Agenda Item No. 7(D)

TO: Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners

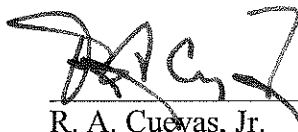

DATE: July 2, 2013

FROM: R. A. Cuevas, Jr.
County Attorney

SUBJECT: Ordinance relating to
Community Workforce
Program amending Sec. 2-
1701 of the Code of Miami-
Dade County
Ordinance No. 13-66

This item was amended at the Economic Development and Port Miami Committee on June 13, 2013 in two ways: 1) the County will not enter into a capital construction project contract until it receives and approves the contractor's workforce plan, previously the contractor's workforce plan was not required until the County would issue a Notice to Proceed, and 2) the contractor must first attempt to hire employees from the Designated Targeted Area where the project is located before hiring employees from other Designated Targeted Areas within the County.

The accompanying ordinance was placed on the agenda at the request of Prime Sponsor Commissioner Jean Monestime and Co-Sponsors Commissioner Barbara J. Jordan and Commissioner Dennis C. Moss.

Memorandum

Date: July 2, 2013

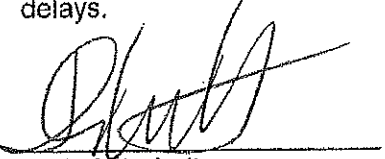

To: Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor 

Subject: Ordinance Relating to Community Workforce Program Amending Section 2-1701 of the Code

In addition to various non-substantive changes due to revised references, the proposed ordinance requires contractors to hire from the designated target area where the public improvement project is located. Excluded from this requirement are contractors working on Seaport and Airport capital construction contracts which will be allowed to hire from a designated target area other than the designated target area in which the project is located. This ordinance also makes the submission and acceptance of a workforce plan a prerequisite to the issuance of a notice to proceed.

The implementation of this ordinance will only have a fiscal impact in the event that a successful bidder fails to submit an approved Community Workforce Program work plan, which may result in project delays.
