Memorandum

Date: December 18, 2012

To: Honorable Vice Chairwoman Audrey M. Edmonson
and Members Board of County Commissioners

From: Carlos A. Giménez 
Mayor

Subject: Resolution approving Amendment Number Two to Agreement Number 01CDAM003 with CDM Smith Inc.; increasing total compensation by \$3,300,000, from \$7,121,400 to \$10,421,400 and granting a time extension of three additional years to January 5, 2016

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve Amendment Number Two to Miami-Dade Water and Sewer Department's (WASD) Agreement Number 01CDAM003, a non-exclusive agreement with CDM Smith Inc. for engineering design services for the South Miami Heights Water Treatment Plant. Amendment Number Two increases the total compensation amount by \$3,300,000, from \$7,121,400 to \$10,421,400, and extends the contract term by three years, from January 5, 2013 to January 5, 2016.

On July 16, 2012, the South Florida Water Management District issued a second modification to the County's 20-Year Water Use Permit authorizing various changes to the current permit conditions including a partial modification to the design of the South Miami Heights Water Treatment Plant. According to the permit requirements, this partial modification includes the Floridan aquifer as an additional water supply source, thereby reducing the total project cost by approximately \$300 million. This change requires a partial modification of the water treatment plant which can most cost-effectively be accomplished through this amendment as the Engineer of Record is very familiar with the project and can utilize approximately 80% of the original design to complete the necessary work. Therefore, it is in the best interest of the County to extend this agreement as Amendment Number Two authorizes the professional engineering services for the partial modification of the South Miami Heights Water Treatment Plant.

SCOPE OF AGENDA ITEM

The item has county-wide significance although the South Miami Heights Water Treatment Plant is located at 11800 SW 208 Street, Miami, Florida in Commission District 9. The construction of the South Miami Heights Water Treatment Plant provides many benefits to the consumers in the South Miami-Dade area. The South Miami Heights Water Treatment Plant will provide additional potable water to meet the current and future water supply needs in the south Miami-Dade area. It will replace five small water treatment plants more than 40 years old which currently provide minimal water treatment.

FISCAL IMPACT/FUNDING SOURCE

Amendment Number Two increases total compensation by \$3,300,000, from \$7,121,400 to \$10,421,400 which will be funded by a combination of WASD's existing Water Connection Charges, Water Construction Fund, Fire Hydrant Fund, and WASD Revenue Bonds. There is sufficient funding available in the County's current and future budgets until the term of the agreement is completed and final payment is made to CDM Smith Inc.

TRACK RECORD/MONITOR

WASD's Assistant Director, Water, Ralph Terrero, P.E. will monitor this agreement.

BACKGROUND

On November 3, 2001, the Board approved a non-exclusive Professional Services Agreement Number 01CDAM003 by Resolution No. R-1426-01 to CDM Smith Inc. for a total compensation of \$5,500,000 for engineering design services for the South Miami Heights Water Treatment Plant. CDM Smith Inc. completed the design and construction permits to use fresh water from the Biscayne Aquifer as the sole source of water. The actual construction of the plant was delayed due to negotiations then taking place for the County's 20-Year Water Use Permit with the South Florida Water Management District which was issued by the District in November 2007.

On January 5, 2007, the Board adopted Resolution No. R-1314-06 approving Amendment Number One which increased total compensation by \$1,621,400 for a total compensation of \$7,121,400. The amendment also extended the agreement six additional years to January 5, 2013. Amendment Number One was necessary as it provided CDM Smith Inc. the additional time to reapply for the required construction permits and to provide additional engineering services including responding to information requests, reviewing shop drawings, potential change orders, contract schedules, schedule of values and as-built drawings. However, in 2011, construction of the South Miami Heights Water Treatment Plant was once again delayed due to revisions made by the South Florida Water Management District to the County's 20-Year Water Use Permit conditions requested by the County to substantially reduce the overall cost of the project by approximately \$300 million. This project is needed to meet both current and future demands in the southern service area which is not as effectively interconnected to the regional water supply system as the central and north areas. It is more cost-effective to extend the current design contract to incorporate the design changes as the Engineer of Record is very familiar with the project and can utilize approximately 80% of the original design. Approval of Amendment Number Two is needed prior to the January 5, 2013 contract expiration date, the time and cost savings associated with this approach makes it the most cost-effective method for completing this necessary work.

