To: Honorable Chairman Jean Monestime

From: Carlos A. Gimenez
Mayor 

Subject: Resolution Approving the FY 2015 Action Plan Funding Recommendations and Substantial Amendment to the FY 2013-2017 Consolidated Plan; Approving Voluntary Grant Reductions of CDBG and HOME funds; Approving Loan of HOME Program Income to Coquina Place Associates, Ltd., or Related Entity, for the Development of the Coquina Place Affordable Housing Project

This substitute differs from the original in that it adjusts the national objective requirement commensurate with the reduced funding recommendations for two (2) proposals in Exhibit 1, and clarifies the application of the Liberty City Set-aside for CDBG funds on page 6 of the Mayor's memorandum.

RECOMMENDATIONS

It is recommended that the Board of County Commissioners ("Board") authorize the County Mayor or County Mayor's designee to:

- Approve the FY 2015 Action Plan, which includes Substantial Amendments to the FY 2013-2017 Consolidated Plan and the FY 2015 Funding Recommendations, as identified in Exhibit 1, for \$9,077,964.87 of Community Development Block Grant ("CDBG"), \$2,342,405.25 of HOME Investment Partnerships ("HOME"), and \$960,995.00 of Emergency Solutions Grant ("ESG") programs.
- Approve the policy that no applicant for FY 2015 CDBG funds shall receive more than 20 percent of the funds available in each CDBG activity category, e.g., public service category, technical assistance category, etc. However, funding in excess of the 20 percent maximum may be recommended to ensure geographic coverage in a category throughout Miami-Dade County.
- Approve the submission of the FY 2015 Action Plan and Substantial Amendments to the FY 2013-2017 Consolidated Plan to the United States Department of Housing and Urban Development ("U.S. HUD") by August 12, 2015, the extended submission deadline approved by U.S. HUD in a letter dated April 1, 2015, which is attached hereto as Exhibit 2; and to execute all agreements necessary to implement the FY 2015 Action Plan with an effective date of January 1, 2015.
- Approve Voluntary Grant Reductions of the County's entitlement allocations for CDBG funds, in accordance with 25 C.F.R. 570.910, and HOME funds, in accordance with 24 C.F.R. 92.552(a), for a period of three (3) years. These reductions in future allocations from U.S. HUD to the County are recommended in lieu of repayment from the County's general revenue fund of CDBG and HOME funds used on activities that U.S. HUD has deemed ineligible. However, in the event that the Voluntary Grant Reductions proposed by the County are rejected by U.S. HUD, the Department will return to the Board for further approval. The following is a description of the reductions or repayments of CDBG and HOME funds, although the amount of

the CDBG reduction or repayment may be more than reported here pending final approval by U.S. HUD:

- U.S. HUD has placed the County on notice that it is required to repay CDBG funds used on ineligible projects in an amount of \$8,368,606.21. That amount may be reduced based upon County negotiations with U.S. HUD. The County has proposed to U.S. HUD that the amount of repayment be approximately \$5,606,334.40. The County is also requesting that U.S. HUD agree to a Voluntary Grant Reduction of the County's CDBG grant over the next three (3) fiscal grant years. The amount of reduction per year will be adjusted depending upon the final payment amount as determined by U.S. HUD.
- U.S. HUD has demanded the repayment of \$4,710,752.24 of HOME funds. The County has requested that U.S. HUD agree to a Voluntary Grant Reduction of the County's HOME grant in the amount of \$1,570,250.75 each year over the next three (3) fiscal grant years. This voluntary reduction was proposed by the County to U.S. HUD in a letter dated May 22, 2015, attached hereto as Exhibit 3A. U.S. HUD issued the final repayment amount for HOME funds in its April 6, 2015 letter, attached hereto as Exhibit 3, and, therefore, no decrease in this amount is anticipated.
- Approve a loan of HOME Program Income funds in an amount not to exceed \$760,406.41 to Coquina Place Associates, Ltd., or related entity, for the development of Coquina Place, an affordable housing project located at 11293 SW 216 Street, Miami, Florida, 33189. The Program Income funds to be loaned represent HOME funds loaned to Marbrisa Associates Ltd., which were prepaid by the developer and will now be re-loaned to the developer or a related entity. This HOME Program Income loan is recommended in accordance with Section 17-02 of the Miami-Dade County Code of Ordinances, which provides that any developer that repays its County affordable housing loan in full before the date on which the loan is due may, upon approval of the Board, have the repaid funds loaned to it, or a related entity, for additional eligible affordable housing projects.
- Execute all conditional loan commitments, standard shell contracts, standard shell loan documents, amendments, and other agreements necessary to accomplish the purposes of this Resolution. It is further recommended that the Board authorize the County Mayor or County Mayor's designee, upon determination that such actions are in the best interest of the County, to subordinate and/or modify the terms of contracts, agreements, amendments, and loan documents for projects and activities approved herein, so long as such modifications are approved by the County Attorney's Office and are not substantially inconsistent with this Resolution. It is recommended that the Board authorize the County Mayor or County Mayor's designee to exercise the termination, waiver, acceleration, cancellation, or other provisions set forth therein and authorize the County Mayor or the County Mayor's designee to execute other documents necessary to accomplish the purposes set forth in this Resolution.

SCOPE

The impact of this item is countywide in nature and includes all Commission districts. The attached Exhibit 1 contains the proposed CDBG, HOME, and ESG funding recommendations, which comprise of the FY 2015 Action Plan and the Commission districts to be served. Tables 2, 3, and 5 outline CDBG, HOME and ESG funding recommendations by category. Table 4 contains the Marbrisa Apartments

HOME loan pre-paid balance information. Exhibits 3 and 3A contain the U.S. HUD's final HOME repayment amount.

FISCAL IMPACT/FUNDING SOURCE

The County anticipates repayment to U.S. HUD for ineligible activities funded with up to \$8,368,606.21 of CDBG and \$4,710,752.24 of HOME funds, and proposes to repay those amounts through reductions to the County's annual CDBG and HOME allocations over a three-year period.

This item allocates through the FY 2015 Action Plan and Funding Recommendations \$9,077,964.87 of CDBG, \$2,342,405.25 of HOME and HOME Program Income, and \$960,995.00 of ESG funds. This item allocates HOME program income in an amount not to exceed \$760,406.41 to Coquina Place Associates, Ltd., or related entity, for the development of Coquina Place, an affordable housing project located at 11293 SW 216 Street, Miami, Florida, 33189. These allocations of federal funds have no negative fiscal impact on the County's General Revenue Fund.

