Subject: Ticket Distribution Policy for 2014 Miami Marlins Baseball Season and 2014 Sony Open Tennis Tournament

Recommendation

It is recommended that the Board of County Commissioners (Board) approve a ticket distribution policy for the 2014 Sony Open tennis tournament and the 2014 Miami Marlins baseball season.

Scope

This policy is of Countywide significance.

Fiscal Impact/Funding Source

The fiscal impact of this item will be a cash payment to the County of \$102,000 for the 2014 Sony Open tennis tournament. There will not be a monetary fiscal impact for the receipt of Miami Marlins tickets.

Track Record/Monitor

The Miami-Dade Parks Recreation and Open Spaces Department (PROS) Director's Office and Office of Management and Budget (OMB) staff will monitor the receipt of the \$102,000 cash payment from International Players Championships, Inc. (IPC). The Clerk of the Board (Clerk) will monitor the lottery and distribution of the Miami Marlins ticket allocation.

Background

The Miami-Dade Commission on Ethics and Public Trust approved a report regarding complimentary event tickets on March 1, 2012 titled "Guidelines and Recommendations Regarding 'Public Benefit' Clauses in Certain Government Contracts" (Attachment A), and issued an addendum on March 29, 2012 clarifying "official function" (Attachment B). On June 11, 2012, the County Mayor provided a report to the Board, attached as Attachment C, that contained a summary of current agreements between the County and other entities which provide for complimentary tickets as well as other events/facilities for which the County also customarily receives complimentary tickets.

Sony Open

The current agreement in effect between the County and IPC for the annual tennis tournament at the Crandon Park Tennis Center was approved by the Board under resolution R-1187-90. At its November 19, 2013 Board meeting, the Board reconsidered item 14A1 from its November 5, 2013 meeting and approved Resolution No. R-937-13, approving IPC as the operator of a tennis tournament at Crandon Park. This agreement with IPC will not take effect until legal issues among Bruce Matheson, Miami-Dade County and IPC are resolved by a final non-appealable order of the Courts or by agreement among the parties.

The tennis center site is on County owned property and the agreement has a site sponsorship benefits package that includes County identification on the stadium court walls, advertising in the official tournament program, regular announcements on the electronic scoreboard system, recognition on the sponsor board, and an allocation for courtside boxes, tickets, and passes. The value of the allocation for courtside boxes, tickets, and passes the 2014 Tennis Tournament is \$102,000. The 2014 Sony Open runs from March 17 to March 30.

It is recommended that the County not receive its ticket allocation from IPC of the courtside boxes, tickets and passes for the 2014 tennis tournament and instead receive a cash payment of \$102,000. The funds of \$102,000 received will be divided evenly among the 13 County Commission Districts, in the amount of \$7,846 per Commission District. Upon receipt of the check from IPC, funds will be deposited by OMB into a separate account. Commissioners will allocate their funds to support park and recreation programming and services at County park(s) or for youth, charitable or any other organization fulfilling a public purpose or function via resolution at a Board of County Commissioners meeting, and OMB will process the allocations accordingly. This is the same procedure used for the 2013 Sony Open, approved by the Board at its January 23, 2013 meeting by Resolution No. R-24-13. A Letter of Agreement between the County and IPC (Attachment D) setting forth the payment of \$102,000 in lieu of tickets for the 2014 tennis tournament is recommended for Board approval.

Miami Marlins

The Operating Agreement between the County and the Marlins Stadium Operator, LLC (Operator) for the Marlins Ballpark was approved by the Board on March 23, 2009 under Resolution No. R-318-09. Section 7.3 of the Operating Agreement between the County and the Operator requires the Operator to provide the County and the City of Miami (City) a standard suite for public or charity use for 40 regular MLB home games each, with the home opener being shared by the County and the City. Each game represents 16 standard suite tickets and four parking spaces. The home opener game represents eight tickets and two parking spaces each, for the County and the City.

The contractual County ticket allocation for the entire 2014 Miami Marlins Baseball season is 664 suite tickets for 41 home regular season games and one pre-season game. For the 2013 baseball season, the Board directed the Clerk of the Board to conduct a ticket lottery for distribution of the County tickets. The ticket lottery was conducted and tickets were allocated to the Mayor and the twelve Commissioners who opted to participate. Tickets were distributed to youth participating in little league or other charitable organization identified by the District Commissioner. For the 2014 baseball season, it is recommended that the County use a similar ticket lottery procedure used for the allocation of the 2013 season tickets, to include the Mayor and the Commissioners that choose to participate. Once allocated via the random lottery, each of the District Commissioners participating and the Mayor can identify the youth, charitable organizations, and/or other organization and/or individual fulfilling a public purpose or function to whom they want the tickets distributed, including retaining the tickets for permissible public purposes for officials, staff and employees, all as set forth in the Commission on Ethics and Public Trust's existing guidelines (Attachments A and B).

Commissioners and the Mayor are to advise the Clerk of the Board in writing as to his/her participation in the lottery and the organizations to which they want tickets distributed. The blocks of tickets cannot be broken up among more than one organization. Of the 16 tickets, two will be reserved for the organization's chaperones, and 14 will be reserved for the organization's members. Tickets distributed cannot be resold. Any organization and/or individual receiving tickets will be required to attest that they will not sell, trade, barter, or raffle for fundraising purposes for cash or other monetary or non-monetary consideration, any tickets from their allotment. Ticket usage will be tracked. Family members or relatives of the non-profit, charitable, and/or youth organizations will not be eligible to receive tickets, unless they are an adult chaperone of the organization. Once tickets are allocated, they cannot be exchanged for a different game; in the event the tickets are lost, they cannot be replaced. The Clerk of the Board will distribute the tickets from the Clerk's Office, located at the Stephen P. Clark Center, 17th Floor and will require that any recipient receiving the tickets present his or her driver's license and sign for the package.

Other Agreements

With respect to the other events, facilities and activities the County has a partnership in, such as the City of Homestead/Homestead-Miami Speedway, Santa's Enchanted Forest, and Miami-Dade County Fair & Expo. Inc., and for which the County receives complimentary tickets, the Board approved a policy and process for distribution of these tickets at its January 23, 2013 meeting under R-24-13.

Subject: Ticket Distribution Policy for 2014 Miami Marlins Baseball Season and 2014 Sony Open Tennis Tournament

- The purpose of this agenda item is for the Board to approve a ticket distribution policy for 2014 for the Miami Marlins baseball season and approve a letter of agreement between the County and the International Players Championships, Inc. - The fiscal impact of this item will be a cash payment to the County of \$102,000 for the 2014 Sony Open tennis tournament. There will not be a monetary fiscal impact for the Miami Marlins 2014 baseball season ticket distribution.

This same lottery distribution procedure was approved by the Board of County Commissioners (Board) at its January 23, 2013 meeting under Resolution R-24-13.
- For the 2014 Miami Marlins baseball season, the one chaperone ticket for a Parks, Recreation and Open Spaces Department (PROS) employee will be discontinued and the ticket will be given to the youth, charitable or other organization, resulting in the distribution

of 16 tickets for the County Suite to the organization (2 organization chaperone tickets and 14 organization tickets). PROS received 1 chaperone ticket for each County allocated home game for the 2012 and 2013 Miami Marlins baseball seasons, and there were no incidents during the two seasons. Eliminating the 1 PROS chaperone for each baseball game reduces the impact on staffing, as one PROS employee will be available for their normal job duties at their park.

MIAMI-DADE COUNTY COMMISSION ON ETHICS & PUBLIC TRUST

Guidelines and recommendations regarding "public benefit" clauses in certain government contracts.

Pursuant to the Ethics Commission's enabling ordinance¹ the purpose of the Ethics Commission is to serve as the guardian of the public trust by, among other things, educating the public...elected and appointed officials and other public servants as to the required standards of ethical conduct. The Ethics Commission is empowered to exercise all powers either specifically granted or necessary in the exercise of those enumerated powers. Accordingly, after the conclusion of a joint investigation by the Public Corruption Unit of the Miami-Dade State Attorney's Office (SAO) and the Commission on Ethics (COE); we felt it appropriate to follow up on concerns identified during the investigation and suggest recommendations and guidelines to address those concerns. The investigation involved a grant dispute between the City of Miami Beach (CMB) and the New World Symphony (NWS). The initial complaint was made by a prominent local attorney and former Miami Beach mayor who was also the Chairman of the Board of Trustees of the NWS. The allegation was that the CMB was refusing to pay the NWS monies due under a Grant-in-Aid Agreement (GIAA) unless the NWS provided the Mayor, Commissioners, and CMB Senior Administrative staff with complimentary tickets to NWS performances. The SAO Close-Out memo is attached hereto as Exhibit 1.

Although the joint investigation did not uncover any violation of criminal laws, it did expose flawed policies that have resulted in unwarranted and inappropriate benefits for elected and appointed officials. Elected and appointed officials can exploit these policies which provide them with thousands of dollars worth of tickets to coveted events sponsored by private entities that have a contractual relationship with the local governments which these officials serve. Moreover, further investigation has shown that several other municipalities engage in similar

ticket distribution plans. These distribution plans sometimes amount to no more than a thinly disguised form of political favoritism used by elected officials to curry favor with supporters and to build political support. The Commission on Ethics and Public Trust finds these practices troublesome and urges all local governments to consider the recommendations set forth in this report.

