ORDINANCE NO. _____ 10-62 _____

ORDINANCE APPROVING AND ADOPTING THE UNINCORPORATED MUNICIPAL SERVICE AREA FUND BUDGET FOR MIAMI-DADE COUNTY, FLORIDA, FOR THE FISCAL YEAR COMMENCING OCTOBER 1, 2010, AND ENDING SEPTEMBER 30, 2011; PROVIDING A SHORT TITLE; INCORPORATING THE 2010-11 PROPOSED BUDGET AS AMENDED; APPROPRIATING ALL BUDGETED EXPENDITURES; AUTHORIZING THE INVESTMENT OF COUNTY FUNDS IN THE TIME WARRANTS OF MIAMI-DADE COUNTY; AUTHORIZING THE TRANSFER OF FUNDS AS CASH ADVANCES PENDING RECEIPT OF TAXES; AUTHORIZING DEPOSIT OF INTEREST EARNED TO THE GENERAL FUND; RATIFYING AND APPROVING IMPLEMENTING ORDERS AND OTHER ACTIONS OF THE BOARD WHICH SET CHARGES, AUTHORIZING FEES CONSISTENT WITH APPROPRIATIONS AND PROVIDING FOR THEIR AMENDMENT; RECOGNIZING AND CONTINUING THE UNINCORPORATED MUNICIPAL SERVICE AREA; AUTHORIZING THE COUNTY MAYOR OR HIS DESIGNEE TO EXECUTE CERTAIN FUNDING AGREEMENTS; SUPERSEDING PRIOR ORDINANCES AND RESOLUTIONS IN CONFLICT; PROVIDING SEVERABILITY, EXCLUSION FROM THE CODE AND PROVIDING AN EFFECTIVE DATE

BE IT ORDAINED, BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA:

Section 1. This ordinance shall be known and may be cited as the "2010-11 Miami-Dade County Unincorporated Municipal Service Area Budget Ordinance".

Section 2. Pursuant to Section 5.03(B) of the Home Rule Charter, the County Mayor has recommended a proposed budget for the Unincorporated Municipal Service Area of Miami-Dade County, Florida, for the fiscal year commencing October 1, 2010. Said proposed budget document as submitted to the Board of County Commissioners ("Board") is incorporated herein by reference and is amended to include all of the applicable changes contained in the September 13, 2010, memorandum from the County Manager entitled "Information for First

Budget Hearing – 2010-11 Proposed Budget” and the September 23, 2010 County Manager’s memorandum entitled “Information for Second Budget Hearing-FY 2010-11 Proposed Budget” as further amended: (1) to include the changes read into the record by the County Manager and the Director of the Office of Strategic Business Management, including amendments to restore five administrative positions to the Department of Housing and Community Development and to fund extra mowing to the Public Works Department by reallocating \$500,000 used to fund the pilot Foreclosure Program described therein; (2) to establish the “Save Our Seniors – Homeowners’ Relief Fund” per the motion adopted by the Board, including statements regarding mid-year reconciliation made by the Director of the Office of Strategic Business Management; (3) per the motion adopted by the Board, to condition the release of \$2,765,876 of \$7,200,000 Public Health Trust operating funds allocated to Foundation Health Services until release is approved by this Board; and (4) to amend the Community-Based Organizations’ percent and funding allocations noted on typewritten page 6 of the County Manager’s Second Memorandum to decrease the Criminal Justice category from 15.4 percent to 12.4 percent for a total of \$298,000 and reallocate same to the Immigrant/New Entrants category per the motion adopted by the Board.

Section 3. The Unincorporated Municipal Service Area budget, including the five-year financial plan contained therein, is hereby approved and adopted, and the budgeted revenues and expenditures therein are hereby appropriated. Department expenditure allocations established by the County Mayor as revised and summarized in the attached budget are adopted as limitations of all expenditures, except as hereinafter provided; and appropriations have been hereby provided for outstanding indebtedness for the payment of vouchers that have been incurred in the current or prior year, but are not expected to be paid until the commencement of the new fiscal year. Receipts from sources not anticipated in the attached budget may be appropriated and expended by ordinance duly enacted by the Board in

accordance with Section 129.06(2)(d), Florida Statutes, and Section 1.02(A) of the Miami-Dade County Home Rule Charter. Adjustments within the same fund to departmental appropriations made in the attached budget may be approved from time to time by motion duly adopted by the Board in accordance with Section 129.06(2)(a), Florida Statutes and Ordinance No. 07-45, as amended. The Director of the Office of Strategic Business Management is authorized to approve adjustments to expenditure code allocations within the limit of the departmental or other appropriations made in the attached budget. All adjustments made in accordance with this ordinance are approved and ratified.

Section 4. Pursuant to the authority of Chapter 8015, Special Acts of Florida, 1919, which authorizes the Board of County Commissioners of Miami-Dade County, Florida, to borrow money and to issue time warrants, and pursuant to the authority of Section 129.02(5), Florida Statutes, which permits funds of the County to be invested in securities of the federal government and of the local governments in Florida, or both, the Finance Director is hereby authorized to invest these monies in the time warrants of Miami-Dade County, Florida.

Section 5. As provided in Section 5.03(C) of the Home Rule Charter, the Board hereby authorizes the transfer of any portion of the earnings or balance of the several funds, other than sinking funds, for obligations not yet retired, to the general funds of the County provided that such transfer be deemed a cash advance to meet operating and other expenses approved by the Board, and that all such advances shall be reimbursed before the end of the fiscal year upon receipt of adequate tax or other appropriate revenues. Provided, however, that this section in no way limits or restricts the power of the Board to transfer any unencumbered appropriation balance, or any portion thereof, from one department, fund or agency to another as provided by law pursuant to Section 5.03(C) of the Home Rule Charter.

Section 6. The Finance Director, pursuant to Section 5.03(C) of the Home Rule Charter, is hereby authorized to deposit to the accounts of the General Fund any interest on

deposits earned or accrued to the benefit of any trust funds, revolving accounts, working capital reserves or other funds held in trust by Miami-Dade County, unless specifically prohibited from doing so by trust or other agreements.

Section 7. All Implementing Orders and other actions of the Board setting fees and charges as well as all fees and charges consistent with appropriations adopted herein, are hereby ratified, confirmed and approved; and may be amended by subsequent Board action during the fiscal year.

Section 8. The Unincorporated Municipal Service Area is hereby recognized and continued. All funds budgeted for this area are provided by general taxes and other revenue related to this area.

Section 9. The County Mayor or his or her designee is hereby authorized to execute agreements for funding allocations for Community-based Organizations approved in this ordinance as a result of a Request for Proposal or other formal selection process or individual allocations approved by the Board in the form approved by the County Attorney.

Section 10. Notwithstanding any other provision of the County Code, resolution or Implementing Order to the contrary, non-profit entities awarded grants of County monies from the Elected Officials Discretionary Reserve, Commission Office Funds, or County Services Reserve shall not be required to complete affidavits of compliance with the various policies or requirements applicable to entities contracting or transacting business with the County.

Section 11. Unless otherwise prohibited by law, this ordinance shall supersede all provisions of prior ordinances and resolutions in conflict herewith; provided, however, nothing in this ordinance shall amend or supersede the requirements of Ordinance 07-45, as amended.

Section 12 If any section, subsection, sentence, clause or provision of this ordinance is held invalid, the remainder of this ordinance shall not be affected by such invalidity.

Section 13. The provisions of this ordinance shall become effective ten (10) days after the date of enactment unless vetoed by the Mayor, and if vetoed, shall become effective only upon override by this Board. In the event all or any particular component of this ordinance are vetoed, the remaining components, if any, shall become effective ten (10) days after the date of enactment and the components vetoed shall become effective only upon override by this Board.

Section 14. This ordinance does not contain a sunset provision.

Section 15. It is the intention of the Board of County Commissioners, and it is hereby ordained that the provisions of this Ordinance shall be excluded from the Code of Miami-Dade County.

PASSED AND ADOPTED: SEP 24 2010

Memorandum

County Manager 

Subject: Information for First Budget Hearing – FY 2010-11 Proposed Budget

This report accompanies the FY 2010-11 Budget Ordinances for your consideration at the first budget hearing on September 13, 2010. This document details all adjustments the Administration believes are necessary from what was included in the FY 2010-11 Proposed Budget, as well as making recommendations for other adjustments you may consider. The total value of all adjustments contained in this document is \$15.550 million and is composed of the \$17.147 million associated with the increased millage rate set by the Board for the Library System, \$20.501 million in decreased ad valorem revenues resulting from Value Adjustment Board adjustments to the 2009 property tax roll, and overall increases of \$10.711 million in grants and other proprietary revenues. This represents three tenths of one percent of the Proposed Operating Budget of \$4.715 billion. The Public Health Trust adjustments total \$242 million.

The Proposed Budget based on the July 1 tax roll was released on July 7, 2010. Subsequently, the Property Appraiser, as stipulated by State Statute, advertised the tentative millage rates as approved by the Board on July 20, 2010. The Countywide, UMSA, Fire Rescue Service District, and Library System tentative millage rates are 5.4275, 2.2980, 2.5753, and 0.35 mills, respectively. The attached ordinances reflect the revenues generated by the proposed millage rates. Pursuant to State law, the tentative millage rates approved at the first budget hearing cannot be higher than those established in July without re-noticing all property owners and cannot be increased at the second hearing.

The ordinances also incorporate technical changes and adjustments, corrections of scriveners' errors, corrections of appropriation posting errors, and current estimates of grants for agencies and departments. Cash carryover for proprietary funds have been adjusted where appropriate. In addition, Attachment A is the revised Operating Budget, Countywide, and UMSA Revenue Summary Charts released as part of the Proposed Budget document with corrections to the figures for property tax and revenue proprietary/other revenues, a portion of which was misclassified. This was strictly a presentation issue which does not affect the estimated budgeted revenues.

It is recommended that various code requirements, and/or resolutions be amended including: repealing and replacing Sections 2-1501 through 2-1506 related to the Office of Economic Development and International Trade, repealing Sections 2-2011 through 2-2023 related to the Community Periodical Advertising Program, and waiving Section 2-11.1 (S)(2)(b) relating to the use of Lobbyist Trust Fund revenue of the Code of Miami-Dade. Changes necessary for the merger of Building Code Compliance and Building Neighborhood Compliance are also included. Legislative items recommended to be rescinded or amended are referenced in the corresponding budget ordinances and explained in more detail in this memorandum.

As you are aware, the FY 2011-12 operating budget for the Miami-Dade Fire Rescue Service District will be even more challenging than the one being recommended for the upcoming fiscal year. By the end of FY 2010-11, the Fire District would have depleted its entire \$17 million emergency contingency reserve, among other measures to avoid reducing front line fire and emergency rescue services. In order to provide maximum flexibility for the Board of County Commissioners to have alternative funding options for Fire District suppression services in the future, we will begin the statutorily required four consecutive weeks of public advertisement necessary for the Board to pass a resolution of intent to use the property tax notice and billing mechanism to collect a non-ad valorem assessment for fire protection. Passage of

this resolution does not commit the Board to any specific course of action, but it will substantially reduce the potential costs of statutorily required public notice and decrease the cost associated with the collection of revenue should the Board decide to implement a non-ad valorem fire assessment. The resolution of intent will be presented to the Board in October.

As part of this year's budget development process, we held 55 departmental resource allocation meetings and, as required under Ordinance 07-45, two Revenue Estimating Conferences, all of which were publicly noticed meetings. We also held 15 public meetings throughout the County on August 3, 4, 30, and 31 and September 1, pursuant to R-1018-94, to discuss tax rates and fee changes (Attachment B is a copy of the advertisements for these meetings). We also have and will continue to respond to numerous letters, e-mails, and phone calls from the public with questions about the budget. Between the first and second budget hearings, the Mayor and I will continue to work with you and the Commission Auditor on further refinements to the budget, as required, and adjustments will be incorporated as part of the information that will be provided to the Board for the second budget hearing on September 23, 2010.

Updated Tax Roll and Operating Reserve Adjustments

Subsequent to the release of the FY 2010-11 Proposed Budget, adjustments were made to the 2009 property tax roll that resulted in less revenues for purposes of maintaining no tax increase millage rates. These adjustments resulted in revenue losses in both Countywide and Unincorporated Municipal Service Area General Fund of \$18.558 million and \$1.943 million, respectively. The revenue gaps will be addressed through revised revenue in the General Fund, now that we have additional actual activity on which to project, and adjustments to expenditure projections for Community Redevelopment Agency (CRA) tax increment payments, the Wage/Separation/Energy Reserve, and the use of earned bond interest to make debt service payments subsidized by the General Fund. These additional interest earnings allow for a reduction to the General Fund subsidy to the Capital Outlay Reserve. In addition, on July 20, 2010, the Board approved a tentative millage rate for the Library Taxing District of 0.350 mills, 0.1027 mills above that of the proposed millage rate of 0.2473 mills, generating an additional \$17.147 million in revenues for the Library District. These funds have been placed in a reserve for future services.

The recommended operating budget adjustments total \$15.550 million and are summarized in the table above and detailed in the following paragraphs.

Animal Services (ASD)

The trust fund ordinance schedule, which was inadvertently omitted (Fund TF 600, Subfund 022, project 022111), from the original submission, will reflect \$68,000, to include \$23,000 in additional grant proceeds.

Board of County Commissioners (BCC)

Per ordinance 10-45, approved July 8, 2010, the Office of Community Advocacy has been moved under the Board of County Commissioners. As a result, the BCC's Proposed Budget is being adjusted to reflect the transfer of five positions and \$728,000 in Countywide General Fund (Fund GF 010, Subfund 010).

Building and Neighborhood Compliance

Revenues for both the Department of Building and Neighborhood Compliance and the Building Code Compliance Office have seen significant reductions this past year and are projected to continue to decrease. By merging the departments, the County has been able to gain efficiencies in administration that have been used to minimize reductions to direct service positions, resulting from revenue constraints. Furthermore, although the County continued with a separate Building Code Compliance Office, the adoption of statewide Florida Building Code (FBC) in 2002, which re-assigned responsibility for local building codes from local governments to the Florida Building Commission, no longer necessitated maintaining a separate department.

Office of Economic Development and International Trade (OEDIT) and Community Action Agency (CAA)

To effectuate the changes associated with the creation of the Office of Economic Development and International Trade Consortium as indicated in the Proposed Budget, the accompanying ordinances incorporate the required code changes to achieve the goals set for OEDIT. It revises the Office's role to include the coordination, integration, and support of Miami-Dade County's various economic development initiatives/activities that can lead to increased economic development opportunities and job creation; creates and establishes a new advisory board that replaces the International Trade Consortium Board; OEDIT staff will now report to the Mayor and the Executive Director will be appointed by the Mayor; and other changes to the composition, qualifications, and tenure of the new Advisory Board.

The FY 2010-11 Proposed Budget recommends transferring the Federal Empowerment Zone Program (EZ) from the Department of Housing and Community Development (DHCD) to OEDIT. However, after further consideration, we believe that the CAA will provide stronger administrative support for the Federal Empowerment Zone Program, which ended on July 2, 2010. In order to better support the close out of the Empowerment Zone program, we recommend transferring one position from OEDIT to CAA, reinstating one position from the DHCD to further support this function in CAA, and correspondingly transferring miscellaneous revenues totaling \$318,000 from OEDIT to CAA. We expect this activity and the position support for EZ efforts to be required for only a portion of the fiscal year.

The Proposed Budget adjustment for Head Start, due to the reduction in service days, did not accurately allocate savings between personnel and other operating costs. The correct allocation reduces CAA's personnel costs by \$6.169 million and increases its other operating costs by \$6.169 million.

Convention and Development Tax (CDT)

As a result of debt service payment adjustments and reduced incremental revenue occurring from the Omni CRA, the CDT ordinance schedule needs to be adjusted to reflect an increased debt service payment obligation of \$840,000 from \$22.947 million to \$23.787 million. To offset this adjustment a corresponding \$840,000 is being reduced from the Performing Arts Center Trust Operating Subsidy from \$1.916 million to \$1.076 million. As a result of this reduction, projects in the Center's capital plan may be delayed.

Corrections and Rehabilitation (C&R)

As part of the continuing effort to support and retain employees, the Corrections and Rehabilitation Department will establish an in-house fitness/wellness center in the Department to provide employees with proper physical training, conditioning, maintenance and nutritional instruction, and to supplement the recently established employee's crisis intervention and psychological services. This center, to be

created at the Turner Guilford Knight Correctional Center, will operate seven days a week from 6:00 am to 9:00 pm, and will be staffed by the Miami-Dade Training Institute. The initial cost for the refurbishing of the training area and the acquisition of equipment is estimated at \$325,000. The center will be operated by reinstating three positions (\$198,000) earmarked to be deleted from Miami-Dade Police Department (one MDPD Wellness Program Supervisor and two MDPD Wellness Program Specialists). Funds for this program will be provided by savings in the C&R budget in the current year and included in the MDPD budget for next year.

Finance

Subsequent to the release of the Proposed Budget, the Finance Department received notification of additional collections accounts being referred to Credit and Collections Division from the Department of Solid Waste Management and Jackson Health Systems. As a result of these additional placements, revenue will increase by \$200,000 and three positions will be restored. Based on actual workload activity, additional positions may be required.

