RESOLUTION NO. R-266-13

RESOLUTION URGING THE FLORIDA DEPARTMENT OF TRANSPORTATION AND THE FLORIDA TURNPIKE ENTERPRISE TO UTILIZE TOLL REVENUES GENERATED IN MIAMI-DADE COUNTY FROM FACILITIES UNDER THEIR JURISDICTION FOR THE CONSTRUCTION, MAINTENANCE, OPERATION AND IMPROVEMENT OF ELIGIBLE TRANSPORTATION INFRASTRUCTURE IN MIAMI-DADE COUNTY SUBJECT TO PAYMENT OF REQUIRED DEBT

WHEREAS, the Florida Department of Transportation and the Florida Turnpike Enterprise are the agencies responsible for construction, maintenance, operation and improvements of certain expressway networks in Miami-Dade County, including toll facilities; and

WHEREAS, all facilities under the jurisdiction of the Florida Turnpike Enterprise are tolled, and the Florida Department of Transportation has implemented managed toll lanes on I-95 and is re-structuring their facilities to incorporate managed toll lanes on other expressways; and

WHEREAS, these toll facilities help to alleviate severe congestion and other negative traffic conditions which existed to a greater extent prior to the construction of the toll lanes; and

WHEREAS, these toll lanes have proven to be revenue generators and successful projects for the State of Florida Department of Transportation and the Florida Turnpike Enterprise; and

WHEREAS, regarding using I-95 express toll lane revenues, pursuant to Section 338.166(2) and (3), Fla. Stats., after payment of the design and construction costs of the express

lanes, I-95 express toll revenues “shall first be used to pay the annual cost of the operation, maintenance, and improvement of the high-occupancy toll lanes or express lane project or associated transportation system” and “any remaining toll revenue” from the express lanes shall be used for the construction, maintenance, or improvement of any road on the State Highway System within the county or counties in which the toll revenues were collected or to support express bus service on the facility where the toll revenues were collected;” and

WHEREAS, regarding using the turnpike toll revenues facilities, the law provides that “for the period July 1, 1998, through June 30, 2017, the [Florida] department [of Transportation] shall, to the maximum extent feasible, program sufficient funds in the tentative work program such that the percentage of turnpike toll and bond financed commitments in Miami-Dade County, Broward County, and Palm Beach County as compared to total turnpike toll and bond financed commitments shall be at least 90 percent of the share of net toll collections attributable to users of the turnpike system in Miami-Dade County, Broward County, and Palm Beach County as compared to total net toll collections attributable to users of the turnpike system. This subsection does not apply when the application of such requirements would violate any covenant established in a resolution or trust indenture relating to the issuance of turnpike bonds;” and

WHEREAS, although improvements to transportation infrastructure are needed all over the State of Florida, Miami-Dade County has priority needs for road improvements; and

WHEREAS, given these identified needs for transportation infrastructure improvements and projects in Miami-Dade County, the County wants to clearly establish that toll revenues generated by facilities within Miami-Dade County under the jurisdiction of the Florida Department of Transportation and the Florida Turnpike Enterprise shall be utilized for the construction, maintenance, operation and improvements of projects only within Miami-Dade

County, after any required payment of related bond indebtedness and costs of constructing, maintaining, operating and improving these roads in Miami-Dade County (collectively, "Required Debt"); and

WHEREAS, any applicable provisions of Florida law should be amended, as necessary, to accomplish the purposes of this resolution,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Board:
