No assignment or transfer of work will be allowed.

The priority for rotation and work assignment distribution, for the selected sole respondent, shall be based on the firm's ability and commitment to perform one hundred percent (100%) of the work specified on the Service Order.

Should the initially selected sole respondent be unable to perform 100% of the desired services in the Service Order, then the next firm in the rotation that can perform 100% of such services will be issued said Service Order. Such acts or events DO NOT INCLUDE inclement weather (except as noted above) or the acts or omissions of sub consultants/subcontractors, third-party consultants/contractor, material men, suppliers, or their subcontractors, unless such acts or omissions are otherwise encompassed by the definition set forth above.

No party hereto shall be liable for its failure to carry out its obligations under the Agreement during a period when such party is rendered unable, in whole or in part, by Force Majeure to carry out such obligations, but the obligation of the party or parties relying on such Force Majeure shall be suspended only during the continuance of any inability so caused and for no longer period of said unexpected or uncontrollable event, and such cause shall, so far as possible, be remedied with all reasonable dispatch.

It is further agreed and stipulated that the right of any party hereto excuse its failure to perform by reason of Force Majeure shall be conditioned upon such party giving, to the other party or parties, written notice of its assertion that a Force Majeure delay has commenced within ten (10) working days after such commencement, unless there exists good cause for failure to give such notice, in which event, failure to give such notice shall not prejudice any party's right to justify any non-performance as caused by Force Majeure unless the failure to give timely notice causes material prejudice to the other party or parties.

SECTION XVIII - REUSE OF DOCUMENTS

The LABORATORY may reuse data from other sections of the work included in this Agreement provided irrelevant material is deleted. The Director shall not accept any reused data containing an excess of irrelevant material, which has no connection with the applicable portion of the

work.

Nothing contained herein shall be deemed to exclude any document from Chapter 119 of the Florida Statutes. Reuse of such data by the COUNTY for any purpose other than that for which prepared shall be at the COUNTY's sole risk. When each individual section of work requested pursuant to this Agreement is complete, all of the above data shall be delivered to the Director.

The COUNTY shall have the right to modify the plans, or reports, or any components thereof without permission from the LABORATORY or without any additional compensation to the LABORATORY. The LABORATORY shall be released from any liability resulting from such modification.

SECTION XX - AUDIT RIGHTS

In the event the LABORATORY does not concur with the decision of the Director, the LABORATORY shall present any such objections in writing to the Mayor. Adjustments of compensation and time for completion of services hereunder, because of any major changes in the work that might become necessary or be deemed desirable as the work progresses, shall be left to the absolute discretion of the Director. In the event that the LABORATORY does not concur with the decisions of the Director, the LABORATORY shall present any such objections in writing to the Mayor. The Director and the LABORATORY shall abide by the decisions of the Mayor. This paragraph does not constitute a waiver of any party's right to proceed in a court of competent jurisdiction.

This random audit is separate and distinct from any other audit by the County. To pay for the functions of the Office of the

Inspector General, any and all payments to be made to the LABORATORY under this contract will be assessed one quarter (1/4) of one (1) percent of the total amount of the payment, to be deducted from each progress payment as the same becomes due unless, as stated in the Special Conditions, this Contract is federally or state funded where federal or state law or regulations preclude such a charge. **The LABORATORY shall in stating its agreed process be mindful of this assessment, which will not be separately identified, calculated or adjusted in the proposal or bid form.** The audit cost shall also be included in all change orders and all contract renewals and extensions.

The Miami-Dade Office of Inspector General is authorized to investigate County affairs and empowered to review past, present and proposed County and Public Health Trust programs, accounts, records, contracts and transactions. In addition, the Inspector General has the power to subpoena witnesses, administer oaths, require the production of witnesses and monitor existing projects and programs. The Inspector General shall have the right to inspect and copy all documents and records in the LABORATORY possession, custody or control which in the Inspector General's sole judgment, pertain to performance of the contract, including, but not limited to original estimate files, change order estimate files, worksheets, proposals and agreements from and with successful subcontractors and suppliers, all project-related correspondence, memoranda, instructions, financial documents, construction documents, (bid/proposal) and contract documents, back-change documents, all documents and records which involve cash, trade or volume discounts, insurance proceeds, rebates, or dividends received, payroll and personnel records and supporting documentation for

the aforesaid documents and records.

The LABORATORY shall make available at its office at all reasonable times the records, materials, and other evidence regarding the acquisition (bid preparation) and performance of this contract, for examination, audit, or reproduction, until three (3) years after final payment under this contract or for any longer period required by statute or by other clauses of this contract. In addition:

1. If this contract is completely or partially terminated, the LABORATORY shall make available records relating to the work terminated until three (3) years after any resulting final termination settlement; and
2. The LABORATORY shall make available records relating to appeals or to litigation or the settlement of claims arising under or relating to this contract until such appeals, litigation, or claims are finally resolved.

Notwithstanding the

foregoing, the Trust may authorize the inclusion of the fee assessment of one-quarter (1/4) of one percent in any exempted contract at the time of award.

Nothing contained above shall in any way limit the powers of the Inspector General to perform audits on all Trust contracts including, but not limited to, those contracts specifically exempted above.

SECTION XXVII - PERFORMANCE EVALUATIONS

1.13 LOCAL PREFERENCE- NOT APPLICABLE

The evaluation and ranking of proposals is subject to Sections 2-8.5 and 2-10.4 of the Miami-Dade County Code, which, except where Federal and State law mandates to the contrary, provides that a preference be given to local businesses. A local business, for the purposes of this section, shall be defined as a proposer which meets the following stipulations:

1. A business that has a valid Miami-Dade County occupational license issued at least one year prior to bid or proposal submission, and which is appropriate for the goods, services or construction to be purchased;
2. A business that has a physical Miami-Dade County business address, from which the vendor operates or performs business (Post Office boxes are not verifiable and shall not be used for the purpose of establishing a physical address); and
3. A business that contributes to the economic development and well-being of Miami-Dade County in a verifiable and measurable way. To satisfy this requirement, the proposer shall affirm in writing its compliance with either of the following objective criterion as of the proposal submission date stated in the solicitation:
 - (a) Retention or expansion of employment opportunities in Miami-Dade County; or
 - (b) Vendor contributes to the County's tax base by paying either real property taxes or tangible personal property taxes to Miami-Dade County; or
 - (c) Some other verifiable and measurable contribution to the economic development and well-being of Miami-Dade County.

Local preferences shall be applied to A/E professional services solicitations as follows:

If two firms, one local and one non-local, are within five percent of each other's total qualitative scores, then the local firm will proceed to negotiations with the County. In the case of a two tier evaluation process, local preference shall also apply at the conclusion of the First Tier to allow eligible local proposers within five percent of the top ranked firms to advance to Second Tier evaluation. Local preference is only applicable to the sole respondent. As a result, the sole respondent on the team shall complete, sign and submit ISD Form No. 1 "Local Business Preference Affidavit." Currently, the County does not extend local preference reciprocity to any other counties.

1.14 CONFIDENTIAL INFORMATION

The proposer shall not submit any information in response to this solicitation which he or she considers to be a trade secret or confidential. The submission of any information to the County in connection with this solicitation shall be deemed conclusively to be a waiver of any trade secret or other protection, which would otherwise be available to the proposer. If a proposer submits information to the County in violation of this restriction, either inadvertently or intentionally, and clearly identifies that information in the proposal as protected or confidential, then the County shall endeavor to redact and return subject information to the proposer as quickly as possible, if appropriate. The County will then evaluate the balance of the proposal. The redaction or return of information pursuant to this clause may render a proposal non-responsive.

1.15 CONFLICT OF INTEREST RELATED TO SECTION 2-11.1 OF THE CODE OF MIAMI-DADE COUNTY

Questions regarding conflicts of interest shall be submitted by the sole respondent, prior to the submittal date, and addressed to Joseph Centorino, Executive Director, Miami-Dade County Commission on Ethics and Public Trust, (Ethics Commission), 19 West Flagler Street, Suite 820, Miami, Fl 33130, with an electronic copy to Amelia M. Cordova-Jimenez, A&E Consultant Selection Coordinator, ISD, at ameliac@miamidade.gov. The Ethics Commission shall evaluate the request in order to determine if any possible conflicts of interest exist. Determinations by the Ethics Commission shall be rendered prior to the negotiation authorization recommendation being issued to the County Mayor or County Mayor's designee, and shall be deemed final. Any sole respondent found to have a conflict will render the sole respondent's submittal non-responsive.

1.16 DRAFT PROFESSIONAL SERVICES AGREEMENT (PSA)

Proposers are invited to carefully review the draft PSA that is included in this NTPC. Please forward any comments and/or questions, in writing and prior to the conclusion of this selection process, to the A/E Consultant Selection Coordinator denoted in the NTPC. This draft PSA, together with the proposers' comments and/or questions, if any, will be discussed during the negotiation meeting(s) with the selected sole respondent.

1.17 SUSTAINABLE BUILDING PROGRAM, IF APPLICABLE

The primary mechanism for determining compliance with the Sustainable Building Program shall be the U. S. Green Building Council's Leadership in Energy and Environmental Design (LEED) Rating System. All construction projects are required to meet the standards delineated in Ordinance 07-65. 1.22 ENERGY EFFICIENT BUILDING TAX CREDIT, IF APPLICABLE

The Energy Policy Act (EP Act) of 2005 (Section 1331) as established IRS Section 179D, allows taxpayers to accelerate depreciation on the cost of qualified energy efficient commercial building property placed-in-service after December 31, 2005. This incentive was recently extended by the Emergency Economic Stabilization Act of 2008, to include improvements placed-in-service before January 1, 2014. The returns may be amended going back three tax years, so projects that come on line in 2007 or afterwards are eligible.

The Consultant is designated as the Designer/Construction Manager (“the Designer”) for the energy efficient improvements incorporated in the Energy Consumption Reduction Project (“the Project”) for:

- 1) The purposes of allocating accelerated depreciation benefits pursuant to Section 179D of the Internal Revenue Code of 1986, as amended (the “Code”).
- 2) If County and the Internal Revenue Service (IRS) determine that the Consultant is eligible and shall receive accelerated depreciation benefits as a “Designer” for the purposes of Section 179D of the Code or that the Consultant shall otherwise benefit financially from the monetization of the accelerated depreciation benefit, the Consultant hereby agrees to discount its contract price or provide a cash rebate to County (the determination of rebate versus discount to be determined by County in its sole discretion) in an amount equal to the total financial benefit realized by the Consultant; at the time the financial benefit to the Consultant becomes ascertainable.
- 3) County reserves the right to retain a third party consultant (the “Third Party Consultant”)—to manage and administer the process of obtaining and monetizing the accelerated depreciation benefit derived from the Project and to designate the Third Party Consultant as the “Designer” of the energy efficient improvements for the purposes of Section 179D of the Code.
- 4) The County agrees to cooperate in all reasonable respects with the Consultant’s efforts to obtain and monetize any such benefits derived from the Project on behalf of County.

In the event that the proposer is unable to provide such certification but still seeks to be considered for award of this solicitation, the proposer shall, on a separate piece of paper, clearly state that it is on one or both of the Scrutinized Companies lists and shall furnish together with its proposal a duly executed written explanation of the facts supporting any exception to the requirement for certification that it claims under Section 287.135 of the Florida Statutes. The proposer agrees to cooperate fully with the County in any investigation undertaken by the County to determine whether the claimed exception would be applicable. The County shall have the right to terminate any contract resulting from this solicitation for default if the proposer is found to have submitted a false certification or to have been placed on the Scrutinized Companies for Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List.

1.24 SUBCONTRACTORS - RACE, GENDER AND ETHNIC MAKEUP OF OWNERS AND EMPLOYEES

Pursuant to Ordinance No. 11-90, for all contracts which involve the expenditure of one hundred thousand dollars (\$100,000) or more, the entity contracting with the County must report to the County the race, gender and ethnic origin of the owners and employees of its first tier subcontractors using the Subcontractor/Supplier Listing form. In the event that the successful proposer demonstrates to the County prior to award that the race, gender and ethnic information is not reasonably available at that time, the successful proposer shall be obligated by contract to exercise diligent efforts to obtain that information and to provide the same to the County not later than ten (10) days after it becomes available and, in any event, prior to final payment under the contract.

