Memorandum

Date: March 4, 2014

To: Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor 

Subject: Resolution Declaring as Surplus a Portion of the Fifth Street Metromover Station Located at the Northwest Corner of the Intersection of SE 5 Street and SE 1 Avenue in the City of Miami

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached resolution, which authorizes the following:

- Declares as surplus County-owned property (25 feet wide by 70 feet in length) located at the entrance of the Fifth Street Metromover Station at the northwest corner of the intersection of SE 5 Street and SE 1 Avenue, in the City of Miami (City).
- Authorizes the conveyance of the property to the City per the City's request (attached), which is in accordance with Florida Statute 125.38.
- Waives Administrative Order 8-4 as it relates to review by the County's Planning Advisory Board because the property is located within the City.

Scope

The property is located in County Commission District 5, which is represented by Commissioner Bruno A. Barreiro.

Fiscal Impact/Funding Source

There is no fiscal impact associated with the conveyance of this parcel.

Track Record/Monitor

Carmen O. Gomez of the Real Estate Development Division in the Internal Services Department is managing the conveyance of this parcel.

Delegation of Authority

Authorizes the County Mayor or the Mayor's designee to convey the property to the City of Miami at no cost, take all actions necessary to accomplish the conveyance of the property, and authorizes the Chairwoman or Vice Chair of the Board to execute a County Deed for such purpose.

Background

The County received a formal request from the City of Miami for the conveyance of a 25 foot wide by 70 foot long strip of land located along the frontage of the Fifth Street Metromover Station for the purposes of widening SE 5 Street. Currently, the road right-of-way along this portion of SE 5 Street is only 25 feet in width, which is inadequate for the traffic capacity in the Brickell area. The planned improvements consist of roadway widening, the addition of sidewalks, and other roadway beautification enhancements. This project is part of the Miami River Greenway Initiative and will be constructed by the City of Miami at no cost to the County.

Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners
Page 2

Florida Statute, Section 125.38, authorizes the Board to convey property to the City, a municipal corporation of the State of Florida, when the Board is satisfied that the property is not needed for County purposes and will be utilized for the benefit of the public or community interest and welfare. The Internal Services Department circulated this property to all County departments to determine whether the County has a present or future need for the property, in which none was determined.

The County Deed contains a restriction that states that the property is to be used for public and transportation purposes and other specific purposes and when, and if, the public use shall be discontinued, the title to the land described in Exhibit "A," shall immediately revert to the County, its successors and assigns, and it shall have the right to immediately repossess the same. The County will also retain an easement in the County Deed for the right to operate and maintain the Metromover Guideway System that is located over and above the property. Attached is a letter from the U.S. Department of Transportation Federal Transit Administration approving the conveyance.

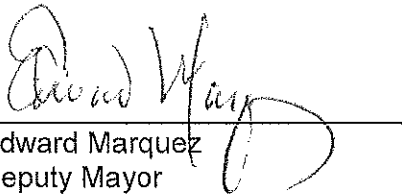

Additional property details are as follows, and shown in the attached property sketch:

RE: CITY OF MIAMI REQUEST FOR PARCEL ACQUISITION AT SE 5TH STREET
METROMOVER STATION.
Project No. B-30631 "Miami River Greenway Streetscape in SE 5th Street from South
Miami Bridge Overpass to SR-5 / Brickell Avenue"

Dear Mrs. Llort:

The City of Miami is planning improvements to SE 5th Street as part of the Miami River Greenway initiative. The improvements consist of roadway design, construction and beautification enhancements. The City of Miami has identified an existing area 25 feet wide by 70 feet in length at the entrance of the Fifth Street Metro-Mover Station located at the northwest corner of the intersection of SE 5th Street and SE 1st Avenue. This area needs to be constructed to a typical right-of-way section of 50 feet, as defined by the City code. This project will be constructed by the City of Miami at no cost to the adjacent property owners and will provide safety and benefit to the neighborhood and community. The donation consists of approximately 1,750 S.F. and is described in the attached Legal Description and Right-of-Way parcel sketch.

Please accept the request for the donation of the above referenced property to the City of Miami. Attached you will find the legal description, parcel sketch showing the location, size of the area and propose typical sections for your review and to begin the process for this item to be added to the Board of County Commissioners agenda for approval.

Re: MPS082 – Fifth Street Metromover Station

Dear Mr. Hernandez:

The Federal Transit Administration (FTA) has received your January 7, 2013 letter, in which you ask for FTA concurrence for Miami Dade Transit (MDT)'s to convey a portion of the Fifth Street Metromover Station property to the City of Miami to implement additional lane improvements along SE 5th Street. The FTA understands the station property was acquired for the Brickell Metromover Station with FTA funds under grant FL-03-0085, the value of the parcel is estimated to be \$45,000. There are no revenues resulting from this conveyance, but the improvements will include new sidewalks and landscaping adjacent to the Metromover station, and widening the street will also provide the potential to add bus service in the future. MDT will undergo the County's public notice procedures for surplus property.

FTA concurs with MDT's proposal conveyance to the City of Miami, and considers its use compatible and will not interfere with intended mass transportation uses. Per Circular 5010.1D, the county of Miami-Dade/MDT is required to maintain satisfactory continuing control over the entire parcel and all improvements. MDT is reminded that transfer of real property to a public agency for non-transit use is a competitive process per 49 U.S.C., 5334(h)(1)-(h)(3). If you have any questions, please contact Ms. Margarita Sandberg by email, at margarita.sandberg@dot.gov, or by phone at (404) 865-5612.
