

**Date:** April 8, 2014

**To:** Honorable Chairwoman Rebeca Sosa  
and Members, Board of County Commissioners

Agenda Item No. 8(M)(1)

**From:** Carlos A. Gimenez  
Mayor

**Subject:** Sunshine Nonemergency Transport Services, Inc. Application for One Nonemergency  
Vehicle

Resolution No. R-338-14

**Recommendation**

It is recommended that the Board of County Commissioners (Board) approve the application of Sunshine Nonemergency Transport Services, Inc. for one (1) Certificate of Public Convenience and Necessity to operate one (1) nonemergency vehicle.

**Scope**

This Certificate of Public Convenience and Necessity is countywide, allowing the certificate holder to operate in unincorporated and incorporated areas of Miami-Dade County.

**Fiscal Impact/Funding Source**

Licensing, operating permit and inspection fees are collected by the Department of Regulatory and Economic Resources to support regulatory activities. There is an annual regulatory fee of \$625 per certificate that will yield \$625 in revenue annually for the new certificate. Vehicle inspections are \$38 per vehicle.

**Track Record/Monitor**

Applicant is a new permit holder. The applicant is in compliance with all Miami-Dade County Code (Code) requirements. The Department of Regulatory and Economic Resources, For-Hire Transportation Division Chief, Joe Mora will be responsible for monitoring this company.

**Background**

On December 18, 1980, the Board of County Commissioners adopted Ordinance 80-145, later codified in Chapter 4, Article III of the Code of Miami-Dade County, providing for the regulation of nonemergency medical transportation. Section 4-44 of the County Code provides the procedures to be followed by the County in processing certificate applications. Based upon those requirements, the Board may issue or refuse to issue the certificate as applied for, or may issue the certificate with modifications or upon such terms and conditions as in its judgment the public interest may require. In reaching a determination, the Board shall consider the application, the Mayor's recommendation, all matters presented during the public hearing, and among others, the following criteria:

- (1) The ability of the applicant to provide the proposed service;
- (2) The adequacy of the management plan of the applicant; and

(3) The benefits that will accrue to the public interest from the proposed service.

Sunshine Nonemergency Transport Services, Inc., located at 1360 NE 132 Street, Miami, Florida 33161, seeks to obtain one (1) Certificate of Public Convenience and Necessity to provide combination wheelchair and stretcher nonemergency medical transportation service to individuals requiring this type of transportation.

The applicant seeks to transport patients to and from various medical facilities throughout Miami-Dade County seven (7) days a week, 24 hours a day. Nonemergency Transportation rates are not regulated by Miami-Dade County; however, under the Code the Certificate Holder must file their rates with the Department of Regulatory and Economic Resources and post them within the passenger compartment section of each vehicle. The proposed rates are: \$30 per trip and \$1.50 per mile after 10 miles for wheelchair service, and \$50 per trip and \$1.75 per mile after 10 miles for stretcher service. The vehicle operated under this certificate will be required to meet the requirements of Section 4-49 of the Code establishing vehicle inspection frequencies.

The management plan submitted by Ms. Anne S. Xavier, President of Sunshine Nonemergency Transport Services, Inc., includes maintenance, communication, and record keeping systems and meets the requirements of the Code. All required financial statements and credit references have been submitted. The proposed service standards meet all requirements of the Code and adequately meet transportation and comfort needs. A background investigation reveals no criminal record within the last five years for the officer(s) of the corporation.

The proposed services to be provided under this certificate will increase the availability of licensed nonemergency medical transportation in Miami-Dade County thus providing increased competition and high service standards to the public.