Human Services (DHS)

Subsequent to the release of the Proposed Budget, an additional \$1.5 million in grant funding was received from the Early Learning Coalition of Miami-Dade/Monroe. This additional funding will allow the Department to serve the same number of children as in FY 2009-10. Also, an additional \$2.258 million in grant funding was received from the Early Learning Coalition of Miami-Dade/Monroe to accommodate the anticipated demand for Voluntary Pre-kindergarten (VPK) services. It is expected that an additional 3,140 children will be served for a total of approximately 21,500 children during the 2010-2011 program year. The Inclusion/Assessment program, which was previously administered by DHS in the 2009-2010 Program Year, has now been awarded to outside agencies. Funding for the Inclusion/Assessment program will remain in the grant allocation, but DHS will pass the funds to the awarded agencies. The loss of the Inclusion/Assessment program from the DHS scope of services, combined with a decrease of \$258,000 allowed for administrative expenses, requires the elimination of 11 full-time positions.

Juvenile Services

Subsequent to the release of the FY 2010-11 Proposed Budget, it was determined two positions supporting the Guardian Ad Litem program should be restored consistent with County obligations delineated by Article V of the State Constitution (\$158,000) to support 64 state funded positions. In addition, an adjustment is needed to appropriately reflect final bargaining agreement salary provisions (\$30,000) and a correction is needed to reflect the elimination of one Juvenile Assessment Counselor from the Clinical Assessment and Diversion Services Division not shown in the Proposed Budget.

Library

As tentatively adopted by the Board on July 20, 2010, the increase in the Library System millage generates an additional \$17.147 million in revenues. As indicated above, these funds have been placed in a reserve for future services. The Board may choose to act in a number of ways, including reducing the millage rate back to the proposed 0.2473 and consequently adopting the proposed service levels. Should the Board choose to approve the 0.35 millage rate, the Board may use the reserved funds to increase Library services, including the restoration of both Sunday hours and six days of service at non-regional libraries (60 full-time positions and \$4.325 million), two hours of service system-wide (150 part-time positions and \$1.802 million), and restoring all other support services, outreach services, maintenance projects, and other operating costs (25 full-time positions, 73 part-time positions, and \$9.331 million), and moving the remaining \$1.689 million into reserves or any combination of the above, balanced by millage reductions or reserve increases.

Medical Examiner

The Proposed Budget for the Medical Examiner needs to be revised to correct a duplication of proprietary revenue (\$180,000) that was incorporated as part of the Proposed Budget and to appropriately reflect salaries and fringes that were underestimated by \$180,000. As a result, the

Countywide General Fund subsidy to the department needs to be increased by \$360,000 (Fund SO 110, Subfund 113).

Police (MDPD)

Subsequent to the release of the Proposed Budget, it was determined that the Miami-Dade Police Department will handle activities related to the collection of off-duty payments. The total net savings from performing this function in-house is \$205,000 which will be reduced from the department's General Fund subsidy and reflected as proprietary revenue. MDPD will restore four civilian positions assigned to the Metropolitan Training Institute's Video Services Section (\$426,000) to be funded by delaying the start date of the scheduled police class.

Public Health Trust (PHT)

The Public Health Trust board at its August 23, 2010 meeting recommended an operating budget of \$1.975 billion, which represents an increase of \$242 million from the Proposed Budget. The PHT also recommended a capital budget of \$191.634 million, an increase of \$97.054 million from the Proposed Budget. A detailed explanation is provided in the attached memorandum (Attachment C). A more detailed budget presentation has been provided to you under separate cover.

Public Works

As noted in the FY 2010-11 Proposed Budget, an updated budget has been completed for the Special Taxing Districts. The revised budget reflects a net decrease of \$503,443 (Fund SO 900, Subfunds 901, 905, and 906). In addition, the Department's ordinance schedule (Fund ER 430) requires a correction to appropriately reflect a transfer of \$789,000 to the Causeway Capital Fund (Fund ER 431) and a corresponding reduction of \$789,000 in reserve for future projects.

Seaport

The Seaport budget will be adjusted by \$460,000 in cruise revenue as a result of the approved Amendment 1 to the Cruise Terminal Agreement between Carnival Corporation and Miami-Dade County effective October 1, 2010. Accordingly, operating expenses will be increased to pay for additional dedicated audit services (\$220,000) and to cover for Port clean-up activities (\$35,000). Non-operating expenses will be increased by \$205,000 for added promotional funds. Additional promotional events will be used for several events including the 2011 International Longshoreman Association convention being held in South Florida (\$40,000), AAPA Latin American Ports Delegation (\$20,000), and the 2011 Florida Forum meeting (\$7,500). Increased funding will be provided World Trade Center (\$12,500) and the Greater Miami Convention and Visitor's Bureau (\$125,000) for a pass-through marketing campaign.

Aviation

A revised budget for the Aviation Department approved by the Miami Airport Affairs Committee (MAAC), reflects an increase of \$5.701 million. The revised budget reflects a revenue reduction of \$20.253 million in aviation fees, decreased rental revenues (\$9.880 million), decreased cash carryover (\$74,000), increased commercial operations revenues (\$18.246 million), an increased transfer from the improvement fund of \$17.5 million, and an increase of \$162,000 in other miscellaneous revenues. The landing fee rate, currently at \$1.92 per 1,000 pound unit in FY 2009-10 will remain the same in FY 2010-11. Airline cost per enplaned passenger, currently at \$17.81 in FY 2009-10 will increase by \$2.08 to an estimated enplaned passenger cost of \$19.89 in FY 2010-11, but reflects a decrease of \$2.06 per enplaned passenger from the recommended \$21.95 enplaned passenger cost in the FY 2010-11 Proposed Budget.

Miami-Dade Aviation Department Revenue Reconciliation:

Description	Amount (\$ in 000's)
FY 2010-11 Proposed Revenues	\$752,284
Reduction in Aviation Fees and Charges	-20,253
Reduction in Rental Revenue	-9,880
Increase in Commercial Operations	18,246
Reduction in Cash Carryover	-74
Increase Other Miscellaneous Revenues	162
Increase Transfer from Improvement Fund	17,500
FY 2010-11 Revised Proposed Revenues	\$757,985

Departmental expenditures will be adjusted a corresponding \$5.701 million to \$757.985 million. This is comprised of a net decrease of \$2.660 million in operating expenditures and a net increase in non-operating expenditures of \$8.361 million.

Operational expenditure adjustments include an increase of salaries by \$450,000 to reflect a reduction of six administrative positions and an increase of 12 positions required to maintain the Airport Automated people mover system in house in lieu of using an outside contractor. An increase of \$48.032 million in other operating expenditures is being programmed for the Maintenance and Operations of the North Terminal Train, Phase 1 and Phase 2 Energy Performance Contracts, and the Black Box Contract. Additional adjustments to other operating expenses include a decrease in Administration Support and outside Management Agreements by \$11.142 million, to reflect a revised projection estimates in the current fiscal year.

Miami Dade Aviation Department Operating Expenditure Reconciliation:

Description	Amount (\$ in 000's)
FY 2010-11 Proposed Operating Expenditures	\$402,109
Reduction of Salaries	450
Increase of Other Operating	8,032
Decrease of Other Operating (Administration Support and Outside Agreements)	-11,142
FY 2010-11 Revised Operating Expenses	\$399,449

Non-operational expenditure adjustments reflect a decrease of \$399,000 in cash reserves, a decreased transfer of \$73,000 to the Improvement Reserve Fund, increased transfer of \$3.858 million to the debt service fund, and an increase of \$4.975 million transferred to the reserve maintenance fund.

Miami Dade Aviation Department Non-Operating Expenditure Reconciliation:

Description	Amount (\$ in 000's)
FY 2010-11 Proposed Non-Operational Expenditures	\$350,175
Reduction to Cash Reserve	-399
Reduction Transfer to Improvement Fund	-73
Increase Transfer to Debt Service Fund	3,858
Increase to Reserve Maintenance Fund	4,975
FY 2010-11 Revised Non-Operational Expenditures	\$358,536

Other non-operating fund changes that are primarily driven by changes in cash carryover and transfers will require an adjustment in expenditures. A decrease in expenditure authority for the Improvement Fund of \$73,000 will be required, the Reserve Maintenance Fund requires an expenditure adjustment to reflect a net increase of \$22.201 million (as a result of additional cash carryover expected by the end of FY

2009-10), and the Interest and Sinking fund will require an adjustment in expenditure authority to reflect an increase of \$3.858 million.

Promotional Funding

Attachments D and E are the reports on Airport and Seaport promotional funds as required by Administrative Order 7-32.

Community Periodical Program

As you may be aware, the FY 2010-11 Proposed Budget does not include any General Fund subsidy to the Community Periodical Program. However, proprietary departments will continue to advertise in community periodicals.

Recommended Fee Adjustments

The Board is reminded that the Self-Supporting Budget Ordinance (Agenda Item F) includes the proposed fee changes that were recommended in the FY 2010-11 Proposed Budget. Fee adjustments include, but are not limited to: Animal Services, Building and Neighborhood Compliance, Emergency Management, Library, Planning and Zoning, Miami-Dade Fire Rescue, Water and Sewer, Medical Examiner, Park and Recreation, Solid Waste, Vizcaya Museum and Garden, Seaport, and Aviation.

On August 21, 2010, the Miami-Dade Fire Rescue Department (MDFR) held a grand opening ceremony for the new MDFR Training Center located in Doral. This state of the art fire training facility contains five classrooms, an auditorium, and various structural and fire training props unique to this facility that can be utilized by national and international agencies and institutions to produce revenue for MDFR. The attached MDFR Training Center Facility Fee and Rental Schedule was developed by surveying comparable facility rental rates for classroom and meeting space in the Miami area. The facility is expected to generate approximately \$400,400 per year in rental revenue, to cover the center's operational expenses. Also attached is a Training Center Course fee schedule for academic classes that may be offered by MDFR. The Department will offer the courses when enrollment revenue and instructor costs justify the training activities. MDFR is still in the process of developing a tentative schedule for the sample courses listed and will have a revenue estimate available upon its completion.

Furthermore, based on contracts and interlocal agreements applicable to the Department of Solid Waste Management (DSWM), Waste disposal and landscaper coupon fees are to be adjusted following the estimated July "Consumer Price Index (CPI) South, All Urban Consumers," issued by the United States Bureau of Labor Statistics. In the FY 2010-11 Proposed Budget, no CPI increase or decrease was assumed. The actual adjustment as released on July 9, 2010, is 0.9 percent. Accordingly, it is proposed that the operating budget for the DSWM be increased to reflect this adjustment. Fund EW 470 (Collections) operating reserves are reduced \$381,000 to reflect additional disposal charges (\$399,000), partially offset by \$18,000 in additional collection revenues. Fund EW 490 (Disposal) operating reserves are increased by \$1.193 million to reflect additional disposal revenues.

Other fee adjustments are detailed in each departmental narrative included in the FY 2010-11 Proposed Resource Allocation and Multi-Year Capital Plan book, Volume 2.

CAPITAL BUDGET/CAPITAL IMPROVEMENT PLAN (CIP) UPDATES

Building Better Communities General Obligation Bond Program Adjustments

For the Building Better Communities General Obligation Bond program, the Capital Improvement Plan (CIP) will be updated, as required, for any changes that take place between the schedules shown in the Proposed and the project list that will ultimately be adopted along with the series resolution approved for the next bond sale. Information will be provided to the Board concerning the relative impact on project funding driven by the millage rate ultimately adopted.

Aviation

The FY 2010-11 Proposed CIP recommended a CIP of \$6.556 billion for the Miami-Dade Aviation Department. An additional \$45 million added to contingency requirements for closing out construction costs associated with the opening of the North Terminal Project #6339221. Associated revenues will be adjusted to reflect an increase of \$45 million to \$6.601 billion from \$6.556 billion in the Proposed Budget. The additional proceeds reflect an increase of \$1.608 million in Transportation Security Administration (TSA) grant funding and an increase of \$43.392 million from Aviation Revenue Bond proceeds.

Community Development Block Grant

The Proposed Budget recommended a 10 percent increase of \$1.736 million in Community Development Block Grant funding for County departments, from 40 to 50 percent. However, based on concerns raised at the Housing and Community Development Committee on July 14, 2010 the funding for County departments is now recommended to remain at the current year's level. The revenue loss of \$1.736 million will be partially offset by adjustments to non-departmental allocations. The Department of Human Services facility improvements project will be reduced by a net \$251,000 and the State Department of Health facility improvements by \$896,000. Park and Recreation Amelia Earhart Park facility improvements will be increased by \$270,000. See Attachment F.

Corrections and Rehabilitation

The Proposed Budget includes the consolidation of the Pretrial Detention Center (PTDC) and Turner, Guilford Knight Correctional Center (TGK) booking operations. The proposed plan requires the PTDC to assume all booking functions by no later than December 1, 2010 for a duration of one year. Although the proposed plan will achieve the projected savings, it is understood that the proposed plan may cause operational delays for police officers returning to their community patrol duties. As the Department looks into a long-term solution for centralized booking functions, it is clear that the PTDC space constraints could become an operational liability. Therefore, the renovation and modernization of the TGK rear lobby is essential to the long term success of this initiative. Once the TGK rear lobby renovation project is completed, it will provide the Department with a viable centralized open booking operation, separating the booking and reception activities of our local Law Enforcement Organizations from the Department's internal transportation requirements, which will provide expedited reception and booking activities to minimize the amount of time that law enforcement officers will spend at the facility. The Centralized Booking at the Turner Guilford Knight Correctional Center Project will be added for the Correction and Rehabilitation Department funded with departmental savings \$1 million; \$430,000 allocated for FY 2010-11 and \$570,000 in FY 2011-12 in the Capital Outlay Reserve.

GSA Overtown II and Hope VI-Scott Carver Phase II

The Capital Asset Acquisition Bond Series 2007A (Fund CB 360, Subfund 015) and the Capital Asset Acquisition Bond Series 2010 require a technical adjustment. As authorized by Resolution No. R-698-10 on July 8, 2010 amending Resolution No. R-342-07, adjustments are needed to add the acquisition of the Overtown II building (Project #116910) to the project list of the Capital Asset Acquisition Bond Series 2007 in order to utilize funds that were not necessary for the Hope VI-Scott Carver project (Project #8061811). Furthermore, Resolution No. R-698-10 includes Hope VI-Scott Carver in the project list for the Capital Asset Acquisition Bond Series 2010.

Judicial Administration

A cash flow revision to the Joseph Caleb Courthouse Project #3028110 was made to advance \$273,000 in funding from FY 2011-12 to FY 2010-11. Overall project cost remains the same. In addition, the Coral Gables Courthouse Expansion, Project #306230, was revised to reflect \$400,000 advanced in FY 2009-10 from the FY 2010-11 allocation from Capital Outlay Reserve in order to finish the courtroom expansions. A notice to proceed was issued earlier than anticipated and the project is now scheduled to be completed by May of 2011.

Public Health Trust (PHT)

Adjustments are recommended to the Public Health Trust FY 2010-11 Capital Improvement Plan (CIP) ordinance schedule to reflect the results of work performed during the summer updating projections to ongoing projects and recommended additions to the FY 2010-11 Proposed CIP for new projects. (PHT capital expenditure other than Building Better Communities General Obligation Bond PHT projects are included in the PHT ordinance schedule. For FY 2010-11, the PHT CIP is recommended to increase from \$94.58 million to \$191.634 million. The increase of \$97.054 million results from an updated projection of carryover for previously issued revenue bond proceeds and earned interest (\$29.147 million), additional interest earnings (\$350,000), additional funded depreciation/cash contribution (\$13.1 million), a JMH Foundation contribution (\$6 million), and a programmed future debt issuance (\$48.457 million). The increase will continue to fund ongoing project commitments and programmed new projects for healthcare facility improvements and equipment including medical equipment (\$56.674 million), information technology software and hardware (\$23.756 million), and life-safety/infrastructure improvements (\$16.624 million).

Public Works (PWD)

The Public Works Department has re-evaluated the project costs of the Venetian Bridge Rehabilitation, Project #605860 which increased to \$8.123 million from \$7.249 million and will be funded with savings identified from the Causeway Toll System Upgrade Project #605220 (\$312,000) and additional funding from the Florida Department of Transportation - County Incentive Grant Program (\$562,000). Additionally, PWD will add a new capital project to upgrade and retrofit existing stormwater pump stations and water control structures with a project cost of \$800,000 and will be funded as a result of lower construction costs identified from the Drainage Improvements Floral Park Project #2130 of \$800,000 in Stormwater Utility funds.

Technical Adjustments

Four projects were inadvertently marked for deletion in the proposed budget. Two are drainage improvements (SW 157 Avenue from SW 42 Street to SW 64 Street, Project #559780 and SW 72 Street to SW 80 Street from 52 to 57 Avenue, Project # 608820), the refurbishment of SW 296 Street Sonovoid Bridge over C-103 Canal, Project #603870, and the Greenways and Trails, Project #932610 (Commission District 1). Appropriate technical adjustments will reinstate the projects to active status. Project #607540, Toll Plaza Diesel Tank Removal, which was completed in prior years, has been marked for completion.

PAY PLAN

Attached is a Pay Plan that is consistent with the Proposed Budget. The Pay Plan contains updates that clarify Pay Plan language and provisions. It also includes the addition of new classifications, the abolition of obsolete classifications, and occupational code and title changes. The pay rates reflected in the Pay Plan will be administered in accordance with the provisions of the Living Wage Ordinance 99-44.

