- 2.01.C.2E.1)** If the updated statement of Probable Construction Costs exceeds allocated funds, and the increase is not the fault of the Owner through increased scope changes, the Consultant shall prepare recommendations for reducing the scope of the Project in order to bring the estimated costs within allocated funds at no additional cost to the Owner.

The Consultant shall resolve all questions indicated on the documents and make all changes to the documents necessary in response to the review commentary. The 50% Documents review (check) set shall be returned to the Owner.
- 2.01.C.5)** Rendering Requirements: At approximately seventy-five percent (75%) completion of the Construction Documents, the Consultant shall submit several simple studies of proposed perspective drawings of the Project indicating suggestions for angles of view and general composition of a rendering. Upon the Owner's

selection of a perspective format, the Consultant shall execute final renderings for submission with one hundred percent (100%) Construction Documents submittal.

2.01.C.6) One hundred percent (100%) Construction Documents Submittal: The Consultant shall (as part of basic services) make a one hundred percent (100%) Construction Documents submittal, for final review, comments, and approval by the Owner. 2.01.C.6F) An updated Statement of Probable Construction Costs (Refer to Section 2.01.A.2D). The Statement of Probable Construction Costs shall include all adjustments necessary for projected award date, changes in requirements, or general market conditions. If the Statement of Probable Construction Cost exceeds the total allocated budget for construction, the Consultant is responsible and shall review materials, equipment, component systems and types of construction included in the Contract Documents and shall recommend changes in such items, reasonable adjustment in the scope of the Project and/or Additive Alternates that will result in bids within the allocated budget. All such

changes in the Contract Documents shall be made at no additional cost to the Owner. It is agreed that any "Statement of Probable Construction Costs" or Cost Estimate prepared by the Consultant represents a reasonable estimate of cost in his/her best judgment as a professional familiar with the local construction industry, applicable County Resolutions, Administrative Orders and Ordinances and that the Consultant has no control over the market conditions. The Consultant therefore, cannot and does not guarantee that bids will not vary from the Cost Estimate.

2.01.C.6F.1) If the updated statement of Probable Construction Costs exceeds allocated funds not the fault of the Owner through increased scope changes, the Consultant shall prepare recommendations for reducing the scope of the Project in order to bring the estimated costs within allocated funds at no additional cost to the Owner.

2.01.C.7) The Owner's permit expeditor, not the Consultant will usher or "walk-through" the permit documents through the Miami-Dade County Building Department and other applicable regulatory agencies. The Consultant is responsible for preparing all the necessary portions of the Contract Documents necessary for approval by County, State and/or Federal authorities having jurisdiction over the Project by law or contract with the County and shall assist in obtaining any such applicable certifications of "permit approval" by such authorities prior to approval by the Owner of the one hundred percent (100%) Contract Documents. The Consultant shall promptly, at any time during the performance of the Services hereunder, advise the Owner of any substantial increases in costs set forth in the Statement of Probable Construction Cost that in the opinion of the Consultant is caused by the requirement(s) of such authorities. The Consultant will be issued a reimbursable expense Service Order for "dry-run" and other permit fees paid to authorities that have jurisdiction over the work.

2.01.C.8) The Consultant shall make all required changes and resolve all questions presented by the Owner and/or permitting authorities on the documents. The one hundred percent (100%) complete check

set(s) shall be returned to the Owner. Upon final approval by the Owner, the Consultant shall furnish three (3) sets of all drawings and Project Manuals to the Owner, without additional charge.

2.01.C.9) The Consultant shall return to the Owner review (check) sets of the fifty percent (50%) construction Documents submission. The Consultant shall provide an appropriate response to all review commentary noted on the previous Phase documents.

2.01.C.10) If requested by the Owner, the Consultant shall prepare and/or assist the Owner in the preparation of documents to initiate the bid and award for the Project.

2.01.D) Phase IV - Bidding and Award of Contract

2.01.D.1) Approval of Bid Documents and Printing: Upon obtaining all necessary approvals of the Construction Documents from authorities having jurisdiction, and acceptance by the Owner of the Bid Documents and latest Statement of Probable Construction Cost, the Consultant shall assist the Owner in obtaining bids, preparing and awarding the Construction Contract. The Owner, for bidding purposes, will have the bid documents (drawings and Project Manual) printed through its existing agreements with printing firms, or, at its own discretion, may authorize such printing as a reimbursable service to the Consultant.