The City of Miami Beach:

The investigation found that the practice by the City of receiving complimentary tickets to City-owned venues was officially sanctioned with the passage of CMB Resolution 93-20694, which reads as follows:

A Resolution of the City Commission of the City of Miami Beach, Florida, providing that complimentary tickets for performances and events at TOPA² and the Convention Center which would otherwise be received by the Mayor, City Commissioners, and City employees, shall hereafter be made available to disadvantaged youths, disabled persons, senior citizens and other individuals who do not have the financial ability to purchase tickets for cultural events...

Now, therefore, be it resolved by the City Commission of the City of Miami Beach, Florida, that:

1) The following City officials shall receive a maximum of four (4) complimentary tickets for one performance of all new productions or events at TOPA and the Convention Center:

- (1) Mayor and members of the City Commission*
- (2) City Manager*
- (3) City Attorney*

The following City officials shall receive a maximum of two (2) complimentary tickets for one performance of all new productions or events at TOPA and the Convention Center for which such tickets are available:

- (1) Senior Assistant City Manager, Contract Administrator*
- (2) Chief Deputy City Attorney*

2) Any and all remaining tickets shall be donated to disadvantaged youths, disabled persons, senior citizens of Miami Beach and other individuals who do not have the financial ability to purchase tickets for cultural events.

3) The City administration shall develop guidelines and appropriate procedures with regard to the administration of this program and shall submit said guidelines and appropriate procedures to the City Commission for final

approval... (emphasis added)

While CMB Resolution 93-20694 allows for the receipt of complimentary tickets to events at only the TOPA and the Convention Center, both City-owned facilities, this resolution has been used by CMB Commissioners and employees to justify the receipt of complimentary tickets to many events at CMB venues including the NWS.

In 1993, the then City Manager established a "Promotional Ticket Policy." The policy mirrored the resolution's eligibility requirements, stating that the complimentary tickets be first given to the Mayor, the Commission, the City Attorney, the Assistant City Managers, the Chief Deputy City Attorney, and the Contract Administrator, and that any remaining tickets be donated to disadvantaged youths, disabled persons, and senior citizens. The policy also established the following guidelines:

- 1) A committee appointed by the City Manager shall meet to establish a list of organizations and/or groups eligible to receive promotional tickets...the list shall be updated every quarter.*
- 2) A current list of local organizations or civic groups shall be maintained from which a rotation of recipients shall exist.*
- 3) Donated promotional tickets may be used by organizations solely to promote fundraisers...*
- 4) No more than ten (10) promotional tickets shall be issued to any one organization for one show/event.*
- 5) When a representative from an organization receives the tickets he/she will sign a receipt. Organizations will be given a form to be completed and returned to the City Manager's office within two weeks of the show/event...If the organization does not return the completed form, then the City Manager will not issue any more tickets to that organization...*

It should be noted that virtually none of the CMB employees or elected officials (except for one Assistant City Manager) interviewed during the investigation, were aware of the City's own "Promotional Ticket Policy." Not even the current City Manager, who, according to the policy, is responsible for managing the "Promotional Ticket Program," was aware of its existence. Apparently, the only part of the policy implemented was the distribution of complimentary tickets to the Mayor, Commissioners, and CMB senior staff. No record of the appointment of a ticket distribution committee, nor the creation of a list of organizations authorized to receive tickets, was found.

The investigation found that the CMB City Manager acts as the distribution point for all complimentary tickets received by the City. Once tickets come to his office, they are then distributed among the Mayor and City Commissioners. A distribution log is maintained. Once the tickets get into the hands of the elected officials, however, they then have unfettered discretion to do with them what they please. The investigation revealed that many Commissioners kept certain tickets for their personal use. Often, however, Commissioners gave their allotted tickets away to friends, family, staff or other constituents. Certain anecdotal evidence gathered during the course of the investigation suggests that, quite often, the recipients are targeted groups of senior citizens who are made well aware of which Commissioner's beneficence is responsible for the free tickets. The political goodwill derived from these acts of taxpayer subsidized generosity can itself be perceived as a "gift" to the elected official. Utilized by elected officials, this practice is likely to lead to political pandering, including the currying of favor with blocks of potential voters and/or other influential individuals within the electorate.

It is clear that the CMB is not adhering at all to the spirit of its own resolution (93-20694) in that few of the intended recipients i.e. disadvantaged youths, disabled persons, senior citizens of Miami Beach and other individuals who may not have the financial ability to purchase tickets for cultural events, end up benefiting from these free tickets. "Public Benefits" should, in our view, benefit the actual public at large. It is clear that the primary beneficiaries of these "public benefits" are the government officials; this needs to end. Moreover, this type of ticket distribution system appears to be the same type of system, that the Florida State Ethics Commission (FSEC) opined, results in "gifts" being given to elected officials.

Distribution of tickets obtained through "public benefit" clauses:

We recommend that elected official be entirely removed from the process involving distribution of complimentary tickets. All local government entities that have contractual relationships wherein their municipality receives "public benefits," including, but not limited to, event tickets, should adopt a policy or procedure that insulates elected and appointed officials from involvement in the distribution process of the benefits, and limits their receipt of complimentary tickets to occasions when there is a public purpose served by their attendance.

We underscore that, when public power is executed through government contracts to extract a benefit, such as complimentary tickets, from a private party, there can be no permissible purpose for such a benefit other than a public one. Such publicly obtained assets do not differ in character from any other public property such as tax revenue or public buildings. Use of such assets for anything other than public purposes is ethically and legally problematic.

In light of the City of Miami Beach investigation, the Ethics Commission surveyed the "public benefit" practices in several other municipalities. We learned that, in the City of Miami, tickets are routinely provided to elected officials and the City Manager for events at, among other locales, the James L. Knight Center, Bayfront Park and the Sony Ericsson Tennis Tournament (SETT), through a similar distribution procedure.

An Assistant City Manager advised the COE that in 2011, Commissioners, the Mayor and the City Manager each received two (2) tickets per session for a total of twenty-two (22) sessions plus a parking space for the SETT. A City official advised the COE that the SETT tickets are provided as part of an agreement between the City's Department of Asset Management and Miami-Dade County for use of the Marine Stadium parking lot. One elected official in the City advised that he gives the tickets away to "friends...and other important people." Thus, we see another example of elected officials using the so-called "public benefits," in a manner that inures to their personal or political benefit. In practice, the "public" derives little, if any, benefit, from such a self-interested mode of distribution.

Inquiry into similar practices by the City of Homestead (COH) revealed that COH has lease agreements for the Homestead Sports Complex and the Homestead Speedway (the "Lease Agreements"). For each event held at the complex (pursuant to the City's lease agreement with La Ley Sports at the City of Homestead, Inc.), COH receives: the use of a designated skybox, forty (40) skybox tickets, and twenty (20) parking passes. Pursuant to COH's agreement with Homestead Motorsports Joint Venture, COH has been granted: eighty (80) complimentary general admission tickets, the use of two (2) skyboxes, and complimentary tickets for each seat in the skyboxes for each event held at the speedway. In addition, employees of COH are granted a twenty-five percent (25%) discount off of the face value of a ticket to all motorsports events held at the speedway. Each eligible employee may purchase a maximum of two (2) discounted tickets.

One COH official advised the COE that such tickets are routinely left in his office and that he then distributes those tickets to City officials. This individual said he would appreciate formal guidance from the Ethics Commission on this issue.

As another example of the often times inappropriate use of these "public benefits," in 2008, a COH Councilperson was advised by the COE that it would be inappropriate for a Councilperson to offer a candidate running for State office the opportunity to hold a fundraiser at the designated City skybox and only be charged the discounted City rate.

An inquiry into the policies of Miami-Dade County's related policies was also made. According to a representative of the Adrienne Arsht Center (AAC), there is no policy that requires the Performing Arts Center to provide a certain number of tickets to each performance to County officials. However, if the Arts Center/AAC has, what they term, "excess inventory," they do contact County Commissioners' offices to obtain the names of non-profit and/or other charity type organizations they can donate the excess inventory tickets to. The tickets themselves do not pass through the hands of County officials. Once again, however, we find that the practice of making the tickets available to a private, non-profit, group upon the mere designation by a single elected official, rather than a neutral, non-political person or entity, is similarly questionable and problematic.

COE interviewed the County's Director of Cultural Affairs who advised that he "scrupulously avoids" having any type of "public benefit" clauses in any of the contracts between the County and any of the cultural arts groups that perform at various County owned facilities. He further advised that many arts groups themselves often provide tickets directly to underprivileged groups on their own but his office does not engage in any distribution of tickets to elected officials nor requires that any number of tickets be provided contractually.

The City of Coral Gables (CG) was asked about its policy concerning the issuance of tickets under similar agreements. The COE found that the Actors Playhouse (Miracle Theater) in CG manages to avoid interference from elected officials in their distribution of public benefit tickets. The Executive Director of the Miracle Theater advised that the Playhouse has a management agreement with CG. In the agreement, the Playhouse agrees to give 500 tickets to the community. According to the Executive Director, the Playhouse gives away thousands of tickets every year to not-for-profit agencies, schools, and other groups that represent individuals

who cannot afford to buy tickets. She advised that the Playhouse recently gave away 60 tickets to Northwestern High School students (value of more than \$1,000.00).

The decision as to which tickets to give away and to whom ultimately lies with the Executive Director. The Executive Director claimed that CG does not interfere with the Playhouse's distribution of the tickets. The City does not monitor the Playhouse's distribution of complimentary tickets. She advised that no tickets go to the City.