POSITION ADJUSTMENTS

In some instances, the above recommendations and correction of errors will adjust the number of positions in the FY 2010-11 Proposed Budget. The adjustments included in this memorandum increase the total number of recommended positions by 11 to 27,425. This is 1,188 positions less than authorized in FY 2009-10, more than 600 of which are vacant. Attachment G includes the Tables of Organization associated with the personnel changes.

Department	FY2010-11		Revised	Purpose

Other County Departments	19,978	-	19,978	
Total	27,414	11	27,425	

Moving Forward

We will continue to work with the Board to address the priorities and concerns that have been identified since the release of the Proposed Budget. I am hopeful that we can work together to mitigate, to the best of our abilities, some of the most significant service impacts made necessary by our very constrained property tax revenues while ensuring the cost of our government services is as low as we can possibly make it. My staff and I are prepared to work closely with the members of the Board to develop the required adjustments which will be brought to the Board for consideration at the second budget hearing.

CRIME WATCH

Protect yourself against phony charities

BY CARMEN GONZALEZ
CALDWELL

Special to The Miami Herald

Lately, I have received a number of e-mails regarding donations to charities. As many people have fallen on hard times, charitable organizations are trying to help meet needs for food, school supplies and clothing.

We all need to be extra careful to make sure we are dealing with real charitable organizations and not phony solicitations.

Let's look at some of the techniques once again that are questionable — and in some cases, illegal:

- Prize offers: Potential

donors are told that they have won a contest and are eligible for a prize — usually worthless — if they make a donation.

- Chain letters: Unsolicited appeals, usually in the form of e-mails, ask potential donors not only to contribute to an organization but also to forward the e-mail to friends and family members.
- Like-sounding names: Fraudulent charities often take names very similar to those of legitimate charities that are known and trusted by the public.

Here are ways you can prevent being a victim of

CALDWELL

registration office, Better Business Bureau or a charity watchdog group such as charitywatch.org, give.org or guidestar.org/.

- Don't be fooled by a name that closely resembles the name of a respected and well-known charity.
- Ask for the charity's tax-exempt letter indicating its IRS status. You can't claim a tax-deductible donation if the charity does not have one.

Make your contribution by check payable to the full name of the charity. Don't give out your Social Security number. A charity does not need it for

you to claim a tax deduction. Charity-related fraud should be reported to local law enforcement or the local postmaster.

The IC3 (Internet Crime Complaint Center) continues to receive reports of individuals' e-mail or social networking accounts being compromised and used in a scam to swindle consumers out of thousands of dollars.

Pretending to be the victim, the hacker uses the victim's account to send a notice to their contacts. The notice claims the victim is in immediate need of money due to being robbed of their

credit cards, passport, money and cellphone, leaving them stranded somewhere in London or some other location.

Some claim they only have a few days to pay their hotel bill and promise to reimburse upon their return home.

If you have been a victim of this type of scam or any other cybercrime, you can report it to the IC3 website at IC3.gov.

Lobo dice que hay garantías para retorno de Zelaya a Honduras

William Adolfo Cortez, conocido como "Wild Bill" (4), y su esposa, Jena Sean (5). Los norteamericanos, capturados el pasado lunes en el puesto fronterizo de Sarapiquí por efectivos del Ejército de Nicaragua fueron trasladados a la dirección de Auxilio Judicial de la policía en la capital nicaragüense, donde fueron presentados a la prensa. SAN SALVADOR (AFP) - El presidente de Honduras, Porfirio Lobo, dijo este viernes en San Salvador que "existen las garantías necesarias" para que el ex mandatario hondureño Manuel Zelaya, exiliado en República Dominicana, retorne a su país "cuando quiera".

"El (Zelaya) puede regresar cuando quiera a Honduras, existen las garantías necesarias para que pueda retornar, no hay ningún problema", aseguró Lobo a periodistas.

El presidente hondureño llegó a San Salvador para asistir a un encuentro de la Organización Demócrata Cristiana de América (ODCA), cuyos dirigentes lo invitaron como una forma de "reconciliación", explicó Lobo.

Lobo recordó que recientemente él se ofreció para ir a República Dominicana a buscar a Zelaya como garantía de que "pueda volver", a Honduras.

Esta es la segunda visita de Lobo a El

Lobo

Salvador esta semana, pues el miércoles cumplió una visita privada para reunirse con José Luis Merino, dirigente del partido izquierdista gobernante.

Lobo dijo que la reunión con Merino fue "un intercambio de opiniones", con un "viejo amigo".

A inicios de esta semana la esposa de Zelaya, Xiomara Castro, también visitó El Salvador y dijo a conocer una carta del ex mandatario en la que, criticó la decisión de los presidentes centroamericanos, a excepción de Nicaragua, de reincorporar a Honduras al Sistema de la Integración Centroamericana.

Honduras había sido suspendida de ese foro centroamericano luego del golpe de Estado que en junio de 2009 derrocó a Zelaya, quien se exilió hace seis meses al cumplir su mandato constitucional en República Dominicana.

En esa misma carta, Zelaya dijo que Lobo "aún no ha dado garantías de un pleno respeto a los derechos individuales", algo que el actual presidente descartó este viernes. En la cumbre de la ODCA participó brevemente el mandatario salvadoreño Mauricio Funes, a quien los líderes demócratas cristianos entregaron un reconocimiento "por su vocación democrática".

Presunto asesino en serie confiesa que enterró a varias víctimas en Panamá

PANAMÁ (AFP) - El presunto asesino en serie conocido como "Wild Bill", investigado en Panamá por la muerte y desaparición de al menos 10 personas, admitió haber enterrado en una de sus propiedades a varias de sus víctimas, afirmó este viernes un fiscal panameño.

"El nos está mencionando una fosa donde probablemente se hallen los restos de tres personas", aparto de los restos de otras dos que ya habían sido encontrados por las autoridades panameñas en otra fosa, dijo a la prensa el fiscal Angel Calderón.

"Lo principal es saber de cuántas personas se trata", añadió Calderón al proporcionar con información valiosa sobre la ubicación de las tumbas de sus víctimas.

Este canal de televisión aseguró que en la fosa mencionada por "Wild Bill" no habría tres sino cuatro miembros de la familia estadounidense Brown, compuesta por Michael Brown, su esposa y dos hijos menores, desaparecidos hace tres años.

Hasta el momento las autoridades responsabilizan al sospechoso de haber matado a los estadounidenses Cheryl Liffia Hughes y Bo Harry Isler, cuyos restos fueron encontrados enterrados en una fosa de su propiedad en la zona atlántica de Bocas del Toro, fronteriza con Costa Rica.

Ahí "Wild Bill" tenía el complejo turístico "Villa Cortez", ofrecido en guías como destino de descanso y de contacto con la naturaleza, que atraía a muchos extranjeros adinerados.

Serán las autoridades, al sospechoso benecito personas sin familia y sin recursos conocidos en el país para hacer negocios, tras lo cual los asesinó y se quedaba con sus propiedades.

Este viernes, los fiscales iniciaron un prolongado interrogatorio a "Wild Bill", que prosiguió en las primeras horas de la noche, para saber la verdadera identidad y nacionalidad del presunto asesino, quien se hace llamar William Hobbart y dice ser estadounidense.

Chile reconoce a gobierno de Lobo y restituye a embajador

SANTIAGO (AFP) - Chile reconoció al gobierno de Porfirio Lobo en Honduras y anunció la restitución de su embajador en Tegucigalpa, retirado tras el golpe de Estado del 28 de junio de 2009, anunció el canciller chileno Alfredo Moreno.

"Hemos reconocido que los comicios en los que Porfirio Lobo fue elegido fueron elecciones libres con un 99% de los votos, y nos parece que es el gobierno que representa a Honduras", aseguró Moreno en conferencia de prensa.

El lunes 2 de agosto, el ministro de Relaciones Exteriores de Chile reconoció al gobierno de Lobo y restituyó a su embajador en Tegucigalpa, Sergio Verdugo, retomará sus labores, "convencidos de que su presencia diplomática en Honduras contribuirá al fortalecimiento de la democracia", afirmó.

Para adoptar su decisión, Chile tomó en cuenta el informe de la Comisión de Alto Nivel de la Organización de Estados Americanos (OEA), "en el cual se constatan sustanciales avances en el proceso de normalización democrática y la defensa de los derechos humanos en Honduras", explicó Moreno.

Chile reconoce a gobierno de Lobo y restituye a embajador

del ex presidente Manuel Zelaya, a quien se le hizo partícipe de la amnistía general, se le asegura la debida protección si vuelve al país y se le reconoce el derecho a participar en el Parlamento Centroamericano", dijo por su parte un comunicado de la cancillería chilena.

Moreno dijo que Chile seguirá con atención los dos procesos judiciales pendientes que existen sobre Zelaya, y adelantó que el informe de la Comisión debe pasar a consideración de la OEA en menos de un mes.

Minera de oro pone a Chinchilla en una encrucijada ambiental

Por Oscar Núñez Olivares, Agencia AFP

SAN JOSÉ.- La presidenta Laura Chinchilla anunció que prohibirá por ley las actividades mineras y la explotación de petróleo en Costa Rica, pero esto en la reconciliación con el movimiento ambientalista, que exige el cierre inmediato y definitivo del proyecto minero del país.

Chinchilla se comprometió el martes a presentar al Congreso un proyecto de reforma del Código de Minería en las próximas semanas, para prohibir de manera definitiva la extracción de minerales a cielo abierto, así

como las exploraciones y explotaciones petroleras.

Sin embargo, anunció que no cancelará una concesión a la empresa minera canadiense Infinito Gold, que está lista para iniciar operaciones en el yacimiento de oro de Las Cruces de Cutris, cerca de la frontera con Nicaragua, que diversos sectores exigen prohibir.

"El tema se ha convertido en una 'bomba caliente' en las manos de Chinchilla, que asumió el poder hace casi tres meses, luego de que la corte constitucional declaró inamara la semana anterior que el gobierno está facultado para emitir el permiso de esta mina.

La sequía sigue afectando a Cuba a pesar de las lluvias de julio

LA HABANA (EFE).- La agria sequía que afecta a Cuba desde hace más de un año mantiene al país en una situación crítica, con recursos acumulados inferiores al 50 por ciento en sus embalses, a pesar del aumento de las lluvias en el mes de julio, informó hoy el diario oficial Granma.

Según ese rotativo, los precipitaciones en julio no han compensado el déficit acumulado en los recursos acuáticos afectando a numerosos sectores económicos y sociales.

El director de Cuencas Hidrográficas del Instituto Nacional de Recursos Hídricos (INRH) Jorge García, dijo a Granma que "es prematuro confirmar el inicio de la recuperación definitiva de los embalses y ríos".

Fidel Castro rechaza presión de EEUU para que Cuba libere a contratista

LA HABANA (AFP) - Fidel Castro rechazó el viernes la presión de Estados Unidos para que Cuba libere a un contratista que acusa de espía, y lo reclamó soltar a cinco agentes de La Habana como lo hizo con una decena de rusos, según imágenes de la televisión local.

"Están presionando (a Cuba) para que suelte a uno que otro espía, que jamás estaría en una prisión de esas, que jamás sería torturado", dijo Castro, al referirse a las presiones que ejerce Washington para que La Habana libere al contratista Alan Gross, detenido en la isla en diciembre.

Mientras tanto, añadió, las autoridades estadounidenses mantienen "injustamente" en prisión a cinco agentes cubanos presos en Estados Unidos desde 1992 y condenados por espionaje en 2001.

"El hábil presidente de los Estados Unidos (...) se pudo haber soltado, como acabaron de soltar a un montón de gente, que dijeron eran espías rusos", dijo Castro en un encuentro con jóvenes comunistas, entre ellos el "bolserista" Edlin González, quien ahora, con 14 años, estudia para militar.

El líder cubano calificó de "tormenta" que las autoridades estadounidenses mantengan en prisión a los agentes cubanos.

que saberlo todos los tribunales de ese país", dijo Castro, quien el sábado cumple cuatro años de haber recibido el maná a su hermano Raúl por una grave enfermedad.

Gross, acusado de espionaje por el Gobierno cubano, fue detenido cuando se encontraba en Cuba proporcionando celulares y computadoras portátiles a grupos locales, empleado por una empresa subcontratada por el Departamento de Estado.

La secretaria de Estado, Hillary Clinton, señaló que su país seguirá usando "todas las canales disponibles" para presionar por la liberación del contratista de 40 años, un hecho que ha distanciado a los países que carecen de relaciones formales desde 1961.

Cuba, por su parte, redujo la campaña por la liberación de sus cinco agentes, quienes "sentimos" vigilados a anticorruptivos de Miami y no espías a Estados Unidos.

El pasado 26 de julio, Castro, quien hoy recuperado de salud vive una intensa actividad con ocho salidas públicas este mes, dijo que Estados Unidos podría liberar "antes de fin de año" a los cinco cubanos, a los que La Habana otorgó el título de hé-

Jordan provides work experience for students

Special to the Times

Miami-Dade County Commissioner Barbara J. Jordan congratulated students on a job well done during her 2010 Summer Youth Internship Initiative (SYII) on Aug. 13. A closing ceremony was held at Dolphin Stadium, celebrating the sixth consecutive year of the program.

SYII has continued to advocate a strong commitment to the professional development of students in District 1. This summer, Jordan provided high school and college students with the opportunity to work and build partnerships with some of the district's most prominent business leaders for a 10-week period. SYII business partners include Comcast, Warren Henry Automobiles, AA Acquisitions, LLC, Antioch Missionary Baptist Church, Calder Race Course, Dozier and Dozier, EAC Consulting,

Executive Air Services, Experience Aviation, Florida Marlins, GJB Consulting, Miami Dolphins, Miami-Dade Expressway Authority, North Dade Federal Credit Union and the Carrie Meek Foundation.

"The experience gained through this program is invaluable. These students are given hands on experience working in the private sector and gain the tools necessary to become successful in the workforce," said Jordan. "Interns who have participated in my internship program have gone on to become full-time employees for SYII business partners. In this economy, this kind of experience will put a job candidate ahead of the pack."

The SYII is a holistic summer employment program. Following a constructive interview process, students are required to participate in a two-day orientation. During orientation, stu-

President says economy rebounding, but slowly

ECONOMY continued from 7D

"The economy is getting stronger, but it really suffered a big trauma."

Underscoring voters' concern over the economy: A new Associated Press-GFK poll shows 61 percent of those surveyed believe the economy has gotten worse or stayed the same on Obama's watch. Americans are also growing increasingly frustrated with

the progress Obama has made in bringing the country out of the recession, with just 41 percent approving of his handling of the economy, down from 44 percent in April.

Still, three-quarters also say it's unrealistic to expect noticeable economic improvements in the first 18 months of the president's term.

Obama's attempts to draw attention to what his administration has done to fix a flagging

economy, plus what he still wants Congress to pass, come against the backdrop of a bitterly partisan mid-term election season. He has spent the week promoting his message that voters should keep Democrats in power over Republicans that he claims lack any positive ideas.

All 435 House seats, one-third of the Senate and most governors' jobs are on the ballot in November. The political cam-

paigning also continues Wednesday for the president.

Obama headlined a fundraiser for Ohio Gov. Ted Strickland, a Democrat trying to keep his job against a tough challenge by former Republican Rep. John Kasich. Obama said he won't stop working to rebuild the economy until every American who wants a job can get one, but he acknowledged that it will take a few years. "That's that hard

truth," he said. "Anybody who tells you otherwise is just running for office."

From Ohio, the president was to travel to Florida to raise cash in Miami for Democrats.

Already this week, the president's stops have included a Los Angeles fundraiser that raised \$1 million for the Democratic Congressional Campaign Committee on Monday, and two events in Seattle that raised \$1.3 million for

Sen. Patty Murray and Washington Democrats on Tuesday.

Obama's aides say he takes seriously the job of giving personal attention to candidates and helping them make the case about the upcoming election.

The results are vital for him too, as Obama needs Democrats to retain their congressional majorities if he is to keep pressing an agenda that has received virtually no Republican support.

New government plan to challenge high-cost check-cashing services

ACCOUNTS continued from 7D

Now governments are trying to take a more active role to shield consumers from high-cost financial services.

The Federal Deposit Insurance Corp. approved a pilot program last week to encourage banks to create simple, low-cost deposit accounts.

Meanwhile, the Treasury in its latest budget proposal, is seeking \$50 million from Congress to create a "Bank On USA" program to extend local initiatives that encourage people to set up bank accounts. The financial-regulation measure signed into law last month also directs the Treasury to use grants

and other agreements to draw lower-income consumers into the financial mainstream. Other initiatives are under way at the local level.

The efforts are directed at the nine million households, or one of every 12, without bank accounts, a group disproportionately minority and low-income. In the modern economy that puts them at a huge disadvantage: They often rely on high-cost check cashers or neighborhood stores because they don't have credit histories to borrow at a bank or credit union. They aren't saving for retirement, aren't building the credit records needed to get common loans and often are excluded from less-expensive forms of

electronic payment. The FDIC pilot program provides a template for banks to offer what the agency calls a "safe" account with features—such as no overdraft fees and a \$1 minimum-balance requirement—appealing to lower-income consumers. The FDIC and the banks would promote the program to customers.

"It's important that people get into the financial mainstream so they have a place to store their money...and to make sure they're paying fair fees for banking services rather than exorbitant fees that are being charged through the alternative financial-services providers," said Ellen Lazar, senior advisor for consumer policy to the FDIC chairman. "We felt banks are in

business to earn money," Ms. Lazar said. "They've got to do it some way."

It is unclear how the new programs will fare at a time when many banks have indicated they are likely to raise fees for basic checking accounts due to new regulations.

