Mayor 

Subject: Resolution Ratifying Vendors Added to Prequalification Pools During the Period Covering  
January 1, 2014 through June 30, 2014

Agenda Item No. 8(F)(5)

Resolution No. R-880-14

**Recommendation**

It is recommended that the Board of County Commissioners (Board) ratify the actions of the County Mayor or County Mayor's designee in the addition of vendors to various active open pool contracts. This item is being presented to the Board for approval in accordance with Resolution R-395-12, which requires that a report of vendors added to open pool contracts be provided to the Board for bi-annual ratification.

The attachment to this item, covering the period from January 1, 2014 through June 30, 2014, shows the 68 vendors added to prequalification pools during that time period. Additionally, as was requested by various Board members, each attachment now includes the small business certification designation, when applicable; the address of each vendor; and payments made to that vendor during the reporting period.

**Scope**

The scope of this item is countywide in nature.

**Fiscal Impact/Funding Source**

There is no fiscal impact associated with this item.

**Track Record/Monitor**

Procurement contracting staff in the Procurement Management Services Division of the Internal Services Department monitors these prequalification pools.

**Delegated Authority**

The County Mayor or County Mayor's designee is delegated the authority to add vendors to prequalification pools, subject to bi-annual ratification by the Board.

**Due Diligence**

Due diligence on all of these 68 vendors was conducted in accordance with the Internal Services Department's Procurement Guidelines to determine Contractor responsibility, including verifying corporate status and that there are no performance or compliance issues. The lists that were referenced include: convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties. There were no adverse findings relating to Contractor responsibility. This information is being provided pursuant to Resolution R-187-12.

**Background**

Open pool contracts are established in order to allow pre-qualified vendors to participate in spot market competitions for specified goods and services. The advantage to open pool contracts is that additional vendors, meeting the minimum qualification requirements as specified in a solicitation, can be added at any time during the contract term, which provides ongoing opportunities for vendors that want to business with the County. It is also an efficient and cost-effective means of contracting in that it reduces administrative work, both for staff and vendors wishing to participate in County contracts. Otherwise,

Honorable Chairwoman Rebeca Sosa  
and Members, Board of County Commissioners  
Page 2

County staff and vendors will be required to dedicate more time and administrative work associated with issuing new solicitations. Additionally, prequalification pools generally provide enhanced competition and improved pricing for the County.