The Community Business Enterprise goal of 10% was established as a part of the original contract. To date, CDM Smith Inc. has complied and exceeded its goal with a 12% participation. The 10% Community Business Enterprise goal will also be applied to the additional compensation in Amendment Number Two.

AMENDMENT NUMBER TWO
TO
NON-EXCLUSIVE PROFESSIONAL SERVICES AGREEMENT
BETWEEN MIAMI-DADE COUNTY
AND
CDM SMITH INC.

Agreement No. 01CDAM003

THIS AMENDMENT NUMBER TWO, is made and entered into the _____ day of _____, 2012, by and between Miami-Dade County, a political subdivision of the State of Florida, hereinafter referred to as the "COUNTY", and CDM SMITH INC. (formerly known as Camp, Dresser & McKee Inc.) a Massachusetts corporation authorized to do business in the State of Florida and with offices in Miami-Dade County, hereinafter referred to as the "ENGINEER".

WITNESSETH

WHEREAS, the Miami-Dade Water and Sewer Department, hereinafter referred to as, the "Department", operates and maintains the County's water and sewer utility systems; and

WHEREAS, on November 3, 2001, the COUNTY and CDM Smith Inc., f/k/a Camp, Dresser & McKee Inc. entered into a Non-exclusive Professional Services Agreement, hereinafter referred to as the "Agreement", in the amount of \$5,500,000 which includes a ten percent (10%) contingency fee for design and engineering services of the South Miami Heights Water Treatment Plant; and

WHEREAS, on January 5, 2007, the Board of County Commissioners approved Amendment Number One by Resolution R-1314-06 which increased compensation by \$1,621,400 for a total compensation of \$7,121,400 which includes a ten percent (10%) contingency fee and extended the Agreement six (6) years for the ENGINEER to reapply for construction permits and to provide additional engineering services including responding to information requests, reviewing shop drawings, potential change orders, contract schedules, schedule of values and as-built drawings; and

WHEREAS, the South Florida Water Management District issued modifications to the County's 20-Year Water Use Permit which mandated various changes to the current permit conditions including a partial design modification of the South Miami Heights Water Treatment Plant; and

WHEREAS, the COUNTY has requested and the ENGINEER has agreed to provide additional professional engineering services, as needed, including but not limited to the planning, design, permitting and related services during the design and construction phases of a membrane plant capable of treating groundwater from the Biscayne and Floridan Aquifers as regulated by the South Florida Water Management District; and

WHEREAS, this Amendment Number Two is the most cost-effective approach to accomplish the design modification and is in the best interest of the COUNTY, and

WHEREAS, this Amendment Number Two will increase compensation by \$3,300,000 from \$7,121,400 to \$10,421,400 which includes a ten percent (10%) contingency fee and extends the Agreement for an additional three (3) year period until January 5, 2016, for the ENGINEER to modify the existing South Miami Heights Water Treatment Plant design and provide permitting and related services during the design and construction phases; and

WHEREAS, Amendment Number Two also modifies several technical provisions of the Agreement.

NOW, THEREFORE, in consideration of the mutual covenants hereinafter contained, the COUNTY and the ENGINEER hereby agree to the following:

1. Paragraph 6.D. of the Agreement is hereby modified to state as follows:

MAXIMUM COMPENSATION: The total of all payments to the ENGINEER pursuant to the Agreement, inclusive of all payments made to date, shall not exceed ten million one hundred twenty-one thousand four thousand dollars (\$10,121,400) which includes a ten percent (10%) contingency fee. No minimum amount of compensation will be assured to the ENGINEER.