When such benefits are provided wholly through the discretion of a non-governmental entity that is not performing a government function, there is no legal prohibition to consider pursuant to the Miami-Dade County Conflict of Interest and Code of Ethics ordinance, provided that there is no connection between the acceptance of the proffered tickets and any action to be taken by the recipients in his or her public role. The acceptance of such tickets by a public official does, of course, subject the official to the gift reporting requirements where the value of the tickets exceeds \$100.00.

Attendance as part of official city/county business:

Investigation also determined that, in addition to the myriad number of tickets provided pursuant to "public benefit" clauses, elected and appointed officials are invited to attend numerous events as a matter of "official city business."

Attendance at "official city business" events generally does not require gift disclosure as long as the elected/appointed official is, in fact, performing some bona fide official function at the event (see generally, FSEC opinion 01-019). However, it should be noted that mere attendance at an event by an elected official does not magically transform the event into official city business. "Official functions" can include, but are not limited to: participating in a ribbon cutting, giving a speech, or leading the pledge of allegiance.

There may also be occasions when, due to the presence of visiting dignitaries or other special invited guests, it will be appropriate for officials to attend an event to socialize with such persons as representatives of the local government. Such occasions, however, should be limited to special occasions rather than regularly scheduled events, and ought to include some official designation by the county/city government to those officials in attendance.

It is unlikely that mere, passive attendance by an elected official to such an event, without either some official role in the event, or, at a minimum, recognition as part of an official program of the event, can be considered attendance at an "official function."

Ramifications under gift rules:

Irrespective of the method of distribution employed by a government entity, elected officials must be cognizant of State and local gift rules when accepting tickets to an event. As previously discussed, if an elected official is attending a function as official city/county business, the value of the ticket or function is not considered a gift and therefore, the elected official is not required to disclose it as such.

It is important to note, however, that in CEO-92-33, the FSEC held that City Commissioners have received a gift, not a benefit of office, when the city gives them a block of tickets to performances at a municipally-owned theater, which tickets the City receives as a condition of its lease agreement with the producers. Where a City, by contract, receives tickets to events at the City-owned theater, and where the tickets are divided among the members of the City Commission for either their personal use or to distribute to others at their discretion, the members of the City Commission receive gifts which are subject to gift acceptance and disclosure provisions.

Also, a ticket received directly from a non-government entity outside of any previous agreement between the entity and the local government, is subject to the disclosure requirements set out in Section 2-11.1(e) of the Miami-Dade County Conflict of Interest and Code of Ethics Ordinance (reproduced below in its entirety).

Lastly, pursuant to Section 112.3148(4), Florida Statutes:

"A reporting individual³...is prohibited from knowingly accepting, directly or indirectly, a gift...from a lobbyist who lobbies the reporting individual's...agency...if he or she knows or reasonably believes that the gift has a value in excess of \$100..."

³ "Reporting individual" includes "(a) (1.) Every person who is elected to office in any political subdivision of the state, and every person who is appointed to fill a vacancy for an unexpired term in such an elective office." Section 112.3145(1), Florida Statutes.

Thus, it is important that elected officials exercise extreme caution in accepting tickets from an individual registered to lobby in their particular government as State law outright prohibits the acceptance of such, if the value is in excess of \$100.00.

Relevant Ordinances:

Miami-Dade County Conflict of Interest and Code of Ethics Ordinance, Miami-Dade County Code Section 2-11.1 states in pertinent part:

“(e) Gifts.

(1) Definition. The term “*gift*” shall refer to the transfer of anything of economic value, whether in the form of money, service, loan, travel, entertainment, hospitality, item or promise or in any other form, without adequate and lawful consideration. Food and beverages consumed at a single sitting or meal shall be considered a single gift, and the value of the food and beverage provided at that sitting or meal shall be considered the value of the gift.

(2) Exceptions. The provisions of Subsection (e) (1) shall not apply to: (a) Political contributions specifically authorized by state law; (b) Gifts from relatives or members of one’s household; (c) Awards for professional or civic achievement; (d) Material such as books, reports, periodicals or pamphlets which are solely informational or of an advertising nature; (e) Gifts solicited by County employees or departmental personnel on behalf of the County in performance of their official duties for use solely by the County in conducting its official business; (f) Gifts solicited by Commissioners on behalf of the County in performance of their official duties for use solely by the County in conducting its official business; (g) Gifts solicited by Commissioners, or their staff members, on behalf of any nonprofit organization for use solely by that organization where neither the Commissioner nor his or her staff receives any compensation as a result of the solicitation. As used in this subsection, a “nonprofit organization” shall mean any entity described in section 501(c) (3) of the Internal Revenue Code (the “Code”) that is tax exempt under section 501(a) of the Code. As used in this subsection, “compensation” means any money, gift, favor, political contribution, thing of value or other financial benefit.

(3) Prohibitions. A person described in Subsection (b) (1) through (6) shall neither solicit nor demand any gift. It is also unlawful for any person or entity to offer, give, or agree to give to any person included in the term defined in Subsection (b) (1) through (6) or for any person included in the term defined in Subsection (b) (1) through (6) to accept or agree to accept from another person or entity, any gift for or because of: (a) An official public action taken or to be taken, or which could be taken; (b) A legal duty performed or to be performed, Or which could be performed; or (c) A legal duty violated or to be violated, or which could be violated by any person included in the term defined in Subsection (b) (1).

Said disclosure shall be made by filing a copy of the disclosure form required by Chapter 112, Florida Statutes, for "local officers" with the Clerk of the Board of County Commissioners simultaneously with the filing of the form with the Secretary of State."

City of Miami Code, Section 2-613 states in pertinent part:

"Every officer, official or employee of the city, including every member of any Board, commission or agency of the city, is expressly prohibited from accepting, directly or indirectly, from any person, company, firm or corporation to which any purchase order or contract is or might be awarded, any rebate, gift, money or anything of value whatsoever, except where given for the use and benefit of the city."

Conclusion:

It is important to note that the problem we perceive i.e. the unfair advantage provided to elected officials utilizing these tickets as an extension of their self-promotional or campaign activities, is not an issue the Ethics Commission has ever addressed in the past. It appears though that there is simply no good reason why event tickets received by a municipality through a contractual "public benefits" clause or through any other understanding between the municipality and a private entity, should pass through the hands of elected officials. It is recommended that these tickets be distributed to the public by an objective, non-political mechanism. Such a neutral process would remove any suggestion of political or other non-public benefit to the officials. This recommendation is not intended to suggest that distribution of complimentary tickets by public officials is an automatic or per se violation of the ethics ordinance or other applicable ethics rules. It is conceivable that some public officials distribute such benefits in a manner that is non-political and otherwise appropriate. However, the temptations that are inherently likely to cause ethical problems are heightened by any policy that allows such discretionary distribution without oversight or accountability. The difficulty in fashioning an ethically unassailable policy under those circumstances has led to the recommendations contained in this report.

One of the ways we suggest that tickets be made available to the public is to post an announcement on the city/county's website or other publicly advertised medium, notifying the public of when tickets are available and allowing individuals interested in obtaining them to seek them from a non-political source, for example, the City/County Clerk's office. The tickets could be either given away or sold at a discounted rate. Another method might be to follow the Promotional Ticket Policy that the City of Miami Beach adopted but never implemented. This method would seem to ensure that youth organizations, seniors or low income groups get to reap the majority of the public benefit, consistent with the true intention of such contract provisions. It would deny elected officials the undeserved opportunity to grandstand or otherwise use the giveaway of tickets to further their personal or political agendas. Yet another suggested process is to follow CG's example and remove the government entity from the process entirely.

Again, we reiterate that "public benefits" should not inure to the personal, private benefit of elected and appointed officials. These "public benefit" clauses should not be interpreted as another opportunity for elected and appointed officials to reap "perks of office" or be utilized by them for political or other self-aggrandizing purposes. Public benefits should truly benefit the public-at-large, not just certain influential or well-connected individuals.

We understand that the SEC has opined that officials may receive tickets pursuant to "public benefit" clauses, as long as they report them pursuant to the gift reporting requirements. We want to underscore, by this policy statement, that we believe that elected and appointed officials should have no need to report benefits received under "public benefit" clauses because they should not be the recipients of these benefits in the first place, unless they are being used by them in their official roles, as previously described.

Public benefits should benefit the public; they should not be used by elected officials to ingratiate themselves with supporters. It is unethical, in our view, for officials to dole out benefits meant for the public-at-large in a manner that serves the officials personal interests rather than the public's interest.

We hope that local governments will take these recommendations seriously and expeditiously implement changes in accordance with this report. The frequency with which the issue of distribution of "public benefits" has arisen in the past and continues to arise, including inquiries to this agency, has led to this attempt to clarify and explain the ethical issues involved.

To that end, we hereby resolve to adopt as a set of "best practices" the recommendations set forth in this report.

Moreover, we will continue to examine the ticket distribution policies of local governments to ensure that they are in conformance with applicable ethics rules. While such policies need not be identical, we believe that adherence to the guidelines and recommendations herein would insure such conformance. Further, we will investigate any instance brought before us, where it appears that "public benefits" are being exploited for the benefit of elected or appointed officials for possible violations of the Miami-Dade County Conflict of Interest and Code of Ethics ordinance. In sum, we recommend as follows:

1. Municipalities and local governments may have "public benefit" clauses in contracts between certain entities and the respective cities. The "public benefits" however, should benefit the public-at-large.
2. Tickets or other "public benefits" should be distributed in a non-political, neutral manner with no interference from local officials.
3. If local officials are the recipient of tickets or other benefits, and the value of the benefits exceed \$100.00, the official must comply with gift disclosure rules.
4. Local officials may not accept tickets with a value in excess of \$100.00 from any person registered to lobby the government which they serve. This is prohibited pursuant to Section 112.3148(4), Florida Statutes:

A reporting individual⁴...is prohibited from knowingly accepting, directly or indirectly, a gift...from a lobbyist who lobbies the reporting individual's...agency...if he or she knows or reasonably believes that the gift has a value in excess of \$100..."

