EXPLANATION:

A Notice to Professional Consultants (NTPC) was advertised on November 18, 2013. Four (4) proposals were submitted on December 11, 2013, in response to the NTPC. All respondents were found in compliance with the Technical Certification requirements of the NTPC established for this solicitation.

The Competitive Selection Committee (CSC) appointed by the County Mayor conducted a First Tier Meeting on February 20, 2014, to evaluate the proposals received. All four (4) firms were evaluated in accordance with Section 2-10.4 of the Miami-Dade County Code, Implementing Order 3-34, and Administrative Order 3-39. Local Preference was not applicable to the First-Tier Evaluation because all responsive firms were local. As a result, the final ranking was based on total ordinal scores. The final rankings were as follows: Firm No. 1, Atkins North America, Inc. (Atkins), received 3 points; Firm No. 2, Parsons Brinckerhoff, Inc., received 7 points; Firm No. 3, CH2M Hill, Inc., received 9 points and Firm No. 4, HDR Engineering, Inc., received 11 points. Subsequently, all four (4) firms were found in compliance with the Community Business Enterprise requirements established for this solicitation.

Based on the CSC's professional expertise, the information provided in the proposals was deemed sufficient to determine the qualifications of the teams. As a result of said determination, and by a majority vote, the CSC decided to forego Second-Tier proceedings and recommended that negotiations be conducted with Atkins. The County Mayor's Designee, Director of the Internal Services Department (ISD), concurred with the CSC and the first and only negotiation meeting was held on March 20, 2014. The Negotiation Committee arrived at a schedule of rates that was fair and reasonable to provide professional marine infrastructure engineering services for PortMiami.

Pursuant to Resolution R-187-12, and in accordance with the ISD's Procurement Guidelines, PortMiami staff exercised due diligence to determine Consultant responsibility for Atkins. The lists that were referenced include: Sun Biz, Dun & Bradstreet, convicted vendors, debarred vendors, delinquent contractors, suspended vendors and federal excluded parties. There were no adverse findings relating to the Consultant's responsibility. In addition, PortMiami staff compiled information regarding Atkins' prior experience with the County. There are nineteen (19) evaluations on record in the Capital Improvement Information System for Atkins with an above average rating of 3.9 out of a possible 4.0 points. Based on the above, it is recommended that this Agreement be awarded in the not to exceed amount of $3,300,000.00 to Atkins North America, Inc.

Reasons for Recommendation

This project meets all the criteria set forth in I.O. # 3-32, Section V.

Attempts were made at establishing a Tier 2 Set-Aside for CBE firms; however, only one CBE firm is certified in "both" Technical Categories (5.05 & 5.08, which accounts for 75% of the scopes of services); and required of the prime. Additionally, the minimum requirements stipulated must be satisfied. Additional steps were taken to increase the recommended goal of 22%; however, only two CBE firms are certified in the sub-consultant TC of 5.04; SBD concurs with recommendation of a 22% CBE Goal.

The COUNTY has the right to approve and regulate the CONSULTANT's workforce and approve specific CONSULTANT employees. The CONSULTANT shall not replace any employee in the team initially proposed by the CONSULTANT without prior COUNTY approval. Upon finalization of work the CONSULTANT shall submit hard copy reproducible as well as editable final product disks to the COUNTY.

F. G. Prior to final approval of work by the Director, the CONSULTANT shall complete a preliminary check of any documents submitted for compliance with all county, city, state, and federal agencies as required.

H. Make no statements, press releases or publicity releases concerning this Agreement or its subject matter or otherwise disclose or permit to be disclosed any of the data or other information obtained or furnished in compliance with this Agreement, or any particulars thereof, during the period of this Agreement, without first notifying the COUNTY and securing its consent in writing. The CONSULTANT also agrees that it shall not publish, copyright, or patent any of the data furnished in compliance with this Agreement, that being understood that under SECTION X – OWNERSHIP OF DOCUMENTS hereof such data or information is the property of the COUNTY.