2. Paragraph 15 of the Agreement is hereby modified to state as follows:

SUBCONSULTANTS:

A. The ENGINEER shall utilize the following firms as a subconsultant: EBS Engineering, Inc.; Fraga Engineers, LLC; Hazen & Sawyer, P.C.; Laura Llerena & Associates, Inc.; Nova Consulting, Inc. and Aylward Engineering & Surveying, Inc. The ENGINEER shall not subconsult, assign or transfer to others work performed under this Agreement without the written consent of the Director or his designee and approval of the subconsultants by the Department of Regulatory and Economic Resources. In addition, the ENGINEER shall not allow the subconsultant to utilize, assign or transfer work to others for work performed under this Agreement without the written consent of the Miami-Dade Water and Sewer Department Director or his designee. When applicable and upon receipt of such consent in writing by the Miami-Dade Water and Sewer Department Director, the ENGINEER shall cause the names of the firms responsible for the major portions of each separate specialty of the work to be inserted in the pertinent documents or data. Nothing contained in this Agreement shall create any contractual relationship between the COUNTY and the subconsultants.

B. In addition, and as applicable, the ENGINEER agrees to comply with Miami-Dade COUNTY Ordinance 01-103 and Administrative Order 3-32 regarding the Community Business Enterprise (CBE) program. The COUNTY has established a participation goal of ten percent (10%) on the total amount of compensation for engineering services authorized under this Agreement. The ENGINEER shall be responsible to submit to the COUNTY a "Monthly Utilization Report" on or before the tenth working day following the preceding month or with the monthly invoice.

C. SUBCONTRACTORS – RACE, GENDER AND ETHNIC MAKEUP OF OWNERS AND EMPLOYEES Pursuant to Sections 2-8.1, 2-8.8 (as amended by Ordinance No. 11-90) and 10.34 of the COUNTY Code, for all contracts which involve the expenditure of one hundred thousand dollars (\$100,000) or more, the entity contracting with the COUNTY must report to the COUNTY the race, gender and ethnic origin of the owners and employees of its first tier subcontractors using the Subcontractor/Supplier Listing form. In the event that the successful bidder demonstrates to the COUNTY prior to award that the race, gender and ethnic information is not reasonably available at that time, the ENGINEER shall be obligated by contract to exercise diligent efforts to obtain that information and to provide the same to the COUNTY not later than ten (10) days after it becomes available and, in any event, prior to final payment under the contract. The ENGINEER shall provide this information on a COUNTY form prior to the final payment to the ENGINEER, as attached as Exhibits A and B.

3. Paragraph 17 of the Agreement is hereby modified to state as follows:

TERMINATION OF AGREEMENT: It is expressly understood and agreed that the COUNTY Mayor or his designee may terminate this Agreement, in total or in part, without cause or penalty, by ten (10) days prior written notification or by declining to issue the written task order authorization, as provided herein in which event the COUNTY's sole obligation to the ENGINEER shall be payment, in accordance with Section 6, for those units or sections of work previously authorized. Such payment shall be determined on the basis of the hours or percentage of work performed by the ENGINEER up to the time of termination. In the event partial payment has been made for professional services not performed, the ENGINEER shall return such sums to the COUNTY within ten (10) days after receipt of written notice that said sums are due. Upon such termination, the COUNTY may, without penalty or other obligation to the ENGINEER, elect to employ other persons to perform the same or similar services.

Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List - By executing this Agreement through a duly authorized representative, the ENGINEER certifies that the ENGINEER is not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, as those terms

are used and defined in sections 287.135 and 215.473 of the Florida Statutes. The COUNTY shall have the right to terminate this Agreement for default if the ENGINEER is found to have submitted a false certification or to have been, or is subsequently during the term of the Agreement, placed on the Scrutinized Companies for Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List.

4. Paragraph 18 of the Agreement is hereby modified to state as follows:

DURATION OF AGREEMENT: This Agreement shall remain in full force for a period of three (3) additional years until January 5, 2016 after execution of this Amendment. Actual completion of the services authorized prior to the expiration date may be extended beyond such term and shall be subject to the same terms and conditions set forth in this Agreement, including but not limited, to indemnification and insurance. This Agreement may be terminated by mutual consent of the parties hereto, or as otherwise provided herein. The performance of specifically and properly authorized services that may extend beyond this Agreement's effective term shall be compensated in accordance with Section 6 hereof.