When requested by the Owner, the Consultant shall advise all bidders to submit in writing, any questions to which a response is necessary to prepare a bid on the Project. The Consultant shall maintain a complete log of addenda issued on an Owner furnished form. No addenda shall be issued without the Owner's concurrence.

Marina Improvements

- 2.01.D.2C) The Owner has established a policy requiring a "Pre-Bid Meeting", for Projects. The Consultant shall attend all Pre-Bid Meetings and require attendance of major sub-consultants at such meetings. The Consultant shall record the minutes of said meetings. 8.01.B) The Consultant agrees and recognizes that the Owner shall not be held liable or responsible for any claims which may result from any actions, errors or omissions of the Consultant in which the Owner participated either through review or concurrence of the Consultant's actions. Among those categories are construction changes caused by design errors or omissions in the construction documents that were prepared by the Consultant. For the purposes of this contract provision, errors and omissions shall be dealt with as follows:

8.02. A.1) Errors and Omissions

It is specifically agreed that any construction changes categorized by the Owner, as caused by an error, an omission or any combination thereof in the contract documents that were prepared by the Consultant will constitute an additional cost to the Owner that would not have been incurred without the error. The damages to the Owner for errors, omissions or any combinations thereof shall be calculated as one hundred percent (100%) of the total cost

of the change and includes direct and indirect costs. Damages shall include delay damages caused by the error, omission or any combination thereof. Should the Consultant disagree that all or part of such damages are the result of errors, omissions, or any combination thereof, the Consultant may appeal this determination in writing to the Department's Director. The Department Director's decision on all claims, questions and disputes shall be final, conclusive and binding upon the parties hereto unless such determination is clearly arbitrary or unreasonable. In the event that the Consultant does not agree with the decision of the Department's Director, the Consultant shall present any such objections in writing to the County Manager. The Department and the Consultant shall abide by the decision of the County Manager. This paragraph does not constitute a waiver of any party's right to proceed in a court of competent jurisdiction, after the above administrative remedies have been exhausted.

8.02.A.2) Payment for Damages arising out of Errors, Omissions or any Combination Thereof

So long as the total damages to the Owner caused by Consultant errors and/or omissions as calculated above remains less than three percent (3.0%) of the total construction cost of the Project, the Owner shall not look to the Consultant and/or the Consultant's insurer for reimbursement for errors and omissions. Should the total damages to the Owner caused by Consultant errors and/or omissions as calculated above exceed three percent (3.0%) of the total construction cost of the Project, the Owner shall recover the total cost of the damages calculated above. To obtain such recovery, the Owner shall deduct from funds due the Consultant in this contract up to the amount of the Consultant's insurance deductible. Should the damages incurred by the Owner exceed the amount due under the contract or the Consultant's insurance deductible, whichever is greater, the Owner shall look to the Consultant and the Consultant's insurer for the remaining amount of additional damages incurred by the Owner. The recovery of additional costs to the Owner under this paragraph shall not limit or preclude recovery for other separate and/or additional damages that the Owner may otherwise incur.

8.02.A.3) The Consultant shall participate in all negotiations with the Contractor related to this section. Such Consultant participation shall be at no additional cost to the Owner.

8.02.A.4) For purposes of this section, direct and indirect costs shall be defined as in the general conditions section of the construction Project Manual for the Project.

This insurance shall be maintained for at least one year after completion of the construction and acceptance of the Project. Any acceptance or allowance by the County of Professional Liability Insurance covering less than the full amount of the Consultant's liability provided under this Agreement shall not in any way limit or reduce the Consultant's liability under this Agreement.

- 7.01.B) The Consultant shall bind all Sub consultants to the Agreement requirements for re-use of plans and specifications.

ARTICLE 8 - GENERAL PROVISIONS

8.01) INDEMNIFICATION AND HOLD HARMLESS

- 8.01.A) The Consultant shall indemnify and hold harmless the Owner and its officers, employees, agents, and instrumentalities from any and all

liability, losses or damages, including attorneys' fees and costs of defense, which the Owner or its officers, employees, agents, or instrumentalities may incur as a result of claims, demands, suits, causes of action, or proceedings of any kind or nature arising out of, relating to or resulting from the performance of this Contract by the Consultant or its employees, agents, servants, partners, principals, or subcontractors. Consultant shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits, or actions of any kind or nature in the name of the Owner, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorney's fees which may issue thereon. Consultant expressly understands and agrees that any insurance protection required by this Contract or otherwise provided by Consultant shall in no way limit the responsibility to indemnify, keep, and save harmless and defend the Owner or its officers, employees, agents, and instrumentalities as herein provided.

