EXPLANATION:

A Notice to Professional Consultants (NTPC) was advertised on June 18, 2013. Five (5) proposals were submitted on July 10, 2013, in response to the NTPC. All respondents were found in compliance with the Technical Certification requirements of the NTPC established for this solicitation.

The Competitive Selection Committee (CSC) appointed by the County Mayor conducted a First Tier Meeting on October 30, 2013, to evaluate the proposals received. All five (5) firms were evaluated in accordance with Section 2-10.4 of the Miami-Dade County Code, Implementing Order 3-34, and Administrative Order 3-39. Local Preference was not applicable to the First-Tier Evaluation because all responsive firms were local. As a result, the final ranking was based on total ordinal scores. The final rankings for the top three (3) firms were as follows: Firm No. 1, Jacobs Engineering Group, Inc. (Jacobs), received 4 points; Firm No. 2, Rodriguez and Quiroga Architects Chartered (Rodriguez), received 7 points; and Firm No. 3, Perez & Perez Architects Planners, Inc. (Perez), received 7 points. In accordance with Administrative Order 3-39, the tiebreaker utilized to break the tie for second and third place was the total qualitative scores. The qualitative scores were 423 points for Rodriguez and 412 points for Perez, resulting in a second place ranking for Rodriguez, and a third place ranking for Perez.

Based on the CSC's professional expertise and by a unanimous vote, the CSC shortlisted the top three (3) respondents for a Second Tier Evaluation with oral presentations. A Second Tier Meeting was held on November 25, 2013. The three (3) respondents were evaluated in accordance with Administrative Order 3-39. The final ordinal rankings for the firms were as follows: Firm No. 1, Rodriguez, received 9 points; Firm No. 2, Perez, received 10 points; and Firm No. 3, Jacobs, received 11 points. Based on the above results, the CSC recommended that negotiations be conducted with Rodriguez.

Subsequently, on December 5, 2013, all three (3) firms were found in compliance with the Community Business Enterprise requirements established for this solicitation. The County Mayor's Designee, Director of the Internal Services Department, concurred with the CSC and on February 24, 2014, the first negotiation meeting was held. After three negotiations, the Negotiation Committee arrived at a schedule of rates that was fair and reasonable to provide portwide wayfinding services for PortMiami.

PortMiami staff exercised due diligence to determine Consultant responsibility for Rodriguez. The lists that were referenced include: Sun Biz, Dun & Bradstreet, convicted vendors, debarred vendors, delinquent contractors, suspended vendors and federal excluded parties. There were no adverse findings relating to the Consultant's responsibility. In addition, PortMiami staff compiled information regarding Rodriguez's prior experience with the County. Although there are no evaluations on record for Rodriguez in the Capital Improvement Information System, Rodriguez has performed work for several projects issued under the Miami-Dade Aviation Department's (MIA) Agreement for MIA Terminal Building and Hotel Refurbishment. PortMiami confirmed with MIA's Project Manager that Rodriguez's performance for these services was above satisfactory. In addition, PortMiami staff reviewed the business references included in Rodriguez's proposal and deemed their experience for this project to be satisfactory. Based on the above, it is recommended that this Agreement be awarded in the not to exceed amount of $650,000.00, to Rodriguez and Quiroga Architects Chartered.

Background

BACKGROUND: PortMiami seeks to hire professional services to update wayfinding and signage on the Port as outlined in the Port's 2035 Master Plan supplemental report "Wayfinding and Signage Analysis of the Port of Miami". Currently the Port is undergoing major changes in infrastructure and operations including the construction of the Port Tunnel, Intermodal and Rail Reconnection project, new Cruise Terminals and upgrades to existing terminals, new Ferry Service, a new commercial development area, relocation of cargo services, consolidation of the Cargo Gates, and redistribution of the existing property boundaries for the Cargo Terminals. In addition to these projects, the Port's 2035 Master Plan outlines several Capital Infrastructure projects, which the Port will seek to commence within the next few years. Most importantly, the Consultant must coordinate the development of the wayfinding to create a cohesive signage program with the Florida Department of Transportation on the current Port Tunnel project, with anticipated Commercial Advertising on-port, and the Port's Development Guidelines as outlined in the Port Zoning Ordinance (pending adoption).

