Memorandum

Date: October 7, 2014

To: Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor 

Subject: Resolution Requesting Non-Exclusive Perpetual Easements from the Board of Trustees of the Internal Improvement Trust Fund of the State of Florida to be Used for Road Right-of-Way for Two (2) Radius Returns, one (1) on the Southeast Quadrant of the Intersection of Theoretical NW 174 Street and NW 97 Avenue, and one (1) on the Southwest Quadrant of the Intersection of Theoretical NW 174 Street and Theoretical NW 94 Avenue, in Section 9-52-40 Commission District 12

Recommendation

It is recommended that the Board of County Commissioners (BCC) adopt the attached Resolution approving, requesting and authorizing the County Mayor or Mayor's designee to accept and record the conveyance of a Non-Exclusive Perpetual Easement from the Board of Trustees of the Internal Improvement Trust Fund (TIITF) of the State of Florida in a form acceptable to the County Attorney's office, to be used as road right-of-way for two (2) radius returns, one (1) on the Southeast quadrant of the intersection of theoretical NW 174 Street and NW 97 Avenue, and one (1) on the Southwest quadrant of the intersection of theoretical NW 174 Street and Theoretical NW 94 Avenue.

Scope

These rights-of-way fall within Commissioner Jose 'Pepe' Diaz's District 12.

Fiscal Impact/Funding Source

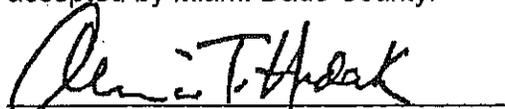

There is an approximate fiscal impact of \$38.00 annually since PWWM will be responsible for the maintenance of the subject parcels.

Track Record/Monitor

PWWM is the entity overseeing this project and the person responsible for monitoring these acquisitions is Mr. Leandro Ona, Chief, Roadway Engineering and Right-of-Way Division.

Background

The Board of Trustees of the Internal Improvement Trust Fund owns a parcel of land adjacent to NW 97 Avenue, portions of which are needed as radius returns at two different locations, in order to have the proposed improvements satisfy a Chapter 28 requirement that property lines at street intersections shall be rounded with a radius return. This portion of NW 97 Avenue is being improved by Prologis, Inc. which as part of a development condition, is required to build the infrastructure for their project and vicinity, including the extension of NW 97 Avenue north of NW 154 Street. These roads being improved will be dedicated to the Public once all improvements are completed and accepted by Miami-Dade County.
