Subject: Ordinance relating to the road impact fee; providing a partial deferral of road impact fees under certain circumstances; providing a limitation on the amount of impact fees that may be deferred per application; creating section 33E-18 of the code of Miami-Dade County

The proposed ordinance relates to the Road Impact Fee and creates section 33E-18 of the Code of Miami-Dade County, providing a partial deferral of Road Impact Fees under certain circumstances, and a limitation on the amount of impact fees that may be deferred per application. The maximum total of road impact fees that may be deferred pursuant to this program is one million dollars (\$1,000,000), whereupon this program shall not be available to defer impact fees until such time as the total deferred amount has been reduced by payment of impact fees below the maximum \$1,000,000 limitation.

The Regulatory and Economic Resources (RER) Department will have an estimated first year fiscal impact of \$20,000 to pay for billing services associated with implementing the program, and an estimated fiscal impact of \$33,300 for billing services for each subsequent year that the \$1,000,000 limitation is maintained. The costs associated with reprogramming the Impact Fee System to support the proposed deferral program will be absorbed through the Service Level Agreement between RER and the Information Technology Department.

The Public Works and Waste Management Department will be impacted in the amount of the value of deferred fees until such time as the fees are collected.