5. If an official is appearing at an event in his or her official capacity, for a public purpose, the official need not report the attendance at the event as a gift. However, mere passive, spectator attendance at an event will not be regarded as attendance in one's official capacity for a public purpose. Attending an event merely to "be seen" by your constituency is not, in our view, a "public

⁴ "Reporting individual" includes "(a) (1.) Every person who is elected to office in any political subdivision of the state, and every person who is appointed to fill a vacancy for an unexpired term in such an elective office." Section 112.3145(1), Florida Statutes.

purpose". Attendance at "official city business" events generally does not require gift disclosure as long as the elected/appointed official is, in fact, performing some bona fide official function at the event. Although the Miami-Dade County Ethics Commission may not have specifically opined in this area in a formal way, we agree with the rationale of the State Ethics Commission's opinions in FSEC opinions 91-46 and 01-019. Those opinions hold that a public or local officer who claims that [a] trip is not a gift is not relieved of the responsibility of determining that he is in fact giving quid pro quo, that is, that the value of his time and services are equal to or greater than the value of the trip.

ADDENDUM TO GUIDELINES AND RECOMMENDATIONS REGARDING "PUBLIC BENEFIT" CLAUSES IN CERTAIN GOVERNMENT CONTRACTS: PUBLIC PURPOSE

It is the intent of these guidelines and recommendations concerning the distribution of tickets and other public benefits, obtained by governmental entities through contractual negotiation or other exercise of public authority, to assure that these benefits, which are public property, shall be used and distributed for a public purpose. The overriding principle behind these suggestions is to curtail the private use of these public benefits by government officials and employees for their own personal benefit, directly or indirectly. In addition, these guidelines are established to provide guidance to such officials and their employees, as well as their advisors, in order to avoid possible future misuse of such public resources. It is hoped that this will also increase public confidence in the integrity of government in its use of such resources, as well as help to remove the perception that elected and other government officials distribute these public benefits with unfettered discretion and for purposes inconsistent with the proper disposition of public property. Further, it is the intent of these guidelines and recommendations to make clear that public benefits may be utilized under certain permissible circumstances by elected and other government officials and employees where there is a genuine, legitimate and articulable public purpose involved. To that end, we have set forth below a list of suggested permissible public purposes for government officials, staff and employees to consider when it is appropriate to use, for themselves or others, public benefits contemplated by these guidelines. The foregoing list is not exhaustive. The Commission on Ethics is always available to provide an opinion to an inquiring public official or employee regarding whether any particular use or method of distribution is ethically acceptable.

and Members, Board of County Commissioners

From: Carlos A. Giménez
Mayor

Subject: Summary of Current Agreements With Miami-Dade County -- Ticket Distribution

On March 5, 2012, I advised the Board of County Commissioners (Board) that I would conduct a comprehensive review of all current agreements that the County has entered into with entities that include tickets to events. Please find a summary of this review below for your consideration as the development of a countywide ticket distribution is considered:

- * Sony Ericsson - The International Players Championships, Inc. (IPC) contract with Miami-Dade County provides the County with a suite, courtside boxes and passes, to the Sony Ericsson Open Tennis tournament. Historically, a total 2,258 tickets were received by the County Manager's Office; these were distributed as instructed by the County Manager. As a result of the Board's action at the March 6, 2012 meeting, a new approach was implemented for the 2012 Tennis tournament. The Board passed a resolution approving a Letter of Agreement between the County and IPC in which the County would accept a one-time cash payment from IPC of \$102,000 in lieu of the courtside boxes, tickets and passes. This action only applies to the 2012 Tennis tournament.
- * Miami Marlins - The contractual County ticket allocation is 664 suite tickets for 40 home regular season games and one pre-season game. The Board directed the Clerk of the Board (Clerk) to conduct a ticket lottery for distribution of the County tickets in accordance with the specifications established by the Board at the March 20, 2012 meeting. The ticket lottery was conducted and tickets were allocated to the 12 Commissioners who opted to participate. Tickets will be distributed to youth participating in little league or some other charitable organization identified by the District Commissioner. This policy only applies to the 2012 baseball season.
- * The South Miami-Dade Cultural Arts Center (Center) has a policy aligning with theater industry standards requiring that renters of the main theater provide the Center with 20 tickets per performance. This policy is noted in all renters' agreements. These tickets are used to resolve issues such as last-minute seating problems, media requests to attend performances, facility staff who may be needed to monitor events, etc.
- * The City of Homestead has a contract with the Homestead-Miami Speedway and their contract states that the County will receive tickets; no specific quantities are stipulated in the City's contract with the Homestead-Miami Speedway. Historically, the office of the County Mayor was provided 50 tickets each day the races were in town; NASCAR (3 days), Indy (2 days) and Grand Prix of Miami (1 day). Tickets were distributed as instructed by the County Manager. Additionally, tickets were distributed to each County Commissioner (2 tickets for each race day plus 1 parking).
- * In the past, Santa's Enchanted Forest provided the County Manager's Office with approximately 100 tickets. The tickets were not part of any event contract/agreement. The County Manager's Office distributed these tickets as instructed by the County Manager. The Parks, Recreation and Open Spaces Department (PROS) also received approximately 100 tickets. The County did not receive any tickets for this event in 2011.

- **The Miami-Dade County Fair & Expo, Inc.**, The Fair provides the County Manager's Office and the Parks, Recreation and Open Spaces Department (PROS) with tickets. This ticket allocation is not noted within any lease agreement or contract. Historically, tickets sent to the County Manager's Office were distributed as instructed by the County Manager. PROS Fair tickets were distributed to Fair volunteers, student exhibitors, performing arts exhibitors, exhibitors' parents, and employees acting as judges for exhibits. This year, the County Mayor's office did not accept the non-contractual ticket allocation of 15 VIP Parking tickets, 15 Executive parking tickets and 60 pop tickets. The package was returned to the Fair on March 13, 2012 after receiving guidance from the Miami-Dade Commission on Ethics and Public Trust. An additional package for the Board with 2 parking and 4 pop tickets per Commissioner, and 400 gate passes for Commission staff were also received by the County Mayor's office. Tickets for each Commissioner were delivered to their office and the 400 tickets were delivered to the Chairman of the Board's office. Distribution/acceptance of the ticket allocation were at the discretion of the Board.
- **The Miami Dolphins Foundation** has on occasion sent passes to pre-season football games as rewards for distribution during Miami-Dade Public Library Systems' (Library) Summer Reading Program. The number of tickets has varied annually from 50 to 200 tickets. *The Dolphin's Foundation has been a major sponsor of the Library's Summer Reading Program and other children's programs.*
- Community Action and Human Services Department (CAHSD) receives a total of 312 tickets donated by community agencies such as the Junior League of Miami, Inc., Kiwanis Club, University of Miami, Florida International University, Miami-Dade County Fair Expo, Dade County Youth Fair, Nancy E. Cair Claims and Risk Management Services; there is no contract between any of these agencies and the County. These tickets are for different venues to include Jungle Island, AMG Theatre, Gator Park - Everglades, Broward Museum of Discovery & Science, Miami Children's Museum, Gym Kids, University of Miami Basketball games, Dodge City - Holiday Carnival, University of Miami Football games, FIU Football games, Youth Fair, and Kendal Regal Theater. *All tickets are distributed to CAHSD program staff to be used for Disadvantaged Youth and Families, and victims of domestic violence currently receiving services from the department.*
- The Miami-Dade Police Department (MDPD) has received tickets for football games, basketball games, soccer games, baseball games, volleyball games, and track and field events (approximately 100 tickets per year) from the University of Miami and Florida International University Athletic Departments through the "John-A Team, not A Gang" Program. MDPD maintains a partnership with the University of Miami and Florida International University Athletic Departments. In previous years, MDPD also received tickets from the Florida Marlins for some of their games. These were generally excess tickets that would be distributed by the Police Athletic League (PAL) coordinator to the children that were part of the PAL.

The Parties agree that, only for purposes of the 2014 Sony Ericsson Tennis Tournament, IPC shall pay the County, and the County shall accept from IPC as full and complete satisfaction of IPC's benefits obligations under section D of Schedule B to the Second Amendment to Agreement, the amount of \$102,000 in lieu of the complimentary seat tickets, price reductions, parking and passes enumerated therein.

SUBJECT: Amendment No. 2 to
License Agreement with
International Players
Championships concerning
Tennis Center on Key
Biscayne
R-1187-90

RECOMMENDATION

It is recommended that the Board authorize execution of the second Amendment to the current License Agreement with International Players Championships.

This Amendment will be reviewed by the Culture and Recreation Committee at its meeting of November 5, 1990.

BACKGROUND

Dade County's International Tennis Center on Key Biscayne, in addition to providing public tennis facilities, has hosted the Lipton International Players Championships (IPC) from 1987 to 1990. This relatively short tournament history, however, reflects impressive public interest, attracting over 200,000 spectators annually, which contributes greatly to the mission of our Park and Recreation Department to offer leisure time pursuits for residents and visitors.

