Memorandum

MIAMI-DADE COUNTY

Date: July 3, 2012

Agenda Item No. 8(M)(5)

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Subject: Resolution Approving Transfer of Assets of Sunrise Transportation, Inc.

Resolution No. R-569-12

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve the transfer of all of the assets of Sunrise Transportation, Inc., the holder of three (3) Nonemergency Certificates of Public Convenience and Necessity, to Ms. Kenia Rodriguez.

SCOPE

These Certificates of Public Convenience and Necessity are countywide, allowing the certificate holder to operate in unincorporated and incorporated areas of Miami-Dade County.

FISCAL IMPACT/FUNDING SOURCE

Licensing, operating permit and inspection fees are collected by the Department of Regulatory and Economic Resources to support regulatory activities. There is an annual regulatory fee of $625 per certificate that will yield $1,875 in revenue annually for the three (3) certificates. Vehicle inspections are $38 per vehicle.

TRACK RECORD/MONITOR

Applicant has been a registered chauffeur since 2008. The applicant is in compliance with all Code requirements. The Department of Regulatory and Economic Resources will be responsible for monitoring this company.

BACKGROUND

On December 18, 1980, the Board of County Commissioners adopted Ordinance 80-145, later codified in Chapter 4, Article III of the Code of Miami-Dade County, providing for the regulation of nonemergency medical transportation.

Section 4-44 (i) of the Code provides the procedures to be followed by Miami-Dade County in processing transfer applications. No certificate may be sold, assigned or transferred to another until the proposed sale, assignment, or transfer has been approved by the Board. In considering the proposed transfer of ownership or control of the certificate, the Board shall consider the application, the Mayor's recommendation, all matters presented during the public hearing, and among others, the following criteria:

(1) The ability of the applicant to provide the proposed service;
(2) The adequacy of the management plan of the applicant; and
(3) The benefits that will accrue to the public interest from the proposed service.

Sunrise Transportation, Inc. has been providing nonemergency medical transportation service in Miami-Dade County since June 2009. They are currently authorized to operate three (3) nonemergency vehicles. In July 2010, the company informed the County that it had entered into an Asset Purchase

Agreement with Ms. Kenia Rodriguez. The agreement established the sale of all of the company's assets to Ms. Rodriguez for $100.

Kenia Rodriguez, d/b/a Sunrise Transportation, Inc., located at 10935 SW 55 Street, Miami, Florida 33165, seeks to provide wheelchair nonemergency medical transportation to and from various medical facilities throughout Miami-Dade County seven (7) days a week, 24 hours a day. Nonemergency Transportation rates are not regulated by Miami-Dade County; however, under the Code the Certificate Holder must file their rates with the Department of Regulatory and Economic Resources and post them within the passenger compartment section of each vehicle. The proposed rates are $25 per person, one-way. The vehicles operated under these certificates will be required to meet the requirements of Section 4-49 of the Code establishing vehicle inspection frequencies.

The management plan submitted by Ms. Kenia Rodriguez, owner of Sunrise Transportation, Inc., includes maintenance, communication, and record keeping systems and meets the requirements of the Code. All required financial statements and credit references have been submitted. The proposed service standards meet all requirements of the Code and adequately meet transportation and comfort needs. A background investigation reveals no criminal record within the last five years for the officer(s) of the corporation.

The proposed services to be provided under these certificates will increase the availability of licensed nonemergency medical transportation in Miami-Dade County thus providing increased competition and high service standards to the public.

ARTICLE III. NONEMERGENCY MEDICAL TRANSPORTATION*

Sec. 4-41. Short title.

This article shall be known as the "Nonemergency Medical Transportation Ordinance."
(Ord. No. 80-145, § 1, 12-18-80)

Sec. 4-42. Legislative findings and intent.

(a) During the 1979 State legislative session, authority for regulation of nonemergency medical transportation was transferred from the Public Service Commission to the Department of Health and Rehabilitative Services (Chapter 401, Florida Statutes). It mandated the elimination of economic regulations at the State level and required each County to establish local control of the industry. A prior condition for obtaining a State license and permit is a County certificate of public convenience and necessity.

(b) The purpose of this article is to ensure the health and safety of those citizens who must use nonemergency transportation. Regulation of the nonemergency medical transportation industry is susceptible to and can most effectively be carried out under a uniform plan of regulation to [of] the County as a whole.

(c) Artificial restrictions upon the nonemergency medical transportation industry based solely upon economic regulations, that limit competition and impose unreasonable standards on the industry, are not in the best interest of the health, welfare, safety and convenience of the handicapped and disabled residents of the County who rely on this form of transportation. The riding public should not be required to bear the effects of governmentally imposed restrictions upon the industry which are artificial or unnecessary.