I. RESPONSIBILITY FOR ESTIMATES

1. In the event the services required pursuant to this Agreement include the CONSULTANT preparing and submitting to the COUNTY, cost estimates, the CONSULTANT, by exercise of his experience, effort, knowledge and judgment, shall develop such cost estimates as are set forth in, or as may be required under the Agreement and shall be held accountable, responsible and liable for the accuracy, completeness, and correctness of any and all such cost estimates based on a BASIS OF DESIGN document prepared by the CONSULTANT as part of the approved scope of services and approved by the COUNTY. The BASIS OF DESIGN document will detail the specific components of the work order established between the CONSULTANT and COUNTY and include such information as the COUNTY budget for the project, intended use, functional or operational criteria and/or constraints, applicable codes and standards or any other information deemed by both PARTIES important for the successful design and procurement of the project for the budget available. For purposes of the Liability Provisions of this Article only, the CONSULTANT's estimate(s) shall be considered valid and effective for a period of six (6) months from the date of the COUNTY's acceptance of the estimate(s).

2. Cost Estimates

   a. Order of Magnitude Estimate at Conceptual Design

      This is an approximate estimate made without detailed architect/engineering data. Examples include, but are not limited to, an estimate from cost-capacity curves, an estimate using scale-up or scale-down factors, and an approximate ratio estimate. This type of estimate shall be accurate within plus or minus forty percent (40%) of the cost of the construction of the project. This cost estimate will be used to define and document risks or other issues that may impact the project and project costs. These factors will be discussed with the COUNTY to define the potential outcome of the design and

procurement process and establish an initial register from which further cost estimates are made and the range in which cost estimating may affect liability. The project budget or design scope will be revised at the discretion of the County to include the risks identified in this phase. The COUNTY acknowledges that CONSULTANT cannot warrant that any cost estimates provided during this phase will not vary from actual costs incurred by COUNTY.

b. Order of Magnitude Estimate at 30% Complete Construction Drawings.

This is an approximate estimate based on the development of 30% construction drawings. This type of estimate shall be accurate within plus or minus thirty percent (30%). At this stage, the CONSULTANT shall investigate the costs in detail as it relates to the project and initiate a process whereas the development of the construction documents could be divided into a series of add alternates that allows the COUNTY to adjust the bids to best meet the functional requirements of the project within the available budget. If the bids, as described above, fail to meet this prescribed accuracy, the cost associated with the preparation and development of the ORDER OF MAGNITUDE ESTIMATE shall be recoverable by the COUNTY.

c. Construction Cost Estimate at 60% Complete Construction Documents

A construction cost estimate for purposes of this Agreement is an estimate prepared on the basis of partially developed engineering/architectural data and on information available as set forth in the 60% drawings and specifications, which are to be used as a basis for advancing towards construction of the project. This type of estimate shall be accurate within plus or minus twenty percent (20%) of the cost of the construction of the project. The accuracy and reliability of a 60% CONSTRUCTION COST ESTIMATE is vital to the COUNTY'S interests because it may be used for such purposes as, but not limited to the following: budgeting, obtaining, allocating or

obligating funds for the project. Documents developed at this time remain preliminary and are subject to review by the COUNTY and potentially others. Changes dictated at that time and ultimately incorporated into the final plans could impact published cost estimates.

d. Construction Cost Estimates at 90% Complete Construction Documents.

A construction cost estimate for purposes of this Agreement is an estimate prepared on the basis of the engineering/architectural data and other detailed information set forth in the drawings and specifications, which are to be used as a basis for obtaining bids or price proposals for construction of the project. The COUNTY regards the 90% Complete Construction Documents as 100% complete by the CONSULTANT pending approval by authorities having jurisdiction, revisions completed as a result of bidders Requests for Information, which clarify intended scope, and final COUNTY review. This type of estimate shall be accurate within plus or minus ten percent (10%) of the cost of the construction of the project. The accuracy and reliability of a CONSTRUCTION COST ESTIMATE is vital to the COUNTY'S interests because it may be used for such purposes as, but not limited to the following: budgeting, obtaining, allocating or obligating funds for the project; evaluating and determining the reasonableness and acceptableness of bids or price proposals for construction projects.

In the event the COUNTY solicits and receives bids or price proposals from Contractors on a construction project based on 90% drawings, specifications, and a 90% CONSTRUCTION COST ESTIMATE prepared by the CONSULTANT, and the lowest bid or price proposal, submitted by a responsive and responsible bidder or proposer, which bid or price proposal exceeds the amount of the CONSULTANT'S FINAL CONSTRUCTION COST ESTIMATE by more than the percent accuracy set forth

hereinabove in paragraph d, the CONSULTANT shall, upon notification by the COUNTY, assume responsibility for and proceed to provide and perform the following service without additional compensation:

The CONSULTANT will, subject to the review and approval of the COUNTY, modify at its expense the drawings, specifications, and related bidding and contract documents to the extent necessary to reduce the anticipated construction costs so that the re-solicitation of bids or price proposals will realize bids or price proposals being received that are within the range of accuracy established for the CONSTRUCTION COST ESTIMATE prepared by the CONSULTANT. Any such modifications made by the CONSULTANT shall not conflict with the functional or operational requirements established by the COUNTY for the project as defined in the detailed BASIS OF DESIGN document prepared by the CONSULTANT and approved by the COUNTY at the initial stages of the work as set forth under this agreement or as modified by Change Orders or Supplemental Task Authorization(s) issued thereto, nor shall any such modifications conflict with established rules, regulations, requirements or professional standards pertaining to the drawings and specifications prepared by the CONSULTANT, nor shall such modifications adversely affect the safe use or operation of the construction project.

In the event (1) the CONSULTANT modifies design, specifications, drawings, and related bidding and contract documents, and (2) the re-solicitation of bids or price proposals do not result in bids or price proposals being received from a responsive and responsible bidder or proposer that are within the established percent accuracy of the CONSULTANT'S CONSTRUCTION COST ESTIMATE, the costs associated with the CONSULTANT'S preparation and development of the CONSTRUCTION COST ESTIMATE shall be recoverable by the COUNTY by an appropriate reduction in the

CONSULTANT'S invoice requesting payment for services rendered. If, in response to its solicitation, the COUNTY receives less than three bids or price proposals for a project, there is a potential that such bids or priced proposals may not be a realistic representation of the costs expected to be associated with the project. If under such circumstances, and if in the professional judgment of the CONSULTANT, the low bid or the low priced proposal received from a responsive bidder or proposer does not realistically represent the costs associated with the project, the CONSULTANT, with appropriate documentation, may deem it appropriate to recommend the COUNTY reject any such bid(s) or priced proposal(s). If under such circumstances, the COUNTY concurs with the CONSULTANT'S recommendation and rejects the bid(s) or priced proposal(s), the COUNTY will not hold the CONSULTANT obligated to, modify the specifications, design, drawings, and related bidding and contract documents as set forth hereinbefore.

SECTION III – TIME FOR COMPLETION

The services to be rendered by the CONSULTANT for each section of the work shall commence upon receipt of a written Work Order from the Director subsequent to the execution of this Agreement, and shall be completed within the time stated in the Work Order.

A reasonable extension of time shall be granted in the event there is a delay on the part of the COUNTY in fulfilling its part of the Agreement or should a Force Majeure, as defined in Section IV hereof, render performance of the CONSULTANT's duties impossible. Such extensions of time shall not be cause for any claim by the CONSULTANT for extra compensation.

SECTION IV– FORCE MAJEURE

Force Majeure shall mean an act of God, epidemic, lightning, earthquake, fire, explosion, hurricane, flood or similar occurrence, strike, an act of a public enemy, or blockade, insurrection, riot,

general arrest or restraint of government and people, civil disturbance or similar occurrence, which has had or may reasonably be expected to have a material adverse effect on the rights and obligations under this Agreement, and which, by the exercise of due diligence, such parties shall not have been able to avoid. Such acts or events DO NOT INCLUDE inclement weather (except as noted above) or the acts or omissions of sub-consultants/subcontractors, third-party consultants/contractors, material men, suppliers, or their subcontractors, unless such acts or omissions are otherwise encompassed by the definition set forth above.

No party hereto shall be liable for its failure to carry out its obligations under the Agreement during a period when such party is rendered unable, in whole or in part, by Force Majeure to carry out such obligations, but the obligation of the party or parties relying on such Force Majeure shall be suspended only during the continuance of any inability so caused and for no longer period of said unexpected or uncontrollable event, and such cause shall, so far as possible, be remedied with all reasonable dispatch.

