Date: November 8, 2012

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

From: Carlos A. Gimenez
County Mayor 

Subject: Resolution Requesting the Board of County Commissioners to Waive Term Limits for Environmental Quality Control Board Member Dr. William E. Hopper and to Reappoint Dr. Hopper to Another Three-Year Term

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached resolution requesting that term limits for Environmental Quality Control Board member Dr. William E. Hopper be waived and that Dr. Hopper be reappointed to serve another three-year term on the Environmental Quality Control Board.

Scope

The Environmental Quality Control Board hears cases from all areas of the County.

Fiscal Impact/Funding Source

This resolution has no fiscal impact as members of the Environmental Quality Control Board are not compensated for their duties.

Track Record/Monitor

The Assistant Director of the Department of Regulatory and Economic Resources/Environmental Resources Management, Mr. Lee Hefty, will monitor the outcome of this resolution.

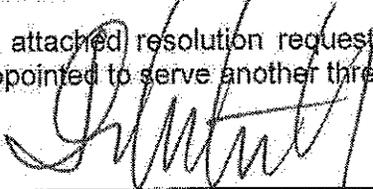

Background

On January 21, 2010, the Board of County Commissioners enacted Ordinance No. 10-06, allowing the term limit of eight (8) consecutive years for County board members to be waived by a vote of the Board of County Commissioners.

The Environmental Quality Control Board is a quasi-judicial County board that hears appeals, variances and time extension requests for highly scientific and technical matters under Chapter 24 of the Code of Miami-Dade County. The composition and membership of the Environmental Quality Control Board require advanced degrees and qualifications unique to environmental disciplines. The Environmental Quality Control Board is composed of five (5) members, of which two (2) must have Ph.D. degrees in biology, one (1) must have a Ph.D. degree in biochemistry and two (2) must have professional engineering licenses and experience in sanitary engineering. Members are appointed by the Board of County Commissioners and serve staggered 3-year terms.

Dr. Hopper has a Ph.D. degree in biochemistry, is highly qualified, and has served with distinction on the Environmental Quality Control Board. Dr. Hopper is currently a member of the Environmental Quality Control Board and his term expires in December 2012. His continued service ensures the effective operation of the Environmental Quality Control Board.

The attached resolution requests that the term limit for Dr. Hopper be waived and that he be reappointed to serve another three-year term on the Environmental Quality Control Board.