If the County does not submit the FY 2015 Action Plan to the local U.S. HUD office by August 16, 2015, the allocation of CDBG, HOME, and ESG funds could be lost to Miami-Dade County.

TRACK RECORD/MONITOR

Michael Liu, Director, Public Housing and Community Development Department ("Department"), will monitor all CDBG, HOME, and ESG activities. Through the review of quarterly progress reports and site visits, the Department will monitor these projects to ensure compliance with federal guidelines and County policies.

BACKGROUND

The Department is the County's lead agency for coordination of the Consolidated Plan and adheres to the requirement that it make a single consolidated submission for the planning and application aspects of the federal CDBG, HOME, and ESG programs.

An annual Action Plan has to be created for each of the five (5) calendar years covered by the FY 2013-2017 Consolidated Plan. The annual Action Plan describes federal resources available to fund priority activities. Activities funded with federal resources must achieve a national objective, serve intended beneficiaries, or achieve other federally mandated objectives. These measures are used by U.S. HUD to assess whether a funded activity has achieved the purpose for which the funding was provided. Additionally, the annual Action Plan lists the activities to be undertaken and identifies the geographic distribution of activities, homeless and special needs activities, and other actions taken to address the goals and objectives of the Consolidated Plan. The annual Action Plan is updated on an ongoing basis as funds are reprogrammed throughout the program year.

CHALLENGES OF THE 2015 ACTION PLAN

The major challenge of the FY 2015 Action Plan is that funding has remained at a reduced level as needs increase. This year, the requests for funding totaled \$19,554,785.63 while the available resources for these needs totaled \$12,381,365.12. The federal allocation of CDBG is \$9,077,964.87 to address public service, economic development, housing, and public facilities/capital improvements needs, while funding requests for CDBG funds totaled \$16,700,886.63. Affordable housing funding requests for

federal funds are \$1,652,656.00, and the County's allocation of HOME is \$2,342,405.25. Homeless services requests totaled \$1,201,243.00, while available ESG funding is \$960,995.00. As part of its strategy, the County will continue to prioritize projects and activities that demonstrate an immediate readiness to proceed. The County will also continue to prioritize agencies that have demonstrated the organizational capacity to complete their respective activities in a timely manner. Further, the County will continue to improve upon its internal systems for monitoring projects and activities to effectively and efficiently identify those activities that may be experiencing delays. In addition, the County continues to evaluate the progress of projects throughout the year and to reprogram funding, where necessary, to assure the timely expenditure of funds.

This FY 2015 Action Plan marks a renewed commitment of the County's efforts to utilize its annual federal awards in a manner that will result in significant and sustainable redevelopment efforts in low- to moderate-income communities. Consistent with the Board's policy, this Action Plan seeks to prioritize economic development activities, housing needs, and services in the County's Neighborhood Revitalization Strategy Areas (NRSAs) and eligible block groups. Under this Action Plan, strong consideration was also given to projects and activities that scored highest in their respective categories. In most cases, these projects and activities met an underserved need, demonstrated a readiness to proceed, and are being implemented by seasoned, experienced agencies and developers with the capacity to achieve a national objective or another mandated objective, adhere to federal reporting requirements, and successfully manage the completion of the activity.

The 2015 HOME funding is recommended for homeless and non-homeless tenant-based rental assistance ("TBRA"), rental housing rehabilitation, and Community Housing Development Organization ("CHDO") housing and operating activities. For HOME funds allocated toward the new construction or rehabilitation of affordable housing, including HOME Program Income, the developer will be required to provide written proof of all financial commitment(s) covering the total development costs prior to closing. Following the Board's approval of the funding recommendations in the attached Exhibit 1, the County Mayor or County Mayor's designee will issue a Conditional Loan Commitment of HOME or HOME Program Income funds toward the development of the projects. This Conditional Loan Commitment requires numerous milestones to be met by the developer prior to the County executing a funding contract and expires within six (6) months unless renewed by the County Mayor or County Mayor's Designee. The Conditional Loan Commitment template is attached to this resolution as Exhibit 4. For projects recommended for funding, final funding approval shall be conditioned upon a full feasibility and underwriting analysis, which will be completed prior to financial closing and the release of funds, along with other conditions set forth in the Conditional Loan Commitment.

Due Diligence Review

Pursuant to Resolution No. R-630-13, all proposals underwent a due diligence review. Those findings are reported in Exhibit 5 and Exhibit 9. The following are a few of the findings:

- Little Havana Activities and Nutritional Center of Dade County, Inc. (LHANC) provides meals to low- and very-low income elderly residents of the County and operates its programs at four (4) of the County's public housing sites dedicated to the provision of services for the elderly. The elderly served are on fixed incomes and dependent on LHANC for daily hot meals. Other services provided for the elderly include nutrition education, health screening, physical fitness,

recreation, and transportation. Although funded to serve 42 elderly residents with meals with FY 2014 CDBG funds, LHANC served 180 elderly individuals with hot meals. The liability of LHANC is for the LHANC- Multigenerational Center. U.S. HUD has required the County repay \$1,200,000.00 due to an incomplete activity for which the national objective was not met. This liability pertains to a public facility expansion project and is unrelated to the much-needed elderly meals program. Accordingly, there is no opposition to LHANC receiving FY 2015 CDBG Public Service funds despite the negative finding in order to continue an essential service to elderly residents of the County. Notwithstanding the foregoing, the Department will pursue a settlement with LHANC for the liability project on the U.S. HUD audit repayment list.

- Similarly, Black Economic Development Coalition, Inc., d/b/a Tools For Change is on the U.S. HUD audit repayment list for the Black Economic Development Coalition (BEDC-Eco. Dev.) Technical Assistance. U.S. HUD has required the County to repay \$291,257.40 due to an incomplete activity for which the national objective was not met. Tools For Change has a good track record with assisting small businesses with both technical assistance and micro-enterprise lending for creation of jobs in underserved communities in the County. Based on its overall effectiveness in the community and its scores in the FY 2015 RFA, Tools For Change is recommended for CDBG funding. Notwithstanding the funding recommendations for Public Service and Economic Development activities, the Department will pursue a settlement with Tools For Change for the liability project on the U.S. HUD audit repayment list.

CITIZEN PARTICIPATION REQUIREMENTS

On March 16, 2015, the Department published the FY 2015 Housing and Non-Housing Request for Application (“RFA”) Books for CDBG, HOME, and ESG funding. Prior to its issuance, the draft document was released for public comments and questions, which resulted in a revised application and one addendum during the public comment period. The application period was March 16, 2015 through April 16, 2015. As reflected in Exhibit 6, the Department conducted a total of six (6) technical assistance workshops to provide the local community guidance on the RFA process and give the local community an opportunity to provide feedback to the Department in the various geographical areas of the County. A public hearing to provide an opportunity for public comments on the FY 2015 Action Plan and Substantial Amendments to the FY 2013-2017 Consolidated Plan is scheduled for June 11, 2015 at the Economic Prosperity Committee meeting.

Regulations governing the CDBG, HOME, and ESG programs require that the FY 2015 Action Plan be made available for public comments for a period of at least 30 days prior to the final decision on funding allocations by the Board. On May 27, 2015, the County published a public notice in the Miami Herald, informing the public of the availability of the FY 2015 Action Plan funding recommendations at specifically designated locations and on the County’s website. The final hearing on the FY 2015 Action Plan by the Board is proposed for June 30, 2015.

In addition to the requests for citizen participation through the above-stated announcements, from January 2014 through April 2015, the Department and the County’s Community Action and Human Services Department conducted more than 45 public community meetings, workshops, and training events to increase program awareness, monitor performance of ongoing activities, and to identify

priorities in the commission districts, NRSAs, and eligible block groups. Exhibit 6, attached hereto, identifies the meeting dates and locations.

FY 2015 FUNDING SOURCES

Consistent with the past several years, the FY 2015 Action Plan process continues to include the federally funded CDBG, HOME, and ESG programs. The close coordination of these programs and resources continues to be essential to preventing the duplication of funding, or funding an activity in excess of its actual needs. Table 1 below summarizes the coordination of FY 2015 funding sources:

Table 1: FY 2015 Funding Sources	
Federal Funds	
Community Development Block Grant (CDBG)	\$9,077,964.87
Home Investment Partnerships (HOME)	\$2,342,405.25
Emergency Solutions Grant (ESG)	\$960,995.00
Total All Sources:	\$12,381,365.12

Funding recommendations for all agencies are based on each agency’s ranking from the highest to lowest score in the funding category unless a due diligence liability precluded a recommendation for funding. With few exceptions, agencies are recommended for funding at 100 percent of their request until the available funds are exhausted.

The FY 2015 RFA included a new policy that no single applicant or entity, including affiliates and subsidiaries, could receive more than 20 percent of the total allocation for any CDBG category of funding. If submitting more than one application, the combined total request could not exceed the 20 percent cap for each CDBG funding category. However, the Department would recommend funding in excess of the 20 percent maximum to ensure geographical coverage throughout the County. This item seeks approval of this policy. Funding recommendations are in keeping with this policy and any entity that requested more than the 20 percent cap is noted in the Exhibit 1.

Liberty City Set-Aside

In an effort to create a positive impact in the County’s highest needs area, the Liberty City Boundary Limits, which is described on the map attached as Exhibit 7, two (2) funding sources were set aside for projects in this Liberty City area in the 2015 RFA: (1) a \$1,886,701.00 CDBG allocation set-aside for eligible activities, and (2) a \$1,000,000 HOME allocation set-aside for single-family rehabilitation to be administered by the Community Action and Human Services Department (“CAHSD”). The Department received 7 project proposals for the CDBG Liberty City Set-Aside funds totaling \$ 4,995,151.00. Only three projects could be recommended for funding at a level of \$455,182.20. The remaining four (4) projects consist of two (2) public service projects for which the 15 percent cap applies and may only be funded via Commission District Fund allocations. The remaining two (2) special economic development projects are not recommended for due diligence reasons including federal liens and lack of site control to perform the requested activity. Due to the deficit in eligible, viable projects proposed for the Liberty City area by respondents to the FY 2015 RFA, the Department will identify viable projects to meet the set-aside commitment and present those recommendations to the Board in subsequent items.

Additionally, upcoming RFAs will set aside Public Housing and Documentary Stamp Surtax funds for the Liberty City area in order to effectuate a positive impact. The Liberty City Set-Aside will complement the Liberty City Rising Mayor’s Initiative. The Liberty City area designated in Exhibit 7 includes the Model City NRSA area.

Community Development Block Grant (CDBG) Program

The FY 2015 CDBG allocation is \$10,946,743.00. The County proposed a \$1,868,778.13 repayment to U.S. HUD in the form of a \$1,868,778.13 reduction to the current year allocation; this would result in a net available amount of CDBG funds of \$9,077,964.87. Of the available CDBG funds, a total of \$5,577,599.95, or 76.8 percent, is recommended for activities in the Neighborhood Revitalization Strategy Areas (NRSAs). It is important to note that should the final repayment amount be higher, the funding allocations will need to be revised through an amendment.

Of the anticipated CDBG allocation, \$1,815,592.97, or 20 percent, is recommended for administration, in keeping with U.S. HUD regulations establishing the 20 percent cap on administrative expenditures. The Department will utilize \$1,713,592.97 to cover the cost of program administration. The Department of Regulatory and Economic Resources (“RER”) is recommended to receive \$102,000.00 for environmental clearances and State Historical Preservation Office reviews that are required for expenditure of federal funds for historic preservation properties. Table II within Exhibit 8 includes the amounts allocated to activities serving NRSAs by funding categories. The Consolidated Plan established the policy for 13 percent of the allocation by the Board to support eligible activities in their commission district and public service activities. Accordingly, each Commissioner allocates \$92,046.00 of which no more than \$43,130.00 of their Commission District Fund may support public service activities. Staff postponed the request for Commission District Fund (CDF) allocations to the Board in anticipation of a final pay back amount from U.S. HUD. As a result, the CDF amount of \$1,196,598.00 is allocated to a Public Housing Modernization activity in Exhibit 1. In the event these Commission District Fund allocation requests are received, a recapture item will be presented to the Board reducing the Public Housing Modernization activity and reallocating those funds to the activity identified by the District Commissioner. This subsequent item will be subject to a 30-day public comment period and a public hearing.