It is further agreed and stipulated that the right of any party hereto to excuse its failure to perform by reason of Force Majeure shall be conditioned upon such party giving, to the other party or parties, written notice of its assertion that a Force Majeure delay has commenced within ten (10) working days after such commencement, unless there exists good cause for failure to give such notice, in which event, failure to give such notice shall not prejudice any party's right to justify any non-performance as caused by Force Majeure unless the failure to give timely notice causes material prejudice to the other party or parties.

SECTION V – COMPENSATION

The COUNTY agrees to pay and the CONSULTANT agrees to accept, for services rendered pursuant to this Agreement, fees and other compensation computed in accordance with one or a combination of the methods outlined below:

A. Fee as a Multiple of Direct Salary Cost and Fixed Hourly Rate

The fee for services rendered by the CONSULTANT's personnel, principals excluded, shall be computed based on the direct salary cost, as reported to the Internal Revenue Service, for the time of said personnel engaged directly in the work, times negotiated multipliers of **2.85** for Office Personnel, and **2.25** for Field Personnel and/or personnel on loan, which shall mean that they are under the direct supervision of the COUNTY's Seaport Department and the Department provides office space, computers and communication equipment. Office Personnel shall mean personnel that are located in the home offices of the CONSULTANT and or Sub-consultant(s). Field Personnel/personnel on loan shall mean personnel that are performing duties outside of the home offices of the CONSULTANT and or Sub-consultant(s), for more than 30 days. Time worked by the CONSULTANT and/or Sub-consultant(s) for this entire period shall be at the Field/on loan personnel rate. This fee structure shall constitute full compensation to the CONSULTANT for costs incurred in the performance of the work such as overhead, fringe benefits, operating margin and all other costs not covered by reimbursable expenses. Furthermore, the maximum raw hourly rates for the Consultant and Sub-consultants are capped and set not to exceed as follows:

Program Director, QA Officer and Chief Technical Staff	$75.00	Technical Staff	$50.00
Project Management Staff	$75.00	CADD and Graphics Staff	$30.00
Senior Technical Staff	$65.00	Administrative/Clerical Staff	$25.00

The COUNTY has the right to verify these multipliers through an audit.

1. The CONSULTANT and its Sub-consultants shall be compensated at the flat rate of **$130.00** per hour for the time of principals engaged directly in the work. This rate shall not be subject to the negotiated multiplier and shall be applied to the time spent on requested work by the following principal(s).

The COUNTY reserves the right to substitute principals in its sole discretion upon request by the CONSULTANT.

2. Overtime work considered necessary and previously authorized by the Director in writing shall be compensated at time-and-a-half of the labor rate normally paid to the employee, for personnel below the level of project engineer or project architect, as defined by the Director. Overtime is defined as work in excess of 40 hours per week. Principals shall not receive additional compensation for performance of overtime work.

3. Labor rates shall be in accordance with the list of employees and rates supplied by the CONSULTANT and its sub-consultants, and made a part hereof as Attachment "A".

4. The CONSULTANT and its sub-consultants shall not invoice the COUNTY for charges for office, rent or overhead expenses of any kind, including but not limited to, insurance, local telephone (including cellular service) and utility charges, office/drafting supplies, depreciation of equipment, professional dues, subscriptions, computer software/hardware, reproduction of drawings and/or specifications, mailing, stenographic, clerical, nor shall it invoice for other employee time or travel and substance not directly related to the work. The multiple factor set forth above shall cover all such costs pertinent to the work.

5. All payments to Sub-consultant(s) employed hereunder shall be the sole responsibility of the CONSULTANT unless otherwise provided for herein or within a Work Order. The CONSULTANT shall not submit invoices, which include charges for services by Sub-consultant(s), unless such services have been performed satisfactorily and the charges are, in the opinion of the CONSULTANT, payable to such Sub-consultant(s). The CONSULTANT shall promptly make all payments to such Sub-consultant(s) following receipt by the CONSULTANT of corresponding payment from the

COUNTY. Prior to any payments to Sub-consultant(s), the CONSULTANT shall, if requested by the Director, furnish to the COUNTY a copy of the agreement(s) providing for such payments. Compensation rate to Sub-consultant(s) authorized by the Director as services shall not exceed the CONSULTANT's rates above unless otherwise approved in advance by the Director.