The American Bankers Association, an industry trade group that

doesn't think they have enough money or don't write enough checks to make an account worthwhile. Some of

course, would banks to but says he sometimes heads to his local liquor store to cash checks instead of using banks.

Surveys show that unbanked consumers

MIAMI DADE COUNTY

OPENINGS FOR THE BOARD OF TRUSTEES OF THE PUBLIC HEALTH TRUST

Applications are now being accepted for the Board of Trustees of the Public Health Trust of Miami-Dade County, the governing authority for Jackson Health System. Trustees serve without compensation for staggered terms of three years. There are five vacancies for the 2010 appointment process. The PH1 Nominating Council will contact applicants selected for interviews and will require a background check. The Miami-Dade Board of County Commissioners, upon recommendation of the Nominating Council, will make appointments to the Board of Trustees.

This is a re-advertisement. Subsequent to the initial advertisement period that ended August 9, 2010, the Nominating Council voted to extend the deadline. If you already submitted your application prior to 4pm on August 9, you do NOT need to reapply.

Application forms may be obtained from the County Executive Office, 111 NW 1st Street, Suite 2510, or online at www.miamidade.gov. All applications must be submitted with a current resume or curriculum vitae and must be received by Diane Collins, Acting Division Chief, Clerk of the Board, at 111 NW 1st Street, Suite 17-202, Miami Florida, 33126 no later than August 30, 2010 by 4:00pm. Rapport sans aucun rapport !

PORT-AU-PRINCE, 18 Août - La dépendance ce n'est pas seulement le débarquement des Maritimes ou les mesures imposées par les gendarmes économiques de la planète.

Il y a une autre dépendance moins brutale mais tout aussi réelle, ce sont les organisations chargées de dispenser la bonne parole auxquelles tout le monde fait confiance parce que ce sont des experts et qu'ils ne vous veulent en principe aucun mal.

Mais la plupart des fois ces derniers débarquent chez vous comme dans un moulin, c'est-à-dire qu'ils formulent des recommandations sans tenir réellement compte des conditions du milieu, ni des antécédents.

Ou vu leur statut d'experts, leurs rapports trouvent facilement un écho au plus haut niveau. Par exemple au Congrès américain où, à quelques mois d'un scrutin important en novembre prochain - les élections de mi-mandat, cause d'un état de guerre permanent entre les parlementaires républicains et le président démocrate Obama, tout est bon pour essayer de marquer des points.

On se souvient comment la majorité républicaine au Congrès força en 1996 le président Bill Clinton à rappeler prématurément les troupes américaines qui avaient accompagné le président Aristide à son retour d'exil en 1994, livrant le pays aux futurs tumultes qui vont conduire à un nouveau débarquement américain en 2004.

Rapports bien sous tous rapports

Sept mois après le séisme du 12 janvier 2010, c'est au tour de ces experts de venir dresser leurs rapports. Rapports bien sous tous rapports, puisque ce sont des experts, donc censés être totalement neutres dans leurs observations. Mais jusqu'où peut aller la neutralité ?

Le dernier rapport en date porte la signature de la Rand Corp., un centre spécialisé dans la sécurité internationale et la défense. Défense des Etats-Unis, bien entendu.

Toujours les locaux qui tringuent

Voici un compte rendu de ce rapport par l'agence Associated Press.

Grands titres : gouvernements incompetents ; absence de la loi et l'ordre ; prisons horribles ; police incapable ; climat des affaires trop onéreux.

Le rapport, au départ, *in limine litis*, met tout sur le dos des dirigeants du pays. Leadership local incompetent.

Ce n'est pas la défense de ces derniers qu'il s'agit de rendre, c'est le principe qui est revoltant.

Les trois quarts des décisions dans un pays sont pris

par les étrangers - pour toutes les raisons que l'on sait, mais ceux-ci n'ont jamais rien à se reprocher. Ce sont toujours les locaux qui tringuent.

Que ces derniers ne soient pas formidables, c'est évident. Sinon les étrangers ne seraient pas là. Mais c'est en même temps là la forme la plus réussie de la dépendance, plus que d'un côté les dirigeants locaux acceptent cette situation sans broncher, de l'autre les opposants s'en réjouissent.

Et nous la presse en précisons aussi souvent prétexte pour justifier nos critiques contre les faiblesses de nos dirigeants. De nos décideurs.

Nous voici donc tous faits comme un rat. Que dit encore le rapport de la RAND ?

Rien que ce que tout le monde sait. Nous citons tous jours Associated Press. Clairement l'étendue des dégâts est surprenant. On est cependant quelque peu surpris de la réponse haïtienne et internationale. Pas la réponse humanitaire - qui est extraordinairement rapide. Mais la seconde étape - si peu a été nettoyé, et tellement peu de décisions ont été prises.

Comme un rendez-vous pris à l'avance

Un peu plus loin - Des membres de la Commission des affaires étrangères du Sénat (américain) ont dépeint le Président Preval comme un leader inefficace qui a handicapé la reprise après le tremblement de terre et ils ont demandé à leurs collègues de reconsidérer l'allocation de fonds pour Haïti si des réformes ne sont pas accomplies.

Puis, comme si c'était un rendez-vous pris à l'avance, les experts de la RAND Corp. tombent sur une manifestation organisée par des sinistrés devant le palais national (qui a été également détruit par le séisme) pour réclamer des logements plus décentes et parce que des propriétaires sont en train de les chasser des endroits où ils ont pris refuge.

Peut-on rappeler que les mêmes avaient été priés de laisser la place au Champ de Mars pour un camp de tentes toutes neuves installé sur l'ancien aéroport militaire. Mais ce déplacement n'eut jamais lieu. Et les tentes restées vides, après avoir été payées une fortune, ont été détruites par les sismes.

Nous parlez d'inefficacité et d'absence d'autorité de l'Etat !

Un tantinet loin du sujet

Pour finir voici les recommandations de la RAND. Les plus urgentes à accomplir.

Accélérer l'enlèvement des débris - l'étape la

plus importante avant la reconstruction des maisons et des infrastructures.

A qui le dites-vous ! Mais après 7 mois de ce calvaire, il est sûr que les Haïtiens ne voient plus les choses d'une manière aussi simpliste.

Réduire le coût et la durée pour ouvrir un 'business' ou pour devenir propriétaire. Haïti est pauvre en grande partie parce que l'environnement pour les affaires est trop difficile.

C'est tout à fait vrai, mais ne sommes-nous pas un tantinet loin du sujet (pour ne pas dire hors du sujet) ?

Augmenter les effectifs de la police nationale et maintenir la Minustah (mission onusienne de maintien de la paix) pour 5 autres années.

Voici qui commence à déplacer la question pour de bon !

Créer un service civil moderne. Ce qui veut dire probablement une fonction publique. Le rapport indique que le Gouvernement haïtien se contente de monitorer et de réguler l'éducation et les services de santé mais ne fournit pas lui-même ces services.

Avec quel argent, direz-vous.

Un pro-consul pour Haïti

De toutes les façons, tout le monde est d'accord (y compris l'ex-président Clinton) que le meilleur service de santé qui ait jamais existé en Haïti est celui mis actuellement au point dans le cadre d'une coopération Cuba, Brésil et Haïti.

Pour finir, James Dobbins, directeur de la RAND et auteur de ce rapport, recommande à l'administration Obama, tenez-vous bien, d'appointer un 'envoyé spécial pour Haïti'.

Et voilà l'alternative de la RAND ! Renforcer la police, garantir à la Minustah un mandat de 5 autres années, et un pro-consul pour Haïti.

Nous n'avons pas essayé de savoir si la RAND est d'obédience démocrate ou républicaine !

Et tout cela avec le regard fixé sur les deux scrutins de novembre prochain. Les élections de mi-mandat grâce auxquelles les Républicains espèrent reconquérir la majorité au Congrès de Washington.

Et les présidentielles haïtiennes du 28 novembre, dont le rapport souligne que le gagnant aura à gérer le budget de 10 milliards de la reconstruction. Ce qui ne peut être laissé en n'importe quelle main. N'est-ce pas.

Pour 20% des Américains, Obama est musulman

Un Américain sur cinq pense - à tort - que le président Barack Obama est musulman. C'est ce qu'indique un sondage réalisé par le Pew Research Center du 21 juillet au 3 août auprès de 3 003 personnes.

Le président américain, protestant, se rend pourtant régulièrement à l'église et a fait de nombreuses déclarations publiques sur sa foi chrétienne depuis son arrivée à la Maison Blanche, en janvier 2009.

Parallèlement, le nombre d'Américains qui identifient

correctement Obama comme chrétien a chuté de près de moitié en un an, à 34%.

Selon le sondage, un tiers des républicains pensent que le président américain est de confession musulmane. Soit pratiquement le double de l'année dernière.

Le nombre de personnes non inscrites à un parti politique et qui partagent cet opinion énoncée a augmenté de huit points, à 18%.

Ce sondage a été réalisé avant les déclarations du pré-

sident américain la semaine dernière qui a défendu le droit des musulmans à construire une mosquée près du site des attentats du 11-Septembre à New York, au nom de la liberté de culte garantie par la Constitution. Déclarations qui ont provoqué une tempête médiatique et soulevé l'émotion des familles des victimes des attentats.

Parmi les sondés qui affirment qu'Obama est musulman, 60% disent l'avoir appris par les médias.

neurs. Le premier objectif est de construire 625 nouvelles écoles primaires, de manière à tripler le nombre d'établissements de ce type à travers le pays.

Ou doit procéder aussi au training de 90% des enseignants - environ 50.000 personnes.

A raison de 2.500 nouveaux professeurs mis chaque année sur le marché. Cette formation est basée sur un programme baptisé Teach for America.

Une réforme ambitieuse

Quant à la mise au point du plan, elle est confiée à des experts aussi bien haïtiens que internationaux, dont Paul Vallas, qui a contribué à une réforme ambitieuse des établissements d'enseignement à Chicago, et à La Nouvelle Orleans, après l'ouragan Katrina.

Si Dieu le veut, comme on dit

chez nous, les gouvernements haïtiens ne pourront désormais plus prétexter le manque de moyens pour réaliser ce qui est le devoir premier de tout Etat digne de ce nom : une instruction primaire et secondaire universelle, publique et gratuite.

Mais reste l'indécorable absence de volonté et de détermination.

Et peut-être aussi un système qui n'a jamais été trop dérangé par notre taux de 80% d'analphabètes et de 60% d'enfants abandonnant l'école après seulement quelques semaines.

Toujours cherchez à qui le crime profite !

Since February, when the extent of the audit adjustment to the FY 2009 financial reports was identified, the staff at the Public Health Trust, ("PHT"), with the assistance of personnel provided from other County agencies, has been working continuously to reduce the impact in FY 2010 and to prepare a realistic budget for FY 2011 that met the objectives of maintaining all safety net services, preserving our academic mission, staffing in accordance with patient volume, and allowing for the needed growth at Jackson Health System, ("JHS"). A balanced budget was prepared in June for inclusion in the Proposed Resource Allocation Plan. However, we continued to review our options and to refine the projections for FY 2010 and the budget estimates for FY 2011. The resulting budget takes into account the financial environment that includes an economy that is improving slowly, growing costs of uncompensated care, the need to compete in the marketplace, and a severe lack of capital funds. To assist in our efforts, a contract was approved with PriceWaterhouse Coopers, ("PWC"), to develop recommendations for improving the fiscal condition of JHS. Let me assure you that the staff at the PHT and the PWC consultants are working together to develop recommendations that are realistic, practical, and that are able to be implemented.. At the August 23, 2010, PHT Board meeting, the recommended budget was approved for submission to the County Commission.

We have prepared a separate report describing in detail the FY 2011 proposals for the different entities that form JHS. As requested by the PHT Board, that report will include a summarized history of initiatives that have been implemented over the previous several years and the possible effect on JHS of the new federal healthcare legislation. We will prepare a five-year financial forecast that will be presented to the PHT Board and to the Board of County Commissioners (BCC) at a later date.

In the Proposed Resource Allocation Plan, we projected a profit and loss statement (P&L) shortfall for FY 2010 of \$53.9 million, which included \$50 million expected by a legislatively approved allocation. In addition, cash adjustments (acceleration of collections, deferring Annual Operating Agreement payments to the University of Miami (UM), reducing the operating transfer for capital, etc.) totaled \$81.8 million, which combined with other items impacting cash would have provided a year-end cash balance of \$149.5 million. The United States Senate did not approve the funds needed for the legislative allocation, which reduced the year-end cash balance to \$99.5 million. Also, since the projections for the proposed budget were completed, patient volume at the JHS has continued to decline and a slowing in the projected cash collections have contributed to a shortfall in collections from the amount previously projected. In addition, the savings from the reduction in staffing levels is approximately \$8 million less than originally projected, and the benefit from the adjustments to the Managed Care Program is approximately \$3 million less than originally projected. During the same time period, additional initiatives for savings and/or revenue enhancements have been identified by the PHT staff and PWC to offset a portion of the shortfalls, resulting in a projected cash carryover into FY 2011 of \$74.9 million.

For FY 2011, the proposed Resource Allocation Plan reflected a P&L loss of \$1.8 million after incorporating \$164.1 million for the full-year impact of the cash plan and an additional \$198.5 million of new PHT staff and PWC recommended initiatives. Since that time the initiatives have continued to be scrutinized, detailed implementation plans have been developed, and other new initiatives have been identified which has resulted in the adjustment of the projected benefit amounts.

Significant changes include increases in Revenue Cycle benefits primarily from improved patient access and central business office processes, (\$21.3 million); Strategic Sourcing benefits from improved procurement and receiving and distribution systems and processes, (\$10.1 million); and Care Management benefits from a reduction in length-of-stay and patient throughput, (\$6.3 million). Other benefits result from maintaining operations at both nursing homes with improved marketing targeted toward Medicare recipients, (\$4.2 million), and improved labor and productivity, (\$4.6 million). The benefits were offset partially by a reduction in the estimated benefit from outsourcing Corrections Health Services, (\$17.3 million), and an increase in the proposed funding level of Community Health of South Dade from \$4.5 million to \$5.3 million which is in line with proposed reductions of County funded community based organizations.

In addition, the budget for Jackson South Community Hospital includes \$5.9 million of growth-oriented initiatives while maintaining Obstetrical Services which had been eliminated in the proposed Resource Allocation Plan. Growth-oriented initiatives at Jackson North have increased by \$2.2 million and other new initiatives include those for Pharmacy, (\$1.4 million), information technology, (\$7.5 million) and Women's and Children's (\$4.2 million), as well as a reduction in allocations to the JMH Foundation for Health Services and Grants Management,

(\$3.6 million). The budget also includes an \$8.0 investment for the development of a primary care referral network to promote future growth initiatives.

Although Congress recently passed legislation that may provide additional funding for the PHT, it is premature to include any such funding in the budget. If necessary, a supplemental budget will be recommended to the County Commission during FY 2011 to address that funding.

As a result of the changes described above, the operating budget ordinance of \$1.732 billion in the Proposed Resource Allocation Plan has increased to \$1.975 billion. Of the \$242 million increase, \$118 million is the result of growth in Managed Care revenues in light of the new Medicare HMO plan and the Exclusive Provider Organization, ("EPO"), plan being offered in addition to increased participation in the Managed Care plans by the PHT employees. The revenue is offset to a large extent by additional costs, (increase of \$103.2 million), for the purchase of medical services for the Managed Care plans. Another \$121.9 million reflects anticipated additional revenues from the JHS initiatives and the PWC recommendations. Expenditures grow for personnel costs, supply costs, etc. in light of the additional services being provided. The recommended FY 2011 budget reflects the projected FY 2010 year-end cash of \$74.9 million. In the Proposed Resource Allocation Plan, the budget included only the cash carryover needed to balance the budget as the projection for total cash carryover was still being finalized. The difference is \$19.5 million. Similarly, the budget now reflects the year-end cash projected FY 2011 (\$70.5 million). The following chart compares the proposed budget with the recommended budget.

The Capital Budget for the PHT has been updated since it was prepared last May for the Proposed Resource Allocation Plan. Pursuant to County practice, the capital budget for the PHT does not include general obligation bond, ("GOB"), funds in the amount of \$22.613 million in FY 2011 which are presented with other GOB funded projects in the budget ordinance. In total, the recommended all-years' capital budget for the PHT, including carryover projects, new projects for FY 2011, and new projects identified to begin in FY 2012, has been changed to \$311.314 million from \$287.432 million.

For FY 2011, the capital budget is recommended at \$191.634 million which represents an increase of \$97.054 million from the Proposed Capital Budget. Changes to the PHT capital budget include revised estimates for expenditures in FY 2010 and the resulting adjustments to the cost of continuing the work on those projects in FY 2011 and funding from the JMH Foundation (\$6 million). In addition, over the summer the PHT staff has reviewed the requests for new projects and equipment to be funded starting in FY 2011. The new projects have a total all-years' budget of \$162.239 million, of which \$99.332 million is programmed to be spent in FY 2011. As a result, to meet the cash flow needs for capital uses, the amount of operating funds being contributed to capital has been increased, as noted above, to \$58.1 million from \$45 million. Also, we are seeking to accelerate into FY 2011 \$48.457 million of the \$75 million revenue bond issue previously planned for FY 2012.