Contract Measures Recommendation

Measure	Program	Goal Percent
Goal	CBE	12.00%

Reasons for Recommendation

This project meets all the criteria set forth in I.O. # 3-32, Section V.

An attempt was made at making this PSA a Tier 1 CBE Set-Aside; however, an insufficient availability of Tier 1 CBE (Architectural Firms) certified in 14.00 & 18.00, and meeting the minimum requirements of "Wayfinding" precluded this; (one (1) CBE firm met the requirements as a prime); a 25% CBE sub-consultant goal was also considered using Technical Categories (8.00, 11.00, 13.00, 16.00 & 17.00) and meeting the same requirements; however, final recommendation of a 12% CBE goal is being made, based on the fact that some responders are part of contracts that precludes them from participating on this contract; (please note, 75% of the scope of work is identified for the prime and the remaining 25% for sub-consultants).

SECTION XXIII – OFFICE OF MIAMI-DADE COUNTY INSPECTOR GENERAL

According to Section 2-1076 of the Code of Miami-Dade County, Miami-Dade County has established the Office of the Inspector General (IG) which may, on a random basis, perform audits, inspections, and reviews of all County/Trust contracts. This random audit is separate and distinct from any other audit by the County. To pay for the functions of the Office of the Inspector General, any and all payments to be made to the Contractor/Consultant under this contract will be assessed one quarter (1/4) of one (1) percent of the total amount of the payment, to be deducted from each progress payment as the same becomes due unless, as stated in the Special Conditions, this Contract is federally or state funded where federal or state law or regulations preclude such a charge. **The Contractor/Consultant shall in stating its agreed process be mindful of this assessment, which will not be separately identified, calculated or adjusted in the proposal or bid form.** The audit cost shall also be included in all change orders/amendments and all contract renewals and extensions.

The Miami-Dade Office of Inspector General is authorized to investigate County affairs and empowered to review past, present and proposed County and Public Health Trust programs, accounts, records, contracts and transactions. In addition, the Inspector General has the power to subpoena witnesses, administer oaths, require the production of witnesses and monitor existing projects and programs. Monitoring of an existing project or program may include a report concerning whether the project is on time, within budget and in conformance with plans, specifications and applicable law. The Inspector General shall have the power to audit, investigate, monitor, oversee, inspect and review operations, activities, performance and procurement process including but not limited to project design, bid specifications, (bid/proposal) submittals, activities of the (Contractor/ Vendor/ Consultant), its officers, agents and employees, lobbyists, County and Public Health Trust staff and elected officials in order to ensure compliance with contract specifications and to detect fraud and corruption.

Upon ten (10) days written notice to the (Contractor/ Vendor/ Consultant) shall make all requested records and documents available to the Inspector General for inspection and copying. The Inspector General shall have the right to inspect and copy all documents and records in the (Contractor/Vendor/Consultant's) possession, custody or control which in the Inspector General's sole judgment, pertain to performance of the contract, including, but not limited to original estimate files, change order estimate files, worksheets, proposals and agreements from and with successful subcontractors and suppliers, all project-related correspondence, memoranda, instructions, financial documents, construction documents, (bid/proposal) and contract documents, back-change documents, all documents and records which involve cash, trade or volume discounts, insurance proceeds, rebates, or dividends received, payroll and personnel records and supporting documentation for the aforesaid documents and records.

The (Contractor/ Vendor/ Consultant) shall make available at its office at all reasonable times the records, materials, and other evidence regarding the acquisition (bid preparation) and performance of this contract, for examination, audit, or reproduction, until three (3) years after final payment under

this contract or for any longer period required by statute or by other clauses of this contract. In addition:

1. If this contract is completely or partially terminated, the (Contractor/ Vendor/ Consultant) shall make available records relating to the work terminated until three (3) years after any resulting final termination settlement; and
2. The (Contractor/ Vendor/ Consultant) shall make available records relating to appeals or to litigation or the settlement of claims arising under or relating to this contract until such appeals, litigation, or claims are finally resolved.

