

Date: February 4, 2014

To: Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Subject: Resolution Authorizing Change Order No. 1 to the Design-Build Agreement with Siemens Industry, Inc. in the Amount of \$700,000 for the Design-Build Services of the Fire Alarm and Building Management Systems Replacement/SPCC East Stairwell Pressurization Project

Agenda Item No. 8(F)(6)

Resolution No. R-103-14

Recommendation

It is recommended that the Board of County Commissioners (Board) authorize Change Order No. 1 to the design-build agreement between Miami-Dade County and Siemens Industry, Inc. for the *Stephen P. Clark Center (SPCC), Cultural Center, and Central Support Facility Fire Alarm and Building Management Systems Replacement/SPCC East Stairwell Pressurization* project. This Change Order is to increase the original contract amount by \$700,000 and add 365 days to the original contract term.

The \$700,000 increase in the contract amount as well as the associated extension of 365 days is required to address two issues, described briefly below and in further detail in the Background Section of this memorandum.

1. During final inspections, the City of Miami Fire Marshall required that certain fire alarm system requirements be addressed in order to comply with the current Florida Building Code. The additional cost to meet these requirements is \$546,050 and 305 days.
2. During construction of the project, the Information Technology Department (ITD) noted that several supply fans would need to be relocated to avoid potential radio interference with existing ITD systems. The additional cost for this change is \$153,950 and an additional time of 60 days.

Scope

This project is located in Commission District 5, which is represented by Commissioner Bruno A. Barreiro.

Fiscal Impact/Funding Source

The total fiscal impact of this change order is \$700,000, which will be covered from funding that remains within the current project's Building Better Communities General Obligation Bond (BBC-GOB) Program allocation.

Delegated Authority

The County Mayor or County Mayor's designee has the authority to execute, implement and exercise the one-year option to renew period for this contract.

Track Record/Monitor

The Project Manager is Jorge Plasencia, P.E., in the Design and Construction Services Division of the Internal Services Department.

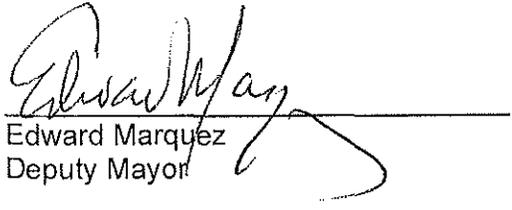

Background

This project totaling \$10,162,432 was awarded by the Board on April 7, 2009 with the BBC-GOB Program being the sole funding source (Legistar 090340). At the time this contract was nearing completion and final inspections were being conducted, the City of Miami Fire Marshall required that all controlled dampers tied into the fire alarm system be provided with the necessary damper end switches to accomplish "end of process verification." The City of Miami has indicated that the condition of the dampers is critical in a high-rise building such as the SPCC. The installation of the necessary devices

will alert building personnel to potential damper malfunctions prior to failure during an actual fire alarm event, and ensure that the SPCC smoke control system is functioning properly. While this requirement meets the current Florida Building Code, it was not a code requirement at the time of award of this contract.

Additionally, during construction, ITD discovered that the proposed location for the installation of the various supply fans posed a potential risk of radio interference with existing ITD systems. As such, and in conjunction/consultation with ITD, the supply fans will be relocated from the SPCC service elevator machine room roof to a lower level location.

The project is estimated to be substantially completed in October 2014.

Edward Marquez
Deputy Mayor

MEMORANDUM
(Revised)

TO: Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners

DATE: February 4, 2014

FROM: R. A. Cuevas, Jr.
County Attorney

SUBJECT: Agenda Item No. 8(F)(6)

Please note any items checked.

- "3-Day Rule" for committees applicable if raised
- 6 weeks required between first reading and public hearing
- 4 weeks notification to municipal officials required prior to public hearing
- Decreases revenues or increases expenditures without balancing budget
- Budget required
- Statement of fiscal impact required
- Ordinance creating a new board requires detailed County Mayor's report for public hearing
- No committee review
- Applicable legislation requires more than a majority vote (i.e., 2/3's ____, 3/5's ____, unanimous ____) to approve
- Current information regarding funding source, index code and available balance, and available capacity (if debt is contemplated) required

Agenda Item No. 8(F)(6)
2-4-14

RESOLUTION NO. R-103-14

RESOLUTION AUTHORIZING CHANGE ORDER NO. 1 TO THE DESIGN-BUILD AGREEMENT BETWEEN MIAMI-DADE COUNTY AND SIEMENS INDUSTRY, INC. FUNDED BY BUILDING BETTER COMMUNITIES GENERAL OBLIGATION BOND FUNDS IN THE AMOUNT OF \$700,000 FOR DESIGN-BUILD SERVICES FOR THE STEPHEN P. CLARK CENTER (SPCC), CULTURAL CENTER (CC), AND CENTRAL SUPPORT FACILITY (CSF) FIRE ALARM AND BUILDING MANAGEMENT SYSTEMS REPLACEMENT/SPCC EAST STAIRWELL PRESSURIZATION, ISD PROJECT NO. Z00062/Z00063/Z00064 (ORIGINALLY GSA CONTRACT NO. Z00062/Z00063/Z00064); AUTHORIZES A TIME EXTENSION OF 365 DAYS TO THIS AGREEMENT; AND AUTHORIZES THE COUNTY MAYOR OR COUNTY MAYOR'S DESIGNEE TO MODIFY CHANGE ORDER NO. 1 AS NEEDED AND TO EXERCISE ANY AND ALL RIGHTS CONFERRED THEREIN

WHEREAS, this Board desires to accomplish the purposes outlined in the accompanying memorandum, a copy of which is incorporated herein by reference,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Board authorizes the County Mayor or the County Mayor's designee to execute Change Order No. 1 to the design-build agreement between Siemens Industry, Inc. in the amount of \$700,000 and for design-build services for the Stephen P. Clark Center (SPCC), Cultural Center (CC), and Central Support Facility (CSF) Fire Alarm and Building Management Systems Replacement/SPCC East Stairwell Pressurization, ISD Project No: Z00062/Z00063/Z00064 (originally GSA Contract No. Z00062/Z00063/Z00064), substantially in the form attached hereto and made a part hereof; authorizes a time extension of 365 days of this agreement; and authorizes the County Mayor or County Mayor's designee to exercise any cancellation and renewal provisions therein.

The foregoing resolution was offered by Commissioner **Sally A. Heyman** who moved its adoption. The motion was seconded by Commissioner **Dennis C. Moss** and upon being put to a vote, the vote was as follows:

	Rebeca Sosa, Chairwoman	aye
	Lynda Bell, Vice Chair	aye
Bruno A. Barreiro	aye	Esteban L. Bovo, Jr. aye
Jose "Pepe" Diaz	aye	Audrey M. Edmonson aye
Sally A. Heyman	aye	Barbara J. Jordan aye
Jean Monestime	absent	Dennis C. Moss aye
Sen. Javier D. Souto	aye	Xavier L. Suarez absent
Juan C. Zapata	nay	

The Chairperson thereupon declared the resolution duly passed and adopted this 4th day of February, 2014. This resolution shall become effective ten (10) days after the date of its adoption unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board.

MIAMI-DADE COUNTY, FLORIDA
BY ITS BOARD OF
COUNTY COMMISSIONERS

HARVEY RUVIN, CLERK

By: **Christopher Agrippa**
Deputy Clerk

Approved by County Attorney as

<u>Title</u>	<u>Name</u>	<u>Date</u>
Approved By: <u>County Attorney</u> (for legal sufficiency)		12/9/13
Approved By: <u>County Mayor</u>		
Attested By: <u>Clerk of the Board</u>		

Description of Work Authorized: (Continued)

Provide wiring and installation of Siemens supplied TRI-M module at 300 existing damper locations. Installation of conduit, wiring, fire alarm relays, and expansion modules as well as fire alarm reprogramming. Testing of all damper position devices. At this time, all original work related to fire replacement at the Stephen P. Clark Center is completed at this time with the exception of the re-commissioning of the smoke control system which is pending the installation of the end of process verification as requested by the City of Miami Fire Marshall.

2. Relocation of proposed supply fans from Stephen P. Clark Center service elevator machine room roof to SPCC roof. Relocation shall include electrical conduit relocation work, mechanical work, concrete cutting and casting, mechanical work, ductwork, roofing flashings for structural steel stands, etc.

Monetary Justification: (Continued)

Item No. 1 - As per a meeting held with the City of Miami Fire Marshall on May 16, 2013, all pneumatic dampers tied into the fire alarm system shall be provided with the necessary damper end switches to accomplish "end of process verification". The City of Miami has indicated that the condition of the dampers is critical in a high-rise building such as the Stephen P. Clark Center. The installation of the necessary devices to accomplish end of process verification will alert building personnel to potential damper malfunctions prior to failure during an actual fire alarm event. Fire alarm relays will be connected to the damper end switches to provide supervisory and trouble signals based upon damper position to ensure that the SPCC smoke control system is functioning properly. This requirement is consistent with the current Florida Building Code and exceeds the original requirements that were in place for Fire Safety at the time of award of this contract. Project schedule and work sequence subject to approval from building management prior to commencement of work by Contractor including after hours. - \$546,050.11

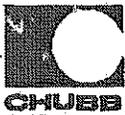

Item No. 2 - As per communications with the Miami-Dade County Information Technology Department (ITD), the proposed installation of the supply fans must be relocated from above the rooftop elevator machine room to a point on the lower roof due to potential radio interference with existing ITD systems. - \$153,949.89.

Time Justification: (Continued)

Changes were unforeseen, as they were discovered during the course of final inspections and construction. This change order is required to comply with the intent of the original contract, so as to procure a code compliant smoke evacuation system extending to the east stairwell. This work will complete the installations as requested by Miami-Dade County and the City of Miami Fire Marshall. A total of 365 days is required as a time extension to this contract and is further broken down as follows, 305 days is attributed to this additional work following the inspection conducted by the City of Miami Fire Marshall. The additional 60 days is required for the scope of work needed to relocate the proposed supply fans that are in conflict and creating interference with critical ITD equipment.

Time Justification Declaration:

A time extension is provided for additional work performed outside the scope of the original Contract that affects the critical path schedule of the contracted work or previously approved changes. Should additional work be required which does not affect the critical path schedule, no time extension will be granted. Should one item of additional work run concurrent with another item of additional work, only time not duplicated can be provided.
