is done without consideration of the race, age, sex, religion, color, national origin, sexual preference, or status as a veteran of the firms.

All firms seeking to conduct business with CEI will be required to complete a vendor qualification package consisting of a credit check, certificate of insurance, and a signed subcontract agreement. The signed subcontract agreement also requires our suppliers to comply with all of the regulations applying to CEI.

CEI will make every effort to locate and identify minority- and underutilized community-owned firms prior to making final supplier decisions. Decision-makers will review the available community business enterprises (CBE), community small business enterprise (CSBE), and disadvantaged business enterprise (DBE) within all of the applicable vendor categories to seek out qualified firms for quotations. CEI, as an entrepreneurial-based firm, provides significant independence to decision-makers on major project, technical, and administrative decisions. Through our own status as a 100% minority-owned firm, CEI constantly emphasizes the importance of proactively seeking qualified minority-owned firms for inclusion.

Due to CEI's dual role as an engineering and construction firm, we have strict requirements from our bonding and insurance agents on subcontracting. Through a process of audits, CEI has established these procedures as the most effective procurement policy that both minimizes our liabilities and ensures equal opportunity for minority vendors. It is our policy to generally work within our pre-qualified pool of subcontractors and vendors. Therefore, our minority-owned business enterprise utilization efforts are generally made on a corporate- or location-wide basis, as opposed to soliciting bids on every individual project. We also adhere to the CBE/CSBE/DBE requirements of our contracts with Miami-Dade County.

In addition, all successful bidders/respondents on this Contract shall be subject to and comply with Miami-Dade County Section 2-8.8(4), requiring bidders/respondents to provide a detailed statement of their policies and procedures for awarding Subcontractors which:

- Notifies the broadest number of local Subcontractors of the opportunity to be awarded a Subcontract;
- Invites local subcontractors to submit bids in a practical, expedient way;
- Provides local Subcontractors access to information necessary to prepare and formulate a subcontracting bid;
- Allows local Subcontractors to meet with appropriate personnel of the bidder to discuss the bidders requirements; and,
- Awards Subcontracts based on full and complete consideration of all submitted proposals and in accordance with the bidders stated objectives.

MEMORANDUM

TO:	Lenora Allen-Johnson Contracts Administration	DATE:	July 26, 2012
FROM:	David M. Murray  Assistant County Attorney	SUBJECT:	Request for Responsiveness Opinion- Hazardous Material Removal Contract ITB MDAD-03-11

You have asked whether the various bids submitted on the above solicitation are responsive. This opinion is provided solely on the basis of the facts as recited in your initial memoranda, copies of which are attached.

In sum:

- Simpson Environmental Services is not responsive, based on prior rulings by Small Business Development, which written opinions are incorporated by reference.
- Cherokee Services Inc. is responsive. Cherokee Services Inc. is a licensed asbestos abatement contractor pursuant to Ch. 469, Fla. Stat; that the solicitation incorrectly specified a license pursuant to Ch. 453, Fla. Stat, is not relevant, as that Chapter does not provide for asbestos licensure. In short, references to Ch. 455.303 are scrivener's errors, and do not require the County to reject qualifications received by bidders appropriately licensed under the actual controlling statute.
- MCO Environmental Inc. is responsive. Analysis of its asbestos license is identical to the above analysis for Cherokee Services. MCO submitted with its bid documentation from the EPA that it is certified in Lead Paint Activities, and has since submitted its license. Lastly, nothing on the face of bid bond indicates any irregularity.
- Prizm Response Inc. provided neither a General Contractors license nor a NADCA certification. Both licenses are required under the solicitation. Accordingly, Prizm's Response Inc. is not responsive.

Lenora Allen-Johnson

July 26, 2012

Page 2

- Shaw Environmental Inc. is not responsive. Shaw Environmental Inc. failed to provide evidence that it is an EPA Accredited Contractor that is certified to engage in lead based paint activities, that it is a State Certified Mold Remediator, and that that it is NADCA certified. These certifications are required under the solicitation. As these failures are itself sufficient to render the bid non-responsive, I do not analyze the bid security proffered by Shaw Environmental Inc.

- DPC General Contractors Inc is responsive. Analysis of its asbestos license is identical to the above analysis for Cherokee Services. DPC General Contractors Inc. submitted with its bid documentation from the EPA that it is certified in Lead Paint Activities, and has since submitted its license.

- Decon Environmental and Engineering Inc. is responsive. That bid bond qualifies its exposure to amounts less than \$2.5 million dollars. That qualification, however, is well in excess of the limits of liability required of the bid bond. Accordingly, Decon Environmental and Engineering Inc. is responsive.

Please see the attached requests for responsiveness. Bids were received from the seven contractors on 6/27/2012 for the subject project.

Note that they all have one common error regarding the certification in accordance with the F.S. 455 requirement listed in the ITB. Note that an issue was raised regarding possible limitations with one of the bidder's license.

Also, SBD is in the process of completing their compliance review. So far, Simpson has a letter issued regarding their non-compliance.

I also have issues with the local preference documentation. I can send this separately or make an appointment to discuss. Let me know how you want to proceed.