8.01.B)

The Consultant agrees and recognizes that the Owner shall not be held liable or responsible for any claims which may result from any actions, errors or omissions of the Consultant in which the Owner participated either through review or concurrence of the Consultant's actions. In reviewing, approving or rejecting any submissions by the Contractor or other acts of the Consultant, the Owner in no way assumes or shares any responsibility or liability of the Consultant or Sub consultants, the registered professionals (architects and/or engineers) under this Agreement.

8.02) ERRORS AND OMISSIONS

8.02.A)

The Owner shall maintain a record of all construction changes that shall be categorized according to the various types, causes, etc. that the County may determine are useful or necessary for its purposes. Among those categories are construction changes caused by design errors or omissions in the construction documents that were prepared by the Consultant. For the purposes of this contract provision, errors and omissions shall be dealt with as follows:

8.02. A.1)

Errors and Omissions

It is specifically agreed that any construction changes categorized by the Owner, as caused by an error, an omission or any combination thereof in the contract documents that were prepared by the Consultant will constitute an additional cost to the Owner that would not have been incurred without the error. The damages to the Owner for errors, omissions or any combinations thereof shall be calculated as one hundred percent (100%) of the total cost of the change and includes direct and indirect costs. Damages shall include delay damages caused by the error, omission or any

combination thereof. Should the Consultant disagree that all or part of such damages are the result of errors, omissions, or any combination thereof, the Consultant may appeal this determination in writing to the Department's Director. The Department Director's decision on all claims, questions and disputes shall be final, conclusive and binding upon the parties hereto unless such determination is clearly arbitrary or unreasonable. In the event that the Consultant does not agree with the decision of the Department's Director, the Consultant shall present any such objections in writing to the County Manager. The Department and the Consultant shall abide by the decision of the County Manager. This paragraph does not constitute a waiver of any party's right to proceed in a court of competent jurisdiction, after the above administrative remedies have been exhausted.

8.02.A.2) Payment for Damages arising out of Errors, Omissions or any Combination Thereof

So long as the total damages to the Owner caused by Consultant errors and/or omissions as calculated above remains less than three percent (3.0%) of the total construction cost of the Project, the Owner shall not look to the Consultant and/or the Consultant's insurer for reimbursement for errors and omissions. Should the total damages to the Owner caused by Consultant errors and/or omissions as calculated above exceed three percent (3.0%) of the total construction cost of the Project, the Owner shall recover the total cost of the damages calculated above. To obtain such recovery, the Owner shall deduct from funds due the Consultant in this contract up to the amount of the Consultant's insurance deductible. Should the damages incurred by the Owner exceed the amount due under the contract or the Consultant's insurance deductible, whichever is greater, the Owner shall look to the Consultant and the Consultant's insurer for the remaining amount of additional damages incurred by the Owner. The recovery of additional costs to the Owner under this paragraph shall not limit or preclude recovery for other separate and/or additional damages that the Owner may otherwise incur.

8.02.A.3) The Consultant shall participate in all negotiations with the Contractor related to this section. Such Consultant participation shall be at no additional cost to the Owner.

8.02.A.4) For purposes of this section, direct and indirect costs shall be defined as in the general conditions section of the construction Project Manual for the Project.

This insurance shall be maintained for at least one year after completion of the construction and acceptance of the Project. Any acceptance or allowance by the County of Professional Liability Insurance covering less than the full amount of the Consultant's liability provided under this Agreement shall not in any way limit or reduce the Consultant's liability under this Agreement.

8.03.C) The insurance coverage required shall include those classifications, as listed in standard insurance manuals, which most nearly reflect the operations of the Consultant.

8.03.D) All insurance policies shall be issued by companies authorized to do business under the laws of the State of Florida with the following qualifications:

- 8.03.D1) The company must be rated no less than "B" as to management, and no less than Class "V" as to financial strength, by the latest edition of Best's Insurance Guide, published by A.M. - 8.03.D2) Within fourteen (14) calendar days from acceptance of the terms of this agreement by both parties and prior to execution, the Consultant shall furnish the Owner (through the Project Manager) photocopies of his/her professional liability insurance policy and certificates of insurance. The certificates shall clearly indicate that the Consultant has obtained insurance of the type, amount, classification required by these provisions. No material change or cancellation of the insurance shall be effective without a 30-day prior written notice to and approval by Owner. Failure to comply with the insurance requirements listed in section 8.03 may result in the Owner's withholding or delaying payment to the Consultant.

