Memorandum

MIAMI-DADE COUNTY

Date: December 4, 2012

To: Honorable Vice Chairwoman Audrey M. Edmonson
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Subject: Resolution authorizing the reimbursement of stolen tools while stored on County Property to Rodney Berry pursuant to Section 2-11.13 of the Miami-Dade County Code and Administrative Order 7-23

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve the attached resolution authorizing the reimbursement of stolen tools to Rodney Berry pursuant to Section 2-11.13 of the Miami-Dade County Code and Administrative Order 7-23. The Miami-Dade Water and Sewer Department (WASD) will reimburse Rodney Berry in an amount not to exceed $5,394.08 for specialized tools that were stolen from his assigned County vehicle while he was on-call duty.

SCOPE

This item complies with Administrative Order 7-23: Reimbursement to County Employees for Loss of Personal Property and Section 2-11.13 of the Code of Miami-Dade County.

FISCAL IMPACT/FUNDING SOURCE

The fiscal impact to the County is in the amount of $5,394.08. It is a one-time payment to Rodney Berry. The funding source is WASD's operating revenues.

TRACK RECORD/MONITOR

WASD's Assistant Director of Finance, Frances G. Morris will oversee the reimbursement to Rodney Berry.

BACKGROUND

Pursuant to the provisions of Section 2-11.13 of the Miami-Dade County Code, it is the policy of the County to provide reasonable reimbursement to its employees for loss or damage to their personal property when that loss or damage was incurred in the discharge of the employee's assigned duties, was not the result of employee negligence and could not otherwise be compensated.

On May 16, 2011, Rodney Berry, a Water & Sewer Utility Equipment Technician, found that the lock to his toolbox on his County vehicle had been broken and all tools inside the box had been stolen. Mr. Berry was working on-call at the time. The incident was reported to the Miami-Dade Police Department and his supervisor confirmed the value of the stolen tools at approximately $14,985.87. The stolen tool list eligible for reimbursement was further reviewed and was adjusted to $5,394.08, which represents the actual tools required by Mr. Berry's position classification.

Employees in Mr. Berry's classification receive a total of $500 per year as a tool allowance to purchase any specialized tools necessary to carry out their work related responsibilities. Mr. Berry has been receiving a tool allowance since 1997, as such, he did not suffer any out-of-pocket loss when the tools were stolen. However, per Administrative Order 7-23, which clarifies the policy set forth in Section 2-11.13 of the Miami Dade County Code, Mr. Berry, because of his position classification, is entitled to reimbursement for the loss of tools upon affirmation of the supervisor that

the employee did in fact possess the required tools. In presenting this claim for reimbursement, WASD has complied with Section 2-11.13 of the Miami-Dade County Code and Administrative Order 7-23, "Reimbursement to County Employees for Loss of Personal Property."

This request for reimbursement for Rodney Berry has been approved by the Internal Services Department and the Office of Management and Budget, as required by the aforementioned administrative order.

From: John Renfrow, P.E., Director, Water and Sewer Department

Subject: Request for Reimbursement for Loss or Damage to Personal Property Pursuant to Section 2-Chapters 11 through 13(f) Code of Miami-Dade County

Attached hereto are the following:

-Request of Rodney Berry, employee of Miami-Dade Water and Sewer Department, for reimbursement of loss to personal property in the amount of $5,394.08.

-Notice of Loss, as required by Section 2-2, of the Code of Miami-Dade County.

We express and affirm that:

(1) The loss or damage was incurred in the discharge of the employee's duties on official County business;
(2) The loss or damage was not the result of the employee's negligence;
(3) The loss or damage was not caused by the negligence or willful act of a third party who is liable for said loss or damage, or that if said loss or damage was caused by the negligence or willful act of a third party, that it would be unreasonable to expect the employee to attempt recovery from the third party; and
(4) The amount of reimbursement for the loss or damage is reasonable.

It is requested that the Director of GSA/Risk Management Division and the Office of Strategic Business Management concur in these findings and forward the attached documents with their approval to the Mayor and Board of County Commissioners, if required, for their express and affirmative concurrence.

MIAMI-DADE COUNTY

Date: July 16, 2012

To: Lester Sola, Director, Internal Services Department

From: John W. Renfrow, P.E., Director, Water and Sewer Department

Subject: Tool Reimbursement for WASD Employee

In accordance with Sec. 2-11.13 of the Code of the Miami-Dade County, the Water and Sewer Department is submitting the documentation required to reimburse a WASD employee for the loss of personal property.

On May 16, 2011, Mr. Rodney Berry, Water and Sewer Utility Equipment Technician, reported that his tools were stolen from Miami-Dade Count vehicle 27782, tag 148250. Mr. Berry took said vehicle home that evening because he was on-call. As per police report number, PD110516196652, sometime in the evening, or the following day, someone broke into the tool box and according to Mr. Berry stole $14,985.87 worth of tools.