B. Lump sum Fee

The fee for any requested portion of work may, at the option of the COUNTY, be a lump sum mutually agreed upon by the Director and the CONSULTANT and stated in the written Work Order. Lump sum fees may or may not include reimbursable expenses.

C. Reimbursable Expenses

The CONSULTANT shall be compensated on a direct reimbursement basis for certain work related expenditures not covered by fees for consulting services, provided such expenditures are reasonable and previously authorized by the Director. Reimbursable expenses may include:

1. INDEPENDENT PRIVATE SECTOR INSPECTOR GENERAL: The attention of the Contractor/Consultant is hereby directed to the requirements of AO 3-20 and R-516-96; the County shall have the right but not the obligation to retain the services of an independent private-sector inspector general (IPSIG) who may be engaged to audit, investigate, monitor, oversee, inspect and review the operations, activities and performance of the Contractor/Consultant and County in connection with this contract/agreement. The scope of services performed by an IPSIG may include, but are not limited to, monitoring and investigating compliance with Contract Specifications; project costs; and investigating and preventing corruption and fraud.

The IPSIG may perform its services at all levels of the contracting and procurement process, including but not limited to project design, establishment of bid specifications, bid submittals, activities

of Contractor/Consultant, its officers, agents and employees, lobbyists, County staff and elected officials.

Upon (10) ten days written notice to Contractor/Consultant from an IPSIG, the Contractor/Consultant shall make all requested records and documents available to the IPSIG for inspection and copying. The IPSIG shall have the right to examine all documents and records in the Contractor's/Consultant's possession, custody or control which, in the IPSIG's sole judgment pertain to performance of the Contract, including but not limited to, original estimate files; change order estimate files; worksheets; proposals and agreements from and with successful and unsuccessful subcontractors/subconsultants and suppliers; all project-related correspondence, memoranda, instructions, financial documents, construction documents, bid and contract documents, back-charge document; all documents and records which involve cash, trade or volume discounts, insurance proceeds, rebates, or dividends received; payroll and personnel records; and supporting documentation for the aforesaid documents and records.

The provisions in this Section shall apply to the Contractor/Consultant, its officers, agents and employees. The Contractor/Consultant shall incorporate the provisions in this section in all subcontracts and all other agreements executed by the Contractor/Consultant in connection with the performance of this agreement. Nothing in this contract shall impair any independent right of the County to conduct audit or investigative activities. The provisions of this Section are neither intended nor shall they be construed to impose any liability on the County by the Contractor/Consultant or third parties.

SECTION XXIV – AFFIRMATIVE ACTION

The CONSULTANT'S Affirmative Action Plan submitted pursuant to Miami-Dade County Code Section 2-8.1.5, as approved by the Department of Small Business Development, and any approved update thereof, are hereby incorporated as contractual obligations of the CONSULTANT to

Miami-Dade County hereunder. The CONSULTANT shall undertake and perform the affirmative actions specified herein. The Director may declare the CONSULTANT in default of this Agreement for failure of the CONSULTANT to comply with the requirements of this paragraph.

SECTION XXV – PROMPT PAYMENT TO SMALL BUSINESS SUBCONSULTANTS

The CONSULTANT's attention is directed to Miami-Dade County Section 2-8.1.4, providing for expedited payments to small businesses by county agencies and the Public Health Trust; creating dispute resolution procedures for payment of county and Public Health Trust obligations; and requiring the prime contractor to issue prompt payments, and have the same dispute resolution procedures as the COUNTY, for all small business subcontractors. Failure to the prime contractor to issue prompt payment to small businesses, or to adhere to its dispute resolution procedures, may be cause for suspension, termination, and debarment, in accordance with the terms of the county contract or Public Health Trust contract and debarment procedures of the COUNTY.

SECTION XXVI - SANCTIONS FOR CONTRACTUAL VIOLATIONS

Proposal and contract documents shall provide that, notwithstanding any other penalties for firms that have discriminated in violation of Article VII of Chapter 11A of the Code, the COUNTY may terminate the contract or require the termination or cancellation of the sub-consultant contract. In addition, a violation by a respondent or sub-consultant to the respondent, or failure to comply with the Administrative Order (A.O.) 3-39 may result in the imposition of one or more of the sanctions listed in the A.O.