Table 2 reflects the recommendation of CDBG funding for administration, economic development, public facility/capital improvements, housing, and public service activities:

Table 2: FY 2015 CDBG Recommendations		
Category	Amount	% of Total
Administration	\$1,815,592.97	20%
Economic Development	\$3,357,570.29	37%
Housing (Public Housing Modernization)	\$1,196,598.00	13%
Public Facilities/Capital Improvements	\$1,907,198.88	21%
Public Services	\$801,004.73	9%

HOME Investment Partnerships Program (HOME) and HOME Program Income

The FY 2015 HOME allocation is \$3,165,656.00. The County anticipates a \$1,570,250.75 for the FY 2015 repayment to U.S. HUD in the form of a reduction to the current year HOME allocation. In addition to the annual allocation, \$747,000.00 of Program Income was made available through the County's administration of the HOME program, and \$763,634.43 of Program Income was made available through the pre-payment of the HOME loan to Marbrisa Associates Ltd., which was prepaid by the developer and will be re-loaned to Coquina Place Associates, Ltd., or related entity, as described in more detail below. The net available amount of HOME funds is \$2,342,405.25.

Requests for FY 2015 HOME funding totaled \$1,652,656.00. The HOME program is designed to strengthen public-private partnerships and to expand the supply of decent, safe, sanitary, and affordable housing, with primary attention on rental housing with the purpose of assisting families with incomes of 80 percent of area median income or less. FY 2015 HOME funding recommendations are for TBRA, rental rehabilitation, CHDO set-aside housing activities and CHDO operating costs, and administrative expenses. HOME program regulations stipulate that 15 percent of the County's annual allocation be set aside for investments only in housing activities that are owned, developed, or sponsored by a certified CHDO. Accordingly, Table 3 below reflects HOME funds that are recommended as set-asides for those certified CHDOs with qualifying projects and is inclusive of \$747,000.00 of HOME Program Income. All HOME funding recommendations for construction and rehabilitation are subject to the Conditional Loan Commitment and full credit underwriting provisions.

Table 3: FY 2015 HOME and HOME Program Income Funding Recommendations		
Category	Dollars	Percent

Liberty City Single-Family Rehab Set-Aside (CAHSD)	1,000,000.00	43%
Tenant-Based Rental Assistance (TBRA)	199,984.25	7%
Homeless Set-Aside (TBRA)	346,516.00	15%
Rental Rehabilitation	346,516.00	15%
Total HOME Funding:	\$2,342,405.25	100%

Pre-Paid HOME Loan

It is recommended that the Board approve a loan in the amount of \$760,406.41 of HOME Program Income funds to Coquina Place Associates, Ltd., or related entity, for the development of the Coquina Place affordable housing project. The loan recommended here consists of proceeds from previously awarded County HOME funding to Marbrisa Associates, Ltd. Marbrisa Associates, Ltd. borrowed \$1,000,000.00 of HOME funds from the County to develop the Marbrisa Apartments affordable housing project. Marbrisa Associates, Ltd. finished that project and had been making payments on its loan until mid-2014, when it pre-paid the entire balance. At the time of pre-payment, there was a balance on the loan of \$763,634.43, as reflected in Table 4.

Marbrisa Associates, Ltd. requested that the County re-loan it \$760,406.41 of the HOME funds pre-paid to the County, which became HOME Program Income upon repayment to the County. The \$760,406.41 of HOME Program Income funds will be used by Coquina Place Associates, Ltd., or related entity, for the completion of the Coquina Place affordable housing project, a 96-unit multi-family rental project located at 11293 SW 216 Street, Miami, Florida, 33189. A balance of \$3,228.02 will remain as Program Income. This re-loan of pre-paid affordable housing loaned funds is permitted by Section 17-02 of the Miami-Dade County Code of Ordinances. That section of the County Code states that an entity that has received a loan for affordable housing, which repays that loan in full before the maturity date, and may, upon the approval of the Board, have those funds re-loaned to it for its other eligible affordable housing projects without the need to compete again for those funds.

Coquina Place Associates, Ltd., or related entity, and the Coquina Place project will undergo a full credit underwriting prior to loan closing. This project was previously funded in FY 2014 with \$3,360,000.00 Surtax funds. Upon Board approval of this item, the County Mayor or County Mayor's designee will execute with Coquina Place Associates, Ltd., or related entity, the conditional loan commitment in substantially the form attached hereto as Exhibit 4. Upon loan closing, the loan will be subject to those loan terms prescribed in the FY 2015 Request for Applications for HOME multi-family projects.

Loan #	Project Name	Funding Source	Loan Amount	Maturity Date	Balance Pre-Paid	Pay-Off Date
23207	Marbrisa Apartments	HOME	\$500,000.00	7/24/2030	\$295,964.00	6/16/2014
23207	Marbrisa Apartments	HOME	\$500,000.00	2/1/2030	\$467,670.43	6/16/2014

Emergency Solutions Grant (ESG)

The County's FY 2015 ESG award is \$960,995.00. In accordance with the ESG regulations, the Department is recommending 60 percent of the FY 2015 grant for emergency shelter and outreach activities and the remaining funding homeless prevention and rapid re-housing, and program administration. The breakdown is reflected below in Table 5:

Category	Dollars	Percent
Administration	\$ 72,075.00	7.5%
Emergency Shelter and Outreach Activities	\$576,597.00	60%
Homeless Prevention and Rapid Re-Housing	\$312,323.00	32.5%
Total ESG Funding:	\$960,995.00	100%

SUMMARY

The County is committed to continuing to serve the low- and moderate-income residents and neighborhoods throughout the County and to achieving U.S. HUD national objectives. The County continues to work with its community development partners to enhance its programs and to better meet the public service, economic development, housing, and capital improvement needs of low- and moderate-income residents and neighborhoods. Exhibit 8 presents detailed discussions and tables that demonstrate the proposed programs and activities that would benefit from the award of FY 2015 CDBG funding.

FY 2015 Action Plan Submittal Extension

Dear Mr. Liu,

This is in response to the County's request dated March 30, 2015 on the above subject matter.