Staff has also identified \$533.817 million in future projects which are unfunded at this time. It is expected that a portion of the funding for those projects will come from funded depreciation, the JMH Foundation, and grants. Staff is updating the capital master plan and as part of that process, we will look at alternative funding mechanisms. It is expected that this update will be completed in time for inclusion in the FY 2012 budget and a full report will be provided to the PHT Board and the County Commission once the update is completed.

In closing, I want to thank the Mayor, County Commissioners, you, your staff, our employees, the members of the University of Miami Medical School and the Florida International University Medical School, and all of our other partners who have worked so hard to ensure that the mission of the PHT will continue. While we may not always agree on the best approaches to achieve that end, I truly believe that we are all working to the best of our abilities to make JHS a viable institution that will continue to be one of the leading, major hospital systems in the United States and the safety net hospital system for the residents of Miami Dade County.

As the date of the approved events/program approaches, the Aviation Department will obtain the documentation required by A.O.7-32 from each entity for review by the Aviation Department and the County Attorney's Office prior to disbursement of funds, and in accordance to the following recommendations.

1. **Airports Council International (ACI)**

Event: Conferences

Amount recommended: \$7,500

The Miami-Dade Aviation Department will co-host numerous conferences with Airports Council International during this fiscal year. The conferences will enable MIA to promote itself to a large number of airports.

2. **Caribbean Central American Action (CCAA)**

Event: Miami Conference on the Caribbean & Central America

Amount recommended: \$4,000

This conference is held every year in Miami and provides a forum for deliberation on diverse policies and business issues critical to the countries of Central America and the Caribbean basin. Miami International Airport has strong interests in these matters to maintain its position as the nation's air service gateway to Latin America and the Caribbean.

3. **Miami-Dade County Aviation Department (MDAD)**

Event: Inaugurals for new airlines

Amount recommended: \$5,000

The Aviation Department will co-host inaugural ceremonies for new airlines servicing MIA with the respective airlines.

4. **Miami-Dade County Aviation Department (MDAD)**

Event: Hosting of Inbound International Business Development Missions

Amount recommended: \$4,000

Sponsorship, co-sponsorship or hosting of groups visiting MIA for presentations and associated hospitality under the Department's air service development program, MIA passenger, cargo or support industry prospects, non-Terminal facility rental/development prospects, as requested to and approved by, the Aviation Department. Requestors include MDAD Business Development management, community partnerships such as the Greater Miami Convention & Visitors Bureau, the Beacon Council, the World Trade Center Miami, the Miami-Dade County International Trade Consortium, the Greater Miami Chamber of Commerce, the Florida Customs Brokers & Forwarders Associations, the Port of Miami, or other partnerships presenting/sponsoring visiting groups to Miami for business development purposes that benefit MDAD and MIA.

5. **Miami-Dade County Aviation Department (MDAD)**

Event: Community Outreach Programs

Amount recommended: \$42,000

MDAD, in accordance with FAA guidelines, will utilize airport revenues in support of community activities such as AfriCANDO as long as such expenditures are directly and substantially related to the operations of Miami International Airport and MDAD's General Aviation airports. These expenditures will be documented and reviewed on a case-by-case basis to ensure compliance with FAA guidelines.

6. **Foundation for Democracy in Africa (FDA)**

Event: U.S. Africa Air Transportation Summit

Amount recommended: \$19,000

Miami is poised to be the gateway to the U.S. for Africa for air service development in conjunction with the FDA and as such, the major economic beneficiary from related future growth. Through the summit, Miami-Dade Aviation Department will continue to promote air service and cargo trade between the two continents via Miami International Airport.

7. **Airport Minority Advisory Council (AMAC)**

Event: Annual Airport Business Diversity Conference

Amount recommended: \$5,000

The AMAC promotes the full participation of minority and women-owned businesses in airport contracts and promotes the employment of minorities and women in the airport industry. On a yearly basis, MDAD pledges \$5,000 to the AMAC to sponsor their Annual Airport Business Diversity Conference. This sponsorship entitles MDAD to free conference registrations, a half page ad in the conference's journal, and an exhibit booth. The AMAC annual conference is co-sponsored by the FAA and has become one of the largest aviation conferences in the United States. The event brings together businesses, aviation professionals, government officials and individuals from around the country to discuss a variety of subjects ranging from how to do business at airports to public policy issues impacting the entire aviation industry.

8. **Miami-Dade County**

Event: Miami-Dade County Days in Tallahassee 2011

Amount recommended: \$2,500

Miami-Dade Days provides a unique opportunity for participants, including local officials and community leaders to discuss legislative priorities affecting Miami International Airport with state legislators in an informal setting.

9. **American Association of Airport Executives (AAAE)**
Event: Customer Service & Volunteers Educational Conference
Amount recommended: \$2,500
- This is an educational program for Customer Service and the Volunteer Airport Ambassador Program at airports.
10. **Florida Airports Council (FAC)**
Events: FAC State Legislative Summit, FAC Federal Legislative Summit, FAC Annual Conference
Amount recommended: \$5,000
- MDAD will co-sponsor the FAC State Legislative Summit, at which the Department will be represented by its Office of Governmental Affairs. \$2,000 includes both summits; \$3,000 is requested for the annual conference.
11. **Miami-Dade Aviation Department**
Events: Promotion/grand openings of completed MIA construction projects
Amount recommended: \$38,000
- Promotion/grand openings of completed Capital Improvement Program (CIP) projects at Miami International Airport such as North Terminal, Concession openings, MIA Mover-related projects, OPF Air Traffic Control Tower, etc.
12. **Miami-Dade County Aviation Department**
Event: Summer and Seasonal Travel Programs
Amount recommended: \$3,000
- MDAD's Terminal Operations & Customer Service Division will continue the Summer Travel Program and Seasonal Travel Programs by providing entertainment to for passengers during the heavily traveled months. This program is designed to brighten airport passengers' and visitors' experience while traveling through MIA, thereby enhancing MIA's image and promoting repeat business.
13. **The Latin Chamber Of Commerce (CAMACOL)**
Event: Hemispheric Congress Sponsorship
Amount recommended: \$4,000
- This conference is held every year as a solid vehicle to establish international business ties worldwide. The mission of the Congress is to directly link businesses throughout the globe, promote Miami-Dade County and the State of Florida as the gateway to the Americas.
14. **Miami-Dade County Aviation Department**
Event: Survival Fire Drill
Amount recommended: \$5,000
- The survival drill is conducted by The Fire Department of Miami-Dade County Aviation Department to review safety practices.

15. **Miami-Dade County Aviation Department (Airside Operations)**

Event: FAA Meetings for FY 2010-11

Amount recommended: \$5,000

Airport safety assessment with FAA, airlines, and Chief Pilots; Runway Safety Action Team/FAA meetings with airlines and Chiefs Pilots; FAA drills/meetings reference required drills to meet MIA's 139 Certification as a Commercial Airport; AAAE Trainings regarding required FAA drills to meet MIA's 139 Certification as a Commercial Airport.

16. **Miami-Dade County Aviation Department (MDAD)**

Event: Monthly Miami Airport Affairs Committee (MAAC) meetings

Amount recommended: \$5,000

The MAAC meetings are attended by the Aviation Director and other senior MDAD staff members. These meetings are held to discuss and address issues arising from MIA operations which have a direct impact on the airlines; as well as provide answers to requests for information. These meetings are held in the Hotel MIA Conference Center and catered by the hotel.

17. **American Association of Airport Executives (AAAE) & Airport Minority Advisory Council (AMAC)**

Event: AAAE/AMAC Annual Airports Economic Forum

Amount recommended: \$7,500

MDAD will provide a \$7500 sponsorship of the AAAE and AMAC's annual Airports Economic Forum. The forum is attended by airport representatives and aviation experts and presents up-to-date information on legislation, regulatory changes, and best practices from the nation's airports, successful large and small businesses, and legal and financial experts. Typically the forum attracts between 120 and 150 participants from across the nation to discuss and explore how to achieve economic success for U.S. airports.

In summary, these events will provide Miami-Dade County's Aviation Department an excellent opportunity to showcase and promote Miami International Airport and its General Aviation airports. All promotional funds recipients will be required to comply with the requirements of Administrative Order 7-32 governing the expenditure of Miami-Dade County Aviation Department promotional funds, and with the Federal Aviation Administration's guidelines.

**Seaport Promotional Fund
Recommended Expenditures
FY10-11**

As incorporated in Administrative Order 7-32 are recommendations for Seaport Promotional Fund expenditures totaling \$426,000 for other county offices and programs and \$620,000 to support the following maritime industry related events. These funds will be transferred to the appropriate entities pursuant to execution of standard agreements approved by the County Attorney's Office. Expenditures of such funds shall be spent in accordance with the budgets submitted as part of the standard agreements. In some instances, the funds will be spent directly by the County as set forth below.

1. Latin Chamber of Commerce (CAMACOL)

Event title: "Hemispheric Congress"
Amount recommended: \$ 100,000

The Hemispheric Congress is considered one of the most successful conduits for interaction among the business communities of the Americas. Several programs designed to enhance trade relations in the hemisphere have been developed as a result of the conference. These include a hemispheric network for dissemination of commercial information; the Inter-American Economic Commission, headquartered in Miami-Dade County; Sanchez-to-Sanchez-to-Smith, which links Latin American and Caribbean Basin executives with Hispanic manufacturers in Miami-Dade, Florida and the United States; training programs designed to strengthen entrepreneurial skills; and the Inter-American Business Matchmakers, which links Miami-Dade and Florida manufacturers with buyers from the region, thereby increasing export sales to Latin America and the Caribbean. The support of Miami-Dade County will again enable the Congress to strengthen multi-lateral trade, and develop markets for our products. This event benefits Miami-Dade County by promoting trade to strengthen our local economy.

2. Greater Miami Convention and Visitors Bureau (GMCVB)

Event title: "Cruise Miami Promotion Program"
Amount recommended: \$ 200,000

The aim of this program is to increase the length of stay in Miami-Dade County for cruise and air passengers utilizing the Dante B. Fascell Port of Miami-Dade and Miami International Airport as embarkation/debarkation points for overnight cruise voyages. A portion of these funds will be utilized to co-sponsor the "Where the Worlds Meet" advertising campaign which is a marketing initiative in partnership with the GMCVB, the Beacon Council, American Airlines and the Aviation Department. Additional funds will go towards developing port marketing initiatives/campaigns and cruise familiarization tours (FAM Tours) for travel agents.

3. Florida International University

Event title: Inter-American Conference of Mayors
Amount recommended: \$ 60,000

The aim of this conference is to strengthen democracy in the hemisphere by creating opportunities for discussion among local leaders and those interested in local government. It provides a forum for discussion of common issues and varied experiences, which enables participants and communities to learn from one another. The event benefits our community by showcasing Miami-Dade County and its authorities as key resources in strengthening local government throughout the Americas.

4. Seatrade Cruise Shipping Miami Conference

Event title: "Conference, Trade Show, FCCA Gala Dinner, and related events"
 Amount recommended: \$ 70,000

The Seatrade Cruise Shipping Miami conference and trade show is the premier annual convention in the cruise industry. It is attended regularly by over 10,000 participants, including more than 1,700 cruise line owners and operators from 65 cruise line companies. Miami-Dade County was chosen as the convention site based on its reputation as "Cruise Capital of the World," and there is no single cruise event in the world from which the Port of Miami and the County can receive more exposure. Funds for this event will be spent in conference registration, trade show promotional materials, the FCCA Gala Dinner, and related events.

5. Port of Miami Promotional/Inaugural Events/Customer Appreciation Activities

Event title: "Miscellaneous Services Related to Preparation for Promotional and Inaugural Events at the Port and Customer Appreciation Activities"
 Amount recommended: \$ 20,000

Throughout the year, promotional events/activities arise where the Port of Miami elects to participate as a sponsor or host site. These events provide Miami-Dade County an excellent opportunity to showcase its seaport facilities for both cargo operations and passenger accommodations as hemispheric hubs for international trade and tourism. These funds might also be utilized to fund activities to welcome/inaugurate a new vessel or host customer appreciation activities either at the Port or at an off-Port site.

6. World Trade Center Miami

Event title: Sea Cargo Americas Trade Show & Congress; and Trade Related/Business Development Cooperation"
 Amount recommended: \$ 62,500

This congress continues to provide a forum for executives in the air/sea cargo industries to exchange views on global trade and enhance growth of the industries in the Western Hemisphere. The 2010 congress was combined with Air Cargo Americas and attended by more than 5,000 participants. The trade show component showcases the latest topics, products and technology utilized in these ever evolving and competitive areas. Additionally, the World Trade Center Miami and its staff will assist the Port throughout the year in business and trade development efforts.

7. Florida Chamber of Commerce

Event title: Various Activities to Support Port Objectives
 Amount recommended: \$ 50,000

Established in 1916 as Florida's first statewide business advocacy organization, the Florida Chamber of Commerce is the state's largest federation of employers, chambers of commerce and associations, representing more than 139,000 employers. The Chamber works within all branches of government to affect those changes set forth in the annual Florida Business Agenda, and which are seen as critical to the continued improvement of Florida's business environment. The Florida Chamber of Commerce is a major supporter of the maritime industry and specifically critical Port of Miami initiatives, including the deep dredge.

8. Future of Florida Forum
 Event title: Forum Session
 Amount recommended: \$ 7,500

The Port of Miami will serve as a moderator for the Future of Florida Forum which brings together maritime and business leaders to discuss current issues, including freight movement and impact of the Panama Canal expansion. This year the Forum will focus on economic recovery, transportation issues and international trade.

9. International Longshoreman Association
 Event title: Convention
 Amount recommended: \$ 30,000

The International Longshoremen's Association, AFL-CIO is the largest union of maritime workers in North America, representing upwards of 65,000 longshoremen on the Atlantic and Gulf Coasts, Great Lakes, major U.S. rivers, Puerto Rico and Eastern Canada. As a major stakeholder in the maritime industry it is important to share information pertaining to the various issues that may affect both the ILA and the port. Funds will be utilized to host events promoting the Port of Miami at the convention.

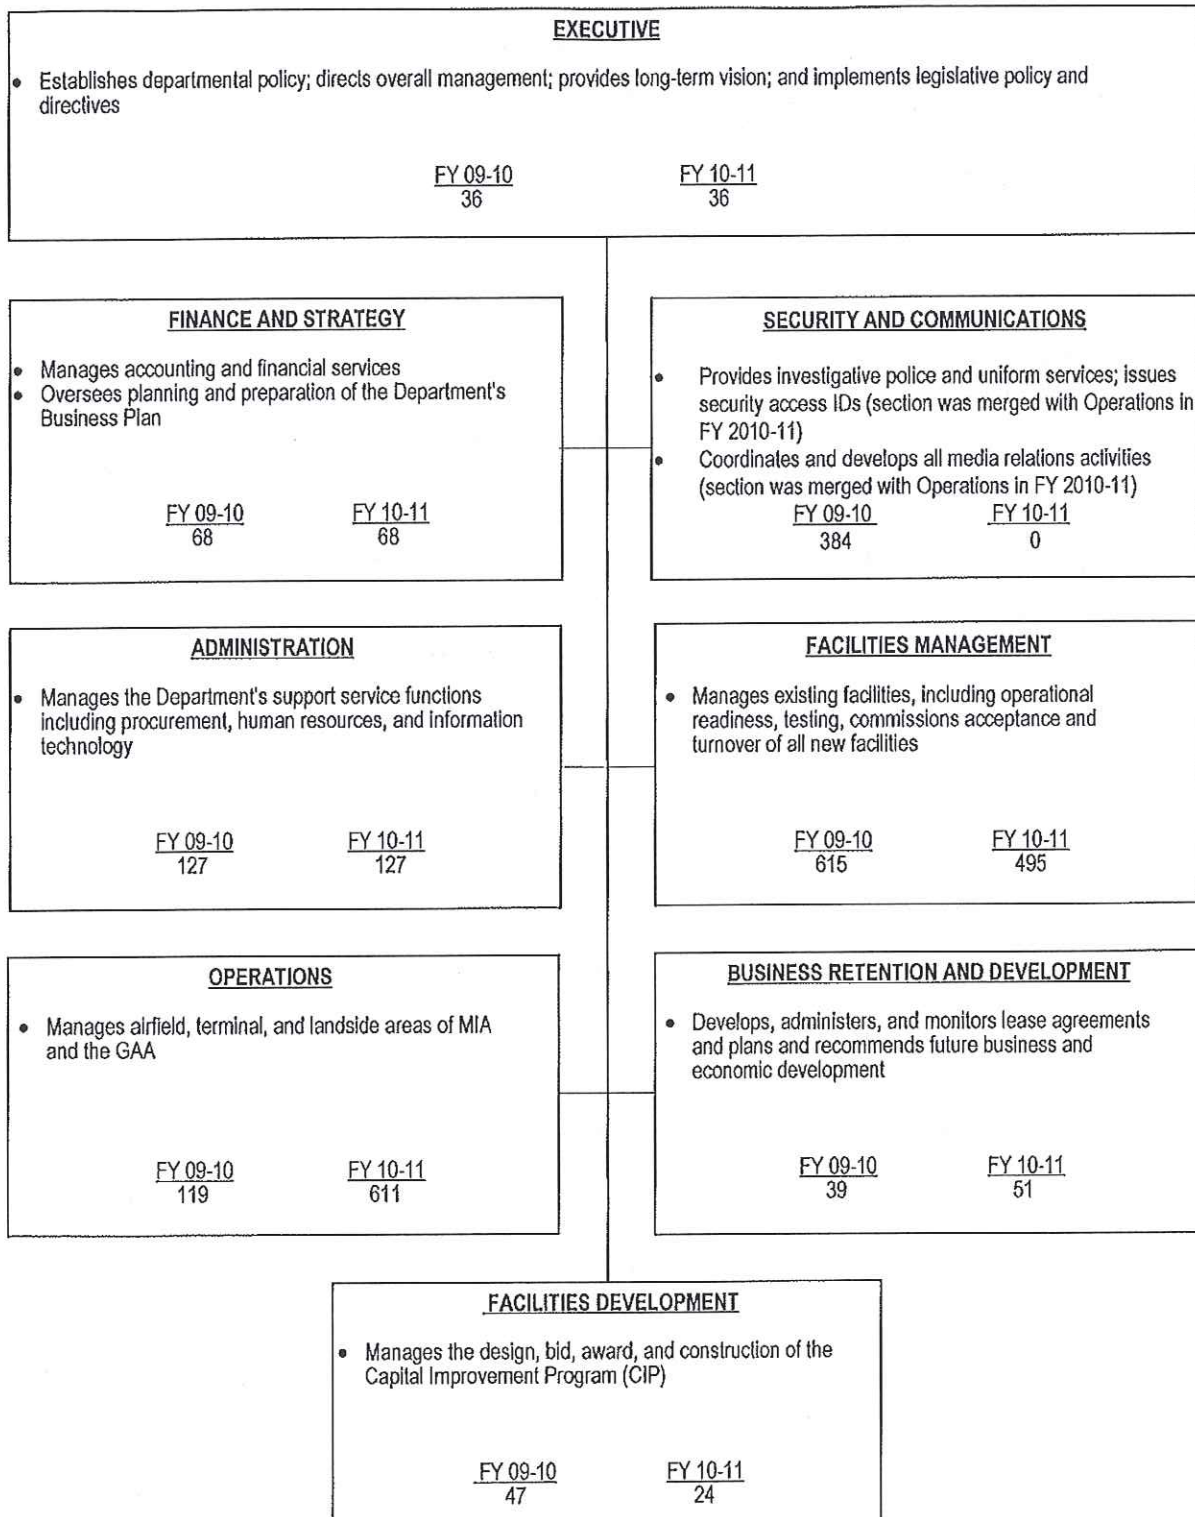

10. AAPA Latin American Ports Delegation
 Event title: Annual Congress
 Amount recommended: \$ 20,000

This convention will provide the opportunity to address and discuss the common issues facing both the Ports of Latin America and the Port of Miami. Expected discussions will include the impact of the Panama Canal, vessel sizes, general economic business, port financing and maritime security and training.

