Subject: U.S. Sedan Service, Inc. Application for a Transfer of Passenger Motor Carrier Certificate of Transportation No. 30319

Agenda Item No. 3(B)(5)

Resolution No. R-216-13

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the transfer of Passenger Motor Carrier (PMC) Certificate of Transportation No. 30319 from Joseph A. DiPatrizio d/b/a Sabre Investigative Agency/Limousine Service to U.S. Sedan Service, Inc.

Scope

This PMC Certificate of Transportation is countywide, allowing the certificate holder to operate in unincorporated and incorporated areas of Miami-Dade County.

Fiscal Impact/Funding Source

Licensing, operating permit and inspection fees are collected by the Department of Regulatory and Economic Resources to support regulatory activities. There is an annual regulatory fee of \$625 per certificate and \$625 per vehicle that will yield \$1,250 in revenue annually if the company operates only one (1) vehicle. Passenger Motor Carrier certificate holders can operate an unlimited number of vehicles under the certificate. Vehicle inspections are \$38 per vehicle.

Track Record/Monitor

Applicant is an existing permit holder which holds one (1) for-hire limousine license to provide super stretch limousine service and a luxury sedan license. The applicant is in compliance with all Miami-Dade County Code (Code) requirements. Joe Mora, Division Director within the Department of Regulatory and Economic Resources, will be responsible for monitoring this company.

Background

On February 17, 1981, the Board of County Commissioners adopted Ordinance 81-17, subsequently amended by Ordinance 85-20 on April 16, 1985, which regulates the passenger motor carrier industry in Miami-Dade County under Chapter 31 of the Code.

Section 31-103 (m) of the Code provides the procedures to be followed by Miami-Dade County in processing transfer applications. No certificate may be sold, assigned or transferred to another until the proposed sale, assignment, or transfer has been approved by the Board. In considering the proposed transfer of ownership or control of the certificate, the Board shall determine whether or not said transfer is contrary to the public interest, upon evidence submitted at the public hearing. The Board may approve or refuse to approve said transfer upon such terms and conditions or may reasonably alter, restrict or modify the terms and provisions of such transfer if in the public's interest.

Joseph A. DiPatrizio d/b/a Sabre Investigative Agency/Limousine Service has filed an application to transfer Passenger Motor Carrier Certificate of Transportation No. 30319 to U.S. Sedan Service, Inc. Issued on July 27, 1999, via Resolution R-858-99 (Attachment A), PMC No. 30319 authorizes special operations service. This class of service is defined as transportation of persons in a motor vehicle to a common destination or series of common destinations where the person may be charged as an individual or as part of a group, including but not limited to charter, sightseeing, or subscription service, not between fixed terminals or on a regular route.

The company is required to adhere to the terms of the resolution, which approved the certificate. U.S. Sedan Service, Inc., located at 111 NE 1st Street, Miami, Florida 33132, seeks to continue providing this class of service by transporting tourist and resident groups to and from various locations throughout Miami-Dade County 24-hours a day, seven days a week. Transportation is required to be pre-arranged at least 24-hours prior to service, using chauffeur driven vehicles with a seating capacity of nine or more, but less than 28 passengers, excluding the driver. The proposed rates are listed on the attached rate schedule (Attachment B).

The management plan submitted by Mr. Ahmed Atris, President of U.S. Sedan Service, Inc., includes maintenance, communication, and record keeping systems and meets the requirements of the Code. All required financial statements and credit references have been submitted and the proposed service standards adequately meet passenger transportation and comfort needs. A background investigation reveals no criminal conviction for the applicant or any corporate officers within five years of the date of the application.

As required by the Code, the applicant has provided disclosure of the terms and conditions regarding the transfer of the certificate. A Purchase and Sale Agreement (Attachment C) between Mr. Joseph A. DiPatrizio and U.S. Sedan Service, Inc. establishes the acquisition of Passenger Motor Carrier Certificate of Transportation No. 30319 along with a luxury sedan license, also held by Mr. DiPatrizio, for a total price of \$55,000.00.

RECOMMENDATION

It is recommended that the Board approve the applications of Joseph A. BACKGROUND

On February 17, 1981, the Board of County Commissioners adopted Ordinance 81-17, subsequently amended by Ordinance 85-20 on April 16, 1985, which regulates the passenger motor carrier industry in Miami-Dade County under Chapter 31 of the Code of Miami-Dade County.

Section 31-103 of the Code provides the procedures to be followed by Miami-Dade County in processing certificate applications. Based on those requirements, a public hearing has been scheduled before the Board of County Commissioners. At the conclusion of the public hearing the Board may issue or refuse to issue the certificate, or issue the certificate with such modifications or upon such terms and conditions as in its judgment the public interest may require. In reaching its determination, the Board shall consider the application, the County Manager's report and recommendation, all matters presented at the public hearing, and among others, the following criteria:

- (1) That the applicant is fit, willing and able in accordance with the requirements of this section, to provide the transportation to be authorized by this certificate and is able to comply with this article and regulations of the commission.
- (2) That the transportation to be provided under the requested certificate is consistent with the public interest.

- (3) That the proposed transportation service will improve the quality of transportation available to the public.

In an effort to streamline the number of resolutions for consideration, applications have been combined into one item.

The management plans by the applicants, as outlined in the attached appendix, include maintenance, communication, and record keeping systems and meets the requirements of the Code. All required financial statements and credit references have been submitted and the proposed service standards adequately meet passenger transportation and comfort needs. Background investigations reveal no criminal conviction for the applicant or any corporate officers within five years of the date of the application.

In accordance with Section 31-103(e) of the Code, a 20-day notice of application was provided to all affected municipalities within Miami-Dade County, all passenger motor carrier certificate holders and interested parties. No protests were filed.

These applications were filed prior to the adoption of R-1404-98 which provides that new applications will not be received by the department after December 15, 1998; however, applications on file will be processed for Board consideration.
