Subject: Resolution Declaring as Surplus County-Owned Real Property Located at 8790 NW 103 Street, City of Hialeah Gardens and Authorizing Conveyance of a Portion to the Florida Department of Transportation for Construction of Sidewalks and Drainage System and Conveyance of Another Portion for a Temporary Construction Easement

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached resolution, which authorizes the following actions:

- Declares as surplus an 837 square foot portion (Parcel 125) of County-owned property located at 8790 NW 103 Street, Hialeah Gardens, Florida (Folio No. 27-3003-044-0020);
- Authorizes the conveyance of Parcel 125 at no cost per the attached formal donation request received from the Florida Department of Transportation (Attachment 1 to this transmittal memorandum), pursuant to Florida Statute 125.38;
- Waives Administrative Order 8-4 as it relates to review by the County's Planning Advisory Board because the property is located within the City of Hialeah Gardens; and
- Grants a 1,861 square foot temporary construction easement (Parcel 701) per the formal donation request received in the previously referenced Attachment 1 from the Florida Department of Transportation.

Scope

The property is located in County Commission District 12, which is represented by Commissioner Jose "Pepe" Diaz.

Fiscal Impact/Funding Source

The conveyance of this 837 square foot property (Parcel 125) will eliminate the County's obligation to maintain the property, which is approximately \$20 per year.

Track Record/Monitoring

Shannon Clark of the Internal Services Department, Real Estate Development Division, is managing the conveyance of this property and the granting of a temporary construction easement.

Delegation of Authority

Authorizes the County Mayor or the County Mayor's designee to convey Parcel 125 at no cost; take all actions necessary to accomplish the conveyance of Parcel 125 and the granting of a temporary construction easement on Parcel 701; authorizes the Chairman or Vice Chairman of the Board to execute a County Deed for the conveyance of Parcel 125; and authorizes the County Mayor or the County Mayor's designee to execute the temporary construction easement for Parcel 701.

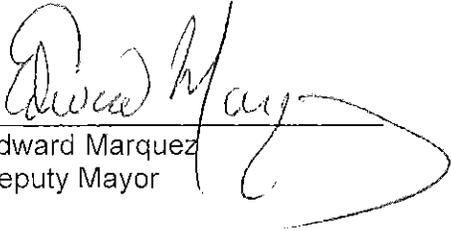

Background

The Florida Department of Transportation and the County's Public Works and Waste Management Department are planning roadway improvements from NW 74 Street to NW 103 Street (State Road 932) in order to construct NW 87 Avenue as a continuous road that will make NW 87 Avenue a major north-south corridor from Black Point Marina to I-75 in the County. Construction is expected to begin October 2015 and to last approximately three (3) years.

Parcel 125 is located in the southeast quadrant of the intersection of NW 87 Avenue and NW 103 Street, and is required for the construction of a six-foot sidewalk, curbs, and a gutter and drainage system. Parcel 701 is required for a temporary construction easement for work associated with impacts to the sidewalk and road drainage system.

The Florida Department of Transportation has formally requested that the County convey Parcel 125 at no cost. The County acquired this property through Quit Claim Deed on June 19, 1978. The County has circulated this parcel to all County departments, as well as to the City of Hialeah Gardens to determine if there is another County or municipal need for this parcel, and none was determined. The Miami-Dade Fire Rescue Department owns the property and approves the conveyance of Parcel 125 and the granting of the temporary construction easement for Parcel 701.

Given the importance of this project, it is in the best interest of the County to convey this property and provide the temporary construction easement so that the Florida Department of Transportation is able to finalize this project. Additional property details are shown in the property map attached.

Dear Mr. Downey,

The Florida Department of Transportation and Miami-Dade County Public Works Department are planning roadway improvements from N.W. 74th Street to N.W. 103 Street (State Road 932). The construction of the N.W. 87th Avenue project is part of a major combined effort by the Department and Miami-Dade County to build NW 87th Avenue creating a continuous road that will make N.W. 87th Avenue a major north-south corridor from Black Point Marina to I-75 in Miami-Dade County. The planned improvement to the roadway will benefit the neighborhood community.

The Department has identified the above referenced parcels as being owned by Miami-Dade County. Parcels 125 & 701 are located in the northeast quadrant of the intersection of N.W. 87 Avenue and N.W. 103rd Avenue. Parcel 125 contains approximately 837 square feet as described in the attached Legal Description and Right of Way Parcel Sketch. Parcel 125 is needed for the purpose of constructing 6-foot sidewalk, curb and gutter and drainage system. Parcel 701 is a temporary construction easement containing 1,861 square feet and is described in the attached Legal Description and Right of Way Parcel Sketch. The easement is needed for harmonizing the impacts from the construction of the sidewalk and the road drainage system.