Memorandum

Date: September 23, 2010

To: Honorable Dennis C. Moss Chairman
And Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: Information for Second Budget Hearing – FY 2010-11 Proposed Budget

This memorandum accompanies the FY 2010-11 Budget Ordinances for your consideration at the Second Budget Hearing on September 23, 2010. This document provides information requested and details all adjustments necessary from what was included in the FY 2010-11 Proposed Budget and any actions taken by the Board of County Commissioners at the September 13, 2010 First Budget Hearing, as well as making recommendations for other adjustments for your consideration. The total value of new allocations contained in this document is \$15.037 million.

During the First Budget Hearing on September 13, 2010, the Board of County Commissioners (BCC) approved the following tentative millage rates: Countywide 5.4275, Unincorporated Municipal Services Area 2.2980, Fire Rescue Service District 2.5753, and Library System 0.3500 mills. At these millage rates, the Proposed Budget is funded and the adjustments included in this memorandum may be supported.

As we have advised the Board on various occasions, as a result of the various concessions made by the County's collective bargaining units, we were able to realize over \$225 million in personnel savings over the three-year life of the agreements. In addition, through the five percent contribution by employees toward health insurance costs, the County will be saving an estimated \$80 million on a recurring basis annually. Specifically as it pertains to FY 2009-10 and FY 2010-11, the anticipated savings are \$137 million and \$100 million, respectively. Said another way, without these agreements in place, an additional \$237 million (\$130 million from the property tax supported budget and \$107 million from proprietary revenues) in expenditure reductions would have been necessary to balance the FY 2010-11 budget. The statement that this budget raised taxes to fund pay increases is simply inaccurate. The impact to individual employees was salary reductions ranging from 11 to 21 percent for the first year and, even after the restoration of certain benefits frozen for 12 months, a total salary reduction of more than eight percent for the two years combined.

We have visited each BCC member and reviewed a draft list of Building Better Communities Bond Program projects to be included in the next two bond sales. Ultimately a final list will be approved with the series resolution approving the bond sale. Be reminded that through the approval of the series resolution previous resolutions passed may be superseded. The higher debt service millage rate will generate \$187 million more in bond proceeds for capital projects over the next two bond sales to support projects that will bring an average of 1,870 new jobs a year for the next five years. Attachment A is a memorandum that contains more detailed information regarding the benefits of maintaining the tentatively adopted debt service millage. We will continue to work with Commissioner Barreiro to develop legislation to allow for the expediting of these projects.

General Fund Adjustments

The Proposed Budget included the funding for a Future Services Reserve (\$6.811 million) and Sustainability Projects Reserve (\$500,000). The various adjustments detailed below have been funded through the reallocation of these reserves, as well as higher than anticipated FY 2009-10 carryover (\$3.504 million) identified through updated projections performed this week based on the most recent actual expenditures and revenue collections.

Housing and Community Development (HCD)

In light of the concerns raised relating to the reorganization of the Department of Housing and Community Development (HCD), it is recommended that the Proposed Budget be amended to restore HCD, so that the administration of the federal, Documentary Stamp Surtax, and SHIP programs remain consolidated under the same entity. However, in order to address the issue of reliance on one-time revenues and flat CDBG and HOME grants, we recommend that the Community Action Agency (CAA) provide back office support, including personnel, procurement, information technology, accounting and other general office assistance. Both HCD and CAA will continually assess the optimal level of support and may recommend changes as the implementation progresses. To restore funding to HCD, CAA's budget will be reduced by \$153.808 million and 31 positions; GSA's budget will be reduced by \$64.303 million and 34 positions. HCD's budget will be funded at

\$217.107 million and 67 positions (65 positions transferred from CAA and GSA and the restoration of two positions). HCD's budget has been adjusted to reflect the elimination of an interagency transfer of \$1.004 million. The CAA's budget will adjust appropriately to reflect the interagency transfers from HCD.

Subsequent to the release of the Proposed Budget, Miami-Dade County received \$20.036 million from the third round of Neighborhood Stabilization Program (NSP) (Attachment B). Like the first round of funding, NSP Round 3 is designed to acquire and rehabilitate foreclosed properties, demolish blighted structures, and redevelop vacant land. As such, HCD's budget will increase by an additional \$20 million in federal funds, for a total of \$237.143 million in revenues. Among other projects, it is anticipated that this grant could provide funding to address the homes in Brownsville damaged by a tornado in March 2003. Rehabilitation began and several homes were demolished. Allocating this funding will allow for conclusion of this project. As more information is gathered on NSP Round 3, we will bring appropriate agenda items to the Board for consideration to utilize this funding.

Community Action Agency (CAA)

The County will receive an additional allocation of Low Income Home Energy Assistance Program (LIHEAP) funding in the amount of \$7.5 million, which will allow the Department to provide another 15,000 utility payments to low-income households. This funding is an increase to the original allocation from the Department of Community Affairs. In addition, due to a lawsuit by other grantees, the Alliance for Aging must reallocate some of its awards. For this reason the CAA grant for transportation services will be reduced by \$177,500, potentially impacting three Driver Attendant positions. These positions may need to be converted to part-time if the Department is unable to use other revenues, such as Community Service Block Grant (CSBG), to offset the loss.

Greater Miami Service Corps

For the upcoming fiscal year, the Greater Miami Service Corps (GMSC) contract with the Water and Sewer Department was not renewed. The General Services Administration will now contract for services from the GMSC during FY 2010-11. The contemplated services and functions include landscaping and mowing at various locations, boarding up and maintenance of some homes and vacant lots, custodial services at newly-acquired properties, and painting (\$270,000). The Fire Rescue Department will also contract for services with GMSC for custodial services at the new training facility and food service functions (\$60,000). These actions allow for the reinstatement of two positions. In addition, the Department of Housing and Community Development will also contract with the GMSC for landscaping and mowing at various locations (\$50,000).

Head Start / Early Head Start

In October 2010, Community Action Agency will receive final recommendations from Western Kentucky University for improving the services, administration, and financial stability of the County's Head Start/Early Head Start (HS/EHS) program. Based on Western Kentucky's progress report dated September 10, 2010, recommendations may include reorganization of administration and service delivery. CAA will work diligently to implement all improvements recommended by Western Kentucky University in order to achieve all possible savings; however, it is unknown if the savings will amount to the additional \$3.705 million necessary to maintain the current program structure. Per conversations with Commissioner Barbara Jordan, the Chair's appointed Liaison to Head Start, Mr. Jeff Fredericks from the Head Start Regional Office in Atlanta has advised that should the HS/EHS program implement the Western Kentucky University recommendations and still face a funding gap in FY 2010-11, his office will provide sufficient federal funding to cover the shortfall. Based on this assurance, we now propose restoring 15 educational days in Head Start and 16 days in Early Head Start, restoring both the 240 delegated and 500 partnered slots to County operation, restoring

contracted health services, and not instituting four days of furloughs. This maintains the current number of educational days for Head Start at 175 and Early Head Start at 226, the current number of delegate operated Head Start slots at 4,042 (64 percent) and County operated slots at 2,268 (36 percent), and the current number of delegate operated Early Head Start slots at 192 (43 percent) and County operated slots at 254 (57 percent). The Department will restore 94 full-time positions and budget an extra \$3.705 million in federal Head Start/Early Head Start funds.

It should be noted that in order to offset increased costs in HS/EHS, the FY 2009-10 Adopted Budget included increased revenues of \$1.323 million generated by an aggressive campaign to boost Voluntary Pre-Kindergarten (VPK) capacity, enrollment, and reimbursement. The VPK program is projected to bring over \$1.4 million into HS/EHS by the end of this fiscal year. The FY 2010-11 Proposed Budget already includes \$1.642 million in VPK revenue, maximizing the revenue stream for HS/EHS.

We will carefully monitor the implementation of the recommendations proposed by Western Kentucky University and keep in close contact with the Regional Office. In the event anticipated savings cannot be achieved and HHS is unable to make up the difference, services will be adjusted at the end of the school year. As well, any recommendation requiring changes in FY 2011-12 will be pursued in a timely manner.

Emergency Housing

The CAA Proposed Budget included the phase out of the Emergency Housing Program, which was designed to assist families in need of short-term housing. The Community Action Agency (CAA) administers the program, providing the staff that assists families into and out of the units. The Department of Human Services (DHS) owns the facilities, pays operating costs, and provides necessary maintenance. The program has two locations, Emergency Housing North at 2301 NW 54 Street in Miami and Emergency Housing South at 825 West Palm Drive in Florida City. The northern location consists of a single building with 11 units, all of which are currently vacant. The southern location consists of four buildings with four units each, for a total of 16 units, three of which are currently occupied. In FY 2009-10, the program assisted 32 families, a volume that the homeless continuum can absorb through its Homeless Assistance Centers (HAC) or temporary hotel accommodations. The HAC at 1550 North Miami Avenue in Miami is five miles away from Emergency Housing North; and, the HAC at 28205 SW 125 Avenue in Homestead is less than 10 miles away from Emergency Housing South. Although budget constraints eliminated the DHS operating and maintenance funds, requiring the CAA to complete the phase-out of the program, DHS, CAA, and Homeless Trust are cooperating to find a new role for both facilities, perhaps as permanent supportive housing, so that these assets continue to productively serve housing needs in both the north and south of the county.

Procurement Management and Small Business Development

As part of the FY 2009-10 Adopted Budget, the Certification Unit was transferred from Small Business Development (SBD) into the Department of Procurement Management (DPM) in order to support the implementation of the County's effort to consolidate vendor services. As a result of delayed capital technology project implementation and in conjunction with a realignment of resources available for small businesses, it is recommended that the Certification Unit be transferred back to SBD. The transfer of User Access Program (UAP) revenues to the general fund will be reduced by \$175,000 to support the additional resources in both departments. After all of the following adjustments, the transfer from DPM to SBD will be increased from \$408,000 to \$972,000, the transfer to the General Fund from DPM will decrease from \$2.618 million to \$2.443 million, and SBD will receive an increased transfer from the Capital Working Fund of \$3.0 million from \$2.799 million.

Procurement Management

DPM will realize additional carryover into FY 2010-11 as a result of increased UAP revenues and savings due to attrition and decreased general expenditures in FY 2009-10 and anticipates \$165,000 in additional UAP revenue for FY 2010-11, based on our most recent projections. The department's FY 2010-11 carryover should be increased by \$250,000 and five positions will be restored to provide resources for the procurement of goods and services. In addition, as a result of operational realignment in SBD discussed further in this memo, DPM will realize savings of \$201,000, which will be used to restore two additional positions. In the event that revenues projected from UAP are not realized, the Department will need to make additional reductions during FY 2010-11.

Small Business Development (SBD)

The Office of Strategic Business Management (OSBM) has worked with SBD's management team to develop several operational adjustments that would enable the department to reassign work effort to high priority functions due to reductions realized from reduced indirect cost reimbursements and elimination of positions in the proposed budget. These operational adjustments include: conducting compliance monitoring through a representative sampling of projects, replacing routine payroll reviews with complaint-driven wage monitoring, conducting the 48-hour review of incoming bids and proposals as part of the pre-award compliance review, cross training staff to handle contract disputes for construction/A&E contracts as well as general procurements, and reorganizing the delivery of financial and bond assistance programs through the development of informational brochures that will be made available to interested companies. The transfer will include six positions from DPM to SBD to manage the small business certification function for five programs (\$486,000). In addition, three positions and realigned operational funding will be added to SBD in order to provide additional resources to manage the backlog on re-certifications (\$279,000). In addition, one SBD Technical Assistance Coordination position will be restored and funded through General Fund to assist with complaints on Wage Theft and Living and Responsible Wage Ordinances, support Review Committee and Advisory Boards, provide staff support debarment, and assist with certification appeals (\$107,000).

Additionally, SBD staff will continue to explore alternative work flow approaches to further improve operations and ease workload burden without compromising services to small businesses. Those alternatives could include a re-engineered work flow where individual SBD staff members manage projects from their inception to their completion, and a dual organizational emphasis on small business case management and employee protection. Process changes will also be developed including placing accountability for compliance on the vendor through an affidavit submission and moving from an annual recertification cycle to a multi-year cycle. These adjustments will require revisions to the Code and sections of respective Implementing Orders, which will be brought back to the Board for approval. These adjustments, along with an administrative realignment, will enable SBD to accomplish operational priorities with the positions proposed in the FY 2010-11 budget.

Community-Based Organization (CBO) Funding

Funding is recommended to address priority service areas including categories for services for children and elderly, basic needs, and health programs. Allocations for the areas of basic needs; children and adults with disabilities; children, youth and families; criminal justice; elder needs; health; and special needs will be increased to 100 percent of FY 2009-10 funding. An additional \$2.27 million of funding is recommended to be made available for allocation. By approving this recommendation the Board is amending the percentage allocations referenced in Resolution R-380-10 relating to the Human and Social Services CBO Funding Process to those reflected in the following table:

**Community Based Organizations
 Reallocation**

Categories	Percent	Funding From Apr. 2011 - Sep. 2011
1 Basic Needs	12.9%	\$ 1,275,000
2 Children & Adults with Disabilities	6.7%	663,000
3 Children, Youth & Families	22.1%	2,192,000
4 Criminal Justice	15.4%	1,530,000
5 Elder Needs	13.9%	1,377,000
6 Health	4.1%	408,000
7 Immigrants/New Entrants	3.1%	306,000
8 Other	1.5%	153,000
9 Special Needs	16.5%	1,632,000
10 Workforce Development	3.1%	306,000
11 Evaluation Plan	0.8%	76,000
GF Available	100.0%	9,918,000
Environmental Grants (DERM)		184,562
Available Amount 04/01/11 -- 09/30/11		\$ 10,102,562

The Department of Cultural Affairs has concluded its scheduled competitive review processes for several of its grant programs for non-profit cultural organizations. The funding available for allocation to cultural programs has also been restored to FY 2009-10 levels (\$2.238 million increase, for a total of \$12.873 million). The recommended allocations are included in Attachment C. In addition, it is recommended that an additional \$251,000 for a total of \$530,000 be allocated to the Miami Children's Museum to support operations in this facility on par with other County major institutions.

Memorandum of Understanding for Police Service at Miami International Airport

The Miami-Dade Police Department (MDPD) will require expenditure authority to account for a Memorandum of Understanding (MOU) with the Miami-Dade Aviation Department (MDAD) for uniformed police services at the Airport. This technical adjustment is required to bring uniformity in the treatment of out-stationed police officers to be reflected as MDPD's employees. The expenditure authority is required to support the transfer of 157 positions that are currently on MDAD's table of organization that are going to be transferred to MDPD and billed back to MDAD via this MOU. Services currently being provided through this MOU by MDPD for MDAD will remain unchanged and will be transparent as this technical adjustment takes place. The total budget allocation that will be billed back to MDAD is \$25.052 million and includes projected salaries, fringes, overtime, as well as other operating expenditures.