The provisions in this section shall apply to the (Contractor/Vendor/Consultant), its officers, agents, employees, subcontractors/subconsultants and suppliers. The (Contractor/Vendor/Consultant) shall incorporate the provisions in this section in all subcontracts and all other agreements executed by the (Contractor/Vendor/Consultant) in connection with the performance of this contract.

Nothing in this section shall impair any independent right to the County to conduct audits or investigative activities. The provisions of this section are neither intended nor shall they be construed to impose any liability on the County by the (Contractor/Vendor/Consultant) or third parties.

Exception: The above application of one quarter (1/4) of one percent fee assessment shall not apply to the following contracts: (a) IPSIG contracts; (b) contracts for legal services; (c) contracts for financial advisory services; (d) auditing contracts; (e) facility rentals and lease agreements; (f) concessions and other rental agreements; (g) insurance contracts; (h) revenue-generating contracts; (i) contracts where an IPSIG is assigned at the time the contract is approved by the Trust; (j) professional service agreements under $1,000; (k) management agreements; (l) small purchase orders as defined in Miami-Dade County Administrative Order 3-2; (m) federal, state and local government-funded grants; and (n) interlocal agreements. Notwithstanding the foregoing, the Trust may authorize the inclusion of the fee assessment of one-quarter (1/4) of one percent in any exempted contract at the time of award.

Nothing contained above shall in any way limit the powers of the Inspector General to perform audits on all Trust contracts including, but not limited to, those contracts specifically exempted above.

INDEPENDENT PRIVATE SECTOR INSPECTOR GENERAL: The attention of the Contractor/Consultant is hereby directed to the requirements of AO 3-20 and R-516-96; the County shall have the right but not the obligation to retain the services of an independent private-sector inspector general (IPSIG) who may be engaged to audit, investigate, monitor, oversee, inspect and review the operations, activities and performance of the Contractor/Consultant and County in connection with this contract/agreement. The scope of services performed by an IPSIG may include, but are not limited to, monitoring and investigating compliance with Contract Specifications; project costs; and investigating and preventing corruption and fraud.

The IPSIG may perform its services at all levels of the contracting and procurement process, including but not limited to project design, establishment of bid specifications, bid submittals, activities of Contractor/Consultant, its officers, agents and employees, lobbyists, County staff and elected officials.

Upon (10) ten days written notice to Contractor/Consultant from an IPSIG, the Contractor/Consultant shall make all requested records and documents available to the IPSIG for inspection and copying. The IPSIG shall have the right to examine all documents and records in the Contractor's/Consultant's possession, custody or control which, in the IPSIG's sole judgment pertain to performance of the Contract, including but not limited to, original estimate files; change order estimate files; worksheets; proposals and agreements from and with successful and unsuccessful subcontractors/subconsultants and suppliers; all project-related correspondence, memoranda, instructions, financial documents, construction documents, bid and contract documents, back-charge document; all documents and records which involve cash, trade or volume discounts, insurance proceeds, rebates, or dividends received; payroll and personnel records; and supporting documentation for the aforesaid documents and records.

The provisions in this Section shall apply to the Contractor/Consultant, its officers, agents and employees. The Contractor/Consultant shall incorporate the provisions in this section in all subcontracts and all other agreements executed by the Contractor/Consultant in connection with the performance of this agreement. Nothing in this contract shall impair any independent right of the County to conduct audit or investigative activities. The provisions of this Section are neither intended nor shall they be construed to impose any liability on the County by the Contractor/Consultant or third parties.

SECTION XXVIII – ERRORS AND OMISSIONS

The COUNTY shall maintain a record of all construction changes that shall be categorized according to the various types, causes, etc. that the COUNTY may determine are useful or necessary for its purposes. Among those categories are construction changes caused by design errors or omissions in the bid documents that were prepared by the CONSULTANT.