5. Paragraph 20 of the Agreement is hereby modified to state as follows:

INDEMNIFICATION AND HOLD HARMLESS: Pursuant to Florida Statutes 725.08 notwithstanding the provisions of Florida Statutes 725.06, the ENGINEER shall indemnify and hold harmless the COUNTY and its officers and employees, from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the ENGINEER and other persons employed or utilized by the ENGINEER in the performance of this Agreement.

To the extent this indemnification clause or any other indemnification clause in this Agreement does not comply with Chapter 725, Florida Statutes, as may be amended, this provision and all aspects of the Contract Documents shall hereby be interpreted as the parties' intention for the indemnification clauses and Contract Documents to comply with Chapter 725, Florida Statutes, as may be amended.

The ENGINEER shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the COUNTY, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorney's fees which may issue thereon. The ENGINEER expressly understands and agrees that any insurance protection required by this Contract, or otherwise provided by the ENGINEER shall in no way limit the responsibility to indemnify, keep and save harmless and defend the COUNTY or its officers, employees, agents and instrumentalities as herein provided.

This Section shall survive expiration or termination of this Agreement.

INSURANCE: The ENGINEER, including subconsultants, shall not commence any work pursuant to this Agreement until all insurance required under this Section has been obtained and such insurance has been approved by the COUNTY's Risk Management Division of the Internal Services Department. The ENGINEER shall maintain insurance coverage during the term of this Agreement which meet the requirements outlined below:

- A. Automobile Liability Insurance covering all owned, non-owned and hired vehicles used in connection with the work in an amount not less than \$300,000 combined single limit per occurrence for bodily injury and property damage.
- B. Professional Liability Insurance in the amount \$1,000,000 per claim.
- C. Public Liability Insurance, on a comprehensive basis, in an amount not less than \$300,000 combined single limit per occurrence for bodily injury and property damage. Miami-Dade COUNTY must be shown as additional insured with respect to this coverage.

All insurance policies must be issued by companies authorized to do business under the laws of the State of Florida. The companies must be rated no less than "B" as to management and no less than "Class V" as to strength by the latest edition of Best's Insurance Guide, published by A.M. Best Company, Oldwick, New Jersey, or its equivalent, subject to the approval of the COUNTY's Risk Management Division, or, the companies must hold a valid Florida Certificate of Authority as shown in the latest "List of All Insurance Companies Authorized or Approved to Do Business in Florida", issued by the State of Florida Department of Insurance and be members of the Florida Guaranty Fund.

The ENGINEER shall furnish certificates of insurance to the Department's Intergovernmental Affairs Manager, Suite 538-6, 3071 S.W. 38th Avenue, Miami, Florida, 33146 prior to the commencement of operations, which certificates shall clearly indicate that the ENGINEER has obtained insurance in the type, amount, and classification as required for strict compliance with this Paragraph 20.

Compliance with the foregoing requirements shall not relieve the ENGINEER of the liabilities and obligations under this Section or under any other portion of this Agreement, and the COUNTY shall have the right to inspect original insurance policies under a court protective order.

6. Paragraph 37 of this Agreement is hereby added to state as follows:

TRUTH IN NEGOTIATION: Pursuant to Administrative Order 3-39 and Section 287.055 5(a), Florida Statutes, for any lump-sum or cost-plus-a-fixed-fee professional service contract over the threshold amount provided in s. 287.017 for CATEGORY FOUR, the agency shall require

the firm receiving the award to execute a truth-in-negotiation certificate stating that wage rates and other factual unit costs supporting the compensation are accurate, complete, and current at the time of contracting. Any professional service contract under which such a certificate is required must contain a provision that the original contract price and any additions thereto will be adjusted to exclude any significant sums by which the agency determines the contract price was increased due to inaccurate, incomplete, or noncurrent wage rates and other factual unit costs. All such contract adjustments must be made within one (1) year following the end of the contract. Certificate as required by Chapter 287, Florida Statutes as attached as Exhibit "C".

7. All terms, covenants and conditions of the Agreement not expressly modified or revised herein shall remain in full force and effect.

(This section was intentionally left blank)

IN WITNESS WHEREOF, the parties hereto have executed these presents the day and date first written above.