Building and Neighborhood Compliance

The FY 2010-11 Proposed Budget recommends the merger of the Building Code Compliance Office into the Department of Building and Neighborhood Compliance. Although the County maintained the Building Code Compliance Office as a separate department, after the adoption of the statewide Florida Building Code (FBC) in 2002, it was no longer necessary. With the adoption of the statewide building code, the South Florida Building Code was eliminated and the state assigned the responsibility for the adoption, modification, update, and maintenance of the code to the Florida

Building Commission. Further, the Florida Building Commission has the authority to review decisions of local building officials and local enforcement agencies. The merger will eliminate administrative support positions that will generate savings to provide adequate funding to support direct service activities. Reduction of direct service personnel will impact the County's ability to enforce building code and building permitting activities and performance of regular and post disaster inspections.

Unlicensed Contractor Enforcement

Subsequent to the release of the FY 2010-11 Proposed Budget, concerns were expressed by the public and members of the Board regarding the proposed elimination of the Miami-Dade Police Department (MDPD) Unlicensed Contractor Criminal Investigation Unit and the delegation of this function to the police district stations. To address this concern, MDPD will designate one sworn officer from the Uniformed Services Division, Departmental Coordination Section, as the departmental liaison to address issues and violations with the Districts, in conjunction with Building and Neighborhood Compliance Department.

Foreclosed Homes

The social and economic impact of the foreclosure crisis is creating a heavy burden on our community. Foreclosures are weakening our real estate market and impacting our local economy. Foreclosed homes adversely affect sellers as well, adding to the inventory of homes competing for buyers and negatively affecting the perceived value of nearby property. Inventories of unsold homes devalue our local property value, which reduces the taxable revenue that the County relies on. Because of these concerns, it is my recommendation that \$500,000 be appropriated to support a pilot foreclosure home buying program to be administered by the Department of Building and Neighborhood Compliance. This pilot program will attempt to purchase foreclosed homes that are degrading UMSA neighborhoods, make any necessary improvements, and prepare the home for sale. It is hoped this program will help stabilize property values and improve our neighborhoods.

Office of Community Advocacy

It is recommended funding be allocated to restore four overage positions within the Office of Community Advocacy (\$433,000) and reclassify the vacant Assistant to the Executive Director position to an Executive Director.

County Attorney's Office

The Proposed Budget recommends increasing the County Attorney's Office general fund allocation by \$900,000 to restore funding to support personnel expenses.

Elections

The 2010 Primary Election in August reemphasized some important operational necessities. These include our highly trained poll workers performing multiple functions, the benefit to the voters from our outreach efforts, as well as retaining an adequate level of technical staff in the Department to assist with troubleshooting election equipment and software. The reductions included in the Proposed Budget would have stripped our Elections Department of these vital functions. Although there is a monetary savings associated with the proposed reductions of 28 positions (including two positions during the mid-year), we would be putting the success of future elections in jeopardy that will undercut any short term savings. It is therefore recommended to restore ten positions (\$770,000) in order to maintain a level of outreach services as well as the technical expertise required to ensure the continued success in upcoming elections.

Fire Rescue

After the release of the FY 2010-11 Proposed Budget the Miami-Dade Fire Rescue Department (MDFR) completed an analysis of the Fire Boat 1 response to service calls by locations. The available data shows that of the responses to incidents that can be clearly allocated to a taxing jurisdiction, about half of the calls were dispatched outside the Fire District, and half to areas within the Fire District. MDFR proposes to reallocate staff currently assigned to two Emergency Medical Transportation units (nine per unit, including relief, for a total of 18) to operate Fire Boat 2 out of the Haulover Beach Fire Station (Station 21) providing much needed services to the area. In order to accommodate the Fire Boat 2 crew during evening hours at Station 21, MDFR is exploring the lease or purchase of a recreation type vehicle that can be parked adjacent to the fire station. This vehicle can be used in the future to accommodate displaced crews, in lieu of temporary station closings, when a facility requires major renovations due to obsolescence, mold remediation or emergency repairs.

In making this service adjustment, we are also reassessing the allocation of funding to address the split of service calls by taxing jurisdictions. Based on the location of calls for the fire boat services and the support functions for fire boat service, the funding will be allocated from the fire district (50 percent) and the countywide general fund (50 percent). Because of this reallocation, \$230,000 of countywide general fund is released to fund other priority allocations.

Government Information Center

At the First Budget Hearing and at the Committee of the Whole the issue of restoring MDTV programming and a photographer was raised. It is recommended that \$684,000 and seven full-time positions be restored to the Government Information Center in order for the Department to continue providing programming for shows including but not limited to Mom & Pop Success Stories, Miami-Dade Now/Ahora; Get to Know Your County Commissioner, County Connection, Green Scene, Inside County Jobs, My Name Is..., County Commercials, and various special features; to produce Public Service Announcements; provide the Daily News Clip service; and restore the Department's ability to provide more photographic coverage of county events.

Guardian Ad Litem

Based on concerns expressed at the First Budget Hearing, it is recommended that support to the Guardian Ad Litem program be fully restored to the Juvenile Services Department (five positions and \$613,000).

Library

In order to balance both tax relief and core services provided by the Miami-Dade Public Library System, we recommend that the Board reduce the Library Taxing District millage to 0.2840 mills. This rate saves taxpayers \$11.020 million compared to the 0.3500 mills tentatively adopted on August 20, 2010, but provides \$6.127 million to restore core services. We recommend that the Board use the additional funding to restore six days of service at non-regional libraries and seasonal Sundays (60 full-time positions, operating costs and \$4.325 million) and two hours of service system-wide (150 part-time positions and \$1.802 million).

Park and Recreation

Due to extraordinary spending reductions and higher than anticipated revenues over the summer, the Park and Recreation Department projects \$1.6 million in additional carryover. It is recommended that the department use these funds to restore 22 full-time positions, part-time hours, and operating costs in grounds maintenance (nine positions and \$600,000), park operations (seven positions and \$500,000), and facility maintenance (six positions and \$400,000 plus \$100,000 in life cycle maintenance). The restoration of nine grounds maintenance position will restore 15 percent of the

proposed reduction of grounds maintenance staff system-wide, which will increase custodial services from one cycle per day to two on weekends at district and community parks. It will also restore on-site staff at some district and community parks, increasing litter control and trash pick-up from two to three times per week, and mowing at active use facilities by one extra cycle during the summer growing season. The restoration of seven positions in park operations reduces the impact of proposed cuts to management and supervision staff by 27 percent, allowing for longer office hours at some parks, increased security, and improved customer service with CBO partners, contract/permit providers, and the general public. The positions in facility maintenance restore the facility maintenance technician program by 50 percent, ensuring the capacity to effect emergency repairs, restoring three life cycle maintenance visits per year for park facilities, and restoring two annual playground safety inspections at 128 playgrounds.

Public Health Trust

The Public Health Trust will receive \$679,000 in additional Maintenance of Effort (MOE), which is generated from the revised projections for General Fund carryover. As a result of this increased MOE, in addition to \$945,000 of funding from an adjustment to the PHT's capital budget, the Trust will be able to restore funding to Community Health of South Dade (CHI) at the same level as in FY 2009-10.

Water and Sewer

The FY 2010-11 Proposed Budget contemplates the closing of the Miami-Dade Water and Sewer Department (MDWASD) satellite office at the South Dade Government Center. After further consideration, it is recommended that MDWASD continue to operate this office. This will be accomplished by achieving additional operational efficiencies equal to \$460,000. This option will prevent the layoff of seven employees.

The proposed water and sewer rate adjustment of five percent increase is required to fund debt issuances needed to support the department's capital improvement plan and additional pay-as-you go capital needs related to concrete piping in the system. Operating and maintenance expenses are virtually flat. Actual rates are significantly less than what was projected in the FY 2006-07 Budget when the Water Use Permit was signed with the South Florida Water Management District – about half of what was anticipated for FY 2010-11 at the time. The recommended rate increase will not be applied to the retail lifeline rate and will increase the bill for the average retail water and sewer customer by \$24 for the year.

Rate increases assumed in future years are necessary to fund the Multi-Year Capital Improvement Plan estimated at \$6.9 billion in capital projects in order to meet regulatory requirements. The Department needs to maintain an adequate level of reserves allowing for favorable financing terms in the market, which is achievable by reducing operating expenses. Should the Board not approve the recommended rate adjustments, repair and renovation projects will be delayed and significant numbers of staff will be laid off. For FY 2011-12, the retail rates will be required to increase by approximately 23 percent in order to sustain and maintain daily operations and capital projects that have begun and cannot be stopped.

Capital Budget Adjustments

The Capital Outlay Reserve (COR) ordinance no longer reflects a debt service payment for the Tennis Center Retractable Bleachers-Sunshine Loan (Project # 292600), the debt service payment will be made from interest earnings and proceeds from Project 367030.

The Debt Service Fund (416 and 417) for Miami-Dade Transit requires a technical adjustment of \$21.328 million to reflect interest and reserve payments due on the Series 2009 A and B (\$12,240

million) as well as the Series 2010 A and B (\$9.088 million) bond issuances, as approved by Resolutions R-1041-09 and R-803-10. This adjustment is required to properly reflect the use of capitalized interest as well as Build American Bonds Federal Subsidy that is funding the first two years interest payments for each issuance. Use of Charter County Transit System Surtax proceeds will not begin until after the capitalized interest period is over, which is in FY 2011-12 for the Series 2009 and FY 2012-13 for the Series 2010, at which time both interest and principal payments will commence.

Implementing Orders/Fee Schedules

There are several implementing orders and/or fee schedules that, inadvertently, were printed with missing pages or contained scrivener's errors (Water and Sewer, Planning and Zoning, and Vizcaya) as part of the schedules provided in Agenda Item F in the First Hearing package. In accordance with the rates and charges recommended in the County Manager's "Information for First Budget Hearing" memorandum, the Solid Waste implementing order has been adjusted and is included in Attachment D to this memorandum. In addition, the Park and Recreation Proposed Budget narrative provides the Park and Recreation Director with flexibility to reduce or not charge golf related fees based on market conditions however, the implementing order did not contain this provision as a footnote. At the September Recreation and Culture and Tourism Committee meeting, the Park and Recreation Director advised the committee that the Department will not charge parking fees to park users who are registered to participate in a scheduled fee-based programs.

The General Services Administration expects to begin construction of a new multi-use facility on the site of the current West Lot surface parking facility. This construction will run simultaneously with the construction of the Children's Courthouse on the current North Lot surface parking facility. As a result, both surface lots will be closed and their patrons will be transferred to the Hickman Garage. In order to mitigate the financial impact on those patrons, of which approximately 70 percent are County employees, the monthly rate at the Hickman Garage will be lowered from \$58.03 to \$55.00 during construction of the new garage on the west surface lot. The rate for County vehicles will also be \$55.00 per month. Construction is expected to last approximately 18 months, at the end of which, all rates will be need to be readjusted and submitted to the Board for approval.

Position Adjustments

In some instances, the above recommendations will adjust the number of positions in the FY 2010-11 Proposed Budget. The adjustments included in this memorandum increase the total number of recommended positions by 215 to 27,571. This is 948 positions less than authorized in FY 2009-10, of which more than 600 are vacant. Attachment E includes the Tables of Organization reflecting the adjustments listed below.

Department	FY 2010-11		Revised	Purpose
	Proposed Budget	Recommended Adjustments	FY 2010-11 Proposal	
Aviation	1,412	(157)	1,255	Transfer 157 positions to MDPD
Board of County Commissioners	196	4	200	Adding 4 positions for Community Advocacy
Community Action Agency	589	65	654	Transfer 31 positions to HCD and Restore 96 positions
Elections	81	10	91	Reinstate 10 positions
General Services Administration	831	(34)	797	Transfer 34 positions to HCD
Government Information Center	187	7	194	Reinstate seven positions
Housing and Community Development	-	67	67	Transfer from CAA and GSA 65 positions and Restore two positions
Juvenile Services	102	5	107	Reinstate five positions
Library	561	60	621	Reinstate 60 positions
Park and Recreation	981	22	1,003	Reinstate 22 positions
Police	4,216	157	4,373	Transfer 157 positions from Aviation
Procurement	91	(1)	90	Transfer six positions to SBD, reinstate 5 positions
Small Business Development	26	10	36	Transfer six positions from DPM, reinstate one position, and add three positions
Other County Departments	18,177	-	18,177	
Total	27,450	215	27,665	

Upon approval of the recommendations reflected in this memorandum and the September 13, 2010 "Information for First Budget Hearing-FY 2010-11 Proposed Budget" memorandum, the Board authorizes the Office of Strategic Business Management to incorporate the adjustments into the funding schedules in Agenda Items B, D, and F included as part of the Second Budget Hearing documents.

Low Income Senior Assistance Program

Commissioner Barreiro has proposed a way to provide assistance to low-income senior through a program whereby qualified seniors would receive \$100 to offset County service costs. Seniors have been especially hard hit by the economic crisis our society has been facing. We are sensitive in this budget to preserve senior programs and have identified additional funding for community-based organizations that serve seniors people on fixed incomes are still being challenged. There are currently 46,000 senior citizens who have qualified for the \$25,000 senior exemption for property taxes. In the event this program is approved it is recommended that disbursements be supported by the general fund tax equalization reserve or contingency reserve and that this appropriation be finalized by means of a mid-year budget amendment.

Public Safety Budget Adjustments

Comments were made at the Committee of the Whole regarding the initial budgetary shortfalls submitted by the departments and corresponding adjustments associated with the final funding recommendations for the Police and Fire Rescue departments included in the Proposed Budget documents. Both departments made unprecedented reductions to address limited resource levels. Described below you will find the initial budgetary challenges faced by both departments during the beginning of the FY 2010-11 budget development process, including the preliminary budget gap and how it was ultimately addressed.

The MDPD FY 2010-11 initial budget submission was \$69.9 million higher than the final FY 2010-11 Proposed Budget. The Department implemented reductions in personnel (\$36.7 million), operating

The MDPD FY 2010-11 initial budget submission was \$69.9 million higher than the final FY 2010-11 Proposed Budget. The Department implemented reductions in personnel (\$36.7 million), operating expense reductions (\$13.5 million), and capital expense reductions (\$7.0 million). These reductions were itemized in the FY 2010-11 Proposed Budget documents. Funding made available from a reimbursement of the General Fund from the liability trust funds was also used to reduce the subsidy required by MDPD.

As it pertains to Miami-Dade Fire Rescue Department, the FY 2010-11 adjusted budget submission was \$83.3 million higher than the available revenues. In order to close this gap, the Department proceeded to identify additional revenues including adjustments to ad valorem revenues (\$35.5 million), transportation fees (\$2 million), and carryover (\$7.7 million). In addition, \$17.1 million of the Fire Rescue Service District's Emergency Contingency Reserve was made available to balance the budget. Correspondingly, the Department implemented personnel reductions (\$9.7 million), operating expenses (\$2.5 million), capital expenses (\$5.5 million), and transferred activities of countywide service to the General Fund (\$3.3 million). These reductions were itemized in the FY 2010-11 Proposed Budget documents.

Police Department - Hibiscus Station

The FY 2010-11 Proposed Budget included the closing of the MDPD Hibiscus Substation, a leased facility located at 9827 Hibiscus Street., which operated five days a week from 8 a.m. to 4 p.m. The annual lease cost for this facility is approximately \$90,000. After the Proposed Budget was released, MDPD secured three sites at no cost to the County to continue providing services to the community within the affected areas, including the same working schedule: the Jose Somohano Community Center, located at 27555 SW 140 Avenue Naranja; the Arthur Mays Station, located at 21451 SW 114 Court Goulds; and the Perrine Gardens Station located at 10155 Circle Plaza West, which is about 1.5 miles from the Hibiscus Station location.

Illegal Dumping Activities

The Proposed Budget eliminates funding for the Miami-Dade Police Department (MDPD) Illegal Dumping Unit. This Unit consists of four sworn police officers and ten civilian enforcement employees that enforce illegal dumping in unincorporated Miami-Dade County. Based on the Proposed Budget, the four police officers impacted will be redeployed to other police bureaus. The Department of Solid Waste Management (DSWM) currently employs 45 Waste Enforcement Officers that enforce the provisions of Chapter 15 of the County Code, which includes enforcement of disposal facilities, general waste haulers, waste tire generators and haulers, residential enforcement and commercial/multi-family recycling compliance within unincorporated Miami-Dade County and nine municipalities receiving DSWM garbage and trash collection and Trash and Recycling Center usage. These officers will continue issuing warnings, citations, referrals and/or debris removal orders and are capable of removing illegally dumped debris immediately if necessary. To the extent needed, the officers will also call MDPD to respond to a scene where illegal dumping is taking place. In addition, the MDPD Agricultural Patrol Unit will continue to provide assistance with those violations requiring criminal investigation.

Additionally, the technical and investigative environmental and hazardous material support that was directly housed in the MDPD Illegal Dumping Unit will be transferred back to the Department of Environmental Resources Management (DERM). If a criminal case that is being investigated by MDPD requires environmental technical support, DERM will continue to provide technical support. DERM has four positions that are available to respond to these requests.

Fire Fee

Questions were raised as to the potential need for the implementation of a fire fee in addition to the ad-valorem revenues collected within the Fire District to cover expenses associated with fire suppression within the Miami-Dade Fire Rescue Department (MDFR) for future years, versus increasing the millage rate to the maximum cap of 3.0 mills allowed under Miami-Dade County Code. The FY 2010-11 Proposed Budget Five-Year Fiscal Outlook projects a deficit for MDFR of \$75.7 million in FY 2011-12 at current service levels. Increasing the millage rate to 3.0 from the proposed millage of 2.5753 will result in an estimated increase of approximately \$43.6 million which leave a gap of \$32.1 million. Absent of an alternative funding source, the Department will be forced to reduce expenses, including fire units providing direct service. We will provide the option of the implementation of a fire fee for the FY 2011-12 budget for the Board's consideration.

