Memorandum

DATE: July 3, 2012

TO: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

FROM: Carlos A. Gimenez
Mayor 

SUBJECT: Resolution Declaring Three (3) Genetic Analyzers Surplus and Authorizing Donation to Florida International University

Recommendation

It is recommended that the Board of County Commissioners approve the attached resolution supporting the County Mayor or County Mayor's Designee action to authorize the donation of three (3) genetic analyzers to the Florida International University International Forensic Research Institute from the Miami-Dade Police Department, Forensic Services Bureau, Crime Laboratory.

Scope

The equipment will be used by students at the Florida International University, a public institution.

Fiscal Impact/Funding Source

Miami-Dade County would not incur any costs.

Track Record/Monitor

The donation of surplus equipment from the Miami-Dade Police Department will be conducted in compliance with Florida Statutes and Miami-Dade County Code.

Background

The Miami-Dade Police Department, Forensic Services Bureau, Crime Laboratory routinely analyzes DNA as one of its responsibilities. Considerable equipment is used in carrying out these analyses. The genetic analyzers to be donated are an average of 13 years old and are costly to service and maintain.

The Florida International University has a forensic science program which could use the equipment to train students on industry standard equipment. These instruments will support undergraduate and graduate research in forensic science. This equipment would be used to support the training effort in a forensic biology laboratory class and also a summer workshop on DNA instrumentation and analyses.