8.04) PERFORMANCE

- 8.04.A) Performance and Delegation: The performance of this Agreement shall not be delegated or assigned by the Consultant without the written consent of the Owner, and such consent will not be given to any proposed delegation which would relieve the Consultant or their surety of their responsibilities under this Agreement. The services to be performed hereunder shall be performed by the Consultant's own staff unless otherwise approved by the Owner. The employment of, contract with, or use of services of any other person or firm by the Consultant as Sub consultant or otherwise is subject to approval by the Owner.
- 8.04.B) Term of The Agreement: The term of this Agreement shall start upon execution by the parties hereto and extend for nine (9) years from the effective date of this Agreement or until completion of the warranty period for projects that have been issued service orders.
- 8.04.C) Time for Performance: The Consultant agrees to start all work hereunder upon receipt of a Service Order issued by the Owner and complete each Phase within the time stipulated in each Service Order. A reasonable extension of time for completion of various Phases will be granted by the Owner should there be a delay on the part of the Owner in fulfilling its part of the Agreement as stated herein. Such extension of time shall not be cause for any claim by the Consultant for additional compensation.
- 8.04.C.1) Liquidated Damages: The Owner may impose liquidated damages of \$200/ per pay for unapproved/unjustifiable time delays (other than Owner-caused) and/or incomplete submittals.

8.04.C.2) Each time any portion of Phases I through III of the Project Development Schedule prepared by the Consultant is not met for unapproved/unjustified causes (other than Owner caused) the Owner may notify the Department of Business Development (DBD), the Office of Capital Improvements (OCI) and any other entity established by the Owner for tracking the performance of unsatisfactory performance.

8.04.D Performance Evaluations: Performance evaluations of the services rendered under this Agreement shall be performed by the Department and shall be utilized by the Owner as evaluation criteria for future solicitations.

8.05) PROJECT SUSPENSION OR ABANDONMENT

8.05.A) If the Project is suspended for the convenience of the Owner for more than six (6) months, or abandoned in whole or in part for the convenience of the Owner under any phase, the Owner shall give seven days notice to the Consultant of such Project abandonment or suspension. If the Project is to be suspended for less than six (6) months, then the Consultant shall remain on the Project under this Agreement but will be compensated only for work issued under a Service Order; the County will not be liable for stand-by, overhead, or any other costs direct or indirect, that the Consultant may incur outside of any direct costs associated with a Service Order. If the Project is suspended for the convenience of the Owner for more than six (6) months, or abandoned in whole or in part for the convenience of the Owner during any phase, the Consultant shall be paid for services authorized by Service Order which were performed prior to such suspension or abandonment and the Owner shall have no further obligation or liability to the Consultant under this Agreement. If the Project is resumed after having been suspended for more than six (6) months, the Consultant's further compensation may be renegotiated, but the Owner will have no obligation to complete the Project under this Agreement, and may hire or contract with another Consultant to complete the project. The Owner will have no further obligation or liability to the Consultant.

8.06) TERMINATION OF AGREEMENT

8.06.A) The County may terminate performance of work under this contract in whole or, from time to time, in part if the Owner determines that a termination is in the County's interest. The Owner shall terminate by delivering to the Consultant a Notice of Termination specifying the extent of the termination and the effective date. Such Notice of Termination under this clause will not be deemed a breach of this Agreement, and may be issued with or without cause. Upon such Notice of Termination, the Consultant shall be entitled to receive only costs incurred as of the date of

the Notice of Termination, reasonable profit on work done as of the date of the Notice of Termination, and the costs of preparing its final invoice to the County, and upon payment thereof the County will have no further obligation or liability to the Consultant under this Agreement. The Consultant shall not be entitled to any other compensation under this Agreement.

8.07) CONSULTANT'S ACCOUNTING RECORDS

8.07.A) The Owner reserves the right to audit the Consultant's financial records, including but not limited to audited financial statements, balance sheets, and other financial records, during the performance of this Agreement and for one year after final payment under this Agreement. The Consultant agrees to furnish copies of any records necessary to approve any requests for payment by the Consultant.

Failure of the prime Contractor to issue prompt payment to small businesses, or to adhere to its dispute resolution procedures, may be cause for suspension, termination, and debarment, in accordance with the terms of the County contract or Public Health Trust contract and debarment procedures of the County.