Based on the information provided and pursuant to 24 CFR 91.20, the Department is hereby granting an extension for additional time to submit its fiscal year (FY) 2015 Action Plan, no later than August 12, 2015. Please note that failure to submit the plan by August 16, 2015 will automatically result in a loss of federal funds to which the County would otherwise be entitled. This requirement is established by statute and cannot be waived.

The County must ensure that its citizens are notified and are provided an opportunity to comment on the plan. We also caution the County on the impact that delays in the submission of the Action Plan may have on the administration of HUD's programs.

This office is available to assist you in any way possible. If you have any questions regarding this correspondence, or any other program matter, please do not hesitate to contact Mr. Rafael Portuondo, Senior Community Planning and Development Representative at (305) 520-5016 or via e-mail; rafael.a.portuondo@hud.gov

Subject: HOME Remote Monitoring

Dear Mr. Liu,

This letter is in response to Gregg Fortner's letter to Deputy Assistant Secretary for Grant Programs, Yolanda Chavez's letter regarding the County's noncompliant HOME projects. You may have already learned that HUD has been working with Miami Dade County staff for over three years to resolve noncompliant HOME activities. HUD has agreed to give the County a partial credit for the Western Goulds Homeownership project and the Meridian Elderly/Homeless Apartment. However, because the remaining projects were not completed, the HOME funds expended are considered to be ineligible under HOME Program regulations at 24 CFR 92.205(e) and are required to be repaid under 24 CFR 92.503(b)(3). Accordingly, the repayment amount due from the eight projects that were terminated before completion has been adjusted from a total of \$6,080,101.00 to \$4,710,752.24. Please find a summary of the projects attached to this correspondence.

In Mr. Fortner's letter to DAS Chavez, he identified two repayment options, both permitted by HUD: 1) Full repayment, subject to the Board of County Commissioners approval from a local, non-Federal source; or, 2) Request to HUD for Voluntary grant Reduction, subject to the County submitting evidence of fiscal distress. In your response, please indicate how the County will repay the amount improperly expended to its local program account or line of credit. Generally, repayments for ineligible expenditures must be made in a single year. However, in certain circumstances, HUD may authorize a longer repayment period based on the amount of the ineligible costs and the ability of the County to repay. If the County decides to request a voluntary grant reduction of future HOME funds in lieu of repayment, please note that while this approach eliminates the financial burden to repay disallowed costs from local funds, it also reduces the amount of HOME funds available to address affordable housing or community development needs.

The request for a voluntary grant reduction must be in writing from the County's chief elected official and must include documentation supporting the County's inability to repay from non-Federal sources. In addition, the County must waive its right to notice and a hearing under 24 CFR 92.552.

HUD's mission is to create strong, sustainable, inclusive communities and quality affordable homes for all.

If you have any questions regarding the contents of this letter, please contact Mr. Rafael Portuondo, Sr. Community Planning and Development Representative at (305) 520-5016 or via email rafael.a.portuondo@hud.gov

Sincerely,

The County used HOME funds to acquire a site for the intended construction of a 10-unit townhome development. The project was terminated before completion and the developer repaid the County. The County provided documentation of repayment of \$252,354.38 from non-federal funds to the HOME Treasury account.

No repayment required.

Anchorage Apartments - IDIS Activity #2521

The County completed the sale of 26 units, but has six additional lease/purchase units remaining to be sold. Although this activity will remain open until the lease purchase units are transferred, it will no longer be flagged. Once completed, both IDIS activities funded with \$961,729 and \$500,000 respectively must be combined.

No repayment required.

Meridian Place Apartments – IDIS Activity #3181

The County submitted documentation that explains why the number of units originally proposed in IDIS (76) was reduced (to 34) and IDIS shows that the units were completed. The County submitted a recorded written agreement for the project that meets the requirements of a HOME project identifying seven (7) HOME units. Please provide documentation that the seven (7) units are fixed or floating. This can be covered in the County's Property Management Policies and Procedures.

No repayment required.

Miami Beach CDC / Villa Matti – IDIS Activity #4551

The project with \$1,500,000 HOME funds invested was completed in IDIS on 2/13/14 and beneficiary data verified.

No repayment required.

Sugar Hill Apartments – IDIS Activity #2272

The County expended a total of \$1,757,834 from 1999 through 2005 to complete the rehabilitation of the 192-unit rental project. The project was terminated before completion prior to receiving NSP funding to complete it.

Repayment Due: \$1,757,823.97

Alternative Programs – IDIS Activity #14

According to a written agreement with Alternatives, Inc. HOME funds totaling \$ 490,506.59 were used to purchase land in 1995 for a 48 unit transitional housing project. The land sat vacant for 16 years, until 2011, when NSP/II funds were used for an entirely different project, a 72 unit's garden-style apartment project (called Georgia Ayers). There is no written agreement which identifies the HOME units in this project. The original project was terminated before completion.

Repayment due: \$490,506.59.

Downtown Miami CDC – Flagler First Condo – IDIS #3194

Eleven (11) homebuyer units remain unsold and the County indicated the developer was working on selling homes to eligible homebuyers. HUD requested that the County produce documentation of these sales, e.g., sales contracts, or to provide a plan to convert the units to rental. No documentation has been provided.

Repayment due: \$1,000,000.

Tacolov/Western Goulds Project – IDIS Activities #13 and #136

The County funded the construction of 3 new homes and the rehabilitation of nineteen (19) existing homes, for total of twenty-two (22) homebuyer units assisted with HOME funds.

The County provided documentation and a cost allocation for 2 units that were sold to eligible homebuyers for \$31,867.81 credit. Activity #13 should be reduced to \$31,867.81 and completed for 2 units. All other HOME funds invested must be repaid. These activities do not have to be combined.

Repayment due: \$528,006 and \$148,132.19 respectively.

The Preserve – IDIS Activities #1741 and #2012

The County acquired a site for \$386,999.60 for the intended construction of 108 units of single family units. An additional \$85,000 was expended for project delivery costs for the first phase of construction, originally scheduled to be completed in 1997.

The County submitted documentation of an expenditure recovery totaling \$413,000 that is reflected in IDIS (shows as an 'Adjustment' made on 1/4/2007). The \$413,000 represents proceeds from the sale of the property and HUD will credit \$413,000 against the combined Preserve activities #1741 and #2012, totaling \$471,999.60.