SECTION XXVII – BUSINESS APPLICATION AND FORMS

The CONSULTANT shall be a registered vendor with the COUNTY – Department of Procurement Management, for the duration of this Agreement. It is the responsibility of the CONSULTANT to update and file the Vendor Registration Package, including a Uniform Affidavit

Packet (Affidavit form) with the Department of Procurement Management (DPM), Vendor Assistance Unit for any changes for the duration of this Agreement, including any option years.

The Proposer is responsible for obtaining the Vendor Registration Package, including all affidavits by downloading from the DPM website at www.miamidade.gov or from the Vendor Assistance Unit at 111 N.W. 1st Street, 13th Floor, Miami, FL 33128.

Section 2-11.1(d) of Miami-Dade County Code, requires any county employee or any member of the employee's immediate family who has a controlling financial interest, direct or indirect, with Miami-Dade County or any person or agency acting for Miami-Dade County from competing or applying for any such contract as it pertains to this solicitation, must first request a conflict of interest opinion from the COUNTY's Ethic Commission prior to their or their immediate family member's entering into any contract or transacting any business through a firm, corporation, partnership or business entity in which the employee or any member of the employee's immediate family has a controlling financial interest, direct or indirect, with Miami-Dade County or any person or agency acting for Miami-Dade County and that any such contract, agreement or business engagement entered in violation of this subsection, as amended, shall render this Agreement voidable. For additional information, please contact the Ethics Commission hotline at (305) 579-2593.

SECTION XXVIII – ERRORS AND OMISSIONS

The COUNTY shall maintain a record of all construction changes that shall be categorized according to the various types, causes, etc. that the COUNTY may determine are useful or necessary for its purposes. Among those categories are construction changes caused by design errors or omissions in the bid documents that were prepared by the CONSULTANT. For the purposes of this contract provision, errors and omissions shall be dealt with differently, as follows:

A. Errors

It is specifically agreed that any construction changes identified by the COUNTY as an error in the bid documents that were prepared by the CONSULTANT may constitute an additional cost to the COUNTY that would not have been incurred without the error. The CONSULTANT agrees to be responsible for direct damages to the COUNTY, to the extent such damages were caused by the CONSULTANT'S negligence.

B. Omissions

It is further specifically agreed for purposes of this agreement that any construction changes identified by the COUNTY as an omission in the bid documents that were prepared by the CONSULTANT may constitute an additional cost to the COUNTY that would not have been incurred without the omission. The CONSULTANT agrees to be responsible for direct damages to the COUNTY, to the extent such damages were caused by the CONSULTANT'S negligence.

The CONSULTANT shall participate in all negotiations with the contractor related to this section. Such CONSULTANT participation shall be at no additional cost to the COUNTY. Failure by the CONSULTANT to participate in the negotiations with the contractor shall constitute a waiver of CONSULTANT's rights to contest the appropriateness or amount of any settlements or change orders.

To obtain recovery for errors and/or omissions covered in paragraphs A and B above, the COUNTY shall deduct from funds due the CONSULTANT in this or any other contract the CONSULTANT may or will have with the COUNTY up to the amount of the CONSULTANT'S insurance deductible. Should the damages incurred by the COUNTY exceed the CONSULTANT'S insurance deductible, the COUNTY shall look to the CONSULTANT and the CONSULTANT'S insurer for the remaining amount of additional damages incurred by the COUNTY. In executing this agreement, the CONSULTANT specifically agree to the reasonableness of these damage calculations

and to the COUNTY'S right to recover same as stated above provided, however, the Parties agree that in no event shall CONSULTANT be responsible for the cost of construction changes to the extent that such changes are determined to be a betterment to the COUNTY. The recovery of additional costs to the COUNTY under this Section shall not preclude or limit in any way the CONSULTANT'S indemnification obligations to the COUNTY pursuant to Section XX of this Agreement, or preclude or limit in any way recovery for other separate and/or additional damages that the COUNTY may otherwise incur."