On September 25, 1990, the Board offered further support to this facility by authorizing staff to proceed with plans to build a permanent center-court stadium at that site (Resolution R-953-90). That process is now underway, and will be reviewed by all appropriate bodies in achieving final plans. The facility will be further detailed in a design manual that will set minimal requirements for the standards used to plan stadium construction. These amendments reflect full compliance with all site and operating restrictions required by the Commission action on September 25th.

As you are already aware, the stadium would be initially financed from Dade County's recently enacted sports franchise tax (Ordinance 90-116), a \$1.00 contractual surcharge on tournament tickets, and with other revenues. Amendment No. 2 with International Players Championships brings about necessary changes to the current Agreement which will substantially increase Dade County's income from the tournament, providing the revenues necessary to retire this debt, and also continuing revenues beyond debt retirement throughout the 30-year life of the Amended Agreement. These changes include:

- o International Players Championships, Inc. (IPC) holds professional tennis sports franchises from the Association of

Honorable Mayor and Members
Board of County Commissioners
Page 2

- o Tennis Professionals, Inc. and the Women's Tennis Association for sanctioned championship level men's and women's professional tennis tournaments.
- o A 30-year agreement period from the completion of the new tennis stadium, slated to be finished by tournament time in 1993 (approximately February 1, 1993), with a 20-year renewal option by mutual agreement.
- o Accounting requirements of the IPC and accounting audits that are to be conducted by County staff, including letters and reports by independent auditors outlining accounting procedures and assurance that there are no material weaknesses in accounting procedures as they relate to both the County and IPC.
- o Increase of revenues due the County including 10% of gross ticket sales, as defined, 10% of food and beverage net income to IPC, 10% of resale items revenue received by IPC, 10% of programs and printed publications revenues received by IPC, and 10% of net television revenues received by IPC. The minimum revenue due to the County thru stadium amortization is \$514,000 per year. This total is made up from revenues defined above plus a \$120,000 surcharge on tickets.

Other factors taken into consideration within this Amendment include, of course, the recent Court findings. Required public facilities and use of this park have been defined and will be respected within these new terms of Agreement.

To encourage and support the staging of international championship tennis tournaments, as the Lipton Tournament, and as provided by the Amendment, will enable Dade County to offer world-class tennis as a recreational pursuit to the South Florida public. We believe approval of this Amendment to be in the best interest of Dade County, and will fulfill the public park purpose as defined for this site, along with a significant financial impact and other benefits. In view of these recent events, the Board's approval of the attached Amendment is respectfully requested.

SECOND AMENDMENT TO AGREEMENT

All areas must be finished to the level specified in the manual.

(b) Site Facilities: The term "Site Facilities" shall also, as of the 1993 Tournament, include the Permanent Stadium and the temporary stands referred to in Paragraph 5 hereof.

(c) Deletions from Agreement: Paragraph 28.02 of the Agreement, the last sentence of Paragraph 4 of the First Amendment, and Paragraphs 5, 7 and 8 of the First Amendment are hereby deleted in their entirety, and shall be of no further force and effect whatsoever.

(d) Tournament Ready: Notwithstanding anything to the contrary contained in the Agreement and/or the First Amendment, the County shall also be required to maintain and deliver to IPC the Permanent Stadium and the temporary seating referred to in Paragraph 5 hereof in Tournament Ready condition for each Tournament, commencing with the Tournament scheduled to be held in 1993, on or prior to the commencement of the Tournament Preparation Period in respect of such Tournament. The County and IPC agree that, the Site and Site Facilities as delivered and maintained by the County for the 1990 Tournament were substantially Tournament Ready.

(e) Timetable: In order to ensure that the Permanent Stadium shall be fully constructed and ready for use by the Tournament scheduled to be held in 1993 as contemplated hereunder, County and IPC agree and acknowledge that on or before the respective dates referred to in Schedule A hereof, each of the events (including all mutual approvals and agreements of the parties) referred to in said Schedule A shall have occurred. The parties further agree that in the event that any of such events shall not have occurred on or before the applicable respective date set forth in said Schedule A, then IPC and County shall have the respective rights referred to in Paragraph 2(b) of this Second Amendment. The parties agree that County will construct the Permanent Stadium in the approximate 1990 location of the temporary stadium court and will construct the Permanent Stadium so as not to interfere with or disrupt or impair the use of the temporary stadium court and the use of or installation of the temporary stadium as contemplated by the Agreement during any Tournament which is scheduled to occur prior to completion of the Permanent Stadium.

(f) Mutual Agreement:

(i) The County and IPC hereby agree that all aspects of the Permanent Stadium, including, without limitation, all the elements, scope, configuration, box seats, sponsor areas, and other seating, components, space, facilities, areas, permanent improvements, utilities, offices, locker and player facility rooms, storage and other rooms and areas, and all other aspects of the Permanent Stadium, including, without limitation, the design, construction and finishings thereof and any changes thereto shall be, in accordance with the Conceptual Design Project Manual attached hereto as Schedule C and shall otherwise be subject to the mutual agreement of the parties; provided, however, that the parties hereto by mutual agreement may change the project design manual and provided, further however, that any substantial changes to the Conceptual Project Design Manual shall require the mutual agreement of the parties. The parties hereto acknowledge the financial limitations relating to the construction of the Permanent Stadium. In addition, the County and IPC agree that IPC shall designate at least one individual to serve as IPC's representative on any and all design, bidding, review, selection and all other committees involved in the Permanent Stadium project, including, without limitation, any and all such committees involved in selecting any and all design professionals or contractors who will be engaged in construction of or furnishing materials or other services in respect of the Permanent Stadium. County agrees and acknowledges that the principal and/or a member of the team of architects of the Permanent Stadium must be knowledgeable in connection with the tennis requirements of designing and building a permanent stadium for use by a professional sanctioned championship level men's and women's tournament. Each of the parties agrees to act in good faith in connection with the foregoing matters.

(ii) In order to facilitate the design, construction and finishings of the Permanent Stadium, each of the County and IPC shall designate (and notify the other party of such designation) an individual and an alternate individual (the "Designated Construction Representatives") at least one of whom shall be reasonably available to consult in a timely manner (including being reasonably available on site during construction) with the other and with the design professionals and construction personnel engaged in connection with the design, construction and finishing of the Permanent Stadium and the temporary seating for purposes of expediting the process of mutual agreement referred to in subparagraph 1(f)(1) above. Either party may at any time change its Designated Construction Representatives by notifying the other party of such change. Each party shall have the right to be fully informed of all matters in connection with which its mutual agreement is sought. Each party shall have the right to engage and consult with the design professionals and other personnel engaged for the project and, at its own cost and expense, engage such other

personnel as it may desire to advise, consult with and/or assist such party in connection with the project. The mutual agreement of the Designated Construction Representatives on matters contemplated by and in accordance with the provisions of this subparagraph (f) shall constitute the mutual agreement of both parties to such matters. Such mutual agreement shall be in writing. No such mutual agreement shall pertain to or modify any of the provisions of this Agreement, other than the Conceptual Design Project Manual.

(g) County Obligations:

(i) Notwithstanding anything to the contrary contained in the Agreement, the County, subject to Paragraph (iv) below, hereby agrees and commits that it shall build, or cause to be built, a Permanent Stadium for use by the Tournament in accordance with the provisions hereof, including, without limitation, those provisions relating to dates by which certain events must be completed as provided in Paragraph 1(e) hereof.

(ii) County agrees that the Permanent Stadium and the temporary seating referred to in Paragraph 5 hereof shall be fully completed and ready for use by the Tournament in accordance with the provisions hereof no later than the commencement of the Tournament Preparation Period for the Tournament scheduled to be held in 1993.

(iii) The County shall be solely responsible for securing all permits and approvals, including, without limitation, Development of Regional Impact Study, environmental, building, construction, zoning and/or use approvals and/or permits required from any federal, state or local government or agency having jurisdiction in connection with the Permanent Stadium, the temporary seating referred to in Paragraph 5 hereof, and County's other obligations hereunder.

2. Amendments in Respect of Term:

(a) Subject to the County having complied with its obligations to build, fund and deliver the Permanent Stadium for use by the Tournament in accordance with the provisions hereof and subject to IPC's holding the Tournament during 1991 and 1992 except as otherwise used by the Agreement, effective with the County's full compliance which shall be completed on or before the first date of the Tournament scheduled to be held in 1993, the Term of the Agreement shall be amended as follows:

(i) Paragraph 4.01 of the Agreement and Paragraph 2 of the First Amendment are hereby deleted in

their entirety and shall be of no further force and effect. The Term of the Agreement as amended by this Second Amendment shall continue for a period until completion of the Tournament scheduled to be held in the year 2023 (the "Revised Fixed Term").

(ii) If the Term has been amended as provided for in subparagraph (i) above, the Term shall be subject to extension for an additional period of ten (10) years commencing immediately upon the expiration of the Revised Fixed Term; provided, however, that either party, at its option, shall have the right, in its sole discretion, to terminate the Agreement effective upon the expiration of the Revised Fixed Term by giving the other party not less than twelve (12) months prior written notice of its election not to extend the Term by said additional ten (10) year period.

(b) If the County shall fail or otherwise refuse or be unable to design, construct, finance and/or deliver the Permanent Stadium in accordance with the terms and provisions hereof or if any of the events referred to in Schedule B hereof shall not have occurred on or before the respective dates set forth therein, then IPC shall have the right, at its sole election, by written notice to County, to terminate this Agreement, such termination to be effective, at IPC's option, either (i) immediately, (ii) upon conclusion of the next scheduled Tournament, or (iii) upon the conclusion of the second Tournament following the giving of such notice. If any such failure, refusal or inability to so design, construct, finance and/or deliver the Permanent Stadium is a result of IPC and County's failure to mutually agree as provided in Paragraph 1(f) hereof, then County shall have the right (subject to IPC's rights to also terminate the Agreement) by not less than twenty-four (24) months prior written notice to IPC to terminate this Agreement, and in the interim County shall not be required to continue to construct the Permanent Stadium, but County shall be obligated to deliver the Site and Site Facilities other than the Permanent Stadium.