Repayment due: \$58,999.60.

Little Haiti Housing Association (LHHA) Villa Jardin – IDIS Activity #4527

The County has determined that the project will not move forward. Nothing was constructed and a letter was sent to the developer requesting repayment of the HOME funds. The County is responsible for repayment of the funds regardless of whether funds may be recovered from the project develop.

Repayment due: \$46,150.89.

Capital Building Project – IDIS Activity #4099

The County indicates that the project was foreclosed in February 2010. Although the spreadsheet submitted by the County indicates \$1,000,000 was expended, this amount appears to be typographic error. According to IDIS, the amount expended was \$500,000.

Repayment due: \$500,000. (Note: \$492,436.14 from an expired grant must be repaid to the County's local account, while the balance of \$7,563.86 repaid to the HOME Treasury account).

RE: HOME Remote Monitoring - Voluntary Grant Reduction

Dear Ms. Chavis:

Miami-Dade County is in receipt of your letter dated April 6, 2015, providing a final repayment amount due from eight (8) projects that were terminated before completion totaling \$4,710,752.24. Although we initially thought we had two (2) options to address this balance it is clear that the only recourse is to request a grant reduction over the next three (3) years.

Enclosed is documentation that supports Repayment Option 2 noted in the July 2, 2014 letter to Deputy Assistant Secretary Chavez. Miami-Dade County is requesting the Voluntary Reduction in its Home Investment Partnerships (HOME) Program grant in the amount of \$4,710,752.24 to be paid over the next three fiscal years as follows: \$1,570,250.75 annually from FY 2015 through FY 2017. This request is due to the County's inability to repay from non-Federal sources as outlined in Exhibits 1 and 2. For seven (7) straight years, the County has experienced budget gaps that have resulted in lay-offs and service adjustments. Next year's budget is expected to experience fiscal challenges due to the County having to meet requirements put into place by the U.S. Department of Justice and a higher number of retirements than anticipated which will result in higher amounts in separation payouts than budgeted in the current fiscal year. In requesting this voluntary grant reduction and in accordance with Assistant Secretary Mercedes Marquez' May 15, 2012 Memorandum regarding Voluntary Grant Reductions in Lieu of Repayment for Ineligible Community Development Block Grant (CDBG) and HOME Activities, the following has been considered:

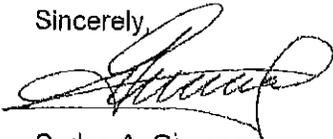

- 1) The County's financial condition as it pertains to its local appropriation. The County will adjust accordingly.
- 2) Fewer low- and moderate-income residents will benefit from HOME-assisted housing. This is necessary for the overall financial health of the County.
- 3) The impact on the County's commitment and expenditure requirements. We will plan accordingly.

- 4) The proposal to reduce the grant must be made public in accordance with the Consolidated Plan regulations in 24CFR Part 91. Understanding this requirement, the County is fully prepared to go to the community for public comment and present to our governing Board.

Further, in compliance with the Voluntary Grant Reduction, Miami-Dade County waives its right to notice and a hearing under 24 CFR 92.552.

Again, thank you for your continued support and assistance. If you require additional information or need to discuss further, please contact Michael Liu, Director of Miami-Dade Public Housing and Community Development (PHCD), at 786-469-4106 or mlu88@miamidade.gov.

Sincerely,

Carlos A. Gimenez

Conditional Loan Commitment

Date

To:

Re:

Dear Developer:

We are pleased to advise you that on _____ the Board of County Commissioners (BCC) approved a Conditional Loan Commitment for development activity at the above-listed property (the "Property"). The loan is conditionally committed for the payment of hard construction costs as a portion of the development costs to construct the affordable housing units on the Property. This Conditional Loan Commitment is made based upon the application submitted by Borrower in response to, for HOME funds, the Miami-Dade County Consolidated Request for Applications for FY 2015 Funding – Housing Application, Book Two (the "RFA") is subject to the following terms and conditions:

Borrower:

Project:

Loan Amount: The loan amount of not-to-exceed \$ _____ is the amount approved by the BCC in Resolution No. _____ and includes all terms and conditions of such BCC approval, including project scope, activity type and, for federal funds, national objective to be achieved (the "Loan"). The loan amount may be decreased as determined by the Mayor or the Mayor's designee, based on the information and documentation provided by Developer

Conditions: The Loan is conditioned upon the terms, conditions and requirements set forth below (the "Conditions"). The County shall not issue a final unconditional loan commitment, enter into a funding contract, close on the Loan or disburse the Loan funds until all the Conditions are met.

Collateral: Upon satisfaction of the Conditions, Miami-Dade County (County) and Borrower will enter into a funding contract and loan agreement. The Loan shall be evidenced by a promissory note and secured by a construction/permanent mortgage with assignment of leases and rents, a collateral assignment of leases and rents, a collateral assignment of construction documents, a rental regulatory agreement (where applicable), and any other security or collateral as deemed appropriate by the Mayor or Mayor's designee, in his or her sole discretion, with approval of the County Attorney's Office. Borrower shall additionally be required to provide the County with an environmental indemnification agreement, a UCC-1, title affidavit, partnership affidavit (if applicable), corporate resolution approving the loan documents, opinion of counsel, certification of borrower to borrower's counsel, and title

policy making the County an insured. The Collateral shall be determined based upon financial feasibility and subsidy layering underwriting to be performed by County staff in an internal process and by an independent underwriter and paid for by Borrower ("Underwriting") following review of a current title search. Additional forms of security may be required if liens, encumbrances, restrictions or covenants exist on the Property which the Mayor or Mayor's designee determines, in his or her sole discretion, threaten the County's Collateral. The Mayor or Mayor's designee shall determine, in his or her sole discretion and in consultation with the County Attorney's Office, whether the Collateral provided by Borrower is sufficient to close and disburse the Loan.

Interest Rate: Loan terms, including the interest rate, are those set forth in the RFA, on page 24 for HOME funds, or as modified prior to closing by the Mayor or Mayor's designee in accordance with the results of Underwriting.

