

Memorandum

Date: May 7, 2013
To: Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners
From: Carlos A. Gimenez
Mayor 
Subject: Resolution Ratifying Two Emergency Purchases, Approving a Contract Modification,
and Authorizing Use of Charter County Surtax Funds

Agenda Item No. 8(F)(8)

Resolution No. R-348-13

Recommendation

It is recommended that the Board of County Commissioners (Board) waive competitive bidding procedures for the purchase of goods and services pursuant to Section 2-8.1 of the County Code and Section 5.03(D) of the Home Rule Charter and approve the attached emergency purchases and non-competitive contract modifications. These items are described briefly below and in more detail in the accompanying attachments.

Section 1 - Emergency Purchases

The items included in this section ratify emergency contract awards for the purchase of necessary goods and services. The cumulative value of the emergency contract awards in this section is \$2,767,000.

Item 1.1 – Crossbeam Software Infrastructure Upgrade - Ratifies an emergency contract award in the amount of \$769,000 to Crossbeam Systems, Inc., the sole proprietor of the system, for infrastructure upgrade and professional services for the existing Crossbeam System at Miami International Airport (MIA). The existing system supports daily operations at MIA.

Item 1.2 – Automated Fingerprint Identification System Upgrade - Ratifies an emergency contract award in the amount of \$1,998,000 to Morpho Trak, Inc., the sole proprietor of the system, for emergency software system upgrades for the existing Automated Fingerprint Identification System. The existing system supports Miami-Dade Police Department's daily operations by capturing and storing fingerprints.

Section 2 - Contract Modifications

The contract modification in this section provides for additional time and/or spending authority for the purchase of necessary goods and services. The total additional funding requested for the contract listed in this section is \$510,000.

Item 2.1 – Otis Elevators/Escalators Maintenance Services - Modifies a sole source contract for additional spending authority in the amount of \$510,000 for Miami-Dade Transit to upgrade three escalators, manufactured by Otis Elevator Co., at the Tri-Rail Station. These aging escalators no longer meet Elevator Safety Code standards and require frequent repairs. Authorization is also requested to use Charter County Surtax Funds.

This agenda item is placed for Committee review pursuant to Miami-Dade County Code Section 29-124(f). The recommendation in Section 2 of this item may only be considered by the Board if the Citizens' Independent Transportation Trust (CITT) has forwarded a recommendation to the Board prior to the date scheduled for Board consideration or 45 days have elapsed since the filing with the Clerk of the Board of this contract award recommendation. If the CITT has not forwarded a recommendation

and 45 days have not elapsed since the filing of this award recommendation, I will request a withdrawal of this item. This contract is scheduled for the April 2013 CITT meeting.

Scope

The scope of the actions in this item are countywide in nature.

Fiscal Impact/Funding Source

The allocation and funding source for the departments are listed in detail in the attached items.

The contract amounts and departmental allocations represent the maximum spending authority based on past utilization. This action does not guarantee that the total contract amount/value will be expended by the department. Funding will be expended only if the department's budget can support the expenditures approved in its annual budget adopted by the Board.

Track Record/Monitor

There are no known performance/compliance issues with the vendors recommended for award in the attached items. Each departments' contract manager is reflected in the individual items.

Delegated Authority

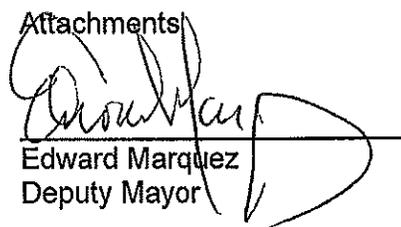

If this item is approved, the County Mayor or County Mayor's designee will have the authority to extend the contracts for purchase of goods and services in accordance with the terms and conditions of the contracts listed in the attached items.

Due Diligence

Due diligence was conducted in accordance with the Internal Services Department's Procurement Guidelines to determine Contractor responsibility, including verifying corporate status and review of performance or compliance issues. The lists that were referenced include: convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties. There were no adverse findings relating to Contractor responsibility. This information is being provided pursuant to Resolution R-187-12.

Background

Additional information on each item is attached.

Item 1.1 Emergency Purchase

Contract No.: E9721-AV	Title: Crossbeam Software Infrastructure Upgrade
-------------------------------	---

Type of Non-competitive Action: Bid Waiver Sole Source Emergency Award

Justification:

The Miami-Dade Aviation Department (MDAD) certified an emergency contract award on December 20, 2012, for an emergency software infrastructure upgrade and purchase of professional services for the existing Crossbeam System (System) in use at the Miami International Airport (MIA). The Crossbeam System infrastructure is a group of software applications that together support MDAD daily operations within MIA. The System serves as the backend integrator for several different applications that provide access to MDAD's network and supports airline systems, baggage systems, security systems, parking systems throughout MIA, and other business partners worldwide. The existing Crossbeam equipment and software reached the end of its useful life and began to negatively affect internal operations. As a result, MDAD declared an emergency and awarded an emergency contract to Crossbeam Systems, Inc., the sole proprietor of the System, to upgrade the existing software to the most current release and purchase the required equipment to upgrade the infrastructure to stabilize operations and ensure availability. Aviation was at a critical point where the system had become unstable and was set for a system failure.

Item 1.2 Emergency Purchase

Contract No.: E9741-PD	Title: Automated Fingerprint Identification System Upgrade
-------------------------------	---

Type of Non-competitive Action: Bid Waiver Sole Source Emergency Award

Justification:
 The Miami-Dade Police Department (MDPD) certified an emergency contract award on February 26, 2013, for an emergency software system upgrade for the existing Automated Fingerprint Identification System (AFIS) used at MDPD. In accordance with Florida Statute 943.051, "Criminal justice information; collection and storage, fingerprinting," Miami Dade County is required to secure the fingerprints of arrestees. In order to comply with this statutory requirement, the County utilizes the AFIS to capture and store fingerprints. The existing AFIS equipment and software has reached the end of its useful life and was negatively affecting internal operations. AFIS exceeded its designed capacity for fingerprints, palm prints and latent records, which is a critical component in the daily operations of MDPD and was experiencing system instability. As a result, MDPD declared an emergency and awarded an emergency contract to Morpho Trak, Inc. the sole proprietor of AFIS, to upgrade the existing software release and purchase the required equipment to upgrade the infrastructure to stabilize operations and ensure availability. MDPD was at a critical point where AFIS was becoming unstable, if this emergency was not issued AFIS would continue to experience problems and MDPD to be out of compliance with Florida Statute 943.051.

<input checked="" type="checkbox"/> Additional Spending Authority	

Contract Description and Reason for Change:
 This contract is for maintenance, repair, and modernization of elevators and escalators manufactured by Otis Elevator Co. Miami-Dade Transit (MDT) has requested an increase in allocation to upgrade three OTIS escalators at the Tri-Rail Station. These escalators were installed when the station was constructed in the late-1980s in accordance to the elevator safety codes and technology at that time. Elevator safety codes have since evolved and the escalators no longer meet current codes. In addition, the aging equipment frequently breaks down causing safety concerns for MDT patrons. Modernization of the escalators will ensure safer and improve performance of the equipment, as well as compliance with current elevator safety code. The cost to modernize each escalator is \$170,000.
