passenger Motor Carrier Certificate of
Transportation

Agenda Item No. 8(N)(2)

Resolution No. R-382-12

RECOMMENDATION

It is recommended that the Board approve the application of Transportation America, Inc for a Passenger Motor Carrier (PMC) Certificate of Transportation to provide contract carrier service.

SCOPE

This PMC Certificate of Transportation is countywide, allowing the certificate holder to operate in unincorporated and incorporated areas of Miami-Dade County.

FISCAL IMPACT/FUNDING SOURCE

Licensing, operating permit and inspection fees are collected by the Sustainability, Planning and Economic Enhancement Department to support regulatory activities. There is an annual regulatory fee of \$625 per certificate and \$625 per vehicle that will yield \$1,250 in revenue annually if the company operates only one (1) vehicle. PMC certificate holders can operate an unlimited number of vehicles under the certificate. Vehicle inspections are \$38 per vehicle.

TRACK RECORD/MONITOR

Applicant is a new service provider; however, the principal of the company is also an officer of other for-hire transportation companies which hold twenty-one (21) nonemergency certificates, two (2) Passenger Motor Carrier (PMC) certificates, a Special Transportation Services (STS) Certificate (providing services through Miami-Dade Transit's paratransit program), and a private ambulance certificate. The applicant is in compliance with all Code requirements. The Sustainability, Planning and Economic Enhancement Department will be responsible for monitoring this company.

BACKGROUND

On February 17, 1981, the Board of County Commissioners adopted Ordinance 81-17, subsequently amended by Ordinance 85-20 on April 16, 1985, which regulates the passenger motor carrier industry in Miami-Dade County under Chapter 31 of the Code of Miami-Dade County.

Section 31-103 of the Code provides the procedures to be followed by Miami-Dade County in processing certificate applications. Based on those requirements, a public hearing has been scheduled before the Board of County Commissioners. At the conclusion of the public hearing the Board may issue or refuse to issue the certificate, or issue the certificate with such modifications or upon such terms and conditions as in its judgment the public interest may require. In reaching its determination, the Board shall consider the application, the County Manager's report and recommendation, all matters presented at the public hearing, and among others, the following criteria:

1. That the applicant is fit, willing and able, in accordance with the requirements of this section, to provide the transportation to be authorized by the certificate and is able to comply with this article and regulation of the Commission.
2. That the transportation to be provided under the requested certificate is consistent with the public interest.
3. That the proposed transportation service will improve the quality of transportation available to the public.

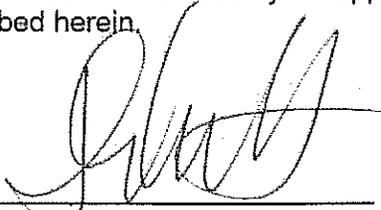

Transportation America, Inc., located at 2766 NW 62 Street, Miami, FL 33147, seeks to obtain a Passenger Motor Carrier Certificate of Transportation to provide contract carrier service. This class of service is defined as any passenger motor carrier who is not a common carrier and who repeatedly or continuously transports persons for compensation under written contracts with one or more persons. Transportation is required to be prearranged at least 24-hours prior to service, using chauffeur driven vehicles with a seating capacity of nine or more, but less than 28 passengers, excluding the driver.

The management plan submitted by Mr. Raymond Gonzalez, President of Transportation America, Inc., includes maintenance, communication, and record keeping systems and meets the requirements of the Code. All required financial statements and credit references have been submitted and the proposed service standards adequately meet passenger transportation and comfort needs. A background investigation reveals no criminal conviction for the applicant or any corporate officers within five years of the date of the application.

On February 9, 2012, the City of Miami Commission adopted Resolution 12-0047 approving a Professional Services Agreement with Transportation American, Inc. pursuant to which the company will provide on-demand transportation service. The City offers this service to low-income residents meeting at least one of the following two criteria: (1) are aged 65 years of older; or (2) have a disability, as defined by the American with Disabilities Act (ADA) with the exception of individuals who are currently receiving Special Transportation Services (STS) benefits through Miami-Dade County or any other entities. The City of Miami has estimated that the contract will service about 14,000 trips a year.

The service is funded by the City's share of the Transit Surtax pursuant to Miami-Dade County Ordinance No. 02-116, as amended on March 15, 2011 (Ordinance No. 11-13) allowing surtax funds to be spent on on-demand transportation services for low-income seniors and individuals with disabilities within municipalities.

In July 1998, the Board approved Resolution R-1404-98 placing a moratorium on new PMC applications, with certain exceptions. One of the exceptions is a finding of public interest. The proposed on-demand service will augment transit services and increase mobility and access to businesses and services for certain segments of the population. Based on this information, it is in the best interest of the County to approve this request to offer prearranged contract carrier service as described herein.

ARTICLE III. PASSENGER MOTOR CARRIERS*

Sec. 81-101. Transportation policy.

To assure the development and maintenance of a safe, healthy and efficient passenger transportation system for Miami-Dade County, the Commission, County Manager and County staff, in carrying out the duties and responsibilities prescribed in this article, shall consider the following as being in the public interest:

- (1) Reliance on market forces and on actual and potential competition among all transportation modes, so as to provide transportation services at competitive prices.
- (2) Coordination of regulatory decision-making with the transportation improvement plan, and the orderly development of an integrated transportation/transit system for Miami-Dade County so as to ensure the development and maintenance of a transportation/transit system responsive to the needs of the public, in which regulatory decisions are reached fairly and expeditiously, and with consideration of their costs and benefits.
- (3) Improvement of motor vehicle safety.
- (4) Achievement of County, national and State energy conservation goals.
- (5) Reduced concentration of market power, and prevention of unfair, deceptive, predatory or anticompetitive practices.
- (6) Reduction of restrictive regulatory barriers to entry into the industry and promotion of equal opportunities.
- (7) Promotion of the safety and welfare of the residents and visitors of Miami-Dade County who use the services of passenger motor carriers to meet their transportation needs.

*Editor's note—Ord. No. 81-17, adopted Feb. 17, 1981, did not specify manner of codification; therefore, inclusion of §§ 2-16 as Art. III, §§ 81-101-81-115, has been at the editor's discretion.
