# Memorandum

**Date:** July 1, 2014

**To:** Honorable Chairwoman Rebeca Sosa  
and Members, Board of County Commissioners

**From:** Carlos A. Gimenez  
Mayor

**Subject:** Resolution Declaring the Increase in Square Footage of the Designated Property Known as Parcel 15 for Right-of-Way Needed for the People's Transportation Plan Project Entitled Improvements to SW 137 Avenue from the Homestead Extension of the Florida Turnpike (SR 821) to SR-5 (US-1) to be a Public Necessity, Authorizing the use of Charter County Transportation Surtax Funds, and Rescinding Resolution R-808-11

## Recommendation

It is recommended that the Board of County Commissioners (BCC) approve the attached resolution which:

- Rescinds Resolution R-808-11 adopted on October 4, 2011, which authorized the acquisition of Parcel 15 needed for the People's Transportation Plan Project Entitled Improvements to SW 137 Avenue from the Homestead Extension of the Florida Turnpike (SR 821) to SR-5 (US-1) Project; and
- Approves the attached resolution authorizing the acquisition of said parcel, by negotiation, donation, right of way designation, purchase at values established by appraisals or tax assessed value whichever is the higher of the two together with reasonable attorneys' fees, expert fees, business damages and costs pursuant to Sections 73.091 and 73.092, Florida Statutes, or eminent domain court proceedings including a declaration of taking as necessary for and on behalf of Miami-Dade County and increasing the square footage of Parcel 15 by 980 square feet, from the original 259 square feet to 1,239 square feet. Bond proceeds from the Charter County Transportation Surtax will be used to fund this Project, therefore, approval by the BCC and the Citizen's Independent Transportation Trust (CITT) is required.

This resolution is for the acquisition of Parcel 15, which is one of the final parcels needed by Public Works and Waste Management (PWWM) for programmed improvements to the Project. Florida Statute Section 127.02 requires that there be a separate resolution for each individual property.

Said Resolution is placed for Committee review pursuant to Miami-Dade County Code Section 29-124(f). This item may only be considered by the BCC if the CITT has forwarded a recommendation to the BCC prior to the date scheduled for BCC consideration or forty-five (45) days have elapsed since the filing with the Clerk of the Board of this item. If the CITT has not forwarded a recommendation and forty-five (45) days have not elapsed since the filing of this item, I will request a withdrawal of this item.

## Scope

The impact of this project is countywide; however, it is located within Commissioner Lynda Bell's District 8 and Commissioner Dennis C. Moss' District 9.

**Fiscal Impact/Funding Source**

Funding for the right-of-way acquisition, design and construction of this Project is from Charter County Transportation Surtax bond proceeds, and may be supplemented by other eligible funding sources. Funding is programmed within the adopted FY2013-2014 Capital Budget and the index code is CPEPTP478137. The initial acquisition costs have been budgeted and no additional fiscal impacts are expected; however, in the event of litigation the ultimate acquisition costs would be subject to a future ruling by the Court.

The total cost estimate of the project (inclusive of construction, design and the right-of-way acquisition of all parcels) is \$8,889,000.00.

**Track Record/Monitor**

The Public Works and Waste Management Department (PWWM) is the entity overseeing this project and the person responsible for monitoring this acquisition is Mr. Francisco Fernandez, Chief Real Estate Officer, Roadway Engineering and Right-of-Way Division.

**Background**

This Project was subjected to further right-of-way verification during the value engineering process, resulting in the determination that additional right-of-way would be needed to accommodate the design of the roadway. This resolution authorizes an increase in square footage of Parcel 15 for right-of-way needed by PWWM for roadway expansion. The area to be acquired is legally described in Exhibit "A" and illustrated on the parcel location map in Exhibit "B", attached hereto. The proposed project includes roadway expansion, beautification and improvements consisting of reconstructing the existing roadway to include raised landscaped medians, bicycle facilities, sidewalks, curb and gutters, a continuous storm drainage system, signalization, pavement markings and signage, and roadway lighting. These improvements will increase vehicular capacity, improve traffic mobility, ensure ADA compliance, and provide multiple modes of transportation.