(c) Nothing herein obligates the County to use General Fund money to complete the project.

3. Amendments in Respect of Financial Arrangements: The Agreement is hereby amended, such amendment to be effective on the "Effective Date" (as said term is hereinafter defined) as follows:

(a) Paragraph 8.01 of the Agreement and Paragraph 4 (as amended by this Second Amendment) of the First Amendment to the Agreement are hereby deleted in their entirety and shall be of no further force and effect as of the Effective Date. As of the Effective Date, in lieu of those provisions, the following provisions shall apply:

"IPC agrees that County shall be entitled to receive as and for its License Fee under the Agreement and in lieu of any other payments which County would otherwise be entitled to receive under the Agreement and/or the First Amendment thereto, for all of County's obligations and agreements and all of IPC's rights under the Agreement as amended, the following applicable amounts:

(i) In respect of each Tournament held during the Term from and after the Effective Date, an amount equal to the greater of (A) the sum of the "Applicable Guarantee" (as said term is hereinafter defined), or (B) an aggregate amount equal to the sum of (I) ten percent (10%) of Gross Ticket Sales for such Tournament, (II) ten percent (10%) of Food and Beverage Concession Revenues, (III) ten percent (10%) of Soft Good Concession Revenues (as said term is hereinafter defined), (IV) ten percent (10%) of Program and Draw-sheet Revenues (as said term is hereinafter defined), and (V) ten percent (10%) of IPC's Share of Net Profits from Television (as said term is hereinafter defined).

(ii) Only in respect of each of the first eight (8) Tournaments held during the Term from and after the Effective Date, an aggregate amount equal to the Ticket Surcharge for all tickets (for which the County is entitled to receive its percentage of Gross Ticket Sales hereunder) sold by IPC for such Tournament concerned. IPC and County agree that if the aggregate amount of the Ticket Surcharge otherwise payable to County in respect of any of the first eight (8) Tournaments, held after the Effective Date shall be less than one hundred twenty thousand (\$120,000), County shall also be entitled to receive as an additional payment an amount equal to the difference between (X) the sum of one hundred twenty thousand dollars (\$120,000) and (Y) the aggregate amount of the Ticket Surcharge otherwise payable to the County. Any such additional payment shall also constitute part of the Ticket Surcharge hereunder. IPC and County further agree with respect to each of the first eight (8) Tournaments held after the Effective Date, the amount, if any, of the Ticket Surcharge otherwise payable to County in respect of such Tournament which is in excess of One Hundred Twenty Thousand Dollars (\$120,000) shall be deposited in the CR Fund and shall only be used to fund and pay for improvements at the Site as may be mutually agreed by the County and IPC.

(iii) The following terms shall have the following meanings:

(A) "Applicable Guarantee" shall, in respect of each Tournament held after the Effective Date, mean the following: (i) for the first such Tournament held

after the Effective Date, the sum of Four Hundred Fifty Thousand Dollars (\$450,000), (ii) for each of the second (2nd) through eighth (8th) such Tournaments held after the Effective Date, an amount equal to the Applicable Guarantee for the immediately preceding Tournament adjusted up or down by the "Applicable CPI" (as said term is hereinafter defined), (iii) for the ninth (9th) and each subsequent Tournament hereunder, an amount equal to the Applicable Guarantee for the eighth (8th) such Tournament (i.e., no further Applicable CPI adjustment); provided, however, in no event shall the Applicable Guarantee be less than Four Hundred Fifty Thousand Dollars (\$450,000);

(B) "Applicable CPI" shall, in respect of each of the second (2nd) through eighth (8th) Tournaments after the Effective Date, mean the percentage increase or decrease in the United States Department of Labor Consumer Price Index for Wage Earners and Clerical Workers (CPI-W) (or in the event that such index is not published, the index which generally replaces such index) from the month of January of the year preceding the year in which the applicable Tournament is scheduled and the month of January immediately preceding the applicable tournament (e.g. for the Tournament scheduled to be held in 1995, the percentage increase shall be calculated from January, 1994 to January, 1995). Notwithstanding anything to the contrary contained in this Paragraph 3(a)(ii)(B), the Applicable CPI shall not exceed five percent (5%) per annum;

(C) "Ticket Surcharge" shall, in respect of each of the first eight (8) Tournaments held after the Effective Date, mean an aggregate amount in respect of each such Tournament calculated as follows:

(i) In respect of those box seats which are included in calculating the County's percentage of Gross Ticket Sales hereunder, the Ticket Surcharge shall mean Ten Dollars (\$10.00) per box seat per Tournament (e.g., for a four (4) seat box, the aggregate Ticket Surcharge for the entire Tournament shall be Forty Dollars [\$40.00]);

(ii) In respect of those tickets which are included in calculating the County's percentage of Gross Ticket Sales hereunder for a series of sessions (e.g., all sessions, all daytime sessions, etc.), shall mean the lesser of (A) Seven Dollars and Fifty Cents (\$7.50) per seat for the entire series, or (B) One Dollar (\$1.00) per seat per session; and

(iii) In respect of reserved and general admission and other tickets (other than seats referred

to in subparagraphs (i) and (ii) above) which are included in calculating the County's percentage of Gross Ticket Sales hereunder, shall mean One Dollar (\$1.00) per ticket per session.

(D) "Effective Date" shall mean the scheduled first day of the first Tournament held after the completion and delivery to IPC of the Permanent Stadium and temporary stands (referred to in Paragraph 5 hereof) as contemplated hereunder.

(E) "Gross Ticket Sales" shall mean amount equal to all monies actually received by IPC from sales of tickets (including box seats) for the Tournament concerned less, to the extent included in Gross Ticket Sales, an aggregate amount equal to the sum of (i) all applicable sales, excise, admission or other taxes (other than income taxes) paid in connection therewith, (ii) all brokerage commissions and payments paid or allowed to independent non-related third parties (such as Buss) for services rendered in connection with ticket sales, (iii) any portion thereof which is paid by IPC to County or its designee for the right of such ticket holder to park, and (iv) any portion of the price of any tickets which is identified on the tickets as being contributed or otherwise being paid by IPC to County to the extent that same is actually paid by IPC to County (for purpose, hereof the parties agree that the amount of the Ticket Surcharges constitutes such a portion of the price of such ticket) other than pursuant to Paragraph 3(a)(1) of the Second Amendment to the Agreement.

Notwithstanding anything to the contrary contained herein, no amount shall be included in Gross Ticket Sales in respect of any tickets (x) given away without charge to the press, players, VIP's, volunteers, officials, staff and/or guests, or IPC, (y) exchanged for barter or trade, or (z) given or sold in connection with any sponsorships of the Tournament; provided, however, that for purposes of calculating Gross Ticket Sales with respect to any Tournament concerned, the aggregate number of tickets exchanged for barter or trade and/or given or sold in connection with any sponsorships of such Tournament which may be excluded from the calculation of such Gross Ticket Sales shall not exceed an aggregate number determined by multiplying the number of sessions of such Tournament concerned by Three Thousand Seven Hundred Seventy Five (3,775) tickets. IPC and County agree that the number of tickets, given away without charge to the press, players, VIP's, volunteers, officials, staff and/or guests of IPC shall be a reasonable number. Any such tickets referred to in the preceding sentence given away without charge which are not

reasonable shall be included in Gross Ticket Sales. IPC shall provide and maintain a complete and accurate printout of ticket distribution.

(F) "Soft Goods Concession Revenues" shall mean an amount equal to all monies actually received by IPC in respect of sales of clothing, tennis related merchandise (e.g., racquets, sneakers, visors, hats and bags, etc.) and other merchandise (excluding, however, yearbooks, programs and drawsheets) from retail sales to the general public made on the Site, less an aggregate amount equal to the sum of, to the extent included in Soft Goods Concession Revenues, all applicable sales, excise, admission or other taxes (other than income taxes) paid in connection therewith. Notwithstanding anything to the contrary contained herein, no amount shall be included in Soft Goods Concession Revenues in respect of any soft goods or other merchandise (w) given away without charge, including, without limitation, all such soft goods and other merchandise given away without charge to the press, players, VIP's, officials, volunteers, staff and/or guests of IPC, (x) exchanged for barter or trade, (y) given or sold in connection with any sponsorships of the Tournament, and (z) sold, distributed or otherwise disposed of other than on the Site (e.g., by mail order, off-site retail sales, etc.).

(G) "Program and Drawsheets Revenues" shall mean an amount equal to all monies actually received by IPC in respect of the retail sales to the general public made on Site of copies of any Tournament program, yearbook and/or drawsheet, less an aggregate amount equal to the sum of, to the extent included in Program and Drawsheets Revenues, all applicable sales, excise, admission or other taxes (other than income taxes), and commissions to organizations for selling the program paid in connection therewith. Notwithstanding anything to the contrary contained herein, no amount shall be included in Program and Drawsheets Revenues in respect of any program, yearbook and/or drawsheet (w) given away without charge, including, without limitation, all such programs, yearbooks and/or drawsheets given away without charge to the press, players, VIP's, officials, volunteers, staff and/or guests of IPC, (x) exchanged for barter or trade, (y) given or sold in connection with any sponsorships of the Tournament, and (z) sold, distributed or otherwise disposed of other than on the Site (e.g., by mail order, off-site retail sales, etc.).