Lighting for Commission District 2

In July 2010, the Public Works Department (PWD) repaired the street lights along the NW 22 Avenue corridor from NW 40 Street to NW 49 Street and from NW 79 Street to NW 103 Street. As of today, PWD performed additional repairs to the street lights from NW 97 Street to NW 103 Street due to storm damages and repaired the street lights from NW 104 Street to NW 135 Street. PWD has a new roadway lighting improvement project in progress along NW 22 Avenue, from NE 79 Street to SR 826 (approximately NW 167 Street). This project is funded by American Recovery and Reinvestment Act (ARRA) at a cost of \$1.285 million for the installation of 188 street lights and a notice to proceed was issued on April 19, 2010 and is to be completed within one year. The Contractor is installing bases in the portion from NW 167 Street to NW 119 Street, so lights are off at this time. Lights are operational along the portion from NW 79 Street to NW 119 Street.

The Holy Redeemer Church (1301 NW 71 Street) is in a special taxing district for lighting on the north, east, and west sides of the property. The portion of the property that bounds to the NW 71 Street (the south end of the property) has arterial lighting, which has been vandalized and repaired on a couple of occasions. Recently, the portion between I-95 and NW 12 Street was vandalized. This has been reported to police and the maintenance contractor. PWD will advise when work is completed.

Additionally, through the Energy Efficiency and Conservation Block Grant program, PWD and the Office of Sustainability are implementing a "Green Roadway" project on North Miami Avenue between NE 135 Street and 159 Street. The "Green Roadway" will include the placement of high-efficiency street lighting. This project will assist in the development of a more carbon-friendly transportation infrastructure by reducing energy consumption, eliminating light pollution (uplight), and improving overall air quality while maintaining County's commitment to designing attractive, safe and accessible roadways. The design plans for the project are scheduled for completion by October 2010 and the Request for Proposals released by December 2010.

Commission on Ethics and Public Trust

Subsequent to the first budget hearing, the Commission on Ethics (COE) has opted to participate in the five percent employee contribution to group health insurance. Various pay concessions which were previously offered in lieu of the group health insurance contribution have been restored, resulting in a net increase of \$47,000. In order to offset this increase and maintain the same General Fund allocation in the Proposed Budget, COE recommends the freezing of a vacant Investigator position for the entire fiscal year.

Personnel Information

During FY 2009-10, 309 positions were filled with individuals not previously employed by the County, not including seasonal and temporary positions (of these positions 36 have left County service). Attachment F details the all positions filled by department with an explanation for the circumstances which lead to hiring of those individuals from the outside.

We have previously reported that there are 24 departments that have personnel which have stand alone HR functions. As described in the memorandum to Commissioner Sosa dated August 30, 2010 these functions provide support for larger departments which cannot be provided by the central HR department. Also, as requested, Attachment G details positions eliminated as part of the FY 2010-11 Proposed Budget.

New Fees

As requested at the September 15 Committee of the Whole, Attachment H is a list of new and increased fees including expected revenues to be generated from the fees and information regarding the fees. Some of the adjustments to fees include modifications to be consistent with a department's fee schedule or to encourage compliance with rules and procedures. Several fees have been established that allow for the decreased charges for those who can establish indigent status.

Parking Fees

The FY 2010-11 Proposed Budget for Park and Recreation includes \$503,000 in revenue from the implementation of weekend and holiday parking fees at Tropical Park, A.D. Barnes Park, Larry and Penny Thompson Park, Kendall Soccer Park, and Amelia Earhart Soccer Complex, approved in September 2009. Parking fees are already charged at many facilities including Amelia Earhart, Crandon, Greynolds, Haulover, Homestead Bayfront, and Matheson Hammock parks, seven days a week, and generate \$3.5 million in revenue annually. Should the Board of County Commissioners choose to rescind the expanded fees, the loss of this revenue which has been budgeted to support service in the parks where the expanded fee would be implemented will require the elimination of five Park Attendant positions, two Custodial Worker 1 positions, one Laborer position, and 7,142 part-time hours, further deteriorating grounds maintenance in these parks. These cuts represent a 15 to 40 percent reduction in park personnel at these locations, depending on the park. Litter pick-up and trash can emptying will be less frequent, resulting in decreased aesthetics and sanitation levels. The quality of sanitation in the restrooms at the parks will deteriorate significantly and result in customer dissatisfaction and complaints. Hedge pruning, weed eating, edging, trim work and hand mowing will be reduced in frequency and not accomplished during typical mowing/maintenance cycles. Responsiveness to customer complaints about grounds maintenance and litter concerns will be reduced by the same percentage. In order to mitigate the impact, grounds maintenance will be prioritized so that non public/passive areas will receive less grounds and custodial maintenance than areas where customers pay for programs, leagues, and facility rentals.

Trust Funds

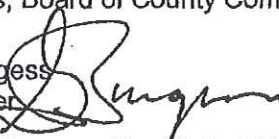

Attachment I includes a list of self insurance trust funds, the projected balances for the end of the fiscal year, and allocations out of the trust fund for FY 2010-11 operations. We continue to make every effort to ensure that each trust fund maintains the appropriate coverage to meet the possible claims associated with each of the funds. In addition, over the past several years we have reduced (improved) the trust funds deficit due to the County's Incurred But Not Reported (IBNR) liabilities from \$114 million to \$22.9 million.

Subject: Building Better Communities Project Lists

The first five years of the Building Better Communities (BBC) General Obligation Bond program have been one of our community's great successes. A program that was embraced in our neighborhoods, endorsed by our voters and monitored by our citizens has already had a profound impact. In the short term, we have created – and will continue to create – hundreds of badly needed jobs in our construction industry. In the long term, we are building a community infrastructure that will help Miami-Dade continue evolving toward its best future.

Like every program and service related to our government – and, indeed, many of our families, businesses and other organizations – the BBC needs to balance the demands of our frustrating economic conditions, our commitment to residents and our ability to stimulate our local economy. I know you are aware of the unique situation in which we find ourselves, as there have been a number of resolutions introduced recently with the intent to expedite BBC-funded projects and include funding for those projects in the upcoming bond sales. There has been no better time in recent memory to be bidding our large construction projects; prices are low and supply is great for the resources needed to get projects done quickly.

To that end, we have prepared three scenarios that illustrate the choices we face for the BBC bond sales in the next two fiscal years. In every scenario, those upcoming two sales are followed by a gap of nearly 24 months in which we will not sell new bonds. Beyond that time, the uncertainty surrounding our millage rates and property-tax roll have made useful projections almost impossible.

The first scenario, our baseline, is based upon a conservative projection of future years' tax rolls, market conditions, and a flat debt-service millage rate in FY 2010-11. That baseline scenario allows us to generate approximately \$200 million for the sale in FY 2010-11 and \$187 million for the following sale in FY 2011-12.

The second scenario anticipates the Board of County Commissioners increasing the debt-service millage in FY 2010-11 from its current rate of 0.285 mills to 0.39 mills, as we recommended a year ago. This change would allow us to increase the second upcoming bond sale from \$187 million to \$220 million and, based on our initial projections, add funding for 16 projects.

In either of those scenarios, we will not be able to immediately move forward on every project that is otherwise ready to begin. The original 15- to 18-year lifespan of the program would likely need to be extended in order to ensure the debt-service capacity to build all of the projects contemplated in the BBC.

While this may seem frustrating to stakeholders anxious to get projects underway, it is important to remember that the program's incredible success – including our efficiency in managing the program – has

The list of projects for the next two bond sales was developed by the Office of Capital Improvements (OCI) and Office of Strategic Business Management (OSBM) in consultation with the County Executive Office, user departments and external stakeholders. An earlier version of the baseline scenario was presented to the BBC Citizens Advisory Committee (CAC) in April, including a presentation about the development of the criteria described above.

The CAC – both in full session and in a subcommittee that reviewed the preliminary draft list – held thoughtful discussions about the process and provided valuable input. At its May 3 meeting, the CAC endorsed the process by which the list was created, and we will continue working with that group as we always have.

The attached project lists, like previous lists, are meant to be living documents. Changes to the local economy or debt-service millage rate could change our timeline in either direction, as could financial market changes and determinations regarding the form of debt issuances. Final adjustments to these plans – particularly our efforts to maximize the affordable-housing projects – will leave some marginal differences between the attached lists and Volume 3 (Capital Projects) of the Proposed Budget. One thing is certain: we will honor the will of the voters and the commitment we made to Miami-Dade County. The full complement of BBC projects will be built.

It is also important to realize that bond sales, especially in the near term, are a zero-sum game. Should the Board choose to add projects to the 2011 or 2012 bond sales beyond those identified in this recommended list, it will be necessary to remove projects of approximately equal value. For that reason, I recommend the Board abstain from piecemeal legislation that would add or remove projects in a vacuum. The next two sales will be most successful if they are considered as a whole. The administration is standing ready to assist in that process.

At this time, official Board action is not necessary, but I certainly welcome input from individual Board Members. The Board will adopt a debt-service rate for advertising purposes in July, and a formal list of projects will be presented to the Board later this year as part of a series resolution for the next bond sale. We will also be providing a recommendation regarding the establishment of a commercial paper program as a part of our financing strategy for the BBC program, which could save the County tens of millions of dollars over the life of the program.

Subject: Allocation of Neighborhood Stabilization Program Round 3 Funding

As you know, we recently announced that Miami-Dade County has fully obligated its \$62.207 million allocation from the U.S. Department of Housing and Urban Development's (HUD) first round of the Neighborhood Stabilization program (NSP).

We were notified on September 8, 2010 that Miami-Dade County has been allocated an additional \$20,036.303 from the third round of NSP. This represents the nation's third-largest allocation from the new \$1 billion program.

Like the first round of funding, NSP Round 3 is designed to acquire and rehabilitate foreclosed properties and to demolish blighted structures and redevelop vacant land. These funds may also be used to provide down payment assistance to qualified homebuyers. US HUD is expected to issue specific guidelines in the coming weeks that will allow us to design our program and apply for the funds. Staff will bring a recommended program to the Board of County Commissioners later this year.

If you have any questions or concerns, please feel free to contact Special Assistant Howard Piper at 305-375-3392 or me directly.

In the event that the Board of County Commissioners fails to approve transmittal of a non-small scale amendment application to the State Land Planning Agency per Sec. 2.116.1(3)(g) of the Code of Miami-Dade County, or the applicant withdraws the application or any portion thereof after the full refund deadline referenced above, but prior to transmittal action by the Board of County Commissioners, 1) twenty-five (25%) percent of the department's CDMP amendment fees paid shall be refunded.

The applicant shall not be authorized, subsequent to the "transmittal" hearing held by the Board of County Commissioners, to receive any refund of application fees.

County proprietary departments shall pay required fees at the time of application except that (a) during a regular annual update to the CIE, a single fee of \$11,400 shall be charged to the department for one or more changes to a Schedule of Improvements table; (b) fees shall not be charged to such departments for a major Element update to implement an Evaluation and Appraisal Report (EAR); and (c) the fee for a major update or revision to a Plan Element required by a proprietary department at a time other than during an EAR-based CDMP amendment cycle shall be \$57,000 paid at the time of application filing, with any costs incurred by the Department of Planning and Zoning in excess of the initial filing fee to be paid by the applicable department.

III. PROPOSALS FOR MUNICIPAL BOUNDARY CHANGES/INCORPORATION

For review of proposals for municipal boundary changes or incorporation, the following charges shall be made, in addition to the notice to property owners and election costs specified in Section 20-4 and Section 20-9 of the Code of Miami-Dade County:

Size of Area (gross acres) Subject to Proposed

200.1 - 400.0	3,705
400.1 - 640.0	3,990
640.1 and above	5.13/acre

The applicant shall pay the review fee to the Director of Planning and Zoning following transmittal of the proposal by the Clerk of the Board of County Commissioners to the Planning Advisory Board, pursuant to Section 6 of the Charter of Miami-Dade County or Section 20-6 of the Code of Miami-Dade County, and prior to the initiation of any review of the proposal by County staff.

No review fees shall be refunded after the County has initiated the review of the proposal.

IV. PREPARATION OF SPECIAL PROJECTS, STUDIES, REPORTS, OR PROVISION OF DATA

For special studies, reports or file research requested by non-Miami-Dade County entities that are not prepared as part of the regular work program of the Department of Planning and Zoning, the requesting entity shall pay the following charges:

A. Graphics Services

1. Actual salary costs of personnel involved in providing services in effect at time of activity, and
2. Graphics materials used at estimated cost (unless supplied by entity requesting services), and
3. Department overhead operating costs equal to 7 times personnel's salary costs identified in 1 above.

B. Non-Graphics Services

1. Actual salary of personnel providing services in effect at time of activity, and
2. Department personnel support and overhead operating costs equal to 1.0 times personnel's salary costs identified in IV.B.1. above.

The Director of the Department of Planning and Zoning, or his or her designee, is authorized to administer these professional service charges through letters of agreement with non-County entities requesting such services.

MIAMI-DADE COUNTY
IMPLEMENTING ORDER

Schedule of Rates, Fees and Charges for Miami-Dade Water and Sewer Department

AUTHORITY:

The Miami-Dade County Home Rule Charter, including among others, Sections 1.01 and 2.02A, and Chapters 2 and 32 of the Code of Miami-Dade County.

SUPERSEDES:

This Implementing Order (IO) supersedes IO 4-110 ordered ~~September 18, 2009~~ February 2, 2010 and effective ~~October 1, 2009~~ February 12, 2010.

POLICY:

This Implementing Order provides a schedule of rates, fees and charges for water and sewer service.

PROCEDURE:

The Director of the Miami-Dade Water and Sewer Department shall be responsible for the billing and collection of rates, fees and charges and the delivery of the required services pursuant to Chapter 2 and 32 of the Code of Miami-Dade County and this Implementing Order. Every year, or earlier, if need be, the Director shall review all rates, fees and charges in terms of cost and recommend necessary changes to the County Manager through this Implementing Order procedure.

RATES, FEES AND CHARGES SCHEDULE:

The schedule adopted by this Implementing Order is attached hereto and made a part hereof.

This Implementing Order is hereby submitted to the Board of County Commissioners of Miami-Dade County, Florida.

Advisory Board rates	No change	4.00

* Distinction between major/minor football games and/or special events.

** General Services Administration expects to begin construction of a new multi-use facility on the site of the current West Lot surface parking facility. This construction will run simultaneously with the construction of the Children's Courthouse on the current North Lot surface parking facility. As a result, both surface lots are anticipated to close in late October or early November, 2010. The patrons will be transferred to the Hickman Garage. In order to mitigate the financial impact on those patrons, about 70% of which are County employees, the monthly rate at the Hickman Garage will be lowered from \$58.03 to \$55.00 during construction of the new garage on the west surface lot. The rate for County vehicles will also be \$55.00 per month. Construction is expected to last about 18 months, at the end of which, all rates will be submitted to the Board for approval.

MIAMI-DADE COUNTY
IMPLEMENTING ORDER

SCHEDULE OF ALL SERVICE LEVELS AND FEES FOR THE MIAMI-DADE COUNTY
DEPARTMENT OF SOLID WASTE MANAGEMENT

AUTHORITY:

Section 5.02 of the Miami-Dade County Home Rule Amendment and Charter and Chapter 15 of the Code of Miami-Dade County.

SUPERSEDES:

This Implementing Order (IO) supersedes IO 4-68, ordered ~~September 27, 2007~~September 18, 2009 and effective ~~October 1, 2007~~October 1, 2009.

POLICY:

This Implementing Order provides a schedule of all solid waste service levels and fees.

PROCEDURE:

The administration of this Implementing Order is designated to the Director, Miami-Dade County Department of Solid Waste Management, who shall be responsible for the collection of fees and the delivery of the required services pursuant to Chapter 15 relating to the powers and duties of the Department of Solid Waste Management. Every year, or earlier, if need be, the Director shall review all fees in terms of cost and recommend necessary changes to the County Manager through this implementing order procedure.

DEFINITIONS:

Contract Disposal – use of the County Solid Waste Management System by any person, governmental entity, corporation or partnership that has entered into an Agreement with the County of ten (10) years or greater in duration for such County Solid Waste Management System use.

Short Term Disposal – use of the County Solid Waste Management System by any person, governmental entity, corporation or partnership that has not entered into an Agreement with the County of ten (10) years or greater in duration for such County Solid Waste Management System use.

Municipal Solid Waste (MSW) – any solid waste, except for sludge, resulting from the operation of residential, commercial, governmental or institutional establishments that would normally be collected, processed, and disposed of through a public or private solid waste management service. The term includes yard trash, but does not include solid waste from industrial, mining or agricultural operations [F.S. 403.706(5) (2008)].

Recovered Materials – means metal, paper, glass, plastic, textile or rubber materials that have known recycling potential, can be feasibly recycled, and have been diverted and source separated or have been recovered from the solid waste stream for sale, use, or reuse as raw materials, whether or not the materials require subsequent processing or separation from each other, but does not include materials destined for any use that constitutes disposal. Recovered materials as described above are not solid waste [F.S. 403.703(24) (2008)].
