RESOLUTION NO. R-72-14

RESOLUTION URGING THE GOVERNOR AND FLORIDA
LEGISLATURE TO MAINTAIN STATE FUNDING FOR THE
REMAINING ALLOCATIONS PROGRAMMED FOR THE
FISCAL YEAR 2014-2015 FOR THE -50/52 FEET PORT OF
MIAMI DEEP DREDGE PROJECT

WHEREAS, the Port of Miami is the second largest economic engine contributing to the local economy of the County; and

WHEREAS, the Deep Dredge Project, now in the dredging stage, entails dredging the Port of Miami channel to minus 50 feet from its former depth of minus 42 feet; and

WHEREAS, the Port of Miami has received authorization to dredge to the minus 50/52 feet level and has the ability to complete the project by 2015; and

WHEREAS, this timetable would coincide with the scheduled opening of the expanded Panama Canal in 2015; and

WHEREAS, beginning in 2015, large numbers of Super Post-Panamax megaships that previously offloaded cargo on the West Coast of the United States will instead be able to traverse the expanded Panama Canal, presenting an unprecedented, one-time opportunity for the Port of Miami to significantly expand its cargo business; and

WHEREAS, three East Coast ports, New York, Baltimore and Norfolk, already have deepened their waters to meet the necessary -50/52 feet depth; and

WHEREAS, without additional East Coast deep draft capacity in place by 2015, the U.S. is at risk of losing jobs to other seaports overseas, as the larger Super Post-Panamax ships have the option of calling at nearby foreign ports such as Freeport, Bahamas; and

WHEREAS, the Port of Miami has approximately 6,200 lineal feet of berth space, supported by Super Post-Panamax cranes capable of serving the largest ships in the world; and

WHEREAS, the deepening of Miami's channel is estimated to create 33,000 new jobs, double cargo throughput, and increase the Port of Miami's annual economic impact to more than \$34 billion; and

WHEREAS, the dredging project includes the restoration of more than 16 acres of seagrass and the creation of over nine acres of artificial reef; and

WHEREAS, Florida Governor Rick Scott has pledged a total of \$112 million in Florida Department of Transportation funds for the Deep Dredge Project and Miami-Dade County is providing an additional \$108 million for the project; and

WHEREAS, the Board expresses its strong support for maintaining the remaining allocations programmed for 2014 in state funding in the Florida Department of Transportation Five-Year Work Program,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Board:
