It is recommended that Article 30 Group Health Insurance (Attachment 1) of the 2011-14 Collective Bargaining Agreement between Miami-Dade County and the American Federation of State, County and Municipal Employees (AFSCME), Water and Sewer Employees, Local 121 be approved by the Board of County Commissioners (Board).

The County Mayor is authorized to effectuate this Resolution by approving and filing this Resolution with the Clerk of the Board. This will allow for the immediate commencement of Open Enrollment in November.

Scope

Fiscal Impact/Funding Source

As a result of plan design changes to the group health insurance program, which will reduce total medical expenses, there is no fiscal impact to the health insurance fund associated with maintaining current employee dependent premium rates.

Track Record/Monitor

The Director of Labor Management and Compensation monitors and oversees the administration of this collective bargaining agreement.

Background

On January 12, 2012, the Board ratified the successor 2011-14 Agreement between AFSCME, Local 121 and the County. The terms of Article 30 of this ratified Agreement, gave the County the right to re-open the Agreement to discuss the redesign of the County's health plan for plan year 2013, prior to establishing premium contributions. The County and AFSCME, Local 121, met and negotiated changes to co-pays for provider services and prescription drug benefits, as detailed in Attachment 1. As a result of the negotiated and agreed upon changes, the 2012 calendar year group health insurance premium rates shall remain in effect for the 2013 calendar year.

Term of Agreement

This is a three (3) year contract for the period of October 1, 2011 through September 30, 2014.

Group Health Insurance

Effective January 1, 2013, the group health insurance plan benefits shall remain the same as stipulated in calendar year 2012, with the exception of legislatively mandated changes and co-pays for provider services and prescription drug benefits, as detailed in (Attachment 1).