(H) "Food and Beverage Concession Revenues" shall mean an amount equal to all monies actually received by IPC in respect of food and/or beverage sales from any concessionaire licensed by IPC to sell food and/or beverages (including liquor) at the Tour-

namant, less an aggregate amount equal to the sum of, to the extent included in Food and Beverage Concession Revenues, all applicable sales, excise, admission or other taxes (other than income taxes) paid in connection therewith. Notwithstanding anything to the contrary contained herein, no amount shall be included in Food and Beverage Concession Revenues in respect of any food or beverage (x) given away without charge, including, without limitation, all food and beverages given away without charge to the press, players, VIP's officials, volunteers, staff and/or guests of IPC, (y) exchanged for barter or trade, or (z) given or sold in connection with any sponsorships or hospitality functions, including any and all food and beverage services in connection with any sponsorships or hospitality functions and/or facilities at the Tournament. If IPC itself is the concessionaire for food and beverage, the parties will negotiate appropriate changes in the County share of revenues in respect thereof.

(I) "IPC's Share of Television Net Profits" shall mean (i) where IPC or any company operating the Tournament grants television distribution rights for the Tournament to one or more third parties (e.g., for 1990 IPC granted worldwide television rights for the Tournament to the ATP Tour), all amounts actually received by IPC or any such company in respect of the exploitation of television broadcast rights throughout the world of television programs of the Tournament, less the following: (A) any and all "distribution expenses" (as such term is commonly understood in the United States television industry) incurred by IPC and/or any such company in connection with the distribution and/or exploitation of any television programs of such Tournament, (B) any and all "production expenses" (as such term is commonly understood in the United States television industry) incurred by IPC and/or any such company in connection with the production of any television programs of such Tournament, and (C) any and all sums paid to non-related independent third parties in respect of the exercise of, and/or any amounts in respect of, the exercise of such distribution rights for such television programs, and (ii) where IPC or any company operating the Tournament itself exercises television distribution rights for the Tournament, all amounts actually received by IPC or any such company in respect of the exploitation of television broadcast rights throughout the world of television programs of the Tournament, less the following: (A) reasonable distribution fees in respect of the exercise of television distribution rights of any and all television programs produced in exploitation of television broadcast rights to the Tournament, such distribution fees not to exceed the normal and customary distribution fees charged by independent dis-

tributors in respect of the exercise of similar television distribution rights for similar television programming, (B) any and all "distribution expenses" (as such term is commonly understood in the United States television industry) incurred by IPC and/or any such company in connection with the distribution and/or exploitation of any television programs of such Tournament, (C) any and all "production expenses" (as such term is commonly understood in the United States television industry) incurred by IPC and/or any such company in connection with the production of any television programs of such Tournament, and (D) any and all sums paid to non-related independent third parties in respect of the exercise of, and/or any amounts in respect of, the exercise of such distribution rights for such television programs. For purposes hereof, television should mean all forms of television now or hereafter devised and any substitute, new, or replacement technology utilized for the viewing of the Tournament at a location distant from the Site.

(b) The County hereby agrees and acknowledges that in no event will the County be entitled to receive any revenue received or otherwise derived by IPC from or in connection with any sponsorships (including any hospitality sponsorships), program, yearbook, drawsheet or other advertising, any trade and/or barter that the Tournament may engage in from time and time and/or any other source or type of revenue not specifically provided for in Paragraph 3(a) hereof including, without limitation, all revenue derived from sponsor sales, hospitality sales, program, yearbook, drawsheet or other advertising, trade and barter and other miscellaneous revenues. County shall not be entitled to receive any amount of, based on or measured by reference to, any revenues derived from or in respect of any (i) sales of merchandise (including, without limitation, retail, wholesale, direct response, mail order or otherwise) other than Soft Goods Concession Revenues, (ii) sales of programs, yearbooks, drawsheets and other printed matter (including, without limitation, retail, wholesale, direct response or mail order or otherwise) other than Program and Drawsheet Revenues, and (iii) all catering, dinners, affairs (other than Food and Beverage Concession Revenues) which occur or take place other than on Site at the Tournament. The County and IPC agree that no revenues shall constitute Soft Goods Concession Revenues, Program and Drawsheet Revenues, and Food and Beverage Concession Revenues solely because IPC may have any offices or storage facility on-Site and that for purposes of any such determinations, as well as for purposes of determining all revenues which the County is not entitled to participate, IPC shall be deemed to have its offices and storage facilities off the Site.

(c) Notwithstanding anything to the contrary contained in the Agreement as previously amended and as amended by this Second Amendment, County and IPC agree that

in respect of each Tournament scheduled to be held on or after the Effective Date, IPC shall, in addition to any other credit(s) which IPC may be entitled to, be entitled to deduct from and have credited against any payment otherwise required to be made by IPC pursuant to this Paragraph 3 of the Second Amendment an amount equal to the "Applicable Credit." The term "Applicable Credit" shall mean (i) in respect of the 1993 Tournament the sum of Fifty Six Thousand Dollars (\$56,000) and (ii) for each Tournament thereafter an amount equal to the Applicable Credit for the immediately preceding Tournament adjusted up or down by the percentage increase or decrease in the United States Department of Labor Consumer Price Index for Wage Earners and Clerical Workers (CPI-W) (or in the event that such index is not published, the index which generally replaces such index) from the month of January of the year preceding the year in which the applicable Tournament is scheduled and the month of January immediately preceding the applicable Tournament. Notwithstanding anything to the contrary contained in this Paragraph 3 (c), the Applicable Credit shall not increase or decrease by more than five percent (5%) per annum.

4. Amendments in Respect of Site Sponsorship:
IPC agrees with respect to the first and each subsequent Tournament which occurs on or after the Effective Date, that County shall be entitled to receive the Tournament's Site Sponsor benefits and entitlements referred to in Schedule B hereto. County agrees and acknowledges that such Site Sponsorship benefits shall be in lieu of any similar benefits (including tickets, signage, hospitality, etc.) which County would otherwise be entitled to under the Agreement and/or the First Amendment thereto. IPC has advised County that the current price as of the date of this Second Amendment of the Site Sponsorship benefits and entitlement which County shall be entitled to receive hereunder is not less than Two Hundred Thousand Dollars (\$200,000).

5. Amendments in Respect of Temporary Stands:
The Agreement is hereby amended as follows:

(a) County hereby agrees that in respect of each Tournament held on or after the Effective Date, the County shall furnish, erect, maintain and remove for each Tournament held on or after the Effective Date, in addition to the seven thousand five hundred (7,500) permanent seats in the Permanent Stadium, such number of temporary seats (not to exceed six thousand five hundred (6,500) temporary seats) as IPC shall determine in respect of such Tournament for use as a temporary addition to the Permanent Stadium for such Tournament. IPC agrees to give County written notice no later than thirty (30) days prior to such Tournament as to the number of such temporary seats so determined by IPC. IPC agrees for the 1993 Tournament that the number of such

temporary seats determined by IPC shall be six thousand five hundred (6,500).

(b) The temporary seating to be furnished by the County for use as a temporary addition to the Permanent Stadium shall be of the type suitable for use by first-class championship level sanctioned professional tournaments and shall be as more fully described in the Conceptual Design Project Manual attached as Schedule C.

(c) The County shall be responsible for the entire cost of furnishing, erecting and maintaining such temporary seating (referred to in Paragraph 5(a) above) in Tournament Ready condition for each such Tournament as well as the removal and storage thereof after each of the Tournaments. The County shall also be responsible for obtaining and maintaining all required permits and approvals (including, without limitation, all building, safety, fire, DRI, and other environmental approvals and/or permits from any federal, state and/or local agency having jurisdiction with respect thereof). The County shall erect and/or cause to be erected such temporary seating sufficiently in advance of each Tournament, but in any event all such temporary seating shall be erected Tournament Ready no later than seven (7) days prior to the commencement of the applicable Tournament Period. In addition, the County shall notify IPC in writing sufficiently in advance of the time that IPC intends to go on sale with any such tickets, as to the configuration, lay out, and design of such temporary seating so as to enable IPC to effect the sales contemplated hereunder.

(d) The parties hereto acknowledge that the temporary seats referred to above in this Paragraph 5 shall constitute Site Facilities and the temporary seats erected and removed by IPC for use in or about the Site (other than the Permanent Stadium) shall constitute Tournament Facilities.

6. CAPITAL REPLACEMENT FUND

(d) At or before the Effective Date, the County shall establish an interest drawing trust fund to receive and disburse monies for renovation, replacement or enhancement of the Site and Site Facilities (the "CR Fund"). The CR Fund shall receive:

(i) All ticket surcharge monies in excess of One Hundred Twenty Thousand Dollars (\$120,000) during the first eight (8) Tournaments occurring subsequent to the Effective Date.

(ii) All grant monies received for the Tournament, Site or Site Facilities that meet the CR Fund purposes.

(iii) Such other funds from IPC or other sources as the Department and IPC may agree.

(b) Expenditures from the CR Fund shall be made only by the County, in accordance with County procedures, only for the purposes stated above and after approved by IPC and the Department. In the event of a disagreement on proposed expenditures, the County Manager shall make a final determination as to whether such expenditure shall be made and IPC, the Department and the County hereby agree to be bound by the County Manager's determination, which determination shall be final and binding, subject only to the County Commissioner's authorization to award contracts.

(c) There shall be no limit on the amount in the CR Fund. Any funds remaining in the CR Fund upon termination or expiration belong to the County.

(d) All parties and entities involved in any approval or determination involving the CR Fund shall act reasonably.

7. Reaffirmation of Representations and Warranties: Each of County and IPC hereby reaffirm the respective representations and warranties made by each of them pursuant to Paragraph 10 of the Agreement. County agrees and acknowledges that the term "License Agreements" shall mean IPC's agreements and/or memberships in the ATP Tour and/or the Women's Tennis Association.

8. Amendments in Respect of Tennis Courts: IPC and County agree that County shall be responsible for repairing and maintaining all of the tennis courts located on the site in Tournament Ready condition including, without limitation, making all repairs, including structural, settling, cracking, damage, grading, drainage and other) and all re-installations and new installations of all tennis courts located or to be located at the site for whatever reason. IPC and County agree that subject to County compliance with the above, and provided that County makes the hardcourt tennis courts available to IPC in a timely manner (sufficiently before each Tournament), Tournament Ready in all respects, other than for a new top-coat or surface, IPC should have the right to and shall for each Tournament (or less frequently if IPC determines) have a new top-coat surface applied to all or less than all of the hardcourt tennis courts. IPC and County agree that each of County and IPC shall be responsible for one-half (1/2) of the cost of such top-coat surfacing. The cost thereof shall be the price charged IPC by the contractor doing the work and in the event that the work is "bartered" shall be the fair market value of such work. IPC shall be entitled to deduct

the County's one half (1/2) of said cost from the sums otherwise payable to the County hereunder.

9. Same Meanings: Except as otherwise provided herein, all capitalized terms not otherwise defined herein shall have the same meanings as those terms have in the Agreement.

10. Technical Amendments to the Agreement:

(a) In order to comply with the recent court ruling:

(i) the parties hereto agree that the term "Tournament Period" is hereby amended. Paragraph 1.18 of the Agreement is hereby amended in its entirety as follows:

"1.18 Tournament Period: the period each year commencing the first date of qualifying rounds of the Tournament concerned (including any Tournament rescheduled due to an Event of Interruption) is scheduled to be played pursuant to the License Agreements, and continuing until the last day of the Tournament."

(ii) IPC and County acknowledge that the Site may only be used for "park purposes." IPC and County agree that in the event that it is determined (by a Court having applicable jurisdiction or otherwise) that the operation and conduct of the Tournament (after taking into account the amendments hereunder and County's revised parking plans) is not in accordance with park purposes and if IPC and the County are unable to otherwise mutually agree as to any additional required changes necessary to make the operation and conduct of the Tournament consistent with park purposes, IPC shall have the right, upon written notice to County to terminate the Agreement, upon which termination neither party shall have any rights or obligations against the other.

(b) Paragraph 3.03(c) of the Agreement is hereby amended by deleting the second sentence and substituting the following:

County will provide a reasonable amount of parking at the Site. IPC shall, no later than thirty (30) days prior to each Tournament, given to County a plan showing its anticipated parking needs for VIP's, players, Tournament personnel, staff, volunteers, and press representatives which are to be furnished by County at no charge. Such plan shall indicate by category which groups shall be entitled to the highest priority parking locations (e.g., nearest to Site) as well as the estimated numbers in each group. County and IPC acknowledge that County has reserved 1,500 parking spaces for general public non tournament use in Crandon

Park, IPC and County may mutually agree to revise the parking fees from time to time.

(c) The second sentence of Paragraph 3.02(b) of the Agreement is hereby amended to provide that during the Tournament Period, IPC, rather than County, will be responsible for the pick-up of extra litter (above the normal non-Tournament time level); provided that County will remain responsible (i) for litter pick-up and removal at all other times, (ii) for providing its normal non-Tournament litter pick-up service during the Tournament Period, and (iii) for removal of all litter at all times.

(d) County agrees that the electrical utilities and power including transformers, panels and wiring at the Site will be sufficient to furnish adequate electricity as needed to conduct and operate the Tournament including all daytime and nighttime lighting on five (5) tennis courts (to television network standards) and telecasting needs.

It is the County's responsibility to provide sufficient electrical utilities and power, including, without limitation, transformers, panels and wiring, to the Site at all times. The parties acknowledge that the construction of the Permanent Stadium will require additional electrical utilities and power, including transformers, panels and wiring, to be brought to the Site. Once the Permanent Stadium is constructed and such additional electrical utilities and power are provided, County will not be required to provide any additional electrical equipment (i.e. transformers, panels, wiring) as a result of any changes in the Site, required by IPC, but County shall be responsible for complying with all applicable rules, laws, regulations and codes and for maintaining all Site electrical utilities and equipment in Tournament Ready condition. Notwithstanding the foregoing, County agrees that it shall be responsible for all improvements, including, without limitation, furnishing all utilities, electrical power requirements, landscaping, lighting, roads and walkways, required as a result of construction (including the relocation) of the Permanent Stadium.

The parties agree that the existing electrical utilities, power and wiring, including the portable panel and cables that were provided for the 1990 Tournament, will be sufficient to conduct and operate the Tournament until the Permanent Stadium is constructed for the 1993 Tournament.

It is agreed that IPC shall be entitled to use all utilities and electrical equipment and shall be given access to all such equipment and wiring during the Tournament Preparation Period and the Tournament Period for use in connection with the conduct and operation of the Tournament.

IPC and those designated by it shall be permitted to install on the Site and to use in such places in and about the Site, such cables, panels, lighting facilities and other apparatus and equipment as may be necessary, appropriate or convenient to permit the conduct and operation of the Tournament including broadcasting and telecasting thereof.

IPC shall provide a master or journeyman electrician on Site during the Tournament Period during the 1991 and 1992 Tournaments and the County shall provide a master or journeyman electrician on Site during each Tournament Period thereafter.

IPC shall be responsible for any damages it causes.

Electricity and all other utilities supplied to the Site shall be separately metered and appropriate readings will be taken immediately prior to each Tournament Period and immediately after the conclusion of each Tournament Period. IPC will pay County for such use made by IPC at the Site during each Tournament Period based upon such readings. The rate at which IPC will be required to pay for such use will be IPC's proportional share of the actual cost to County at the time of IPC's usage.

(e) IPC, Butch Buchholz and Clifford Buchholz shall not, during the Term hereof, operate and conduct a professional tennis tournament, exhibition or event comparable to the Tournament, except as the parties may otherwise agree, other than the Tournament. County shall not, during the Term hereof, allow any of its facilities to be used for the operation and the conduct of a professional tennis tournament, exhibition or event comparable to the Tournament, except as the parties may otherwise agree. IPC and County agree each party shall act with due regard for the continuing success of the Tournament at the Site during the Term.

(f) Paragraph 8.03 and 8.05 of the Agreement are hereby amended by changing the expression "two (2) years" to "five (5) years." IPC further agrees that if County notifies IPC of an audit hereunder, IPC will make its applicable books and records in accordance with the Agreement (commencing with the 1991 Tournament) available at its principal office in Dade County or other mutually agreeable location. Soft Goods and Concession Revenues, Program and Drawsheet Revenues, and IPC's Share of Net Television Profits shall be included in the scope of Paragraphs 8.02, 8.03, 8.04 and 8.05 of the Agreement; provided however that in respect to IPC's Share of Net Television Profits, IPC shall account and pay to the County within 90 days after IPC's receipt thereof. If IPC fails to

make such books and records available within a reasonable period at such office, IPC shall reimburse County for the reasonable travel and related expenses of its audit examiners to audit such books and records where they are maintained outside Dade County.

(g) A new Paragraph 8.09 is added to the Agreement as follows:

"8.09 IPC agrees (i) in connection with its accounting and payment obligations to the County hereunder to follow generally acceptable accounting principles (ii) that IPC will conduct its business in accordance with good business practices, (iii) that any business relationships with related parties shall be "arms-length" and (iv) that IPC or the company operating the Tournament will retain an independent accounting firm and will use its best effort to require such firm to issue to IPC in respect to each Tournament a letter to the effect IPC's controls over the recording of Gross Ticket Sales are sufficient to fairly record the revenue therefrom in accordance with generally accepted accounting principles, or indicating to the contrary. IPC or the company operating the Tournament will deliver a copy thereof to County. County agrees that this letter is not intended or required to be a so-called certification of audit (e.g. fairly presents) report by IPC's or such company's accountants but rather a report on IPC's procedures in respect thereof.

h) Paragraph 1.19 of the Agreement is amended by adding the following:

"IPC and County shall cooperate so as not to unreasonably or unnecessarily impair public access to or use of the Site Facilities during the Tournament

Preparation Period."

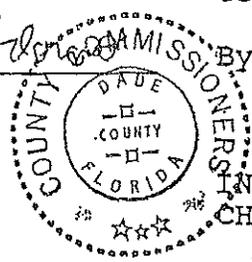

The Agreement as hereby modified is hereby ratified and confirmed.

IN WITNESS WHEREOF, the parties hereto have caused this Second Amendment to be executed by the appropriate officials as of the date and year first written above.

Dear Mr. Avino:

The purpose of this letter is to confirm our understanding, per your request, that the expression "In respect of each Tournament" in paragraph 3 of the Second Amendment includes sums relating to the applicable Tournament whether collected by IPC before the "Effective Date" or after the "Effective Date".

I hope this is helpful in clarifying any confusion regarding this issue.

Sincerely,

Earl H. "Butch" Buchholz