Repayable: There will be no penalty for prepayment of the Loan (payment of Loan balance before the end of the repayment term). Repayment terms are those set forth in the RFA, on page 24 for HOME funds, or as modified prior to closing by the Mayor or Mayor's designee in accordance with the results of Underwriting. The prepayment of any Loan shall not affect the term of affordability set forth in the Rental Regulatory Agreement or in any of the other Loan Documents.

Term: The Loan will be for the period of time set forth in the RFA, on page 24 for HOME funds or, as it may be modified prior to closing by the Mayor or Mayor's designee in accordance with the results of Underwriting.

Conditions:

1. Underwriting, as explained above, shall include financial feasibility review, subsidy layering review, and credit review. Underwriting is performed to protect the County's scarce affordable housing funds and is performed to ensure that the Project has sufficient financing to be completed timely and that the Project is not over-subsidized, meaning the Loan is not needed or the Loan Amount is too high. The County reserves the right to reduce the Loan Amount subject to Underwriting. The County further reserves the right to refuse to issue a final, unconditional loan commitment to Borrower or to enter into a contract for the Loan or to close on the Loan in the event that Underwriting determines that the project is financially unfeasible or otherwise is unfeasible. The costs of Underwriting are to be paid by Borrower.
2. Borrower must prove control of the Property through purchase or lease, as evidenced by a deed or lease and recorded memorandum of lease in Borrower's name. Absence of any threat of foreclosure, taking by eminent domain, or pending bankruptcy are additionally required.
3. Borrower must provide the County with written financing commitments showing committed financing for the entire Development Cost of the Project, including any gaps between the Loan and the overall costs to develop the Project. The Development Cost of the Project means the total cost of completing the entire Project, from acquisition to the issuance of Certificate of Occupancy, including but not limited to the costs for acquisition, design and planning, zoning and variances, financing costs, legal costs, construction, and permitting. In the event of a dispute as to what amount constitutes the actual Development Cost, Borrower and County will use the amount determined by Underwriting to be the Development Cost.
4. Conformance of the Project design with the application submitted in the RFA, unless changes are approved by the Mayor or Mayor's designee.
5. Complete plans and specifications of the Project.

**DUE DILIGENCE NARRATIVE REPORT
FY 2015 REQUEST FOR APPLICATIONS
FOR CDBG, HOME and ESG FUNDS**

This exhibit to the FY 2015 Action Plan Funding recommendations provides supplemental information and the details of the due diligence analysis required by Resolution R-630-13. The Board approved R-630-13 on July 16, 2013, to require detailed project budget, sources and uses statement, certifications as to past defaults on agreements with non-County funding sources and due diligence check prior to the County Mayor or County Mayor's designee recommending a commitment of County funds to social services, economic development, community development and affordable housing agencies and providers. The resolution also requires that certain terms be included in contracts.

In compliance with R-630-13 the following findings were made with respect to proposals submitted in the FY2015 Request for Applications (RFA) for CDBG, HOME and ESG funds.

Due Diligence Affidavit

The Public Housing and Community Development Department (the "Department") included the Due Diligence Affidavit as a required document in the FY 2015 RFA. All proposers completed the Affidavit and none were found to have litigation due to contract non-performance.

Detailed Project Budget and Sources and Uses Statement

The accompanying due diligence worksheet (Exhibit 11) reflects the findings of each entity's detailed project budget and Sources and Uses Statement for total project cost; the amount of funds to be used for administrative and overhead costs; whether the Housing and Community Development funds will be "gap" funds; any profit to be made by the person or entity; and amount of funds devoted toward the provision of the desired services or activities.

Funds awarded to subrecipient agencies can only be used to provide direct services and are not to be budgeted for administrative expenses. The Department retains program funding for administrative purposes.

Due Diligence Effort

Staff checked all sources listed in the Exhibit I of R-630-13 and inquired with other County departments in its due diligence effort. The result of that analysis is in the accompanying due diligence worksheet. Entities that did not pass the due diligence review are noted here in Exhibit II only and not part of the Mayor's funding recommendations for the FY2015 Action Plan.

Of 86 proposals received in the FY 2015 RFA, three proposals from Sundari Foundation d/b/a Lotus House cleared all due diligence checks.

Seventy-nine proposals were identified with various due diligence issues that did not preclude funding recommendations. Additionally, some entities resolved due diligence issues by submitting documentation. Forty proposals are recommended for funding in the FY 2015 Action Plan. However, the list below describes four proposals that are not recommended for funding due to unresolved Federal Tax Liens, State Tax Liens, status as a Miami-Dade County Delinquent Contractor, inclusion on the HUD Audit Repayment List, and/or Conflict of Interest finding.

Proposal Number / Activity		Entity	Due Diligence Flags
1.	15-14 West Little River Plaza	Eltec Construction and Investment	Miami-Dade Clerk Records- Lien for State Tax Lien
2.	15-64 Diminishing Hunger and Poverty for Seniors-2015	Richmond Heights Community Association	County Dept. Reference Check- OMB Compliance Concerns- Project and Scope are the same as PHCD funding request; Miami-Dade Clerk Records; Dunn & Bradstreet Report- Lien for Federal and State Taxes
3.	15-65 Job Creation Food Service	Overnight Success, Inc.	Federal Excluded Parties List-noted for Federal Debt
4.	15-67 Ascension Youth Academy -2015	Ascension Community Development corporation	Conflict of Interest in FY 2013 Activity funded by PHCD

RFA PROCESS

FY 2015 ACTION PLAN

RFA PROCESS

This attachment to the FY 2015 Action Plan funding recommendations provides supplemental information and the details of: a) the RFA process and, b) activities and tables which demonstrate how the funding sources included in the Action Plan are proposed to be utilized.

Requests For Applications and Evaluations

Applications for funding were solicited through the Consolidated Request for Applications (RFA) process. Funding requests totaled \$19,554,785.63, including \$16,700,886.63 for Community Development Block Grant (CDBG); \$1,652,656.00 for Home Investment Partnerships Program (HOME); and \$1,201,243.00 for Emergency Solutions Grant (ESG).

The FY 2015 RFA was made available on March 16, 2015 and applications were due by April 16, 2015. The public was advised of the application process through a notice in *The Miami Herald* and posting of the notice via PHCD's website. In addition, notification was emailed directly to all currently funded agencies. During the month-long RFA application process, PHCD, in conjunction with the Miami-Dade Homeless Trust (HT), convened four technical assistance workshops on March 4, 2015, March 26, 2015, April 6, 2015, and April 14, 2015, and provided technical assistance to every agency that requested it throughout the application period. The workshops were designed to inform prospective new applicants and those wishing to renew their knowledge of the application process, how to properly prepare a successful application.