Pursuant to A.O. 7-23, Mr. Berry completed a police report, and Notice of Loss form. A supplemental tool list and copies of the 1997 Tool Allowance were also submitted. Mr. Berry's original reimbursement request was submitted for $14,985.87. The department reviewed all the documents submitted and is requesting reimbursement for $5,394.08. The decision to reimburse Mr. Berry for $5,394.08 is based on the following:
Employees in Mr. Berry's classification, W&S Utility Equipment Tech, and due to the collective bargaining agreement, receive $500 net per year as a total tool allowance to be paid in two equal installments April 1 and October 1 of each year. Although Mr. Berry suffered the loss of his tools, he, in essence, did not suffer any out of pocket loss since the department has been providing Mr. Berry with this funding since 1997. As per A.O. 7-23, employees whose job assignment entails the possession of a prescribed list of tools will be reimbursed for the loss of those tools upon affirmation by their supervisors that the employees did in fact possess the required tools. Although the department has no doubt that all the tools listed in Mr. Berry's Supplemental Tool List is accurate, the amount of $5,394.08 represents the tools that are required by Mr. Berry's classification. Since the loss occurred while the County vehicle was parked at Mr. Berry's home, he can also file a claim with his homeowners' insurance.

Should have any questions, please do not hesitate to contact my office.

Subject: Reimbursement to County Employee for Loss of Personal Property

---

On May 25, 2011, Rodney Berry, Water and Sewer Construction Equipment Mechanic, filed a Notice of Loss under A.O. 7-23 for reimbursement of stolen personal tools. He has filled out the required paperwork. Mr. Berry's supervisor, Eliseo De La Guardia, certified that Mr. Berry had the described tools and recommended the employee be reimbursed. The replacement cost of his required tools is estimated to be $5,394.08.

This loss occurred on May 16, 2011. The employee discovered the theft on Monday May 16th at 8:00 a.m. when he found the padlock to his assigned county vehicle's number 027782 rear tool box broken and the contents missing. Miami-Dade Police responded and assigned case number PD110516196652 to this incident. The case remains open and the tools unrecovered.

I recommend that the employee be reimbursed pursuant to A.O. 7-23 after a review of the claim by Risk Management and approval by the Board of County Commissioners.

Please return the package to me for further processing. Thank you for your attention to this matter.

Mr. Hermes

All WASD Utility Equipment Technicians are required to meet the minimum tool list. These employees are also required to have a supplement tools list on file documenting all additional tools. The additional tools are essential for them to stay up-dated with industry standards and to perform specialized repairs on the different brands/manufactures of vehicles and heavy equipment purchased by the department through the past years.
Mr. Berry is On- Call and must keep these tool on board the County vehicle assigned to him.

If you have any question or comments please feel free to contact me.

Mr. Hermes

The issues Risk Management had are noted below:

1. The total amount claimed does not add up to $14,985.87. It adds up to $13,275.00. Replacement prices are incomplete in the package.
   I must have miscalculated the total. I recalculated and agree with 13,272.55. I cannot see where the prices are incomplete.
2. The supplemental list of lost tools does not have replacement prices.
   The supplemental tool prices and included in the list of tool that totals 13,272.55
3. Provide the documentation that supports the prices claimed.
   Included with this letter is a Mac Tool catalog. Mac Tools catalog don't include prices, so I included an internet prices from the Mac Tools website. Please remember internet prices are lower than local dealers because of shipping cost, and the prices have changed over the last year.

Pursuant to Section 2-11.13(f) of the Code of Metropolitan Dade County, the amount of reimbursement for the loss or damage should be "reasonable" and the loss should be incurred in the discharge of the employee's duties on official County business. Please confirm in writing that is reasonable for Mr. Berry to carry personal tools in his County vehicle that are valued at approximately $15,000.00.
Please see included memorandum from Eliseo De La Guardia.

If you have any question or comments please feel free to contact me.

Subject: Tool Allowance Questions Re: 7-23 Reimbursement Request of Rodney Berry

The question of annual inventory or updated list of tool records is up to the employee's supervisor. The 1997 list we have focused on is presented by the employee's supervisor for the employee to qualify for the program. There is no requirement for this information to be annually verified or updated.

The "Request for Tool Allowance" was dated 09/24/1997. The tool allowance request is submitted through HR to Financial downtown after being approved by the employee's supervisor and the Division involved. Ms. Othello Jones from our HR advises that follow up inventory is up to the Supervisor since HR involvement (attached) is limited to the transmittal of the allowance requests downtown. Mr. Berry has told me that the 1997 "Request for Tool Allowance" is the only inventory list that he or his supervisor have or maintained.

I checked with Mark S. Harris, Plant Maintenance Supervisor, at Alexander Orr Plant. He told me that the "Request for Tool Allowance" form is submitted by the employee's supervisor at such time as the employee applies for the tool allowance. There are tools which the employee is required to have according to position. The supervisor has to see each tool and mark the form in addition to signing that the form to confirm he has done so. The form provided by Mr. Berry was presented to qualify for the annual tool allowance. Mr. Harris confirmed that as long as the employee stays in the same position this is a onetime event. There is no requirement for an annual inventory. The form was meant to document the employee's eligibility for the benefit. These forms are sent to HR to submit and maintain. We now have the latest and only form (the original) that Mr. Berry's supervisor filed for him to receive the tool allowance.

We only became aware of this form because Mr. Berry lost all his tools. We now also know there is no requirement to do an annual inventory. Normally we just see the list of missing tools and not the documentation they need to be in the program.