According to Section 2-1076 of the Code of Miami-Dade County, Miami-Dade County has established the Office of the Inspector General (IG) which shall, on a random basis, perform audits, inspections, and reviews of all County/Trust contracts. This random audit is separate and distinct from any other audit by the County. To pay for the functions of the Office of the Inspector General, any and all payments to be made to the LABORATORY under this contract will be assessed one quarter (1/4) of one (1) percent of the total amount of the payment, to be deducted from each progress payment as the same becomes due unless, as stated in the Special Conditions, this Contract is federally or state funded where federal or state law or regulations preclude such a charge. The LABORATORY shall in stating its agreed process be mindful of this assessment, which will not be separately identified, calculated or adjusted in the proposal or bid form. The audit cost shall also be included in all change orders and all contract renewals and extensions.

The Miami-Dade Office of Inspector General is authorized to investigate County affairs and empowered to review past, present and proposed County and Public Health Trust programs, accounts, records, contracts and transactions. In addition, the Inspector General has the power to subpoena witnesses, administer oaths, require the production of witnesses and monitor existing projects and programs. Monitoring of an existing project or program may include a report concerning whether the project is on time, within budget and in conformance with plans, specifications and applicable law. The Inspector General shall have the power to audit, investigate, monitor, oversee, inspect and review operations, activities, performance and

procurement process including but not limited to project design, bid specifications, (bid/proposal) submittals, activities of the LABORATORY, its officers, agents and employees, lobbyists, County and Public Health Trust staff and elected officials to ensure compliance with contract specifications and to detect fraud and corruption.

Upon ten (10) days written notice to the LABORATORY shall make all requested records and documents available to the Inspector General for inspection and copying. The Inspector General shall have the right to inspect and copy all documents and records in the LABORATORY possession, custody or control which in the Inspector General's sole judgment, pertain to performance of the contract, including, but not limited to original estimate files, change order estimate files, worksheets, proposals and agreements from and with successful subcontractors and suppliers, all project-related correspondence, memoranda, instructions, financial documents, construction documents, (bid/proposal) and contract documents, back-change documents, all documents and records which involve cash, trade or volume discounts, insurance proceeds, rebates, or dividends received, payroll and personnel records and supporting documentation for the aforesaid documents and records.

The LABORATORY shall make available at its office at all reasonable times the records, materials, and other evidence regarding the acquisition (bid preparation) and performance of this contract, for examination, audit, or reproduction, until three (3) years after final payment under this contract or for any longer period required by statute or by other clauses of this contract. In addition:

1. If this contract is completely or partially terminated, the LABORATORY shall make available records relating to the work terminated until three (3) years after any resulting final termination settlement; and
2. The LABORATORY shall make available records relating to appeals or to litigation or the settlement of claims arising under or relating to this contract until such appeals, litigation, or claims are finally resolved.

The provisions in this section shall apply to the LABORATORY, its officers, agents, employees, subcontractors and suppliers. The LABORATORY shall incorporate the provisions in this section in all subcontracts and all other agreements executed by the LABORATORY in connection with the performance of this contract.

Nothing in this section shall impair any independent right to the County to conduct audits or investigative activities. The provisions of this section are neither intended nor shall they be construed to impose any liability on the County by the LABORATORY or third parties.

Exception: The above application of one quarter (1/4) of one percent fee assessment shall not apply to the following contracts: (a) IPSIG contracts; (b) contracts for legal services; (c) contracts for financial advisory services; (d) auditing contracts; (e) facility rentals and lease agreements; (f) concessions and other rental agreements; (g) insurance contracts; (h) revenue-generating contracts; (i) contracts where an IPSIG is assigned at the time the contract is approved by the Trust; (j) professional service agreements under \$1,000; (k) management agreements; (l) small purchase orders as defined in Miami-Dade County Administrative Order 3-2; (m) federal, state and local government funded grants; and (n) interlocal agreements. Notwithstanding the foregoing, the Trust may authorize the inclusion of the fee assessment of one-quarter (1/4) of one percent in any exempted contract at the time of award.

Nothing contained above shall in any way limit the powers of the Inspector General to perform audits of all Trust contracts including, but not limited to, those contracts specifically exempted above.

SECTION XXVIII - PERFORMANCE EVALUATIONS