FY 2015 Evaluation Committee

In accordance with the Request For Applications Process, PHCD established five (5) RFA Evaluation Committees that were responsible for reviewing, evaluating, and scoring each application under five (5) distinct categories: Housing; Economic Development; Homeless; and Public Facilities/Capital Improvements. This year's evaluation process involved staff from PHCD and other County Departments. NRSA Community Advisory Committee (CAC) representatives were invited to participate on selection committees; however, only Model City CAC recommended one CAC member to participate on the Economic Development Selection Committee. The member did not participate in the evaluation and scoring process because of a potential conflict created by another Model City CAC member. The final rating scores and ranking of the applications were assigned based on the following criteria:

- **Organizational Capacity** - Fiscally sound agencies and organizations that have the skills and experience needed to carry out the proposed activity.
- **Priority Need** - Activities that meet a high priority need as identified by residents in the County's Consolidated Plan.
- **Geographic Location** - Priority is given to activities located in NRSAs and eligible block groups.
- **Leveraging** - Activities with demonstrated funding commitments from non-County sources, such as private bank financing, foundation and corporate grants, State funding, and equity from the syndication of tax credits.

- **Track Record** – Activities which met successfully implemented programs/activities for which funds are being sought.
- **Soundness of Approach** – Activities with well-defined strategies, procedures, programs and/or curricula to achieve compliance with terms and conditions of funding sought.

TOTAL	\$9,077,964.87	100%

Administration

The proposed allocation of \$1,815,592.97 for Administration represents 20 percent of the total CDBG entitlement. A total of \$1,713,592.97 will be allocated to PHCD to cover the costs of program administration; and \$102,000.00 to the Department of Regulatory and Economic Resources (RER) for administration of Historical Preservation review activities.

Economic Development

Total funding in the amount of \$3,357,570.29 is being recommended for economic development activities, which includes funding for business incubator assistance, special economic development, and microenterprise lending economic development activities. A total of 18 applications were received in this category, of which 15 are recommended for funding.

Public Facilities/Capital Improvements

A total of \$1,907,198.88 in funding is being recommended for public facilities/capital improvement activities. This includes funding for public park upgrades and improvements; infrastructure and capital improvement-projects in participating municipalities. A total of 14 applications were received in this category, of which 8 are recommended for funding.

Public Services

A total of \$801,004.73 in funding is being recommended for Public Service Technical Assistance to Small Business activities. In the event Commission District Fund allocations are received for Public Services activities, a recapture item will be presented to the Board reducing the Public Housing Modernization activity and reallocating those funds to the activity identified by the District Commissioner.

Housing

A total of \$1,196,598.00 in CDBG funds is being recommended for housing-related activities to Public Housing and Community Development (PHCD) for housing modernization in multi-district CDBG Eligible Block Groups and Neighborhood Revitalization Strategy Areas.

The CDBG program allows the use of grant funds for a wide range of public service activities, including, but not limited to, employment services, crime prevention, child care, health services, and substance abuse services. Funding of agencies carrying out public service activities is accomplished through the CDF allocation process. Pursuant to the findings of the Due Diligence review as required by R-630-13, the County Mayor’s recommendation (Exhibit 1) identifies with a “1” proposals that did not clear the due diligence analysis. Exhibit 9 contains the due diligence report for the FY2015 RFA. Within the cap on public service expenditures, the maximum each commissioner funds from the FY 2015 allocation is \$43,130.00 each.

Summary of Funding to NRSAs

Total funding recommended for NRSA activities is \$5,577,599.95, representing 76.8 percent of the available CDBG funds (\$7,262,371.90) as reflected on Exhibit 1. This funding will promote increased investment in the NRSAs and support activities that have the potential for greater community impact and visibility. Commission District Allocations

The FY 2013 - FY 2017 Consolidated Plan approved by the Board established that 13 percent of the CDBG funding would be allocated by the Board to eligible projects, programs, and activities in their respective districts, representing a total of \$1,196,598.00. Each Commissioner is allocated \$92,046.00 via the Commission District Fund (CDF) process with no more than \$43,130.00 allowable to a public service activity. Pursuant to Resolution No. R-214-12, there is no minimum threshold for each CDF award.

The County is negotiating a final payback amount of CDBG funds to U.S. HUD. It is anticipated that the Voluntary CDBG Grant Reduction will be in the form of three (3) equal installments of \$1,868,778.13 each year, over the next three (3) fiscal grant years in lieu of full repayment in the amount of \$5,606,334.39 (Attachment 2). Should U.S. HUD issue an amount higher or lesser than the anticipated repayment amount, the County Mayor or County Mayor's designee will accept that final amount and use that amount to determine the reduction or increase in the CDBG grant and apply the amended amount to reduce or increase the annual awards by a prorated share throughout the entire Action Plan over the next three (3) years.

Once a final amount is established staff will reduce/increase the CDF allocations from recommended activities and process the CDF Allocation setup form(s) submitted by each respective Commissioner.

Activities in Entitlement Cities

Based on US HUD's "metropolitan significance" criteria in recommending CDBG funding for activities in Entitlement cities, staff was especially mindful of US HUD's Final Rule issued on November 1995, which stated that CDBG funds may assist an activity outside the jurisdiction of the grantee, only if the grantee determines that such activity is necessary to further the purposes of the Housing and Community Development Act, the recipient's community development objectives, and that reasonable benefit from the activity will accrue to the residents of the jurisdiction of the grantee. Simply stated, Miami-Dade County may support activities in other entitlement communities, but only to the extent that such activity also benefits residents of the County's primary unincorporated target area, thereby demonstrating metropolitan significance. Entitlement cities include the City of Miami, City of Miami Beach, City of North Miami, City of Hialeah, City of Homestead and the City of Miami Gardens. Similar to entitlement cities, those cities that receive State of Florida Small Cities CDBG Program funds must also meet the metropolitan significance standard and be consistent with the County's high priority needs. As such, staff will continue to evaluate projects funded in other Entitlement cities to ensure that those activities also benefit the County's primary unincorporated target area.
