WHEREAS, the Board of County Commissioners (hereinafter "this Board") had previously created the Miami-Dade Climate Change Advisory Task Force, established in July 2006 for a period of 5 years, through the adoption of Ordinance No. 06-113, which served as an advisory board to this Board on the issue of global warming climate change and was charged with identifying potential future climate change impacts to Miami-Dade County, while providing recommendations regarding mitigation and adaptation measures to respond to climate change; and

WHEREAS, the Miami-Dade Climate Change Advisory Task Force issued 57 multi-part recommendations regarding needed steps relative to adaption of natural systems, built environment, health and economic systems, as well as a series of Green House Gas mitigation recommendations, many of which were incorporated into GreenPrint, Miami-Dade County's community-wide sustainability plan developed in 2010; and

WHEREAS, in July 2013 this Board created the Miami-Dade Sea Level Rise Task Force through the adoption of Resolution No. R-599-13 to review the relevant data and prior studies, assessments, reports, and evaluations of the potential impact of sea level rise on vital public services and facilities, real estate, water and other ecological resources, water front property, and infrastructure; and

WHEREAS, at the direction of this Board, on July 1, 2014, the Miami-Dade Sea Level Rise Task Force issued a report with their findings that included an assessment of the likely and potential impacts to sea level rise and storm surge over time and a set of six recommendations relative to amendments to the CDMP, capital facilities planning, budgetary priorities and other County programs as necessary to ensure that Miami-Dade County is taking appropriate actions to reduce its contributions to climate-induced sea level rise and to ensure its resiliency to the increase in sea level rise, storm surge and related impacts which are expected to occur; and

WHEREAS, after making their recommendations, the Miami-Dade Sea Level Rise Task Force sunset and dissolved in July of 2014, pursuant to Resolution No. R-559-13; and
